Publisher's Remarks.

First efforts are usually crude, and it is not to be expected that this List should prove an exception to the general rule; however, we have done the best we could with the material at our command. There are mistakes to be looked for in *watermarks*: some plates only quoted as unwatermarked may be found watermarked and vice versa. *Location of Imprints*—some plates, certainly one 10c., has no imprint on top of the sheet, but we are unable to locate it. *Prices*—we have quoted prices at which we have found a ready sale for the stamps we have. If the demand drops we have charged too much; if we are unable to supply the demand prices are too low. We are inclined to think that we have sold too cheap. We have charged 25c. for this List because of the small demand and difficulties of preparing the List warrant it; but as we do not desire to sell an imperfect book we shall send a revised copy free to every purchaser of this edition. We have quoted the same price for top, bottom or either side imprint—probably the side imprints are the scarcest, but this will be equalized by a lesser demand, collectors only taking one of a number always prefer the top or bottom. It is scarcely necessary to say that price quoted is for the three stamps showing the imprint attached. If the imprint is only desired in one special position please so state in ordering, as otherwise any of that number that we have in stock will be sent.
