Important information for buyers and sellers

I. Buying and selling charges – Stamps

Buyers

Spink charges a premium calculated at the Rates of Premium set out below on the price at which a Lot is knocked down to the Buyer—the 'Hammer Price'—plus VAT at the appropriate rate (see II below and Conditions of Business—A.4 and C.8).

The Rate of Premium is 15% of the first £30,000 of the Hammer Price of each Lot;

10% of the excess of the Hammer Price over £30,000.

Sellers

Spink charges a sliding scale of commission rates for sellers at auctions within the Christie's group:

1. For clients who sell goods to a total value of less than £60,000 in a year.

Lot Value	Commission Rate as % of hammer price
Stamps – Lot Value	
£1,000 or less	15%
£1,001-£59,999	10%

2. For clients with annual sales of £60,000 and above, the rate of commission will be based on the total annual sales, rather than the value of individual lots.

Total Value of Annual Sales	Commission Rate as % of hammer price
£60,000 -£149,999	9%
£150,000 -£299,999	8%
£300,000 -£599,999	6%
£600,000 -£1,499,999	5%
£1,500,000 -£2,999,999	4%
£3,000,000 or more	2%

All charges are subject to V.A.T. where appropriate.

Bought in Lots

A charge of 5% may be made on the final bid for all Lots failing to reach their reserve.

Other Charges

Where applicable, there will be charges for insurance, illustration, freight and transit insurance.

Storage Charges

For a short period after the auction, uncollected purchases and unsold lots are held at the salerooms. Thereafter they will be removed for storage and charges will be incurred. (See Conditions of Business—A.8, 9 and 10.)

II. Value Added Tax (VAT)

The 1995 Finance Bill introduces new regulations regarding the charging of VAT on sales at auctions.

The information set out on this page amends any references to VAT shown elsewhere in this catalogue.

The Buyer

Hammer Price

- Lots which are not marked (x) and lots which do not bear the Omega symbol (Ω) in the catalogue are sold using the Auctioneers' VAT Margin Scheme and will not be subject to VAT on the hammer price.
- Lots which bear the Omega symbol (Ω) in the catalogue are subject to VAT at 17.5% on the Hammer Price. If the Lot is exported outside the EC, the VAT on the Hammer Price is refundable by Spink on production of proof of export in the correct form.
If the Lot is removed from the UK to another EC country, VAT on the Hammer Price can be refunded, provided the buyer supplies Spink's bids office with evidence of registration for VAT (or its national equivalent) in another EC country prior to the auction, and provides proof of removal of the Lot from the United Kingdom in the correct form. The buyer must request a refund in writing and should be aware that they may then be subject to VAT on the purchase in their own country.
- Lots which are marked (x) in the catalogue are subject to VAT at 2.5%. If the Lot is exported outside the EC, the VAT is refundable by Spink on production of proof of export in the correct form.

Buyer's Premium

- Lots which neither bear the Omega symbol (Ω) or are marked (x) in the catalogue are sold using the Auctioneers' VAT Margin Scheme. Customs & Excise regulations require that the buyer's premium must be invoiced inclusive of any VAT due. For example, the premium on such Lots would be invoiced at 17.625% (equal to 15% plus 17.5% VAT) on the first £30,000 of each Lot and 11.75% on any excess. This VAT is non-refundable, except where the Lot is exported outside the EC and the buyer produces proof of export in the correct form.
- Lots which bear the Omega symbol (Ω) in the catalogue are subject to VAT at 17.5% on the buyer's premium. This VAT is non-refundable, except in some circumstances where the Lot is exported outside the EC and the buyer produces proof of export in the correct form.
- Lots which are marked (x) in the catalogue are subject to VAT at 2.5% on the buyer's premium. This is non-refundable, except where the Lot is exported outside the EC and the buyer produces proof of export in the correct form.

The Seller

VAT at the standard rate is charged on the seller's commission to all UK residents, and to other EC residents who are not registered for VAT within the EC. Sellers resident outside the EC are not liable for payment of such VAT.

EC resident sellers who are registered for VAT in a country other than the United Kingdom and are selling their Lots outside the Auctioneers' VAT Margin Scheme will also be exempt from payment of such VAT provided that notification of their VAT registration is included on the Spink receipt form prior to the auction.

Where lots are sold using the Auctioneers' VAT Margin Scheme. Customs & Excise regulations require that the seller's commission must be charged inclusive of any VAT which may be due.

Other service charges made to sellers, such as catalogue illustration costs and insurance charges, will be subject to VAT and treated on the same basis for VAT purposes.

III. Guidance to purchasers regarding payment and shipment overseas

- (a) **Payment for purchases** should be made promptly by cash or sterling banker's draft payable to 'Spink and Son Ltd.', together with relevant sales numbers, dates and lot numbers, to either our cashiers office or direct to our bank: The Royal Bank of Scotland plc, Corporate Banking Office, PO Box 450, 5-10 Great Tower Street, London EC3P 3HX. Account number 20117143 (Tel: 0171-623 4356). **Payment by VISA/MASTERCARD will be subject to a surcharge of 1.35% administrative fee.** There is no surcharge for debit card payments. Payments exceeding £5,000 can normally only be made by the card holder in person. Purchases can only be released when payments have cleared.
- (b) **Despatch of purchases** will follow receipt of your despatch instructions, full payment and receipt of any Export Licence that may be required. (See V. below).
- (c) Shipping can be arranged by Spink contracted shippers, Vulcan International Services, to your instructions.

It is also possible to instruct the shipper of your choice. This can be done either immediately after the sale, if you are attending, or in writing on the instruction form sent with the purchase invoice.

Methods of despatch:

A number of methods of despatch are used which vary in cost and speed. Our shippers operate special international delivery and collection services by road throughout Europe. Alternatively, or in addition, air freight may be advised for the transportation of pictures and works of art, seafreight for items of greater size and weight or parcel post for smaller items of moderate value.

Estimates for shipping and advice as to the most economic means of despatch can be obtained at any time from our contracted shippers, telephone (0171) 389 2552/3.

- (d) **Transit Insurance** can be arranged by the nominated shipper to cover your property from collection at our premises to arrival, if requested. Please indicate if you require this service or will be effecting transit insurance yourself. Please also note that Spink's own insurance cover on all purchased Lots ceases at the time of collection from our premises or seven days after the sale, whichever is the earlier. (See Conditions of Business A.8 & 9.)
- (e) **Works of art being handcarried outside the EC** must be correctly declared to Customs at the port/airport of departure from the EC. If evidence of removal from the United Kingdom is required for refund of VAT the Carrier should approach H.M. Customs and Excise prior to departure. Spink can give advice and assistance in arranging for the correct paperwork to be completed on your behalf.

IV. Sellers resident Outside the EC

Importing works of art for sale. It is essential that all items imported for sale must be declared as such to Customs at the point of entry into the EC, and appropriate documents be obtained for presentation to Spink. Particular attention should be paid to items containing ivory or other material from endangered species.

V. Export licensing regulations for works of art, antiques and collectors' items

Spink can advise buyers on the detailed provisions of the export licensing regulations. If hand carried by the Buyer, the Buyer will be required to produce a valid export licence to Spink or sign a waiver document stating that a licence will be applied for.

Buyers should always check whether an export licence is required before exporting. Export licences are usually obtained within two or three weeks but delays can occur.

In general, under both UK and EU regulations, an export licence is required for the export of any item manufactured or produced more than 50 years before the date of exportation that falls into certain categories.

If the item falls into one of these categories and is to be exported outside the EU, the export is controlled by EU Regulation (EEC No. 3911/92), an EU licence will be necessary. A UK licence will be required if the item is valued at or above the UK limit but below the EU limit. If the item is to be exported to another EU member state and falls in one of the categories, it will require a UK licence.

The following is a SELECTION of some of the categories of items more than 50 years old and their respective value limits:

Paintings in oil or tempera	£119,000
Drawings and Prints	£ 11,900
Watercolours	£ 39,600
British Historical Portraits	£ 6,000
Photographs	£ 6,000
Textiles	£ 6,000
Books	£ 39,600
Manuscripts	licence always required
Any other item more than 50 years old	£ 39,600

This information is included for guidance only and no representation is made by Spink as to its accuracy. Full details of the value limits at or above which either a UK or an EU licence is required are available upon request.

Ivory and Endangered species

An export licence issued by the Department of the Environment will be required for the export of any item made of, or incorporating (irrespective of percentage) animal material such as ivory, whalebone, tortoiseshell, rhinoceros horn etc. This may take up to eight weeks to obtain. Clients are advised to check with the regulating body in the country of importation regarding any possible restrictions on the importation of items within this category—some countries have an absolute ban on the importation of certain materials.

The above is subject to the Conditions of Business printed at the back of this catalogue

Spink Services

In addition to holding regular philatelic auctions, Spink offers a variety of professional services.

Bidding on Your Behalf

If you cannot attend an auction in person, Spink can bid for you according to your instructions. There is no extra charge for this service which is known as commission bidding. If successful, the price you pay will be the final bid price plus premium plus VAT where appropriate. Bids must always be made or confirmed in writing, using the form included in every catalogue. Bank references may be requested and should be supplied in good time to be taken up before the auction. For further information please telephone (0171) 389 2672. See also Conditions of Business A.12 at the back of this catalogue.

Prices Realised

A list of prices realised is issued following each sale. Subscribers to our auction catalogues will automatically be sent a copy as soon as the list is printed.

Shipping outside the UK

Spink can arrange the delivery and shipment of your purchases

anywhere in the world through our contracted shippers, Vulcan International. Estimates for the shipping of any property and advice on the most secure and economic means of despatch can be obtained from them on (0171) 389 2552/3. See also Important Information for Buyers & Sellers III and IV at the front of this catalogue.

Delivery within the United Kingdom

Cadogan Tate can offer to collect and store your purchases from Spink and deliver them to your home in London or anywhere within the UK at a reasonable cost. For further information please contact Cadogan Tate on (0181) 969 6969.

Valuations and Inspections

Written valuations for probate, insurance, family division and other purposes, which can be carried out at our offices or in your house, are arranged through the Department. The charges are on a per day or a part day basis. If items are subsequently sold shortly afterwards, valuation charges may be refunded.

Catalogue Subscriptions and Publications

Spink catalogues are reference works collected in their own right, as well as being the essential guide to auction. Annual subscriptions ensure regular receipt of catalogues at a considerable saving.

Extensions

Prospective buyers who wish to obtain an expert opinion on any lot (other than a mixed lot or lot containing undescribed stamps) are requested to notify Spink in writing not less than twenty-four hours before the time fixed for the commencement of the first session of the sale. If accepted by Spink, such request shall have the same effect as notice of an intention to question the genuineness or description of the lot for the purposes of Condition 16 of the Conditions of Business; Condition 17 shall thereafter apply accordingly.

Notice of a request for an expert opinion must give the reason why such is required and specify the identity of the expert which will be subject to the agreement of Spink. All lots for which Certificates of Authenticity are desired must be submitted by Spink to the Expert Committee for choice.

Extensions requested on account of condition will not normally be accepted for expert opinions. Any Lot described as having faults or defects may not be returned should a certificate cite other faults or defects not included in the catalogue description.

Should Spink accept a request for an extension under the foregoing provisions of this paragraph, the fact may be stated by the Auctioneer from the rostrum prior to the sale of the lot.

It should be noted that any stamp accompanied by a Certificate of Authenticity is sold on the basis of that Certificate only and not on the basis of any other. No request for an extension will be accepted on such a stamp and the return of such a stamp will not be accepted.

THE "STAIRCASE" COLLECTION

Spink are privileged to bring the "Staircase" collection to the public arena. The amazingly broad scope of the collection offers something for everyone interested in collecting The Bahamas.

Accumulated over forty years, the owner has managed to acquire numerous rare and elusive items from most of the major collections that have appeared on the market during this period including Lars Amundsen, J.E. Ayre, Maurice Burrus, Alfred Caspary, T. Hall, J. Charlton Henry and Dale-Lichtenstein.

The scope of the collection is impressive to say the least and includes early letters, essays, die proofs, colour trials, Great Britain used in the Bahamas, issued stamps with many multiples and single rarities, covers and concludes with a fine section of Out-Island cancellations.

The wish of the owner in instructing Spink is that the material contained in "Staircase" should be distributed far and wide to ensure collectors benefit from such a unique opportunity.

Conditions of Business

The conditions set out below are the terms on which we contract, as auctioneers, with sellers and, as agent acting on behalf of sellers, with buyers. Buyers and sellers should read the conditions carefully. Buyers' attention is drawn in particular to clause 16 which limits our liability. For ease of reference, the conditions are divided into sections: Section A gives a background to some of the terms that are used in the Conditions generally; Section B is of particular relevance to sellers; Section C to buyers; and Section D to both sellers and buyers.

A Background to Terms used in these Conditions

1. In the conditions set out below, some terms are used regularly that need explanation. They are as follows:
 - "the Buyer" means the person with the highest bid accepted by the auctioneer;
 - "the Lot" means any item deposited with us for sale at auction and, in particular, the item or items described against any lot number in any catalogue;
 - "the Hammer Price" means the amount of the highest bid accepted by the auctioneer in relation to a Lot;
 - "the Buyer's premium" means the charge payable by the Buyer as a percentage of the Hammer Price, at the rates set out in clause 15(a) in Section C;
 - "the Reserve" means the amount below which we agree with the Seller that the Lot cannot be sold;
 - "Forgery" means a Lot constituting an imitation originally conceived and executed as a whole with a fraudulent intention to deceive as to authorship, origin, age, period, culture or source where the correct description as to such matters is not reflected by the description in the catalogue and which at the date of the auction had a value materially less than it would have had if it had been in accordance with the description in the catalogue. Accordingly, no Lot shall be capable of being a Forgery by reason of any damage and/or restoration work of any kind (including repainting).
 - "The Insured Value" means the amount that Spink in its absolute discretion from time to time shall consider to be the value for which a Lot should be covered by insurance (whether or not insurance is arranged by us).

B The Seller

2. Spink's Role as Agent

Our sales at public auction are undertaken as agent, on behalf of the Seller. The contract for the sale of the Lot will be between the Seller and the Buyer.

3. Commission

For a Seller with total annual sales within the Christie's group of less than £60,000 the rate of commission is based on the sale of individual Lots as follows.

Hammer Price of Lot	Commission Rate
£1,001 - £59,999	10% of the Hammer Price
£1,000 or less	15% of the Hammer Price

For a Seller with sales in a calendar year of £60,000 or more, the rate of commission is based on the total annual sales, rather than individual Lots. The commission rate payable is based on either the current year's sales or the previous year's sales, whichever results in the lower commission rate, according to the following scale:

Total Annual Sales	Commission Rate
£60,000 - £149,999	9% of the Hammer Price
£150,000 - £299,999	8% of the Hammer Price
£300,000 - £599,999	6% of the Hammer Price
£600,000 - £1,499,999	5% of the Hammer Price
£1,500,000 - £2,999,999	4% of the Hammer Price
£3,000,000 or more	2% of the Hammer Price

We will deduct commission following each sale on a cumulative basis, making retrospective adjustments where necessary and refunding any commission rebate at the end of each year.

VAT at the appropriate rate will be charged on the commission. We shall also collect from the Buyer a premium in addition to the Hammer Price. We shall be entitled to retain this premium.

4. Expenses

The Seller will bear all costs relating to:

- (a) packing and shipping the Lot to us for sale;
- (b) any applicable transit insurance;
- (c) packing and shipping the Lot if it is returned to the Seller;
- (d) insurance under Spink's Fine Arts Policy (explained below);
- (e) any applicable customs duties;
- (f) catalogue illustration;
- (g) any restoration of the Lot agreed in advance with the Seller;
- (h) any examination by external experts we believe necessary for catalogue description;
- (i) any external expert opinions we believe appropriate;
- (j) a contribution to our general expenses if the Lot is not sold, equal to 5% of the Reserve;
- (k) storage of the Lot after the sale, where applicable;
- (l) our administration costs if expenses are incurred under (g) (h) (i) and (k), equal to 10% of those expenses;
- (m) any applicable VAT.

5a. Where Insurance is arranged by us

- (a) Unless we agree otherwise, the Lot will be automatically insured under Spink's Fine Arts Policy for the amount that we from time to time consider to be its appropriate value. This Insured Value is not an undertaking by us that the Lot will be sold for this amount.
- (b) We shall charge the Seller a sum to cover insurance, at the rate of 1% of either the Hammer Price or, if the Lot is unsold, its Insured Value. If we arrange transport, we shall charge the Seller an additional sum to cover the cost of transit insurance, which will vary according to the particular circumstances of each case. Although we shall suggest carriers if specifically requested, we cannot accept any liability in this respect.
- (c) The Lot will remain insured until the expiry of seven days after the sale. If the Lot has not been sold, it will be at the Seller's risk after that time.
- (d) We are unable to accept responsibility for damage caused by woodworm or changes in atmospheric conditions.

5b. Owner's Insurance

If the Seller specifically instructs us not to insure the Lot, it will remain at the Seller's risk at all times until the Buyer has made payment in full. The Seller will indemnify us and our employees and agents, and the Buyer (where applicable) against any claim made against us or them in respect of the Lot, however that claim may arise. The Seller will also reimburse us and them on demand for any expenses we or they may incur as a result of such a claim, even if we or they are found to have been negligent and even where such reimbursement is required of a payment made without any legal liability being proved. **The Seller must notify the Seller's insurers of the terms of this clause.**

6. The Seller's Undertakings regarding the Lot

This clause sets out the basis on which we shall handle the Lot and which will govern the Seller's relationship with the Buyer. If that basis proves incorrect in any way, either we or the Buyer may take legal action against the Seller.

We shall handle the Lot, and the Buyer will purchase, on the basis of the Seller's undertakings that:

- (a) the Seller is the sole owner of the Lot with an unrestricted right to transfer title to the Buyer free from all third party rights or claims (including copyright claims);
- (b) the Seller has complied with all requirements, legal or otherwise, relating to any export or import of the Lot and has notified us in writing of any failure by third parties to comply with such requirements in the past; and
- (c) the Seller has notified us in writing of any material alterations to the Lot of which the Seller is aware and of any concerns expressed by third parties in relation to the ownership, condition or attribution of the Lot.

If any of (a), (b) and (c) above is incorrect, the Seller will indemnify us and/or the Buyer in full on demand against all claims, costs or expenses incurred by us or the Buyer as a result, whether arising in relation to the Lot or the proceeds of sale.

7. Sale Arrangements

- (a) We shall have complete discretion as to the way the Lot is described and illustrated in the catalogue or any condition report; the place and manner of sale; the decision as to which persons should be admitted to the auction, and as to which bids should be accepted; whether expert advice should be sought; and the combination or division of goods for sale.
- (b) Any estimate given, orally or in writing, is a matter of opinion only and is not an assurance in relation to the price the Lot will eventually fetch.
- (c) The Seller may not withdraw the Lot from sale without our consent. However, we reserve the right to withdraw the Lot from sale at any time if (i) we have any doubt as to its attribution or authenticity or as to the accuracy of the statements made in clause 6 (a), (b) or (c) above or (ii) there is any breach of these Conditions of Business or (iii) we believe it would be improper to include the Lot in the sale.
- (d) If either we or the Seller withdraw the Lot, we shall charge the Seller a fee equal to 20% of the Reserve or, if no Reserve has been agreed at that time, 20% of the Insured Value, together with any applicable VAT and insurance and other expenses.

8. Conduct of Sale

- (a) The Lot will be sold subject to the Reserve, which cannot be above the low estimate printed in the catalogue unless the Reserve is agreed to in a currency other than pounds sterling and the exchange rates fluctuate between the time the Reserve is agreed and the day of the sale. In this case, unless we agree otherwise, the Reserve shall be an amount equal to the pound sterling equivalent based on the closing exchange rate on the business day immediately preceding the sale. We shall in no circumstances be liable if bids are not received at the level of the Reserve. We shall however be entitled to sell the Lot below the Reserve. If we do so, we shall be obliged to account to the Seller as if the Hammer Price was equal to the Reserve.
- (b) The Seller may not bid for the Lot nor employ any person to do so on the Seller's behalf, although we shall have the right to bid on the Seller's behalf up to the amount of the Reserve.

9. After the Sale

(a) Accounting

After the sale, we shall require payment in full from the Buyer, including payment of the Buyer's premium. Provided this has occurred, we shall remit to the Seller an amount equal to the Hammer Price less all charges due from the Seller, 35 days after the date of the sale, unless we have received notice that the Lot is a Forgery (as defined in Clause 1 of these Conditions of Business). In the event of late payment by the Buyer we shall make such remittance to the Seller within seven days of that payment by the Buyer. If for any reason we make payment to the Seller of the amount due before payment by the Buyer, we shall acquire complete ownership of and title in the Lot, save only that in the event that we are obliged to accept the Lot back from the Buyer on the basis that it is a Forgery, the Seller will refund to us the proceeds of sale paid to the Seller.

Payment will be made in sterling unless the Seller instructs otherwise in writing. If the Seller requires payment other than in sterling, we shall charge the Seller for any currency costs incurred. Sale proceeds will be calculated at the one month forward rate of exchange quoted to us by Lloyds Bank plc prevailing on the next working day after the date of the auction. Our certificate as to such rate will be conclusive.

(b) Non-Payment by the Buyer

If the Buyer fails to pay the full amount due within 35 days after the date of sale, we shall be entitled to agree special terms on the Seller's behalf for payment, storage and insurance, and to take any steps we consider necessary to collect the amount due from the Buyer. However, we shall not be obliged either to remit the price due to the Seller ourselves, nor to take any legal proceedings on the Seller's behalf. We shall discuss with the Seller the appropriate course of action to be taken to recover the purchase price from the Buyer.

(c) Forgeries

If within one year of the date of the auction the Buyer satisfies us that the Lot is a Forgery (as defined in Clause 1 of these Conditions of Business), then (i) if the Buyer at that time has not yet paid the full amount due, we shall have the right to cancel the sale and/or (ii) if we have at that time paid the Seller the whole or part of the full amount due to the Seller, then the Seller must refund to us, on demand, the total amount paid. In the latter case we shall exercise a lien over any property of the Seller under our control as security for the amount due.

(d) Unsold Lot

If any Lot is unsold, or is not included in a sale, or is withdrawn from sale for any reason, it must be collected from us within 35 days after we send the Seller a notice requiring the Seller to collect it. If any such Lot remains uncollected for a period exceeding 35 days, a storage charge of £1 per item per day will apply and an additional charge will be made for insurance. The Seller will not be entitled to collect the Lot until all outstanding charges are met.

If any such Lot is not collected within 90 days after the date of the sale or the date of the notice referred to above (whichever occurs first), it may be disposed of by us as we see fit, which may involve its removal to a third party warehouse at the Seller's expense and its sale by public auction on such terms as we consider appropriate, including those relating to estimates and reserves. We shall then account to the Seller for the proceeds of sale, having deducted all amounts due.

If any Lot is bought in or otherwise unsold by auction, we are authorised as the exclusive agent for the Seller for a period of thirty days following the auction to sell such Lot privately for a price that will result in a payment to the Seller of not less than the net amount—i.e. after deduction of all charges due from the Seller—to which the Seller would have been entitled had the Lot been sold at a price equal to the Reserve, or for such lesser amount as we and the Seller shall agree. In such event the Seller's obligations to us with respect to such a Lot are the same as if it had been sold at auction.

10. Photographs and Illustrations

We shall have the right (on a non-exclusive basis) to photograph, video or otherwise produce an image of the Lot. All rights in such an image will belong to us, and we shall have the right to use it in whatever way we see fit.

11. Other Matters

a) VAT

The Seller will give all relevant information about his VAT status and that of the Lot to ensure that the correct information is printed in the catalogues. Once printed, the information cannot be changed. If we incur any unforeseen cost or expense as a result of the information being incorrect, the Seller will reimburse to us on demand the full amount incurred.

b) Electrical and Mechanical Parts

If the Lot contains any electrical or mechanical parts, the Seller is responsible for ensuring that these are in a safe operating condition. The Seller will indemnify us for any costs, claims or expenses incurred by us if this does not prove to be the case.

C Buyers

12. Spink as agent

As auctioneers, we act as agent for the Seller. Unless otherwise agreed, sales of goods at our auctions result in contracts made between the Seller, through our agency, with the Buyer.

13. Before the Sale

(a) Examination of goods

Prospective buyers are strongly advised to examine personally any goods in which they are interested, before the auction takes place. Condition reports are usually available on request. We provide no guarantee to the Buyer other than in relation to Forgeries, as explained in clause 1 of these Conditions of Business.

(b) Catalogue descriptions

Statements by us in the catalogue or condition report, or made orally or in writing elsewhere, regarding the authorship, origin, date, age, size, medium, attribution, genuineness, provenance, condition or estimated selling price of any Lot are merely statements of opinion, and are not to be relied on as statements of definitive fact. Catalogue illustrations are for guidance only, and should not be relied on either to determine the tone or colour of any item or to reveal imperfections. Estimates of the selling price should not be relied on as a statement that this price is either the price at which the Lot will sell or its value for any other purpose.

Many items are of an age or nature which precludes their being in perfect condition and some descriptions in the catalogue or given by way of condition report make reference to damage and/or restoration. We provide this information for guidance only and the absence of such a reference does not imply that an item is free from defects or restoration nor does a reference to particular defects imply the absence of any others.

(c) Buyers Responsibility

Buyers are responsible for satisfying themselves concerning the condition of the goods and the matters referred to in the catalogue description.

(d) Extensions

Prospective buyers who wish to obtain an expert opinion on any Lot (other than a mixed Lot or Lot containing undescribed stamps) are requested to notify Spink in writing not less than twenty-four hours before the time fixed for the commencement of the first session of the sale. If accepted by Spink, such request shall have the same effect as notice of an intention to question the genuineness or description of the Lot for the purposes of Condition 16 of the Conditions of Business; Condition 17 shall thereafter apply accordingly.

Notice of a request for an expert opinion must give the reason why such is required and specify the identity of the expert which will be subject to the agreement of Spink. All Lots for which Certificates of Authenticity are desired must be submitted by Spink to the Expert Committee for choice.

Extensions requested on account of condition will not normally be accepted for expert opinions. Any Lot described as having faults or defects may not be returned should a certificate cite other faults or defects not included in the catalogue description.

Should Spink accept a request for an extension under the foregoing provisions of this paragraph, the fact may be stated by the Auctioneer from the rostrum prior to the sale of the Lot.

It should be noted that any stamp accompanied by a Certificate of Authenticity is sold on the basis of that Certificate only and not on the basis of any other. No request for an extension will be accepted on such a stamp and the return of such a stamp will not be accepted

14. At the Sale

(a) Refusal of admission

Our sales take place on our own premises or premises over which we have control for the sale, and we have the right, exercisable at our complete discretion, to refuse admission to the premises or attendance at an auction.

(b) Registration before bidding

Every prospective buyer must complete and sign a registration form and provide identification before making a bid at auction. Prospective buyers should be aware that we usually require buyers to undergo a credit check.

(c) Bidding as Principal

When making a bid, prospective buyers will be accepting personal liability, unless it has been agreed in writing, at the time of registration, that a bidder is acting as agent on behalf of a third party acceptable to us.

(d) Commission Bids

If a prospective buyer gives us instructions to bid on his behalf, by using the loose-leaf form provided, we shall use reasonable efforts to do so, provided these instructions are received not later than 24 hours before the sale. If we receive commission bids on a particular Lot for identical amounts, and at auction these bids are the highest bids for the Lot, it will be sold to the person whose bid was received first. Commission bids are undertaken subject to other commitments at the time of the sale, and the conduct of the sale may be such that we are unable to bid as requested. Since this is undertaken as a free service to prospective buyers on the terms stated, we cannot accept liability for failure to make a commission bid. Prospective buyers should therefore always attend personally if they wish to be certain of bidding.

(e) Telephone Bids

If prospective buyers make arrangements with us not less than 24 hours before the sale, we shall use reasonable efforts to contact the bidders to enable them to participate in bidding by telephone, but in no circumstances will we be liable to either the Seller or any prospective buyer as a result of failure to do so.

(f) Currency Converter

At some auctions, a currency converter will be operated, based on the one month forward rates of exchange quoted to us by Lloyds Bank plc at opening on the date of the auction. Bidding will however take place in sterling. The currency converter is not always reliable, and errors may occur beyond our control either in the accuracy of the Lot number displayed on the converter, or the foreign currency equivalent of sterling bids. We shall not be liable to the Buyer for any loss suffered as a result of the Buyer following the currency converter, rather than the sterling bidding.

(g) Video images

At some auctions there will be a video screen. Mistakes may occur in its operation, and we cannot be liable to the Buyer regarding either the correspondence of the image to the Lot being sold or the quality of the image as a reproduction of the original.

(h) The auctioneer's discretion

The auctioneer has the right at his absolute discretion to refuse any bid, to advance the bidding in such manner as he may decide, to withdraw or divide any Lot, to combine any two or more Lots and, in the case of error or dispute, to put an item up for bidding again.

(i) Successful bid

Subject to the auctioneer's discretion, the striking of his hammer marks the acceptance of the highest bid and the conclusion of a contract for sale between the Seller and the Buyer.

15. After the Sale

(a) Buyer's Premium

In addition to the Hammer Price, the Buyer must pay us the Buyer's premium at a rate of 15% of the first £30,000 of each lot plus 10% in excess of any sum in excess of £30,000.

(b) Value Added Tax

Value Added Tax is always payable on the premium. It may also be payable on the Hammer Price, if the Lot has been marked with a sign to that effect in the catalogue. It may be refunded on proof of export from the European Union.

(c) Payment

Following the sale, the Buyer must provide us with his or her name and permanent address and, if so requested, details of the bank from which payment will be made and then pay the full amount due (comprising the Hammer Price, the Buyer's premium and any applicable value added tax) within seven days after the date of the sale. This applies even if the Buyer wishes to export the lot and an export licence is (or may be) required.

The Buyer will not acquire title to the Lot until all amounts due to us have been paid to us, even in circumstances where we have released the Lot to the Buyer.

Payment may be made by Visa or Access.

(d) Collection of Purchases

Unless we specifically agree to the contrary, we shall retain items sold until all amounts due to us, or to any other associated company of Spink, have been paid in full. Items retained will be covered by our insurance from the date of sale for a period of seven days or, if by then the goods have been collected, to the time of collection. After seven days or from the time of collection, whichever is the earlier, the Lot will be entirely at the Buyer's risk.

(e) Packing and handling

We shall use all reasonable efforts to take care when handling and packing a purchased Lot but remind the Buyer that after seven days or from the time of collection the Lot is entirely at the Buyer's risk.

(f) Recommended packers and shippers

Our shipping department may arrange shipment as the Buyer's agent. Although we shall suggest carriers if specifically requested, we cannot accept liability in this respect.

(g) Remedies for non-payment or failure to collect purchases

If the Buyer fails to make payment within seven days, we shall be entitled to exercise one or more of the following rights or remedies:

- to charge interest at a rate not exceeding 2% per month on the full amount due to the extent it remains unpaid for more than seven days after the date of the auction;
- to set off against any amounts which we or any other associated company of Spink may owe the Buyer in any other transaction the outstanding amount remaining unpaid by the Buyer;
- to exercise a lien on any of the Buyer's property which may be in our possession for any purpose and, following 14 days' notice to the Buyer of the amount outstanding and remaining unpaid, arrange the sale of such property and apply the proceeds in discharge of the amount outstanding to us;
- where several amounts are owed by the Buyer to us or any other associated company of Spink in respect of different transactions, to apply any amount paid to discharge any amount owed in respect of any particular transaction, whether or not the Buyer so directs;
- to reject at any future auction any bids made by the Buyer or on his behalf or obtain a deposit from the Buyer before accepting any bids.

If the Buyer fails to make payment within thirty-five days, we shall in addition be entitled:

- to issue proceedings on behalf of the Seller against the Buyer to recover the full amount due, together with the costs of such proceedings on a full indemnity basis and with interest, charged at 4% per annum above Lloyds Bank plc Base Rate;
- to cancel the sale of the Lot or any other item sold to the Buyer at the same or any other auction;
- to arrange a resale of the Lot, publicly or privately, and, if this results in a lower price being obtained, claim the balance from the Buyer together with any costs incurred in connection with the Buyer's failure to make payment.

(h) Failure to collect

Where purchases are not collected within seven days after the sale, whether or not payment has been made, we shall arrange storage at the Buyer's expense, and only release the items purchased after payment has been made in full of storage, removal, insurance and any other costs incurred, together with payment of all other amounts due to us.

(i) Export Licence

Unless otherwise agreed by us in writing, the fact that the Buyer wishes to apply for an export licence does not affect his obligation to make payment within seven days nor our right to charge interest on late payment.

If the Buyer requests us to apply for an export licence on his behalf, we shall be entitled to recover from him our disbursements and out of pocket expenses in relation to such application, together with any relevant VAT.

We will not be obliged to refund any interest or other expenses incurred by the Buyer where payment is made by the Buyer despite the fact that an export licence is required.

16. Extent of Our Liability

We have an obligation to refund the Buyer in the circumstances set out in clause 17. However, neither the Seller nor we, nor any of our employees or agents, are responsible for the correctness of any statement as to the authorship, origin, date, age, attribution, genuineness or provenance of any Lot nor for any other errors of description or for any faults or defects in any Lot. Neither the Seller, ourselves, our employees or agents, give any guarantee in respect of any Lot. Any warranty of any kind whatsoever is excluded by this clause.

17. Refund in the case of Forgery

A sale will be cancelled, and the amount paid refunded to the Buyer if a Lot (other than a miscellaneous item not described in the catalogue) sold by us proves to have been a Forgery. We shall not however be obliged to refund any amounts if either (a) the catalogue description or saleroom notice at the auction date corresponded to the generally accepted opinion of scholars or experts at that time, or fairly indicated that there was a conflict of opinions; or (b) it can be demonstrated that the Lot is a Forgery only by means of either a scientific process not generally accepted for use until after publication of the catalogue or a process which at the date of the auction was unreasonably expensive or impracticable or likely to have caused damage to the Lot. Furthermore, the Buyer should note that this refund can be obtained only if the following conditions are met:

- (i) the Buyer must notify us in writing, within one year of the auction date, that in his view the Lot concerned is a forgery;
- (ii) the Buyer must then return the item to us within fourteen days, in the same condition as at the auction date; and
- (iii) as soon as possible following return of the Lot, the Buyer must produce evidence satisfactory to us that the Lot is a Forgery and that he is able to transfer good title to us, free from any third party claims.

In no circumstances shall we be required to pay the Buyer any more than the amount paid by him for the Lot concerned and the Buyer shall have no claim for interest.

The benefit of this guarantee is not capable of being transferred, and is solely for the benefit of the person to whom the original invoice was made out by us in respect of the Lot when sold and who, since the sale, has remained the owner of the Lot without disposing of any interest in it to any third party.

We shall be entitled to rely on any scientific or other process to establish that the Lot is not a Forgery, whether or not such process was used or in use at the date of the auction.

D Conditions Applicable to both Buyers and Sellers

18. Copyright

The copyright in all images, illustrations and written material relating to a Lot is and shall remain at all times our property and shall not be used by the Buyer nor anyone else without our prior written consent.

19. Notices

Any notice given under these Conditions is to be in writing and, if given by post, will be taken to have been received by the addressee on the second working day after posting or, if the addressee is overseas, on the fifth working day after posting.

20. Severability

If any part of these Conditions of Business is found by any court to be invalid, illegal or unenforceable, that part may be discounted and the rest of the conditions shall continue to be valid and enforceable to the fullest extent permitted by law.

21. Law and Jurisdiction

These Conditions of Business are subject to English law, which shall apply to their construction as well as to their effect. For our benefit, the Seller and the Buyer submit to the exclusive jurisdiction of the English courts.
