

must say that the fifth is superior in every way. Among important and valued additions is a full descriptive list of the stamps of the Confederate States, which list certainly reflects great credit to the compiler. We wish Mr. Sterling the best of success, and hope that his enterprise will be rewarded.

From the TRENTON TIMES, March, 1886.

E. B. Sterling, the philatelist of this city, has just issued from the press the fifth edition of his descriptive catalogue of Adhesive Postage and Stamped Envelopes. The fourth edition was issued about January 1st and was exhausted in two months. It was at the time the most complete publication of the kind ever issued. The fifth edition, however, is superior to its predecessor in that it includes a new department under the issues of the "Southern Confederacy." Nearly one thousand varieties are described, and described in such manner as leaves nothing to be desired. The face value, date of issue, color, general description of engravings, &c., size, and price both cancelled and uncanceled that any given stamp will bring in the philatelic market.

With each catalogue there is a neat stamp photograph of Mr. Sterling, with a *fac-simile* of his signature.

The issue of a complete list of U. S. revenue stamps, which has been in contemplation for some time, is now about to be consummated. The work is being done by Edwin Fitzgeorge, and is being pushed through as rapidly as possible. it will be the largest list ever published.

From the 'Trenton "SIGNAL," May, 1886.

Mr. E. B. Sterling, the well-known philatelist, of this city, is rapidly taking a high place as a publisher of comprehensive catalogues of United States stamps. Scarcely had Mr. Sterling issued his fifth edition of Postal Stamps, when from the press of Mr. Edwin Fitzgeorge there came forth his catalogue of the Revenue Stamps of the United States. In all respects this last work of Mr. Sterling's is equal and even surpasses all predecessors. From the copy before us we glean much information concerning the two thousand varieties of Revenue Stamps described. For collectors, from the amateur philatelist to the savant, the work is of the greatest value, and certainly, with its fund of information, it will meet the approval of all collectors. Great praise is due Mr. Sterling for the success of his last venture.

The Catalogue is very interesting and indicates that much research and careful study was required in its preparation.

I have been requested to present to you the thanks of the Quaker City Philatelic Society for the fifth edition of your Catalogue, the best of the kind that we have had the pleasure of seeing. Hoping that it may reach fifty or more editions. W. A. MACCALLA,

TIN FOILS were introduced in the latter part of 1863, and two denominations were issued, the half-ounce bearing the Arms of the United States, printed in blue on bright surface foil, and the one-ounce Head of Washington, printed in gold on bright surfaced foil. The half-ounce was not long in use, having been abolished by law, June 6, 1872. Five things are to be noticed in describing the foils:

- 1st. The issue, which is indicated by the Stamps whose position is usually on the lower half of the Foil.
- 2d. The manufacturing proprietorship, which is indicated in the circle of cancellation usually at the bottom of the center of the stamp's margin.
- 3d. The brand, which is printed either in a frame or ornamental lettering, and has its position usually above the stamp.
- 4th. The color, which always takes its name from the color of the Stamp, even when the Brand is indicated by a different color.
- 5th. The kind of foil, whether Bright, Silver or Ribbed Silver.

Graphic Co. Tobacco Wrappers and Stamps,

Which in 1878 and 1879 were prepared for such Tobacco manufacturers as chose to avail themselves of this means of embodying a Trade Mark and internal revenue stamp in the form authorized by Government.

Three types were authorized, and five denominations (1, 2, 4, 8 and 16* ounces.) The use of the wrappers was not general, and was of brief duration. The types are described as follows:

- Type A. Profile head of Liberty in garter, 1 and 2 ounces.
- Type B. Head of Liberty in small circle, 2 and 4 ounces.
- Type C. Profile of Franklin, 8 and 16 ounces.

* It is not known that the 16-ounce denomination was ever actually used, but it was prepared, and proof specimens are in existence.

PREFACE.

IN presenting this my third edition of the Revenue Stamp Catalogue, I feel justified in saying that it is the most complete and best Descriptive Catalogue or List ever given to the Stamp-collecting public. It has been carefully compared with the Stamps in the largest collections of U. S. Revenues possessed in this country, and it is the work of several years' active study by the Compiler. The Stamps here presented are known to *actually exist*, and no stamp that I have not seen, or reported to me on the best authority, are listed. A few omissions may be found, and if so, I would be glad to have the Stamps sent me for examination, guaranteeing their safe return. The listing of Revenue Stamps on the different papers was first presented to collectors' notice by my Lists published in the Philatelic papers and journals, many of which have long since been out of existence, so that a new list, complete in every detail, is greatly in demand. No Revenue Collector would think of forming a collection without consulting these details, for the *rarity* of the Stamp depends upon the variety or kind of paper upon which it is printed.

The Internal Revenue tax on Proprietary Articles having been abolished by law, July 1st, 1883, the Stamps herein contained will gradually become more scarce and rare with each year, for these interesting souvenirs of the late war are being greatly sought after and the demand is on the increase, while the supply has entirely ceased. The limit having been reached, I would advise all young collectors to avail themselves of the present and secure what they lack to complete their sets before such Stamps are beyond their reach.

Very Respectfully,

E. B. STERLING.

TRENTON, N. J., U. S. A., September 15th, 1883.

SPECIAL NOTICES.

TWENTY-FIVE per cent. discount on all cash orders of one dollar and upwards. Special discount on large purchases.

Letters of inquiry and small orders must contain a stamp for return postage, Sheets of Document Stamps consisting of unperforate, part perforate and perforate Stamps; also, Match, Medicine and Playing Card Stamps on old silk, pink and water mark paper, and California State Tax, Bill of Lading, Exchange and Insurance, all kinds of Shoe and Collar License, and other Revenues of all classes, which will be sent on approval to responsible parties furnishing satisfactory references, at twenty-five per cent. discount from Catalogue prices, but all such Stamps must be selected by name or number and kind of paper from my Catalogues.

I will also send U. S. Postage adhesives, envelopes and other United States Stamps on approval, at twenty-five per cent. discount from prices given in our Illustrated Postage Stamp Catalogue selected by number or name from the same.

I have made the study of U. S. Revenues my specialty for the last ten years, and have on hand the finest stock ever offered for sale, at prices that cannot be undersold, and I invite the attention of Revenue Collectors to give me a chance to supply their wants, and be convinced in what I say, as I have over \$5,000 invested in U. S. Stamps as a specialty.

The size of every Stamp listed in this Catalogue is given in *millimetres*, and collectors will find this of great service in ruling spaces in their Albums. This has been no easy task, measuring over 1,500 Stamps, but I believe in a good description of what is here presented, and that I will be fully repaid for this extra labor by the thanks of those for whose benefit this is intended.

I desire in good order, Document, Match, Medicine, and all kinds of U. S. Stamps, including Tin Foil and Paper Tobacco Wrappers entire, and for these I will pay a good cash price.

The prices given under the headed columns signify that the Stamps actually exist, and where not priced the issue is unknown to the compiler.

Owing to the great demand for Official Stamps, all of which are now obsolete, and the demand being far greater than the supply, prices have advanced from fifty to one hundred per cent. within the past six months, so that a revised price list is absolutely necessary, which will be sent free to all purchasers of my Illustrated Postage Stamp Catalogue, or others.

Owing to the great demand for Official Stamps, all of which are now obsolete, and the demand being far greater than the supply, prices have advanced from fifty to one hundred per cent. within the past six months, so that a revised price list is absolutely necessary, which will be sent free to all purchasers of my Illustrated Postage Stamp Catalogue, or others.

Respectfully,

E. B. STERLING.

DON'T FAIL TO COMMENCE THE COLLECTION OF

“Tin Foils.”

No class of Revenues has given more real enjoyment than that offered to a Collector of ENTIRE TIN FOIL WRAPPERS. The effect produced when these interesting Stamps are mounted on white cardboard, and a neat red border ruled around the Foil, may well cause one to exclaim they are beautiful, interesting and worthy of a place in every Revenue Collection.

No country in the world uses this class of Stamps except the United States, and being solely of American origin, they are fast demanding the attention of advanced Collectors, both in this country and abroad.

The ruled columns in red at right of the list are for the purpose of keeping a complete record of what each Collector is known to possess, and will be found very convenient and useful. As, also, the additional ruled red lines between each brand, and at the end of each issue, which are for adding new discoveries in their proper places, and all such discoveries should be reported at once to the compiler, who will be thankful for such favors.

A List of the Graphic Co.'s Paper Tobacco Wrappers will be sent to any address for five cents.

I can furnish a large number of those listed at from ten cents to five dollars each, and above, according to degree of rarity.

I will allow a good exchange or cash price for all Foils unknown to me.

Address,

E. B. STERLING.
