SPECIAL NOTICES.

The publishers take great pleasure in issuing the following catalogue, being convinced that it is superior in all essential details to any heretofore issued, either in this country or Europe, and the fact that it is the work of Mr. J. W. Scott is sufficient guarantee of its accuracy.

It is scarcely necessary to call attention to the many improvements in the present work over all which have preceded it, as it is simply the consummation of thirty years of catalogue-making and study connected therewith, Mr. J. W. Scott having been identified with the stamp business from its first inception, with short periods of rest, up to the present day.

The size of the catalogue is a great improvement over all its predecessors, being specially adapted to the coat pocket without folding. The sketches of the stamps will at once meet the approval of collectors as they are useful to show the designs of the stamps, but cannot, under any circumstances, be employed for improper purposes, either to defraud collectors when printed in colors or as an infringement of the postal laws of the most exacting government.

The object of the publishers has been to economize space; to that end all useless numbers and figures have been omitted and the general date of the series is given above each issue. The sketches of the stamps being printed in the body of the catalogue, exactly where wanted, all useless references are done away with. All these plans have been carried out at a very great expense—over one thousand dollars could have been saved by following in the old rut, but the publishers determined to provide amateurs with an ideal catalogue such as has been longed for by all earnest philatelists.

The few abbreviations used scarcely need explanation: d. has been used for die as applied to U. S. envelopes, w. p. for white paper, am. for amber, b. for buff, o. buff for oriental buff, m. for manila, etc., and in some cases colors have been abbreviated, as verm. for vermilion.

IN REGARD TO BUSINESS PLEASE NOTE

GUARANTEE.—Every stamp sold by us is guaranteed genuine, and our name will be stamped on the back of any stamp sold when desired.

REMITTANCES can be made by check, money order or draft to the order of **THE J. W. SCOTT CO., Ltd.**, or in unused U. S. stamps. Unused stamps of the lowest denomination in use will be received from foreign countries whose currency is at par with U. S. notes.

TERMS.—Net cash in advance. Our prices having been placed as low as it is possible to sell genuine stamps, no discount can be allowed.

As it is impossible to always keep every stamp in stock, customers will greatly oblige by making all orders for double the amount enclosed.

All orders filled on the day of receipt.

Purchasers are specially requested to give full name and address with each order.

Sheets of new issues will be sent on approval to all furnishing satisfactory references.

COINS.—As the publishers deal in coins as well as stamps they are always prepared to exchange one against the other.

Many of the towns in Peru surcharged the stamps with the name or post-mark of the issuing city. They are interesting to many the same as the names and numbers on the Mexican stamps they will all be found in our large catalogue but are quite out of place in a list intended as a pocket companion for the general collector; we catalogued where special designs were used.

NOTE:—The stamps of 1867-8 issues were surcharged *Habilitado por la nacion and P. N., etc.*, to denote that the stamps bearing

the Queen's profile were still good under the republic. They are very interesting, but unfortunately, nearly all offered for sale are bogus; for this reason, we do not include them in our priced catalogue, but when we secure any on the breaking up of some old and valuable collection, we shall be pleased to send an approval to such customers who may notify us of their desire to secure specimens.
