# OPINIONS OF THE PRESS OF THE LINCOLN STAMP ALBUM AND CATALOGUE.

**THE LINCOLN POSTAGE STAMP CATALOGUE.**—The ninth edition of this Catalogue, issued by Mr. Wm. Lincoln, of 239, High Holborn, is somewhat later than usual in making its appearance, redeems any fault of delay by its accuracy and completeness in every detail. Stamp collecting is necessarily a comparatively modern pastime, and, until very recently, had but few devotees, who were generally regarded as "cranks," or at best as *cilicantti*. Of late years, however, the educational value of the pursuit has been recognised, and it is to meet this conviction, and assist collectors, that Mr. Lincoln has issued the very complete catalogue which bears his name. The volume itself is a handsome 4to., consisting of about 150 pages, beautifully printed on toned paper, and giving illustrations of nearly every known stamp, and sells at 2s. 6d. In the catalogue the stamps are alphabetically arranged according to the countries and localities from which they issue, beginning at Afghanistan, and ending at Zululand. Each bears a footnote giving the date of issue, the different colours of the different values, the watermarks, perforations and all information regarding those now in use and those that have gone out of use. In cases where stamps bear portraits, such as those issued by the United States where nearly every one bears the impress of some man distinguished in American history, full particulars are given of the date of issue and the portraiture adopted in each instance. The very rare stamps which now command phenomenal prices are dealt with, so that collectors may be guided in their purchase of these prizes. The catalogue is illustrated with 1,800 engravings of stamps, and contains an atlas of sixteen maps, engraved by W. & A. K. Johnston, the well-known geographers, showing nearly every stamp-issuing country in the world; and is so arranged that the collector may distinguish the various issues of every country at a glance. In the future such a volume as that now produced will be necessary for exhibiting specimens of the stamps of nearly every nation, so frequently are changes now made, sometimes necessarily, as in countries which have experienced a change of constitution, and often, as in America, where the necessity for such frequent change is not so apparent; but, at present, philatelists, who have had to pursue their studies to a certain extent in the dark, will find the volume handy and

useful; and a really handsome and useful article is in the hands of the trade, for which there ought to be a large and ready sale.—*The Stationery Trades Journal*.

**THE LINCOLN STAMP ALBUM**, prepared and published by Mr. William Lincoln, of High Holborn, has room in it for 5,000 stamps; and maps and an illustrated catalogue at the end make it an excellent one of its kind.—*Daily Telegraph*.

Mr. W. Lincoln, 239, High Holborn, W.C., is offering a series of Postage Stamp Albums, for which he has obtained a first class Diploma at the Antwerp Exhibition. The ninth edition—just published—is a most complete album, and gives a description of every known stamp, and compartments of different sizes are arranged for their reception, additional room being left for the insertion of new stamps. It contains a catalogue of Foreign, British and Colonial postage stamps, giving dates of issue, value and colours, and illustrated by one thousand eight hundred engravings of various stamps; it also contains sixteen coloured maps, carefully got up.—*The British and Colonial Printer*.

Bro. W. Lincoln, of High Holborn, has just issued a new and improved edition of his now justly celebrated Stamp Album and Catalogue, which has, perhaps, done more than anything else to raise stamp collecting from a mere ephemeral pastime into almost the rank of a science. We well remember how in our younger days we used to work comparatively in the dark as to the relative degree of rarity, and even in some cases the nationality of the various postage stamps it was our good fortune to become possessed of, and how eagerly we should have devoured the contents of the handsome volume before us, which, in addition to the spaces for the various stamps, contains an exhaustive list, with the value of the various issues of stamps of all countries and periods. It is further adorned with maps, which are of great value to the collector, and enable the philatelist to assign the postage labels to their correct position, historically and geographically, and so assist him to trace the rise and progress of the various postal systems of the world.—*The Freeman*.

THE  
**LINCOLN † POSTAGE † STAMP † ALBUM,**

**WITH SPACES FOR OVER TEN THOUSAND STAMPS,**

AND DESCRIPTIVE LIST.

**Illustrated by upwards of 1,000 Engraviugs of Stamps.**

THE LINCOLN POSTAGE STAMP ALBUM (Third Edition), with a descriptive list of Stamps, and compartments of different sizes arranged for their reception; additional room is given in each country for new issues—this is most desirable, as it makes the Album more permanent. It is printed on superior paper, the binding is strong and durable, sufficient guards are provided, and good clasps, the clasps being made large enough to allow for the thickness of the Stamps when inserted in the Album.

There are 338 pages in the Album, 169 pages being occupied by descriptions of Stamps and Illustrations, the other 169 pages are filled with over 10,000 compartments for Stamps; so there is sufficient room for a large collection. It is the most complete Postage Stamp Album ever offered to Philatelists. Special attention and care has been given to the printing and binding of this edition; the materials used both for the Cloth and Morocco bound Albums are of the very best; the No. 3 Album being sumptuously bound.

The Preface says: "With this Edition (the Third) we have made several modifications and we trust improvements; in the first place, the oblong shape had to be abandoned, because, to provide sufficient room for the increased number of Stamps, so many additional pages were required that it would make the Album too thick and clumsy, while to publish it in two volumes would be far from desirable: therefore the present improved shape has been adopted.

"A list of Stamps will be found opposite the ruled pages, enumerating the varieties of colour, watermarks and perforations, &c., of each country, illustrated by a very large number of woodcuts denoting the various types of Stamps, and greatly facilitating the arrangement of a collection; especially useful in Spain and New Grenada.

"Abundant room has been given for all the Stamps issued, and spare spaces for new issues, one whole page having been left for Spain. Care has been taken to make the spaces sufficiently large for Envelope Stamps, and for the triangular and oblong Stamps; also extra-large spaces have been provided for the New Zealand and New South Wales Fiscal Stamps that have been used for Postal purposes.

"By the arrangement of the Album, Collectors are not compelled to adopt any special mode of collecting, and varieties can be collected or not as desired, or very rare Stamps can be left out, thus avoiding the blanks that appear in many Albums.

"The paper used for this Edition has been specially manufactured, and is of very substantial and superior quality, so that the pages will not warp or wrinkle."

The following Testimonials have been received, for which we offer our best thanks.

Testimonial from F. A. PHILBRICK, Esq., Q.C. Joint author of  
"The Postage and Telegraph Stamps of Great Britain."  
Lamb Buildings, Temple.

To Mr. WILLIAM LINCOLN.

DEAR SIR,—I have examined the third edition of "The Lincoln Stamp Album," and, having very carefully considered how it meets the requirements of a collector, can without hesitation say it is one of the best adapted Albums I have met with: this Edition is a great advance on former Albums.

It is a necessity to almost every collector to have the spaces assigned for each stamp, but in the majority of Albums designed on this plan, a very rare stamp must either be omitted by the compiler, or its place left by the collector, thus showing a blank, which after a time becomes an eyesore and source of annoyance.

In the Lincoln Album this can never occur. If the owner fortunately possesses the rarity, he can insert it; if not, the blank need never appear; while if he collects for shades of colour, watermarks, perforations, or otherwise, the system of this Album enables him to indulge his taste, and yet not run counter to the plan of the book.

Altogether, I can strongly recommend it to collectors—the paper of the leaves is not the least of its many good qualities—the book forms an extremely handsome and attractive volume—Yours faithfully,  
(Signed) F. A. PHILBRICK.

DEAR SIR,—I beg to express my thanks for your Postage Stamp Album, and I find it is exceedingly cheap and I really cannot see how you can supply same at such a low cost. I have shown it to several collectors here and they have all expressed great admiration for same, as it is without doubt the very best and most complete Album published, and most elegantly finished, and I can recommend same very strongly in every respect, especially for large collectors, as there are blank spaces for varieties.  
Yours faithfully, J. P. SPANIER.

DEAR SIR,—The Album came safely to hand this morning. I have looked through it carefully, and have no hesitation in saying that it is by far the most complete and most satisfactory Album I have ever seen. It certainly does you great credit. You may rely upon my recommending it to my friends.  
I am, yours faithfully, (Rev.) J. A. DUNBAR DUNBAR.

DEAR SIR,—I am highly delighted with the Album, and consider it will please even the most fastidious collector.  
Yours faithfully, GEO. R. THOMPSON (Analyst).

SIR,—The Stamp Album supplied by you gives every possible satisfaction, and is, I should say, perfect of its kind.  
Faithfully yours, E. H. DAVENPORT.

SIR,—I am very pleased to report to you that I received the Postage Stamp Album yesterday, the 7th instant.

I found it suitable for my collection, and am happy to inform you that I am very satisfied with it. I have shown it to my friends, who liked it, and have recommended it to them very much.  
Yours truly, E. S. PORTELLI.

DEAR SIR,—The Album has arrived quite safely, and gives great satisfaction. I cannot conceive of anything more complete, everything appearing to be in its favour, and I hope it may be very largely used; your liberality in providing such a good book at so moderate a price should bring you a large demand. Yours truly, MILES ED. PHILLIPS.

DEAR SIR,—I have received the Album which you sent me. It is really very handsome, and it is certainly the best I have seen, and I am confident that it will meet with a very favourable reception from all collectors.  
Yours truly, LOUIS J. MUNOZ.

SIR,—I am very pleased with your £1 5s. Album.  
Yours truly, F. CASTON.

SIR,—I have lately purchased your £2 Album and like it very much.  
(Rev.) W. J. CAULFIELD BROWNE.

DEAR SIR,—I have now had time to go over the Album, and to put some of my stamps in. I must say I think it the best Album I have seen.  
Yours faithfully, R. MACLACHLAN.

SIR,—I have the third edition of the Lincoln Postage Stamp Album, and am very pleased with it. Yours faithfully, I. H. MILNE HOME.

DEAR SIR,—I have examined the Album carefully, and have no hesitation in saying that it is the handsomest and most complete Album I have ever seen. The description of the stamps is short and clear. I have shown the volume to my friends, which is the best way of recommending it.  
Yours faithfully, T. TIDEMAN.

SIR,—Your Album has given me great satisfaction, and I find the arrangement both practical and clear. I particularly like it for its completeness.  
Yours truly, HORACE RUMBOLD.

SIR,—I must say your Album is all that can be desired; I cannot speak too highly of it.  
Yours truly, JOHN A. LAING.

DEAR SIR,—The Album my father purchased at your shop, and gave me for a present, is exceedingly satisfactory; I like it very much.  
A. ROSS.

MY DEAR SIR,—My son is greatly pleased with his Stamp Album, which reached him safely, and I doubt not but that I shall be equally satisfied when I see it upon his return from school.  
Yours faithfully, (Rev.) GEORGE S. HENNING.

## Opinions of the Press of the Lincoln Crest and Monogram Album.

**CREST AND MONOGRAM ALBUMS.**—Mr. William Lincoln, of 239, High Holborn, has already done good service in the cause of collectors of curious monograms and crests, but his latest effort quite eclipses his previous productions. The Album he has just published is the third edition, and is similar in shape to its predecessors, but the designs used are quite different, those in the present edition being perfectly original. One gives a representation of a gothic-shaped church window, and a second one is a fac-simile of a circular window in Lincoln Cathedral, the remainder being of a geometrical character; the spaces of all being designed to fit the various shapes of crests and monograms. The leaves are of good stout cardboard, with linen joints and the designs well printed in twelve different colours. It can be had bound in cloth, gilt, 7s. 6d.; French morocco, gilt edges 10s. 6d.; and the best levant morocco, gilt edges, 16s. each.—*The Stationery Trades Journal*.

Mr. Lincoln, of High Holborn, has issued a New Edition of his Lincoln Crest and Monogram Album, an ingeniously arranged book, likely to be much prized by collectors of Crests and Monograms.—*Sunday Times*.

**THE LINCOLN CREST AND MONOGRAM ALBUM.**—It is well got up, and the ornamental designs with which its pages are adorned are well adapted to the objects indicated by the title.—*The Pictorial World*.

We have received from the publishers of the "Lincoln Crest and Monogram Album" a copy of what is certainly the most tastefully-designed receptacle for Crests and Monograms we have yet had sent to us. The leaves of which it is composed are embellished with very elegant designs in which to arrange the armorial and other treasures. The colours selected are rich and chaste, and the binding is strong and fit for any drawing-room table. The price at which it is issued places it within the reach of most collectors.—*The Tablet*.

**LINCOLN CREST AND MONOGRAM ALBUM.**—This Book is calculated to afford endless amusement to the collectors of crests and monograms. The designs in which the specimens are to be set are both pretty and ingenious.—*The Tablet*.

**THE LINCOLN CREST AND MONOGRAM ALBUM** has just appeared. It is a clever idea, and I fancy would be highly prized by collectors. Some of the designs are very ingenious.—*Judy*.

**THE LINCOLN CREST AND MONOGRAM ALBUM.**—Few collections are more easily or less expensively formed than one of crests and monograms; the principal difficulty has been that of providing a suitable receptacle for one's easily-acquired treasures without entailing greater outlay than might seem warranted. This want has been well met by the publication of the above Album, which consists of a series of artistic designs especially engraved for the volume, with spaces arranged for the reception of crests and monograms of any size that may come to hand. The whole is neatly and tastefully bound in cloth, and will form a pretty ornament for any drawing-room table.—*The Baptist*.

**THE LINCOLN CREST ALBUM.**—This pretty Album will form a suitable present for young people. Crests and monograms can generally be had for the asking, and a neat arrangement of them in the artistic and quaint devices prepared for their reception will afford many hours' amusement to their possessors.—*Young Ladies' Journal*.

# THE LINCOLN POSTCARD ALBUM.

(ENTERED AT STATIONERS' HALL.)

Bound in Cloth,  
Gilt Lettering.

PRICE 5/-.  
Carefully Packed,  
Post free, 5/6.

Size, 9 inches x 11 inches.

**T**he Lincoln Postcard Album is handsomely bound in cloth, gilt lettering; the paper used has been specially selected for this Album, being extra thick and strong so as to carry the Postcards without fear of leaves breaking; an extra amount of guards have been inserted to compensate for the thickness of the Postcards; the pages have neat borderings, divided into two spaces on each page, with a small frame above each space to insert name of Country.

Collectors of Postcards will find this a very useful Album, because, when filled, another volume can always be had to insert new Postcards or fresh purchases.

The *Preface* says:—

“A SPECIAL ALBUM for Postcards has, for a long time, been required by Collectors, and we hope our endeavour to supply that requirement will meet with favour. If Postcards are put into a Stamp Album they are liable, owing to their thickness, to cause the Album to break at the binding. With this Album we have made provision for the thickness of the Postcards by adding extra guards. The small frames on each page are intended for names of Countries of the Postcards, which can be neatly written in the space intended for them. The best method of inserting Postcards into the Album is by means of four Lincoln's Adhesive Stamp Hinges, which should be placed in each corner of the Postcard. If, however, the back of the Postcard has an inscription, or presents any variety to which it is desirable to refer, the Hinges should be placed at the top corners only, so that the Postcard may be turned over.”

**PRICE 5/-; POST FREE, 5/6.**

### ORDERS FROM THIS CATALOGUE.

All Orders will be sent by return of post, if possible. It is most important that name and full address should be sent with all Orders. We are constantly receiving letters without full address, and in some cases without any address whatever. All Orders must have extra Stamp enclosed for return postage. The best method of sending payments for small amounts is by Postal Orders, which can now be obtained at any Post Office in the United Kingdom for fixed sums of 1/-, 1/6, 2/6, 3/6, 5/-, 7/6, 10/-, 12/6, 15/-, 17/6 and 20/-.

Payments will also be accepted by ½d., 1d. and 2d. unused Postage Stamps or by Post Office Orders.

Remittances from the Colonies and all Foreign Countries can be made by current unused Postage Stamps; the lowest denominations preferred.

All Cheques and Drafts should be crossed "London and County Bank."

Bank Notes and paper currency of any Country will be accepted for payment.

☛ We shall be glad to receive from Correspondents abroad and in the Colonies specimens and descriptions of new issues of Stamps.

# The Lincoln Perforation Measure

NEATLY PRINTED on THICK BEVELLED EDGE CARD, Price 2d., Post free, 3d.

THE LINCOLN PERFORATION MEASURE is made on quite a new plan, and every Collector should have one. The value of the Stamps of Prince Edward Island, British Guiana, Great Britain, Sierra Leone, Austria, Baden, Finland, Lagos, Russia, and many other countries, vary according to the number of perforations, which can be distinguished at a glance by help of the Lincoln Perforation Measure, which can be obtained in a handy form for the pocket, neatly printed on thick bevelled-edged card, price 2d., Post free, 3d.

## LINCOLN ADHESIVE STAMP HINGES.

The Lincoln Adhesive Stamp Hinges are intended to be used for fixing Postage Stamps into albums, and will be found a great boon to collectors of stamps. They are small tags of very thin but strong paper, a trifle smaller than ordinary stamps, and are gummed on one side; when folded they form a hinge, by which the stamps can be fixed in the album, allowing the stamp to be turned over to examine watermarks; a bad specimen can be easily removed,

or any portion of the collection taken out and re-arranged with very little trouble. The mode of fixing the Hinges on the back of the Postage Stamp is shown by the accompanying engraving.

Collectors often put aside and lose a stamp because the gum or paste is not to be found when they want to affix the stamp in the album. The Lincoln Adhesive Stamp Hinges can be kept with the album and always ready at hand.

Prices { 2d. per 100 Stamp Hinges, Post free, 3d.  
 { 1s. 6d. per 1000 Stamp Hinges, in metal box; post free, 1s. 7d.

## Album for Postage, Revenue and Duplicate Stamps.

OR FOR A

## COLLECTION OF POSTMARKS.

The object of this Album is that it may serve as an Appendix to a Stamp Album in which to put Revenue or Duplicate Postage Stamps, or for a collection of postmarks, which can be so easily obtained, and form a very interesting as well as an instructive collection.

If English postmarks are collected, one page should be devoted to each county, and name of county written on top of page.

THE BOYS' OWN PAPER says:—We have seen many good collections of postmarks. They do not look so ornamental as stamps, but they give a better knowledge of geography; for while stamps deal only with countries, postmarks deal with towns.

Price 2s. 6d., post free, 2s. 10d.
