Publisher's Notice.

The Third Edition* of the Plate Number List has been brought up to date, corrected as far as the knowledge of the subject will admit of, and prices adjusted to meet the supply and demand, which means in all things philatelic—advanced. This may be disappointing to the tyro, but collectors are too well used to the upward tendency of stamps to be annoyed, well knowing that even though compelled to pay more for their wants, the value of their collection has been advanced in a much greater degree.

This edition is calculated to remain current for a much longer period than the first, but the publishers reserve the right to correct prices without notice, at any time. The stock on hand of many numbers is so small that every dozen new collectors has its effect on the market. We have quoted the same price for top, bottom or either side imprint—probably the side imprints are the scarcest, but this will be equalized by a lesser demand, collectors only taking one of a number always prefer the top or bottom. It is scarcely necessary to say that price quoted is for the three stamps showing the imprint attached. If the imprint is only desired in one special position please so state in ordering, as otherwise any of that number that we have in stock will be sent.

* The Second Edition was a Souvenir presented to the guests of the National Philatetical Society.
