PREFACE.

The First Edition of Walter Morley's Catalogue of the Revenue Stamps of the British Colonies was published in November, 1895, and as a pioneer work for British Collectors has been the means of many of our present day Collectors taking up this branch of Philately.

The present Edition has been considerably enlarged and improved upon—some 509 illustrations being included—and we have much pleasure in acknowledging the kindness of the Indian Philatelic Society for the loan of the Indian Blocks.

We are also considerably indebted to the lists compiled by The Fiscal Philatelic Society during the Sessions of 1902-03, and also for the kind assistance of many friends who have supplied much valuable information during the time the publisher was preparing this Edition, especially Messrs. L. W. Fulcher, A. E. Lawrence, A. B. Kay, A. Balliere, L. S. Klagsbrun, W. Corfield, the late C. S. F. Crofton, W. Schwabacher, A. Forbin, H. Gilbert, A. P. Pearce, O. Marsh, Capt. Connolly, T. P. Dorman, A. Hamilton, M. Langlois, E. Tamsen, and many others.

We are especially indebted to Mr. B. R. Yardley for his careful study of the types of G surcharges for the Griqualand Stamps by which our publisher was enabled to make an exhaustive study of this difficult country and which is now published for the first time.

To the late Mr. C. S. F. Crofton we are indebted for information which enables us to distinguish the different surcharges for Court Fees, and to list these Bombay and Calcutta surcharges separately.

The Publisher has given much attention to the Fiscals of the Indian Native States and the revised lists have been prepared from his Collection and much additional information has been added from his Collection of the Revenues of Orange River Colony and Transvaal. The Malay States have been entirely re-written and measurements of the various surcharges recorded.

The Pricing is based upon the Publishers' stock, and only those Stamps in stock at date of publication have been priced.

The Publisher will be glad to receive information from Collectors of any unrecorded varieties and every care will be taken of specimens sent for inspection.

WALTER MORLEY,

Note—The earliest printings of this issue occur on slightly bleuté paper, the latest printings are in bright colours.

There is a small variation in the wmk. In the earlier stamps the Crown and INDIA are 25mm. apart, whilst in the later ones they are 23mm. apart. During a period between 1876 and 1881 a special cancellation for those stamps used on "Hundi" stamps was employed, representing the value of the stamps employed in fancy caps. The following varieties occur:—
