VICTORIA STAMP COMPANY PUBLIC AUCTION #11

Welcome!

Happy New Year! Our best wishes to all for health, happiness and prosperity. This is our largest sale to date and it is crammed with interesting, scarce and rare material. Highlights include: The Denis Dant collection of British Commonwealth War Tax Stamps and Postal History (look for your favorite country in this section), Stanley C. Jersey Solomon Islands, Daniel S. Franklin South Africa, Nathan Geffen, MD collection of Boer War and Southern Africa, Sherwood E. Frezon Collection of British Commonwealth and Great Britain, and Thomas F. Burbank Collection of NH King George V & VI Sets and Blocks of 4. Also included are extensive collections of Barbados, St. Vincent and Falkland Islands.

The sale concludes with a large section of Bermuda which features the Brad Arch Ireland Island Exhibit, Collection and Study of Registration Labels, the Robert Danzer collection of Stamps and Postal History, and the Richard Heap collection of Censored Covers. For those of you who wished you could have purchased individual items from the Dickgiesser sale, you will have another chance! We have received a number of large lots from that sale and we have broken them down into "bite-size" pieces. There are also some important lots ex-Ludington.

Our next auction will be in the Spring and will be a one-country sale. We are proud to offer the Dr. Thomas S. Osdene, FRPSL, collection of Rhodesia Double Heads. We are presenting this sale in conjunction with Alan S. MacGregor of Simonstown, South Africa. It promises to be a fabulous, comprehensive offering of this popular area, replete with major rarities. We are very proud that so many of you who have purchased from us over the years come back to us when the time comes to sell.

A note about prices realized: Complimentary copies are mailed to all successful bidders a few weeks after the sale. Others may remit \$2 for a copy or visit our website, www.VictoriaStampCo.com.

On a personal note, the year 2000 was a difficult one for me due to the long illness and death of my mother. Many of you knew her and I appreciate all of your kind letters, calls and support. This sale is dedicated to her. She was my best friend and biggest fan.

Cordially,

Phoebe A. MacGillivray

HIC JACET Z.A.R. O.F.S.

In another column will be found the text of Lord Salisbury's reply to the despatch from Presidents Kruger and Steyn, in which they offer to stop the war if Great Britain guarantee the independence of the two Republics. In the opinion of any right-minded man the suggestion is an impertinence and it is a source of gratification that Lord Salisbury, backed up by a unitedly firm Cabinet, takes the only view of this proposal likely to be appreciated by those it affects, i.e. the present and future colonists of the whole of South Africa. The most corrupt autocracy and its hideous abuse of trust and the disgusting duplicity with which it has plotted the overthrow of the power on which its existence depended, must have been for the past fifteen years an object lesson for those would-be Republicans whose visionary ideal should, supposedly, effect an improvement upon the constitution we are proud to exist under. His Lordship's declaration that the great calamity we have suffered is the penalty for having hitherto acquiesced in the existence of these "Republics" will strike a unisonant chord in the breast of every loyal subject of the Empire; and the logically following statement that "Her Majesty's Government are not prepared to assent to the independence of either of the Republics" will cause profound gratification throughout that Empire and especially in this portion of it.

By the courtesy of Capt. More we are enabled to publish the following communication which he received from Mr. H. Wallis:—

Goode Siding,
Sunday, 11th March, 1900.

I received yours of the 6th inst. and was awfully glad to hear about you again. On the night of the 25th February the wily Boer evacuated his strong position on the hills round Crocodile Pools and consequently did not reply to our Monday morning's shelling from a brand new bomb proof 1 erected on Forther's Kopje. We have since moved on steadily, leaving the Johnnies in charge of their positions. The 20 ft. South of Crocodile Pools was messed up in their usual hearty manner and they took out about sixteen pairs of rails between that point and Ramoutsa, and dragged the material with oxen to different places, varying from fifty yards to a mile and half a way. From there to 923 miles no damage was done by Boers, but the weeds and grass have grown enormously all along right up to as far as we have got. I do only five miles a day, weeding. The stuff is quite three feet high and it is impossible to see the road. At 923 miles several pairs of rails were artistically removed and the culvert at Kruger's cottage—just North of Ootsi—was destroyed and a cattle truck of wood tipped into it. Ootsi bridge was all right and so was the road up to a few miles of Lobatsi, where some more rails were taken out and two culverts destroyed. The double culvert at 918 was messed up and seventeen pairs of rails taken out and two sheep trucks buried in the permanent way and filled with muck. Then we came to Lobatsi, which was untouched as far as the road and pumps were concerned;

but the double 20 ft. South of the Siding was blown up and the girders damaged. Singularly enough they did not touch the pier. In the gorge the miserable offenders had irretrievably damaged and blown up three pairs of rails and blown two holes, five feet deep, into the rock formation. This we overcame and proceeded here without further inconvenience, other than the weed nuisance. The Colonel still makes me stable at Lobatsi for the night. He sent out a strong patrol yesterday to Pitsani Potlugo, when two Boers saw them and bunked like mad. We are told by Natives that the Boers from Crocodile Pools are divided. Some are at Korwe, some at Swatz's farm; some were said to be at Gopani, but we sent two squadrons there and didn't find any. About Natal and Colony nothing but good and heart-inspiring news has arrived. Buller has relieved Ladysmith and killed about 2,000 Boers, but this is not confirmed by the High Commissioner as yet. Lord Roberts is moving on Bloemfontein and has received Cronje's surrender with nearly 10,000 Boers. The old d— surrendered unconditionally, and all outlying Boers are being entreated to fall back on Bloemfontein where they are going to make a stand under Gen. Joubert, of the Transvaal. Kruger has gone to Natal to inspire his forces there with the smug countenance and classical oratory. I fancy they are beginning to pray for the earth to open and swallow them up. Native reports state that they intend clearing across the Kalkhahri to the German Colony at Wallfish Bay.

We are now 36 miles from you and are straining our ears to hear the bellow of the 94-pdr.; we have
