GUERNSEY

**1969 3d Error of wmk. An exciting modern rarity SG 17a
Cat. £1,000 each**

*To be sold on
Wednesday 28th June at 5.00 p.m. sharp*

All Guernsey stamps are printed on unwatermarked paper and the original definite series of 1969, printed by Harrisons, is no exception. Surprisingly one complete sheet of 60 of the 3d value was however discovered printed on CROWN AGENTS wmk. paper (Mult. St. Ed Crown block CA/Gibbons wmk. w12).

This sheet has hitherto remained unbroken, but a corner ("Traffic Light") block of 4, as well as a marginal single copy of this modern rarity, are offered for the first time.

A normal single copy is catalogued by Gibbons at £1,000.

Only by chance was the sheet discovered at all. It was delivered among a parcel of £sd stamps being prepared by a British wholesaler for return to the Guernsey Post Office for destruction at the time of the introduction of the decimal values in 1971.

The sheet (No. 4426) was found in the middle of a long run all numbered consecutively, so how it got there on its own remains a mystery. It is noticeably different from normal in that the black is sharper and more intense and the other colours appear brighter due probably to the superior surfacing on the wmk. paper.

The wmk. is by the way clear and easily visible to the naked eye.

CONDITIONS OF SALE

1. The highest bidder to be the purchaser, the auctioneer reserving the right to accept or reject any bid, without stating any reason. In case of dispute the auctioneer shall be the sole arbiter. A re-offered lot is usually started at original opening bid.
2. The bidding and advances to be regulated at the auctioneer's discretion, who also reserves the right to bid on behalf of the vendor. We are not prepared to increase a bid once lots are knocked down to a buyer.
3. Buyers to give their names and addresses, and to pay purchase price before delivery, otherwise the lot will be withheld until receipt of cash. By prior arrangement with the auctioneer purchasers may take delivery of any lots secured in the room or by post.
4. The actual purchaser at these sales shall be deemed to be the individual person to whom the lots are knocked down unless any written arrangements to the contrary have been made previously. An agent purchasing on behalf of a client or clients shall himself be **fully responsible for payment** of the purchase price plus expenses. Agents are required to take delivery at or after the sale and arrange payments direct to us. If agents leave lots with us and request us to post out and collect funds from their clients a charge of 2% of the gross invoice value may be made for this service to the agent. (Minimum charge £5.)
5. All lots to be paid for and cleared from the auctioneer's premises within four days of the date of sale. Account clients are required to make full payment within 14 days of receipt of invoice unless arrangements are made to the contrary before the sale. An agent is personally held fully responsible from the time the lot is knocked down, whether or not the lot is delivered in to the room to the agent or posted subsequently on the agent's instructions to his client. No extension can be granted at a later stage to his client – such instruction is required before the sale in writing. Upon failure to comply with this condition uncleared lots may be resold by public or private sale, and any deficiency together with all attendant charges, shall be made good by the defaulter, but any surplus that may arise from such resale shall belong solely to the vendor in this present sale.
6. Lots purchased on behalf of postal bidders will be forwarded by the most practical method, all charges incurred, including carriage and insurance, to be borne by the purchaser. Overseas buyers' lots are sent airmail, insured.
7. Our staff make every effort to ensure that the lots are adequately described. However, if an extension is required on any lot this has to be made known to us before the sale begins and we reserve the right to reject such a request. Any wrongly described lot in this catalogue has to be returned to us **within 2 days of receipt of the stamps by the buyer**. This provision does not apply to collections or mixed lots containing described or undescribed stamps. (See Condition 9.)
8. Every care is taken in describing lots and each is sold as genuine and correctly described. If a prospective buyer wishes an extension on any lot, the auctioneer must receive notice in writing a clear **24 hours** before a sale date (or normal working day). Certificates obtained must be from a recognised expert committee, agreed by the auctioneer. The auctioneer reserves the right to cancel any bid with an extension and shall notify the bidder of such action. Certification must be cleared within **two months of the sale**. Payment is, however, due to the auctioneer within seven days of the sale, and will be held in trust until two months have expired or a certificate has been obtained. If a lot is pronounced genuine and according to description the fees shall be paid by the purchaser who shall retain the certificate; if the decision is adverse, the fee shall be paid by the vendor; if the decision is not clear-cut or no decision can be given the matter will be dealt with by mutual agreement between auctioneer, buyer and vendor.
9. No stamp or lot can be accepted back unless in absolutely the same condition as when sold. In no case can a mixed lot containing undescribed stamps be returned. The description of general mixed lots in our sale are only to be taken as a guide of contents – space in many cases preclude detailed description. Hence we advise care in bidding on mixed collections. Estimated values are given only as a general indication of value and lots may be sold under or over this figure.
10. The placing of a bid in writing shall constitute acceptance of the foregoing conditions of sale. No exceptions can be made after auction. Our experience indicates that it would be advisable for buyers with queries over lot description, catalogue value, etc. to contact us and discuss the lot before the sale, as no exceptions can be made to our ruling that the placing of a bid constitutes acceptance of the Conditions.
11. No photographed lot can be returned for centring or perforation defects or any other visible defect.

TERMS OF SELLING

Our commission is normally 15%. Depending on the amount of work involved and the value of collection, there is a minimum unsold lotting charge of £2 per lot. It would be appreciated if lots are worth a minimum of £50 each. The commission charged on unsold lots is normally 7% of the reserve placed on the lots or agreed with the vendor or minimum £2 per lot. Other specific terms may be made but these have to be agreed before the catalogue goes to press. **Please note we charge a Buyer's Commission of 2½%.** Unsold lots must be collected from our premises, or written instructions given by vendors regarding their disposal within twenty days of the sale, otherwise such lots will be offered without reserve in a subsequent sale. Vendors are normally paid out within six weeks of the sale. We reserve the right to withdraw any lot.

BUY BIDS

We regret these cannot normally be accepted unless definite prior arrangements have been made before the sale in writing.

PRICES REALISED

These are prepared within 48 hours of the sale and despatched to all postal buyers/bidders. We reserve the right to sell 'duplication lots' if these are available at the same price as the successful bid. All such lots are sent to buyers clearly noted 'duplicate' on invoice.

OVERSEAS PAYMENTS

Overseas clients are requested to make payments in sterling drafts **payable in London** as overseas collections of cheques delays payment considerably. **All bank charges are debited to buyer.**

VALUE ADDED TAX

As this sale takes place in Guernsey, C.I. the VAT UK rules do not apply to buyers in the island. However we must stress all lots taken back to the UK are subject to VAT on entry. The same applies to lots sent by post to UK.

We can make arrangements for lots to be kept in security in a bank in Guernsey – there will be a charge as is normal for such a service – ask for details.

At present (April 1989) VAT is 15% – All lots marked 'T' are *charged Tax*.
