GREAT BRITAIN - Q.V. STAMPS

|-----|--|------|
| 328 | EARLY "PERKINS, FAIRMAN & HEATH" SECURITY PRINTING PROOF; Double-sided sheet of thick paper (wmk. "1820"; toning, tears and other faults mostly in the margins around the printed designs) with fine engine-turned essays for security printing (banknotes, etc.); printed in black on one side (with "Specimen of the Plan for preventing the forgery of Bank Notes submitted to the Bankers of the United Kingdom BY PERKINS, FAIRMAN & HEATH, 69 Fleet Street London" printed within the designs), with similarly fine portrait and other engine-turned designs printed in BLUE on the reverse. Very spectacular example of the early sophistication of this firm's printing abilities; much rarer than the similar geometric samples that are sometimes met with. PHOTO  | £200 |
| 329 | THE IMPORTANT 4d POST AND 1d POST TREASURY WARRANTS: 1839-40 Treasury Warrants dealing with the Regulation of Duties on Postage & other postage related topics. Some faults but important & interesting historical documents.  | £75  |
| 330 | EARLY PLANS FOR "STAMPED COVERS" DISCUSSED BY THE CHANCELLOR OF THE EXCHEQUOR; Important 5th June [1839] letter (no wrapper) written & signed by "T. Spring-Rice" at "Downing St." to one "H. Shere" (?) at the "Col(onial) Office", giving his personal view of what might be agreed regarding Postal Stationery if "the postage plans of Mr. Hill" were to be introduced. He is in favour of the Government being able to "...sell the stamped paper, allow it to be purchased (&) freely made up by the purchasers in any form they liked & selected by them at any price the public would pay for the covers..." In the event, the necessary legislation was passed two months after this letter, and Spring-Rice was still the Chancellor of the Exchequer at that time. An important insight into Government thinking before the decision to adopt Penny Postage had been taken. PHOTO | £350 |
| 331 | LAST DAY 4D-POST/1ST DAY 1D-POST COVER; Unusual 9th Jan. 1840 EL from Pershore (fine blue c.d.s.) to Hereford with a black m/s "4" charge, but with the "9" of the c.d.s. changed to "10" by hand (the ink matching the m/s "4"). It seems clear that the letter was posted Too Late for despatch on the 9th Jan. (the Last Day of 4d Postage), and so it was held over until the next day, although the regulations were clear that the charge on the day of posting still had to apply. Rare thus. PHOTO   | £150 |
| 332 | VERY HIGH POSTAL RATES AFTER THE INTRODUCTION OF "CHEAP" POSTAGE; Feb./April 1840 EL's to Madeira/from Mexico respectively with London manuscript charges of "7/4" (prepaid!) and "13/6". Inland postage had been reduced, but overseas letters such as these were still extremely expensive. Scarce pair. (2 covers).   | £100 |
| 333 | HANDSTRUCK U.P.P. 1D PAID MARKS; 1842 redirected EL with superb red Marlborough "PAID/1", fine oval framed 1847 "IPSWICH/1D/PAID" and 1851 Chester "d1" (tears clear of mark), all of the Uniform Penny Postage period denoting postage paid in cash. (3 covers). PHOTO  | £65  |
| 334 | 1840 Mulready letter sheet (Stereo A34) used from Bath to Devizes. A little creased.   | £50  |

The 1840 One Penny Blacks are arranged in plate order and cancelled in red unless otherwise stated.

| 348 | 1841-54 1d red-browns, a selection used on covers inc. 15 with M.C. cancels, two strips of four, three covers with "too late" h.s. Mixed condition but some fine four margined examples are included. (32).   | £60  |
| 349 | 1841-54 1d red-brown plates 2 ND, 8 EL, 9 HJ-HK and PA-PD (on EL from Langholm to Blackburn) and 10 BF (no "O" flaw). Some faults but some better examples are included.                                      | £60  |
| 350 | 1841 1d red-brown plate 5 SA + SB + SC + SD State 3 used together on EL from Dumfries to Edinburgh, heavily cancelled and some stamps a little cut into. SA creased. Despite the condition a very rare cover. | £80  |
| 351 | 1841 2d blue plate 3 pair LB-LC with two strikes of the "12" in M.C. cancel. LB just touched at left. Scarce.   | £55  |
| 352 | 1857 LC14 1d orange brown transitional shade on toned paper, plate 45 OD used on cover from Ludlow to Shrewsbury. Fine and rare. (Spec. C9). R.P.S. Cert. (1993). PHOTO                                       | £80  |
| 353 | 1856-63 LC 14 1d plate 66 mint pair (OD-OE) on white paper & plate 35 mint pair (JI-JJ) on blued paper with almost full gum. Minor faults.  | £50  |

| 355 | 1858-79 1d reds, most plate numbers between 71 and 221 used on covers with a wide range of duplex cancels. Very mixed condition. (Approx. 140 items).   | £150 |

## THE G.F. OXLEY COLLECTION OF G.B. MAIL TO EUROPE, 1814-58.

The following 26 lots comprise the pioneer study of Cross-Channel postal rates and routes, almost exclusively of the prestamp & stampless periods, formed by Geoff Oxley during the preparation of his definitive work on the "British Postal Rates to Europe" (published by P.H.S. in 1992). Some 95% of the covers are neatly mounted and thoroughly written up in Geoff's distinctively meticulous and informative style. Many of these pages were included in his Gold Medal collection that gained this award at the 1994 FEPA-Post Exhibition in the Hague; the collection has also received recent International Large Vermeil Medals in New Zealand, Tokyo & Granada. In addition, these pages formed the major display given by Geoff as President of the Society of Postal Historians at the Society's Conference earlier this year.

The overall condition of all the covers in this collection is exceptionally high; they were selected for their visual appeal and for their unusual rates/routes. Not only are the British rates fully analysed in the pages' captions, but all the relevant transit and arrival marks & charges of the various Continental countries are also clearly explained. The value of these lots lies not only in the covers themselves, but also in Geoff's thorough descriptions on the pages. Some of the covers are illustrated in the "British Postal Rates to Europe" (B.P.R.E.), and these are noted where appropriate.

This collection proves how the assiduous collector can seek out interesting covers to illustrate almost every phase of the changing rules and Postal Conventions that governed the European postal affairs of the mid 19th century. Almost any one of these 26 lots could be used as the nucleus for the formation of a specialised study of the international mails of the countries involved.

| 510     | PARLIAMENTARY - PRINTED "HOUSE OF COMMONS/FREE F. | 514     | PARLIAMENTARY - THE "HP/1" CANCELLATION; 25th July 1859 env. to Yorks. with a 1d Red "stars" tied by a fine strike of the rare "HP/1" in bars cancellation, with a fine red "HOUSES OF PARLIAMENT/S.W." c.d.s. nicely placed on a side-flap (opened out for display); few examples known. Plus a large 16th May 1859 piece (to Florence?) with a 1d Red (torn) and 6d lilac both tied by fine strikes of the same "HP/1" cancellation with a v. fine "HOUSES OF PARLIAMENT/S.W." c.d.s. in black nearby. (2 items).PHOTO   | £300            |
| 515     | PARLIAMENTARY - THE EXTREMELY RARE ENCIRCLED "H.C.S.W./1d" POSTAGE DUE MARK ON A LETTER TO LLOYD GEORGE: 1890 (May) long env. Only two examples of this mark have been recorded (the other being in March 1889).PHOTO   | £400            |
| 516     | PARLIAMENTARY: Box with the QV to QEII selection of postal stationery and plain stationery with embossed House of Commons/Lords motifs, printed designs, etc. Also some ephemera & a very useful group of research notes, articles, etc. A good nucleus for expansion. | 518     | POSTAL STATIONERY (Q.V.) - CERTIFICATES OF POSTING; 1877 (2) & 1880 unused 1/2d pink C.O.P.'s of slightly different designs, plus the later types with 1/2d (1911-4) & 1d (1930) adhesives, plus some stampless types and a group of QEII types. Scarce group. (30 items approx.)  | £60             |
| 519     | REGISTERED - DECLARED VALUE ENVELOPE ESSAY; c.1890 unused env. printed in black on the front & in blue on the reverse, with complex instructions ref. the posting of such a "Valeur declaree" letter. It appears that this idea was never actually introduced in this form, but the wording suggests a U.S.A./France/G.B. context for the original concept. Rare; only a handful of examples of this envelope-essay have been recorded.PHOTO   | £100            |

My dear Sir

I am not yet in a position to discuss the details of the records of carrying out the 17. June plan of the Völk.

I must first see whether the records into which I shall send the results of the 17. June plan of the Völk. I must consider what the best method of giving effect to that principle.

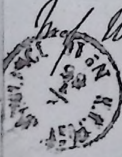

If the plan were to be adopted my first intention would be to carry out the plan of the 17. June plan.

## THE 'LEAMINGTON' COLLECTION OF THE STAMPS & POSTAL HISTORY OF THE TURKS & CAICOS ISLANDS.

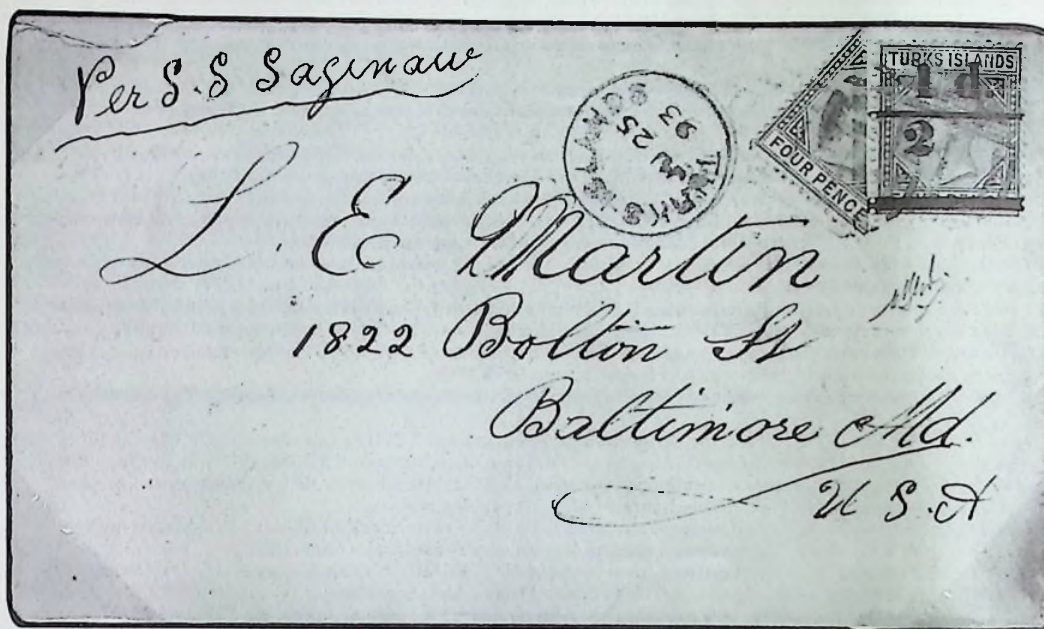

This collection, formed over many years, shows a wide range of pre-stamp to 20th century postal history including a fine 1867 1/- on cover and a rare 1884 bisect cover. For the philatelist there is much interest in the Queen Victoria issues including some scarce surcharges.

The vendor has always attempted to obtain the best quality available and this is reflected in the above average condition of the material on offer.

For those seeking a new country to collect, look no further, these lots offer an excellent base for an award-winning collection.

## Philatelic Auctioneers' Standard Terms and Conditions of Sale (1973 REVISION)

### NOTICE

The auctioneers exercise all reasonable care to ensure that all statements as to cancellation, centring, colour, condition, date of issue or postal marking, gum, margins, paper, perforation, printing, provenance, quality, sheet position, status, usage, watermark etc. in lot descriptions are reliable and accurate, and that each item is genuine unless the contrary is indicated. However, the statements are not intended to be, are not and are not to be taken to be, statements of fact or representations or representations of fact in relation to the lot. They are statements of the opinion of the auctioneers, and attention is particularly drawn to clause 5 of the PHILATELIC AUCTIONEERS' STANDARD TERMS AND CONDITIONS OF SALE (1973 REVISION) set out below. Comments and opinions, concerning the characteristics mentioned above, which may be found in or on lots as notes, lists, catalogue prices, writing-up or any other means of expression, do not constitute part of lot description and are not to be taken as such unless they are made or specifically verified by the auctioneers.

#### Clause 1

- (a) Each lot is put up subject to any reserve price imposed by the vendor.
- (b) Subject to sub-clause (a) of this clause, the highest bidder for each lot shall be the purchaser thereof.
- (c) If any dispute arises as to the highest bidder the auctioneer shall have absolute discretion to determine the dispute and may put up again and re-sell the lot in respect of which the dispute arises.

#### Clause 2

- (a) The bidding and advances shall be regulated by and at the absolute discretion of the auctioneer, and he shall have the right to refuse any bid or bids.

**NOTE:** Where an agent bids, even on behalf of a disclosed client, the auctioneer nevertheless has the right at his discretion to refuse any such bid.

- (b) The purchaser of each lot shall immediately on its sale if required by the auctioneer give to him the name and address of the purchaser and pay to the auctioneer at his discretion the whole or part of the purchase money. If the purchaser of any lot fails to comply with any such requirement the auctioneer may put up again and re-sell the lot; if upon such re-sale a lower price is obtained than was obtained on the first sale the purchaser in default on the first sale shall make good the difference in price and expenses of re-sale which shall become a debt due from him.
- (c) Where an agent purchases on behalf of an undisclosed client such agent shall be personally liable for payment of the purchase money to the auctioneer and for safe delivery of the lot to the said client.

#### Clause 3

- (a) The auctioneer reserves the right to bid on behalf of clients and vendors, but shall not be liable for errors or omissions in executing instructions to bid.
- (b) The auctioneer reserves the right before or during a sale to group together lots belonging to the same vendor, to split up and to withdraw any lot or lots at the auctioneer's absolute discretion and without giving any reason in any case.
- (c) The auctioneer acts as agent only, and therefore shall not be liable for any default of the purchaser or vendor.

#### Clause 4

- (a) Each lot shall be at the purchaser's risk from the fall of the hammer and shall be paid for in full before delivery and taken away at his expense by a purchaser in the United Kingdom within 7 days from the date of sale and by a purchaser overseas within 14 days from the date of sale or such longer time as shall be agreed in writing between the auctioneer and the purchaser.
- (b) If any purchaser fails to pay in full for any lot within the time stated in sub-clause (a) of this clause such lot may at any time thereafter at the auctioneer's discretion be put up for sale by auction again or sold privately; if upon such re-sale a lower price is obtained than was obtained on the first sale the purchaser in default on the first sale shall make good the difference in price and the expenses of re-sale which shall become a debt due from him.
- (c) Interest shall be payable by the purchaser on any overdue account, but the auctioneer shall have a discretion to waive payment of the interest.

#### Clause 5

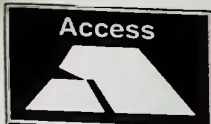

- (a) Each lot is sold as - (i) genuine unless otherwise described in the sale catalogue or by the auctioneer, and (ii) correctly described. The date of any certificate forming part of the description of any lot will be included in the description.
- (b) A purchaser shall be at liberty to reject any lot if he - (i) gives the auctioneer written notice of intention to question the genuineness or, as the case may be, the accuracy of description of the lot within 7 days (or, in the case of an overseas purchaser, a reasonable time) from the date of sale; AND (ii) proves that the lot is not genuine or was incorrectly described; AND (iii) returns to the auctioneer within 30 days from the date of sale the lot in the same condition as it was at the time of sale; provided that the auctioneer may, at his discretion, on receiving a request in writing from the purchaser, extend for a reasonable period the time for return of the lot to enable it to be submitted for expertisation.

**NOTE:** The onus of proving a lot to be not genuine or incorrectly described is on the purchaser. The inability of a recognised expert or an expert committee to express a definite opinion shall serve to discharge the onus on the purchaser and shall be a ground for rejecting the lot concerned.

- (c) Where a lot has been submitted for expertisation, all costs of such expertisation shall be paid by the person who retains the certificate and items or items to which the certificate relates.
- (d) Where the purchaser of a lot discharges the onus and acts in accordance with sub-clause (b) of this clause, the auctioneer shall rescind the sale and repay to the purchaser the purchase money paid by him in respect of the lot.
- (e) No lot shall be rejected if, subsequent to the sale, it has been immersed in water or treated by any other process unless the auctioneer's permission to subject the lot to such immersion or treatment has first been obtained in writing.
- (f) Any lot listed under "collections and various" or stated to comprise or contain a collection, issues, stamps or covers which are not all separately described shall be put up for sale not subject to rejection and shall be taken by the purchaser with all (if any) faults, lack of genuineness and errors of description and numbers of items in the lot, and the purchaser shall have no right to reject the lot; except that, notwithstanding the foregoing provisions of the sub-clause, where before a sale a person intending to bid at the sale gives notice in writing, to, and satisfies the auctioneer that any such lot contains any item or items undescribed in the sale catalogue and that person specifically describes that item or those items in that notice, then that item or items shall, as between the auctioneer and that person, be taken to form part of the description of the lot for the purposes of sub-clauses (a), (b) and (d) of this clause.
- (g) No lot illustrated in the catalogue shall be rejected on the ground of cancellation, centring, margins, perforation or other characteristics clearly apparent from the illustration.

**PLEASE NOTE: All lots in this auction are subject to a Buyers' Premium of 11.75% (incl. V.A.T.) on the hammer price payable by the buyer, instead of any Buyers' Handling Charges.  
ALL BIDS WILL BE TAKEN AS EXCLUSIVE OF THIS PREMIUM**

Purchasers residing outside the EC will not be charged VAT on these Lots if they are posted by Cavendish P.A. Ltd. to a non-EC address. VAT is added to the Buyer's Premium for all purchases, except for literature lots.

### Photocopy/Fax Viewing

We can supply photocopies or fax-copies of suitable, small lots. Please send us a large, Stamped Addressed Envelope for photocopies (which will be charged at 15p incl. ### Postal Viewing

We are prepared to submit suitable lots for inspection to clients known to us, or to new clients who send a cash deposit or first class references. This service is only available within the United Kingdom. (We regret we cannot send any large lots, albums, stockbooks or boxes etc.)

**ALL VIEWING CHARGES ARE VAT INCLUSIVE**

### Postal Bidding

The auctioneer will execute bids received from clients unable to attend the sale in person. This service is entirely free of charge, and such clients should use the attached commission form. Maximum limits may be given in full confidence that lots will be purchased as cheaply as possible subject to other bids received, or reserves if any.

Payment for lots secured must be made immediately on receipt of invoice.

### Telephone Bids

We strongly recommend that all bids are sent by mail. Nevertheless if it is necessary to telephone bids we are happy to co-operate. However, due to shortage of time we would ask that you endeavour to phone before 12.00 on the day of a sale. Any errors resulting from misinterpretation of lot numbers, bids or instructions are the responsibility of the bidder. Again, we urge that bids are mailed and early. The first bid received in the event of a tie is given precedence. Under exceptional circumstances telephone bids may - at the discretion of the Auctioneer - be executed by the Auctioneer's staff "live" in the auction room. This is only undertaken upon the understanding that the Auctioneer cannot be held responsible for any errors arising therefrom. A charge will be payable for this service.

**All telephone bids must be confirmed in writing (Our fax on 01332 294440 is always available).**
