Extensions

Prospective buyers who wish to obtain an expert opinion on any lot (other than a mixed lot or lot containing undescribed stamps) are requested to notify Spink in writing not less than forty-eight hours before the time fixed for the commencement of the first session of the sale. If accepted by Spink, such request shall have the same effect as notice of an intention to question the genuineness or description of the lot for the purposes of Condition 16 of the Conditions of Business; Condition 17 shall thereafter apply accordingly.

Notice of a request for an expert opinion must give the reason why such is required and specify the identity of the expert which will be subject to the agreement of Spink. All lots for which Certificates of Authenticity are desired must be submitted by Spink to the Expert Committee for choice.

Buyers are reminded that any lot(s) purchased "on extension" are subject to payment in accordance with our normal Terms & Conditions of Business. Settlement of any lots on extension should be made at the time of invoice payment. Overdue accounts are subject to interest charges.

Extensions requested on account of condition will not normally be accepted for expert opinions. Any Lot described as having faults or defects may not be returned should a certificate cite other faults or defects not included in the catalogue description.

Should Spink accept a request for an extension under the foregoing provisions of this paragraph, the fact may be stated by the Auctioneer from the rostrum prior to the sale of the lot.

It should be noted that any stamp accompanied by a Certificate of Authenticity is sold on the basis of that Certificate only and not on the basis of any other. No request for an extension will be accepted on such a stamp and the return of such a stamp will not be accepted.

IMPORTANT INFORMATION FOR BUYERS AND SELLERS

I. Buying and Selling Charges

Buyers

Spink charges a premium calculated at the Rates of Premium set out below on the price at which a Lot is knocked down to the Buyer – the 'Hammer Price' – plus VAT at the appropriate rate (see II below and Conditions of Business).

The Rate of Premium is 15% of the Hammer Price of each Lot.

Sellers

The commission shall be subject to agreement between the seller and the auctioneer plus VAT where appropriate (see II below).

Bought in Lots

A charge of 5% may be made on the final bid for all Lots failing to reach their reserve.

Other Charges

Where applicable, there will be charges for insurance, illustration, freight and transit insurance.

Storage Charges

For a short period after the auction, uncollected purchases and unsold lots are held at the salerooms. Thereafter they will be removed for storage and charges will be incurred. (See Conditions of Business – B.9)

II. Value Added Tax (VAT)

Charging of (VAT) at auction

The information shown on this page sets out the way in which Spink intends to account for VAT.

(a) Buyers

(i) Auctioneers' Margin Scheme

Where possible, Spink will offer lots for sale under the Auctioneers' Margin Scheme. Such lots can be identified by the absence of any symbol next to the lot number in the catalogue and will not be subject to VAT on the Hammer Price.

Where lots are sold using the Auctioneers' Margin Scheme to VAT-registered businesses, the VAT included within the premium is not recoverable as input tax. On request immediately after sale, Spink will issue invoices that show VAT separately on both hammer price and buyer's premium. This will enable VAT-registered businesses to recover the VAT charged as input tax, subject to the normal rules for recovering input tax.

(ii) Zero-Rated lots

Limited Categories of goods, such as books, are zero-rated for VAT in the United Kingdom. Such lots are offered under the Auctioneers' Margin Scheme. In these circumstances no VAT element will be included within the buyer's premium.

(iii) Daggered lots

Lots which are daggered (†) in the catalogue are subject to VAT at 17.5% on both the hammer price and the buyer's premium.

(iv) Starred and Omega lots

Lots which are marked (x) in the catalogue are subject to VAT at 5% on the the hammer price and 17.5% on the buyer's premium. Lots which bear the Omega symbol (Ω) are subject to VAT at 17.5% on gross price. Such lots bear VAT because the lot is liable for VAT at this rate on importation into the EU.

(v) Investment Gold lots

Lots marked (g) in the catalogue are exempt from VAT on the hammer price and are subject to VAT at 17.5% on the buyer's premium.

(vi) Further information on imported lots

Lots which are marked (x) and Lots which bear the Omega symbol (Ω) have VAT charged on the hammer price and buyers' premium because they have been imported into the United Kingdom from outside the EU.

In such cases Spink has used a Temporary Importation procedure, which in effect means that the point of importation is deferred until the lot has been sold by Spink. At this point the buyer is treated as the importer and is liable to pay the import VAT due. The VAT is collected by Spink and paid to HM Customs and Excise on behalf of the buyer.

(vii) Invoicing

Invoices may consist of one or more pages and will show: zero rated lots; lots sold under the Auctioneers' Margin Scheme; lots marked (g) special scheme investment gold; daggered lots (†), lots marked (x) import VAT and lots marked (Ω) omega lots.

(viii) VAT Refunds – General

As Spink remains liable to account for VAT on all lots unless proof of export is held, buyers will generally be asked to deposit all amounts of VAT invoiced. However, if a Spink nominated shipper is instructed, then any refundable VAT will not be collected. In all other cases credits will be made when proof of export is provided.

To apply for a credit, the appropriate export evidence must be sent to Spink accounts department clearly marked 'VAT Refund'. No payment will be made where the total amount of VAT refundable is less than £50.

(ix) VAT Refunds - Buyers from within the EU

Refunds are available only on the hammer price of daggered lots invoiced on the VAT on taxable lots' page. The buyer must certify that he is registered for VAT in another EU country and that the lot is to be removed from the United Kingdom.

Where an EU buyer purchases a lot on which import VAT has been charged, no refund of VAT is available from Spink.

(x) VAT Refunds – Buyers from outside the EU

Auctioneers' Margin Scheme

Where evidence of export from the EU is produced, the VAT element included within the premium may be refunded.

Daggered (†) lots

The VAT charged on the hammer price may be refunded where evidence of export from the EU is produced. No refund of VAT charged on the premium may be made.

Omega (Ω) and lots marked (x)

Where evidence of export from the EU is produced, the VAT charged on both the hammer price and premium may be refunded. Please ask Spink for advice on how to export such lots since a specific form of export evidence is required.

The Seller

VAT at the standard rate is charged on the seller's commission to all UK residents, and to other EC residents who are not registered for VAT within the EC. Sellers resident outside the EC are not liable for payment of such VAT.

EC resident sellers who are registered for VAT in a country other than the United Kingdom and are selling their Lots outside the Auctioneers' VAT Margin Scheme will also be exempt from payment of such VAT provided that notification of their VAT registration is included on the Spink receipt form prior to the auction.

Where lots are sold using the Auctioneers' VAT Margin Scheme, Customs & Excise regulations require that the seller's commission must be charged inclusive of any VAT which may be due.

Other service charges made to sellers, such as catalogue illustration costs and insurance charges, will be subject to VAT and treated on the same basis for VAT purposes.

IV. Sellers resident Outside the EC

Importing works of art for sale. It is essential that all items imported for sale must be declared as such to Customs at the point of entry into the EC, and appropriate documents be obtained for presentation to Spink. Particular attention should be paid to items containing ivory or other material from endangered species.

V. Export licensing regulations for works of art, antiques and collectors' items

Spink can advise buyers on the detailed provisions of the export licensing regulations. If hand carried by the Buyer, the Buyer will be required to produce a valid export licence to Spink or sign a waiver document stating that a licence will be applied for.

Buyers should always check whether an export licence is required before exporting. Export licences are usually obtained within two or three weeks but delays can occur.

Spink Services

In addition to holding regular auctions of Stamps, Coins, Medals and Banknotes, Spink offers a variety of professional services.

If you cannot attend an auction in person, Spink can bid for you according to your instructions. There is no extra charge for this service which is known as commission bidding. Bids must always be made or confirmed in writing, using the form included in every catalogue. Bank references may be requested and should be supplied in good time to be taken up before the auction. For further information please telephone (020) 7563 4014. See also Conditions of Business A.12.

CONDITIONS OF BUSINESS

The conditions set out below are the terms on which we contract, as auctioneers, with sellers and, as agent acting on behalf of sellers, with buyers. Buyers and sellers should read the conditions carefully. Buyers' attention is drawn in particular to clause 16 which limits our liability. For ease of reference, the conditions are divided into sections: Section A gives a background to some of the terms that are used in the Conditions generally; Section B is of particular relevance to sellers; Section C to buyers; and Section D to both sellers and buyers.

A Background to Terms used in these Conditions

1. In the conditions set out below, some terms are used regularly that need explanation.

They are as follows:

- “the Buyer” means the person with the highest bid accepted by the auctioneer;
- “the Lot” means any item deposited with us for sale at auction and, in particular, the item or items described against any lot number in any catalogue;
- “the Hammer Price” means the amount of the highest bid accepted by the auctioneer in relation to a Lot;
- “the Buyer’s premium” means the charge payable by the Buyer as a percentage of the Hammer Price, at the rates set out in clause 15(a) in Section C;
- “the Reserve” means the amount below which we agree with the Seller that the Lot cannot be sold;
- “Forgery” means a Lot constituting an imitation originally conceived and executed as a whole with a fraudulent intention to deceive as to authorship, origin, age, period, culture or source where the correct description as to such matters is not reflected by the description in the catalogue and which at the date of the auction had a value materially less than it would have had if it had been in accordance with the description in the catalogue. Accordingly, no Lot shall be capable of being a Forgery by reason of any damage and/or restoration work of any kind (including re-enamelling).
- “The Insured Value” means the amount that Spink in its absolute discretion from time to time shall consider to be the value for which a Lot should be covered by insurance (whether or not insurance is arranged by us).

B The Seller

2. Spink’s Role as Agent

Our sales at public auction are undertaken as agent, on behalf of the Seller. The contract for the sale of the Lot will be between the Seller and the Buyer.

3. Commission

We shall charge the Seller commission at a rate agreed between the Seller and Spink.

VAT at the appropriate rate will be charged on the commission. We shall also collect from the Buyer a premium in addition to the Hammer Price. We shall be entitled to retain this premium.

4. Expenses

The Seller may be asked to bear all costs relating to:

- (a) packing and shipping the Lot to us for sale;
- (b) any applicable transit insurance;
- (c) packing and shipping the Lot if it is returned to the Seller;
- (d) any applicable customs duties;
- (e) catalogue illustration;
- (f) any restoration of the Lot agreed in advance with the Seller;
- (g) any examination by external experts we believe necessary for catalogue description;
- (h) any external expert opinions we believe appropriate;
- (i) a contribution to our general expenses if the Lot is not sold, equal to 5% of the Reserve;
- (j) storage of the Lot after the sale, where applicable;
- (k) our administration costs if expenses are incurred under (f) (g) (h) and (j), equal to 10% of those expenses;
- (l) any applicable VAT.

- 5a. Where the Lot is included under Spink’s Policy

- (a) Unless we agree otherwise, the Lot will be automatically included as consigned or entrusted goods under Spink’s Fine Art Policy for the amount that we from time to time consider to be its appropriate value. This Value is not an undertaking by us that the Lot will be sold for this amount.
- (b) We shall charge the Seller a fee for the inclusion of the Lot under our policy at the rate of 1% of either the Hammer Price or, if the Lot is unsold, of the consigned or entrusted value. If we arrange transport, we may charge the Seller an additional fee based on the value of the Lot and the particular circumstances of the requirements for the transport to maintain the benefit of the inclusion of the Lot under Spink’s policy during such transport. Although we shall suggest carriers if specifically requested, we cannot accept any liability in this respect.
- (c) The Lot will retain the benefit of inclusion under Spink’s policy until the expiry of seven days after the sale. If the Lot has not been sold, it will be at the Seller’s risk after that time.
- (d) We are unable to accept responsibility for damage caused by woodworm, changes in atmospheric conditions or acts of terrorism.

- 5b. Owner’s Insurance

If the Seller specifically instructs us not to insure the Lot, it will remain at the Seller’s risk at all times until the Buyer has made payment in full. The Seller will indemnify us and our employees and agents, and the Buyer (where applicable) against any claim made against us or them in respect of the Lot, however that claim may arise. The Seller will also reimburse us and them on demand for any expenses we or they may incur as a result of such a claim, even if we or they are found to have been negligent and even where such reimbursement is required of a payment made without any legal liability being proved. The Seller must notify the Seller’s insurers of the terms of this clause.

6. The Seller’s Undertakings regarding the Lot

This clause sets out the basis on which we shall handle the Lot and which will govern the Seller’s relationship with the Buyer. If that basis proves incorrect in any way, either we or the Buyer may take legal action against the Seller.

We shall handle the Lot, and the Buyer will purchase, on the basis of the Seller’s undertakings that:

- (a) the Seller is the sole owner of the Lot with an unrestricted right to transfer title to the Buyer free from all third party rights or claims (including copyright claims);
- (b) the Seller has complied with all requirements, legal or otherwise relating to any export or import of the Lot and has notified us in writing of any failure by third parties to comply with such requirements in the past; and
- (c) the Seller has notified us in writing of any material alterations to the Lot of which the Seller is aware and of any concerns expressed by third parties in relation to the ownership, condition or attribution of the Lot. If any of (a), (b) and (c) above is incorrect, the Seller will indemnify us and/or the Buyer in full on demand against all claims, costs or expenses incurred by us or the Buyer as a result, whether arising in relation to the Lot or the proceeds of sale.

7. Sale Arrangements

- (a) We shall have complete discretion as to the way the Lot is described and illustrated in the catalogue or any condition report; the place and manner of sale; the decision as to which persons should be admitted to the auction, and as to which bids should be accepted; whether expert advice should be sought, and the combination or division of goods for sale.
- (b) Any estimate given, orally or in writing, is a matter of opinion only and is not an assurance in relation to the price the Lot will eventually fetch.
- (c) The Seller may not withdraw the Lot from sale without our consent. However, we reserve the right to withdraw the Lot from sale at any time if (i) we have any doubt as to its attribution or authenticity or as to the accuracy of the statements made in clause 6 (a), (b) or (c) above or (ii) there is any breach of these Conditions of Business or (iii) we believe it would be improper to include the Lot in the sale.
- (d) If either we or the Seller withdraw the Lot, we shall charge the Seller a fee equal to 20% of the Reserve or, if no Reserve has been agreed at that time, 20% of the Insured Value, together with any applicable VAT and insurance and other expenses.

- (e) Stamps

Sellers please be advised that prospective buyers may wish to obtain an expert opinion on stamps being sold on your behalf. This is known as an extension. If a request for an extension is accepted by Spink, (see C. Buyers - point d) the lot will be sent to an Expertising Committee. Results of Sale as sent to the Seller will be marked accordingly.

Sellers should be aware that the length of time to reach an opinion by a Committee is variable. Until a decision is reached, and Spink is advised in writing, settlement will not be made on the lot.

8. Conduct of Sale

- (a) The Lot will be sold subject to the Reserve, which cannot be above the low estimate printed in the catalogue unless the Reserve is agreed to in a currency other than pounds sterling and the exchange rates fluctuate between the time the Reserve is agreed and the day of the sale. In this case, unless we agree otherwise, the Reserve shall be an amount equal to the pound sterling equivalent based on the closing exchange rate on the business day immediately preceding the sale. We shall in no circumstances be liable if bids are not received at the level of the Reserve. We shall however be entitled to sell the Lot below the Reserve. If we do so, we shall be obliged to account to the Seller as if the Hammer Price was equal to the Reserve.
- (b) The Seller may not bid for the Lot nor employ any person to do so on the Seller's behalf, although we shall have the right to bid on the Seller's behalf up to the amount of the Reserve.

9. After the Sale

(a) Accounting

After the sale, we shall require payment in full from the Buyer, including payment of the Buyer's premium. Provided this has occurred, we shall remit to the Seller an amount equal to the Hammer Price less all charges due from the Seller, 35 days after the date of the sale, unless we have received notice that the Lot is a Forgery (as defined in Clause 1 of these Conditions of Business). In the event of late payment by the Buyer we shall make such remittance to the Seller within seven days of that payment by the Buyer. If for any reason we make payment to the Seller of the amount due before payment by the Buyer, we shall acquire complete ownership of and title in the Lot, save only that in the event that we are obliged to accept the Lot back from the Buyer on the basis that it is a Forgery, the Seller will refund to us the proceeds of sale paid to the Seller.

Payment will be made in sterling unless the Seller instructs otherwise in writing. If the Seller requires payment other than in sterling, we shall charge the Seller for any currency costs incurred.

(b) Non-Payment by the Buyer

If the Buyer fails to pay the full amount due within 35 days after the date of sale, we shall be entitled to agree special terms on the Seller's behalf for payment, storage and insurance, and to take any steps we consider necessary to collect the amount due from the Buyer. However, we shall not be obliged either to remit the price due to the Seller ourselves, nor to take any legal proceedings on the Seller's behalf. We shall discuss with the Seller the appropriate course of action to be taken to recover the purchase price from the Buyer.

(c) Forgeries

If within seven days of the date of the auction the Buyer satisfies us that the Lot is a Forgery (as defined in Clause 1 of these Conditions of Business), then (i) if the Buyer at that time has not yet paid the full amount due, we shall have the right to cancel the sale and/or (ii) if we have at that time paid the Seller the whole or part of the full amount due to the Seller, then the Seller must refund to us, on demand, the total amount paid. In the latter case we shall exercise a lien over any property of the Seller under our control as security for the amount due.

(d) Unsold Lot

If any Lot is unsold, or is not included in a sale, or is withdrawn from sale for any reason, it must be collected from us within 35 days after we send the Seller a notice requiring the Seller to collect it. If any such Lot remains uncollected for a period exceeding 35 days, a storage charge of £1 per item per day will apply and an additional charge will be made for insurance. The Seller will not be entitled to collect the Lot until all outstanding charges are met.

If any such Lot is not collected within 90 days after the date of the sale or the date of the notice referred to above (whichever occurs first), it may be disposed of by us as we see fit, which may involve its removal to a third party warehouse at the Seller's expense and its sale by public auction on such terms as we consider appropriate, including those relating to estimates and reserves. We shall then account to the Seller for the proceeds of sale, having deducted all amounts due.

If any Lot is bought in or otherwise unsold by auction, we are authorised as the exclusive agent for the Seller for a period of two months following the auction to sell such Lot privately for a price that will result in a payment to the Seller of not less than the net amount – i.e. after deduction of all charges due from the Seller – to which the Seller would have been entitled had the Lot been sold at a price equal to the Reserve, or for such lesser amount as we and the Seller shall agree. In such event the Seller's obligations to us with respect to such a Lot are the same as if it had been sold at auction.

10. Photographs and Illustrations

We shall have the right (on a non-exclusive basis) to photograph, video or otherwise produce an image of the Lot. All rights in such an image will belong to us, and we shall have the right to use it in whatever way we see fit.

11. Other Matters

VAT

The Seller will give all relevant information about his VAT status and that of the Lot to ensure that the correct information is printed in the catalogues. Once printed, the information cannot be changed. If we incur any unforeseen cost or expense as a result of the information being incorrect, the Seller will reimburse to us on demand the full amount incurred.

C Buyers

12. Spink as agent

As auctioneers, we act as agent for the Seller. Unless otherwise agreed sales of goods at our auctions result in contracts made between the Seller, through our agency, with the Buyer.

13. Before the Sale

(a) Examination of goods

Prospective buyers are strongly advised to examine personally any goods in which they are interested, before the auction takes place. Condition reports are usually available on request. We provide no guarantee to the Buyer other than in relation to Forgeries, as explained in clause 1 of these Conditions of Business.

(b) Catalogue descriptions

Statements by us in the catalogue or condition report, or made orally or in writing elsewhere, regarding the authorship, origin, date, age, size, medium, attribution, genuineness, provenance, condition or estimated selling price of any Lot are merely statements of opinion, and are not to be relied on as statements of definitive fact. Catalogue illustrations are for guidance only, and should not be relied on either to determine the tone or colour of any item or to reveal imperfections. Estimates of the selling price should not be relied on as a statement that this price is either the price at which the Lot will sell or its value for any other purpose.

Many items are of an age or nature which precludes their being in perfect condition and some descriptions in the catalogue or given by way of condition report make reference to damage and/or restoration. We provide this information for guidance only and the absence of such a reference does not imply that an item is free from defects or restoration nor does a reference to particular defects imply the absence of any others.

(c) Buyers Responsibility

Buyers are responsible for satisfying themselves concerning the condition of the goods and the matters referred to in the catalogue description.

(d) Extensions – Stamps

Prospective buyers who wish to obtain an expert opinion on any lot (other than a mixed lot or lot containing undescribed stamps) are requested to notify Spink in writing not less than forty-eight hours before the time fixed for the commencement of the first session of the sale. If accepted by Spink, such request shall have the same effect as notice of an intention to question the genuineness or description of the lot for the purposes of Condition 16 of the Conditions of Business; Condition 17 shall thereafter apply accordingly.

Notice of a request for an expert opinion must give the reason why such is required and specify the identity of the expert which will be subject to the agreement of Spink. All lots for which Certificates of Authenticity are desired must be submitted by Spink to the Expert Committee for choice.

Extensions requested on account of condition will not normally be accepted for expert opinions. Any Lot described as having faults or defects may not be returned should a certificate cite other faults or defects not included in the catalogue description.

Should Spink accept a request for an extension under the foregoing provisions of this paragraph, the fact may be stated by the Auctioneer from the rostrum prior to the sale of the lot.

It should be noted that any stamp accompanied by a Certificate of Authenticity is sold on the basis of that Certificate only and not on the basis of any other. No request for an extension will be accepted on such a stamp and the return of such a stamp will not be accepted.

14. At the Sale

(a) Refusal of admission

Our sales take place on our own premises or premises over which we have control for the sale, and we have the right, exercisable at our complete discretion, to refuse admission to the premises or attendance at an auction.

(b) Registration before bidding

Every prospective buyer must complete and sign a registration form and provide identification before making a bid at auction. Prospective buyers should be aware that we usually require buyers to undergo a credit check.

(c) Bidding as Principal

When making a bid, prospective buyers will be accepting personal liability, unless it has been agreed in writing, at the time of registration, that a bidder is acting as agent on behalf of a third party acceptable to us.

(d) Commission Bids

If a prospective buyer gives us instructions to bid on his behalf, by using the form provided, we shall use reasonable efforts to do so, provided these instructions are received not later than 24 hours before the sale. If we receive commission bids on a particular Lot for identical amounts, and at auction these bids are the highest bids for the Lot, it will be sold to the person whose bid was received first. Commission bids are undertaken subject to other commitments at the time of the sale, and the conduct of the sale may be such that we are unable to bid as requested. Since this is undertaken as a free service to prospective buyers on the terms stated, we cannot accept liability for failure to make a commission bid. Prospective buyers should therefore always attend personally if they wish to be certain of bidding.

(e) Telephone Bids

If prospective buyers make arrangements with us not less than 24 hours before the sale, we shall use reasonable efforts to contact the bidders to enable them to participate in bidding by telephone, but in no circumstances will we be liable to either the Seller or any prospective buyer as a result of failure to do so.

(f) Currency Converter

At some auctions, a currency converter will be operated, based on the one month forward rates of exchange quoted to us by Royal Bank of Scotland at opening on the date of the auction. Bidding will however take place in sterling. The currency converter is not always reliable, and errors may occur beyond our control either in the accuracy of the Lot number displayed on the converter, or the foreign currency equivalent of sterling bids. We shall not be liable to the Buyer for any loss suffered as a result of the Buyer following the currency converter rather than the sterling bidding.

(g) Video images

At some auctions there will be a video screen. Mistakes may occur in its operation, and we cannot be liable to the Buyer regarding either the correspondence of the image to the Lot being sold or the quality of the image as a reproduction of the original.

(h) The auctioneer's discretion

The auctioneer has the right at his absolute discretion to refuse any bid to advance the bidding in such manner as he may decide to withdraw or divide any Lot, to combine any two or more Lots and, in the case of error or dispute, to put an item up for bidding again.

(i) Successful bid

Subject to the auctioneer's discretion, the striking of his hammer marks the acceptance of the highest bid and the conclusion of a contract for sale between the Seller and the Buyer.

15. After the Sale

(a) Buyer's Premium

In addition to the Hammer Price, the Buyer must pay us the Buyer's premium at a rate of 15% of the Hammer Price.

(b) Value Added Tax

Value Added Tax is always payable on the premium. It may also be payable on the Hammer Price, if the Lot has been marked with a sign to that effect in the catalogue. It may be refunded on proof of export from the European Union.

(c) Payment

The Buyer must provide us with his or her name and permanent address and, if so requested, details of the bank from which payment will be made and then pay the full amount due (comprising the Hammer Price, the Buyer's premium and any applicable value added tax) within seven days after the date of the sale. This applies even if the Buyer wishes to export the lot and an export licence is (or may be) required.

The Buyer will not acquire title to the Lot until all amounts due to us have been paid to us, even in circumstances where we have released the Lot to the Buyer.

Payment may be made by Visa or Mastercard and an additional charge of 2% will be made if not received within 7 working days of the sale date.

Payments exceeding £5,000 can normally only be made by the card holder in person whilst on our premises.

Spink & Son is not able to notify successful bidders by telephone. While Invoices are sent out by mail after the auction we do not accept responsibility for notifying you of the result of your bid. Buyers are requested to contact us by telephone or in person as soon as possible after the sale to obtain details of the outcome of their bids to avoid incurring unnecessary charges. Successful bidders will pay the price of the final bid plus premium plus any applicable VAT.

(d) Collection of Purchases

Unless we specifically agree to the contrary, we shall retain items sold until all amounts due to us, or to any other associated company of Spink, have been paid in full. Items retained will be covered by our insurance from the date of sale for a period of seven days or, if by then the goods have been collected, to the time of collection. After seven days or from the time of collection, whichever is the earlier, the Lot will be entirely at the Buyer's risk.

(e) Notification

Invoices are sent out by mail after the sale day, but we do not accept responsibility for notifying you of your bid. Bidders are requested to contact us as soon as possible after the sale to check if they were successful, and to avoid incurring charges for late payment.

(f) Packing and handling

We shall use all reasonable efforts to take care when handling and packing a purchased Lot but remind the Buyer that after seven days or from the time of collection the Lot is entirely at the Buyer's risk.

(g) Recommended packers and shippers

Our shipping department may arrange shipment as the Buyer's agent. Although we shall suggest carriers if specifically requested, we cannot accept liability in this respect.

(h) Remedies for non-payment or failure to collect purchases

If the Buyer fails to make payment within seven days, we shall be entitled to exercise one or more of the following rights or remedies:

- to charge interest at a rate of 1% per month on the full amount due to the extent it remains unpaid for more than seven days after the date of the auction;
- to set off against any amounts which we or any other associated company of Spink may owe the Buyer in any other transaction the outstanding amount remaining unpaid by the Buyer;
- to exercise a lien on any of the Buyer's property which may be in our possession for any purpose and, following 14 days' notice to the Buyer of the amount outstanding and remaining unpaid, arrange the sale of such property and apply the proceeds in discharge of the amount outstanding to us;
- where several amounts are owed by the Buyer to us or any other associated company of Spink in respect of different transactions, to apply any amount paid to discharge any amount owed in respect of any particular transaction, whether or not the Buyer so directs;
- to reject at any future auction any bids made by the Buyer or on his behalf or obtain a deposit from the Buyer before accepting any bids.

If the Buyer fails to make payment within thirty-five days, we shall in addition be entitled:

- to issue proceedings on behalf of the Seller against the Buyer to recover the full amount due, together with the costs of such proceedings on a full indemnity basis and with interest, charged at 4% per annum above Royal Bank of Scotland Base Rate;
- to cancel the sale of the Lot or any other item sold to the Buyer at the same or any other auction;
- to arrange a resale of the Lot, publicly or privately, and, if this results in a lower price being obtained, claim the balance from the Buyer together with any costs incurred in connection with the Buyer's failure to make payment.

(i) Failure to collect

Where purchases are not collected within seven days after the sale, whether or not payment has been made, we shall arrange storage at the Buyer's expense, and only release the items purchased after payment has been made in full of storage, removal, insurance and any other costs incurred, together with payment of all other amounts due to us.

(j) **Export Licence**

Unless otherwise agreed by us in writing, the fact that the Buyer wishes to apply for an export licence does not affect his obligation to make payment within seven days nor our right to charge interest on late payment.

If the Buyer requests us to apply for an export licence on his behalf, we shall be entitled to recover from him our disbursements and out of pocket expenses in relation to such application, together with any relevant VAT.

We will not be obliged to refund any interest or other expenses incurred by the Buyer where payment is made by the Buyer despite the fact that an export licence is required.

16. **Extent of Our Liability**

We have an obligation to refund the Buyer in the circumstances set out in clause 17. However, neither the Seller nor we, nor any of our employees or agents, are responsible for the correctness of any statement as to the authorship, origin, date, age, attribution, genuineness or provenance of any Lot nor for any other errors of description or for any faults or defects in any Lot. Neither the Seller, ourselves, our employees or agents, give any guarantee in respect of any Lot. Any warranty of any kind whatsoever is excluded by this clause.

17. **Refund in the case of Forgery**

A sale will be cancelled, and the amount paid refunded to the Buyer if a Lot (other than a miscellaneous item not described in the catalogue) sold by us proves to have been a Forgery. We shall not however be obliged to refund any amounts if either (a) the catalogue description or saleroom notice at the auction date corresponded to the generally accepted opinion of scholars or experts at that time, or fairly indicated that there was a conflict of opinions, or (b) it can be demonstrated that the Lot is a Forgery only by means of either a scientific process not generally accepted for use until after publication of the catalogue or a process which at the date of the auction was unreasonably expensive or impracticable or likely to have caused damage to the Lot. Furthermore, the Buyer should note that this refund can be obtained only if the following conditions are met:

- (i) the Buyer must notify us in writing, within seven days of the auction date, that in his view the Lot concerned is a forgery;
- (ii) the Buyer must then return the item to us within fourteen days, in the same condition as at the auction date; and

- (iii) as soon as possible following return of the Lot, the Buyer must produce evidence satisfactory to us that the Lot is a Forgery and that he is able to transfer good title to us, free from any third party claims.

In no circumstances shall we be required to pay the Buyer any more than the amount paid by him for the Lot concerned and the Buyer shall have no claim for interest.

The benefit of this guarantee is not capable of being transferred, and is solely for the benefit of the person to whom the original invoice was made out by us in respect of the Lot when sold and who, since the sale, has remained the owner of the Lot without disposing of any interest in it to any third party.

We shall be entitled to rely on any scientific or other process to establish that the Lot is not a Forgery, whether or not such process was used or in use at the date of the auction.

D **Conditions Applicable to both Buyers and Sellers**

18. **Copyright**

The copyright in all images, illustrations and written material relating to a Lot is and shall remain at all times our property and shall not be used by the Buyer nor anyone else without our prior written consent.

19. **Notices**

Any notice given under these Conditions is to be in writing and, if given by post, will be taken to have been received by the addressee on the second working day after posting or, if the addressee is overseas, on the fifth working day after posting.

20. **Severability**
