# CONDITIONS OF SALE

1. The highest bidder to be the purchaser, the auctioneer reserving the right to accept or reject any bid, without stating any reason. In case of dispute the auctioneer shall be the sole arbiter. A re-offered lot is usually started at original opening bid.
2. The bidding and advances to be regulated at the auctioneer's discretion, who also reserves the right to bid on behalf of the vendor.
3. Buyers to give their names and addresses, and to pay purchase price before delivery, otherwise the lot will be withheld until receipt of cash. By prior arrangement with the auctioneer purchasers may take delivery of any lots secured in the room or by post.
4. The actual purchaser at these sales shall be deemed to be the individual person to whom the lots are knocked down unless any written arrangements to the contrary have been made previously. An agent purchasing on behalf of a client or clients shall himself be fully responsible for payment of the purchase price plus expenses. Agents are required to take delivery at or after the sale and arrange payments direct to us. If agents leave lots with us and request us to post out and collect funds from their clients a charge of 2% of the gross invoice value will be made for this service to the agent.
5. All lots to be paid for and cleared from the auctioneer's premises within four days of the date of sale. Account clients are required to make full payment within 14 days of receipt of invoice unless specific arrangements are made to the contrary before the sale. An agent is personally held fully responsible from the time the lot is knocked down, whether or not the lot is delivered in the room to the agent or posted subsequently on the agent's instructions to his client. No extension can be granted at a later stage to his client—such instruction is required before the sale in writing. Upon failure to comply with this condition uncleared lots may be resold by public or private sale, and any deficiency together with all attendant charges, shall be made good by the defaulter, but any surplus that may arise from such resale shall belong solely to the vendor in this present sale.
6. Lots purchased on behalf of postal bidders will be forwarded by the most practical method, all charges incurred, including carriage and insurance, to be borne by the purchaser. Overseas buyers' lots are sent airmail, insured.
7. Our staff make every effort to ensure that lots are adequately described. However, if an extension is required on any lot this has to be made known to us before the sale begins and we reserve the right to reject such a bid. Any wrongly described lot in the catalogue has to be returned to us within 2 days of receipt of the stamps by the buyer. This provision does not apply to collections or mixed lots containing described or undescribed stamps.
8. In case of dispute, an expert certificate of a recognised Expert Committee or The Royal Philatelic Society shall be accepted. If pronounced genuine and according to description the fees shall be paid by the purchaser who shall be entitled to the certificate; if the decision is adverse, the fee shall be repaid by the vendor; if the decision is not clear cut or no decision can be given the buyer shall abide by his purchase. If an extension for Certificate is required, this must be made known by the buyer before the auction commences. The auctioneer then has the right to decline the bid if another buyer is willing to purchase without extension, even though the price then paid is less than that offered by the original bidder requesting the extension. The time limit for opinion is two months from the date of the sale. Payment is, however, due to the auctioneer within seven days of the sale; such payment will be held in trust by the auctioneer until two months or lesser time limit has expired.
9. No stamp or lot can be accepted back unless in absolutely the same condition as when sold. In no case can a mixed lot containing undescribed stamps be returned. The description of general mixed lots in our sale are only to be taken as a guide of contents—space in many cases precludes detailed description. Hence we advise care in bidding on mixed collections. Estimated values are given only as a general indication of value.
10. The placing of a bid in writing shall constitute acceptance of the foregoing conditions of sale. No exceptions can be made after auction.

## TERMS OF SELLING

Our commission is normally 20%. Depending on the amount of work involved and the value of the collection, there is a minimum unsold lotting charge of £1 per lot. It would be appreciated if lots are worth a minimum of £25 each. The commission charged on unsold lots is normally 7½% of the reserve placed on the lots or agreed with the vendor. Other specific terms may be made but these have to be agreed before the catalogue goes to press. Unsold lots must be collected from our premises, or written instructions given by vendors regarding their disposal within seven days of the sale, otherwise such lots will be offered without reserve in a subsequent sale. Vendors are normally paid out within 6-8 weeks of the sale.

## BUY BIDS

We regret these cannot normally be accepted unless definite prior arrangements have been made before the Sale in writing

## PRICES REALISED

These are prepared within 48 hours of the sale and despatched to all postal buyers/bidders. We reserve the right to sell "duplicate lots" if these are available at the same price as the successful bid. All such lots are sent to buyers clearly noted "duplicate" on invoice.

## OVERSEAS PAYMENTS

Overseas clients are required to make payments in sterling drafts payable in London as overseas collection of cheques delays payment considerably. All bank charges are debited to buyer.

## VALUE ADDED TAX

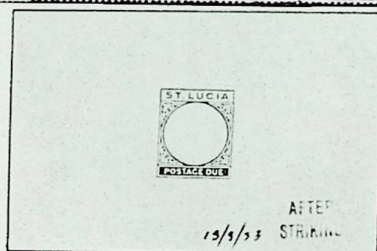

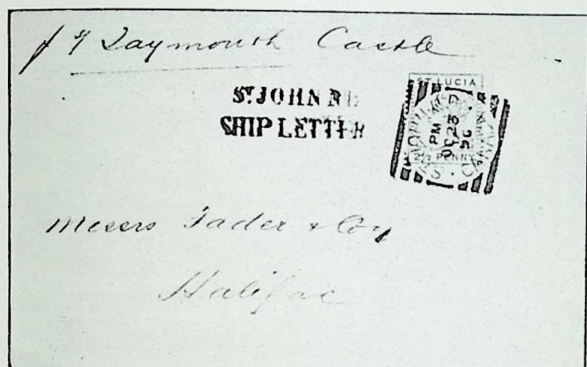

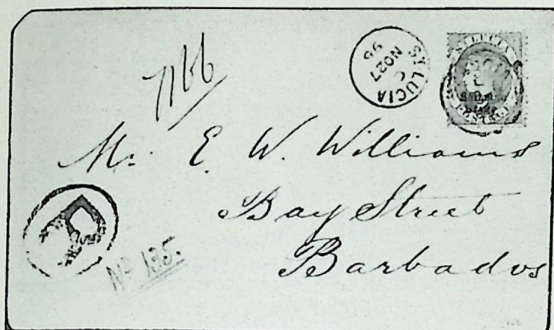

With the imposition of this tax, we regret to say we are required by law to add and charge V.A.T. on these lots which are marked with a "T" in the following manner:

1. Overseas purchasers buy tax free regardless, whether the lot is marked with a "T" or not. (New E.E.C. regulations may apply)
2. All overseas vendors will not be charged V.A.T. on commission.
3. All lots belonging to U.K. vendors who are not registered will sell through our Auction tax free to buyers. (See 6).
4. All U.K. vendors who are registered for V.A.T. will have their lots marked with a "T" and these lots will be tax chargeable to all U.K. purchasers whether they are registered or not.
5. All U.K. buyers whether registered or unregistered will be charged tax on lots marked "T". Registered Dealers will be able to claim back V.A.T.
6. All material that is handed to us in our Pall Mall Office by non-registered vendors, either U.K. or overseas, be they amateur or professional, for sale in our Auction, to be paid for in sterling in London will be non taxable in the Auction; however, such vendors will be charged V.A.T. on the commission.

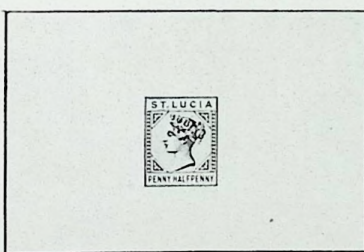

At present (March 1978) V.A.T. is at 8%—All lots marked "T" are charged Tax.
