PREFACE.

The 1896 edition of our catalogue has been prepared with great care and calculated to meet the wants of the great body of collectors. We have omitted all reference to watermarks as these are entirely out of place in the album of the general collector, while the specialist can study them to better advantage in the handbooks of the countries he may be interested in. We have arranged the pages so as to give the greatest possible amount of information in the smallest space possible. The few abbreviations will be readily understood as in most cases they are simply contractions of colors, or *s.* for surcharge. When the stamp is printed on other than white paper the color (of paper) is given in italics.

The pages are divided in various columns, the first row of figures being simply a number by which the stamp may be ordered, then follows the original monetary value of the stamps with an abbreviation of the money used, *c* for cents, *\$* for dollars, etc.: it will be noticed that the unit of value in each case is printed in capitals, while the divisions are given in small letters, thus in England, *p* for pence, *s* for shillings, *£* for pounds, or in France, *c* for centimes and *F* for francs, which has the advantage of calling special attention to stamps of high monetary value. The color of the stamp follows and then the price we sell it for in unused condition, the final column representing our price for used specimens. It is our practice to always send the best specimen of any particular stamp ordered that we have in stock; torn or damaged stamps are never sent out, but it must be understood that it is impossible to always supply superb specimens, evenly perforated, etc., as not more than one per cent. of the stamps manufactured leave the printer's hands in this condition. Therefore certain stamps which are in much demand are of greater value when immaculate specimens with original gum are required.

We shall always be pleased to give any special information which may be desired by our customers who can rely upon being treated with consideration, courtesy and fidelity while all communications will be replied to with the utmost despatch consistent with paying proper attention to their orders.

The stock of stamps we carry is excelled by few, while our facilities for securing varieties or special wants are unequalled.

ALBUMS and other Philatelic goods can be procured from us with the same promptness and at the same prices as charged by the manufacturers.

Series of 1874-82.

The stamps of this series are an imitation of the preceding and can usually be distinguished by the poor engraving and by the ribbing on numerals of value. We quote from J. W. Scott's 50c Illustrated Envelope List the salient feature of each value, which distinguishes it from the preceding set.

1c Die A. Bust comes to a corner at back near the frame. Lettering badly engraved. *Die B.* Bust equi-distant from frame at all points. Lettering bold.

2c Die A. Lettering indistinct. Numerals thin. *Die B.* Numerals in ovals large. *Die C.* Numerals in ovals thick and well shaped. *Die D.* Bottom of bust cut away—almost semi-circular.

3c Die A. Lettering small. Large thin numerals in ovals. *Die B.* Lettering large and clear. *Die C.* Top of head egg-shaped instead of round.

5c Die A. Thick topped numerals in ovals at sides. *Die B.* Numerals have straight thin tops.

6c. Lock of hair over forehead pointed.

7c. Ends of figure 7 at sides turn up.

10c Die A. Very large head. *Die B.* Queue more to back.

12c. Point of bust follows curve of frame.

15c. Whiskers omitted from face.

24c. Ornaments surrounding oval terminate in points instead of squares.

30c. Back of bust broad.

90c. Inner points of shields extend on to the disk and do

NOTE.—The stamps of 1867-8 issues were surcharged *Habilitado por la nacion. P. N., etc.*, to denote that the stamps bearing the Queen's profile were still good under the republic. They are very interesting, but unfortunately, nearly all offered for sale are bogus; for this reason, we do not include them in our priced catalogue, but when we secure any on the breaking up of some old and valuable collection, we shall be pleased to send on approval to such customers who may notify us of their desire to secure specimens.

Something About Stamp Albums.

There are many varieties of stamp albums, and as the changing of a collection of stamps from one album to another entails a great deal of work it is well to see that we get the best when we do change. All have not the facilities for examining a number of books before purchasing and must therefore rely on the experience of others, it is well therefore to read the opinion of experts in this line and be guided by them, especially when we know that they are people of position and speak only for the good of collectors. An album can be good as well as cheap, in fact it is now the practice to use the same plates to print a book for one dollar or twenty-five dollars, the first being printed on both sides of the paper and bound in boards,

while the latter is printed on one side of the finest linen paper and elegantly bound in russia or morocco in the most substantial manner; however it is well to buy the best your circumstances will admit of, a dollar book is quite good enough for a small boy, especially when he is known to be of a changeable disposition, while it would be folly to put five hundred dollars worth of stamps, or a collection likely to grow to this value in a book worth less than five dollars. One per cent. is little enough to expend on housing your valuables. The better the book the better the stamps are protected.

On the appearance of the first edition of J. W. Scott's Best Album, the *New York Times*, in a careful review, says as follows :

"A well-made volume, called the 'Best Postage Stamp Album' has been issued by the J. W. Scott Company, Limited. To keep a stamp album within proper bounds as to size is the difficulty, and Mr. Scott, a number of years ago, came nearest to the overcoming of this difficulty, having had great experience in the making of such volumes. The one now under notice possesses many advantages. Taking the stamps of the United States, it is good judgment to have made a distinction between postal and revenue stamps, and to have relegated the latter to the concluding pages of the album. There is for all countries a good space allowed for present issues and room for future ones."

The *Record and Review* says: "On opening it we find many changes for the better from Mr. Scott's 'International' album, and changes that all collectors will, we think, be as favorably impressed with as we are. The first striking improvement we notice is the maps of the geographical position of each stamp issuing country, each engraved to its correct scale, at the head of each page where the stamps are to be put, thus showing the correct relative size of each country. This fills a long felt want, and will be appreciated by parents and teachers who have to answer so many questions from young collectors as to where the different countries are, questions that frequently bother the old heads quite as much as the young ones.

* * * Another striking feature in this connection, and a good one, is that Mr. Scott has placed the name of the person whose portrait is on the stamp, over the square made to receive it, so it will always be in full view after the stamp is in its place.

“With the arrangements of the squares made to receive the stamps throughout the album, we fancy every one will be pleased, they are very neatly ruled, with a liberal amount of room for each stamp and a beautiful little picture in miniature of it. There is also a description of its color and denomination which will be a great help to collectors in arranging their sets. The colors are not given in the International Album where the types are, which is very confusing.”

Alvah Davison (for years Vice-President of the A.P.A., the largest association of stamp collectors in the world) says in *Plain Talk*: In albums heretofore published the different maps of the countries were printed about the same size, without regard to the size of area of the various places, but in the ‘Best,’ all maps are drawn to a scale showing the relative size, and at a glance it will be seen that China is only half the size of the United States, while Angola is hardly the size of Florida. This is a very valuable feature and one which would place the book ‘way up ahead’ as a desirable album. The spaces for flags, coats of arms, etc., have been retained, and all issues brought up do date. The work appears in various bindings, the prices ranging from one dollar. It is impossible to get an album which will be able to suit all collectors but the album which I think will suit the greatest number and which combines more desirable qualities than any other, is Mr. Scott’s ‘Best’ Album.”

The METROPOLITAN PHILATELIST for January says: “One of the earliest issues of this, the newest departure in American stamp albums, lies before us. The general get-up and appearance of the album is very attractive and effective.

“We notice several new features in the new album. There are never more than two countries on the same page, and not even that number unless the series is small and the countries in the same division of the globe.”

CERTIFIED SERIES

—OF—

Stamp Packets.

A Few Words About Packets.

It is always desirable to think before we act and to proceed to business in the best possible way. Now, undoubtedly, the cheapest way to acquire a collection of stamps is to buy packets, because, these being made up in lots of many thousands at a time cost very little above the actual value of one hundred stamps, while the cost of the clerks' time in looking out an order of the different stamps would amount to 50c., therefore it is easy to see that we can sell stamps in a series of packets like the following at less than half catalogue price and still make a profit.

To reap the fullest benefit in buying packets, it is advisable to buy one packet for the amount you desire to spend, and then order single stamps to fill up with. For those who do not wish to lay out much at one time we have separated the packets into series. Thus no 25c. packet will duplicate any other 25c. packet, and so with the 50c. or dollar series.

regular issue from 1851 to date including the 1869 issue, Columbian series and the departmental issues of 1875, 50 stamps \$1.00.

The postage stamps of the United States are particularly desirable, and outside of a few of the commonest are becoming rare and more valuable every year. This packet contains 50 varieties, includes specimens of every

regular issue from 1851 to date including the 1869 issue, Columbian series and the departmental issues of 1875, 50 stamps \$1.00.

50
AMERICA
1.00

After the stamps of our own country the issues of other American States are most eagerly sought after both on account of their beauty and also as a good investment. The present packet includes specimens from Paraguay, Brazil, Ecuador, Uruguay, The Argentine, &c., &c., 50 stamps, \$1.00.

50
UNUSUED
1.00

Unused stamps have a great charm for most collectors on account of their unmarred beauty and the intrinsic value they represent, we have therefore selected a number of beautiful and interesting stamps for the third packet of the series which includes among other gems stamps from Seychelles, Hawaii, Liberia, Borneo, Newfoundland, &c. 50 stamps, \$1.00.

4**100****SCARCE****1.00**

Scarce stamps are what all the boys are looking for; common ones are to be had in plenty, but scarce ones are not easily found and command good prices when sold singly; however we have selected this packet from stamps purchased years ago before the great rise in prices and therefore are enabled to put the following among others in the packet: Egypt, Hayti, Reunion, Guadeloupe, Martinique, British Guiana, &c., 100 stamps, \$1.00.

5**50****RARE****1.00**

Rare is of course a comparative word and has a different meaning to different collectors, some considering no stamps rare which can be bought for less than \$100.00, there are none of that kind in this packet, but it does contain many stamps which are very rare to boy collectors, such as New Brunswick, Morocco, Gold Coast, Old Spain, Panama, &c., 50 stamps, \$1.00.

6**125****EUROPEAN****25c.**

\$1.25 for 25c. is, of course, very cheap, very little more than the cost of sorting, but we want to encourage the boys and put in many stamps which they cannot get without buying; low values of small countries which have little or no trade with the United States, such as Monaco, Heligoland, the Sunday stamps of Belgium, &c. 125 stamps 25 cents.

7**50****SCARCE****25c.**

Two stamps for a cent is very cheap, especially when all that are in the last packet are barred out, as it must be remembered that the 25c. series do not duplicate with one another; however, we have given quite a nice selection, which includes Bosnia, Bulgaria, Finland, the Ottoman Empire or Turkey as it is commonly called, Roumania, &c., 50 stamps, 25 cents.

8**15****ASIA****25c**

Asia is one of the far-off continents inhabited by another race of people different from us in thought and way of living. Their stamps are not like ours, especially the old ones. We have taken pains to make a representative collection sure to please. It includes stamps from Corea, Native India, China, Shanghai, Persia, &c. 15 stamps, 25 cents.

9

15
AFRICA.
25c.

Africa, the dark continent, made additionally interesting to us by the travels of Stanley, the cutting of the Suez canal (although we do not sell the bogus canal stamps got out as a speculation by some stamp dealers), and the establishment of the Congo States with the fringe of English, French, and Portuguese Colonies on the coast. From these governments we have selected a representative lot, including Anjouan, Angola, Lagos, Tunis, Madagascar, &c., 15 stamps, 25 cents.

10

25
U. S.
25c.

Our own country, the dearest place on earth, and the dearest collection of stamps. Nearly all U. S. stamps are rare, and even the common ones of to-day will be valuable in a few years. However, we have made a nice selection of 25 at one cent each, which includes all different classes (except revenues), Departments, Carriers, Envelopes, Unpaid, 25 stamps 25 cents.

11

25
N. AMERICA
25c.

There are now four different governments on North America outside of the U. S., the Dominion of Canada, Newfoundland, the French Colonies of St. Pierre, and Miquelon, and Mexico, all issue stamps, and some are quite rare. This packet gives samples of all. 25 stamps for 25 cents.

12

25
WEST INDIES
25c.

The West Indies, so called by the blunder made by Columbus, who thought he had landed on the west coast of India instead of a new quarter of the globe. Here are many different colonies issuing stamps. We give a fair sample of them in this packet such as Turk's Island, St. Lucia, Porto Rico, Jamaica, Bermuda, &c. 25 stamps for 25 cents.

13

15
CENT. AM.
25c.

Central America is occupied by six different governments but as the southern end is part of the Colombian Republic we do not include any of its stamps in this packet which consists of Salvador, Nicaragua, Honduras, Guatemala and Costa Rica. 15 stamps for 25 cents.

14

25

SOUTH AM.

25c.

South America with its frequent revolutions, is always in evidence in the news of the world or "making history," as the phrase goes, the stamps are interesting and on account of the small population liable to become scarce. This packet contains stamps from Colombia, Venezuela, Chili, Argentine, Paraguay, etc., 25 stamps for 25 cents.

15

25

AUSTRALIA

25c.

Australia and New Zealand, the last grand division of the world to be discovered and colonized offers a fine field for the stamp collector and here we have a desirable assortment from the colonies of Victoria, Western Australia, New Zealand, South Australia, New South Wales, etc., 25 stamps for 25 cents.

16

10

UNUSED

25c.

Unused stamps add greatly to the appearance of a collection. In buying used stamps some are sure to be badly cancelled but unused are always immaculate, brilliant and beautiful setting off their plainer brethren to advantage. This packet includes specimens from Philippine Islands, Provisional Hawaii, 20c. Confederate States, Tasmania, Fiji Islands, etc., 10 unused stamps for 25 cents

17

10

RARE

25c.

When, after years of pleasure in collecting stamps, various circumstances may make it advisable to dispose of our collections, it is the rare stamps which procure a purchaser and determines the price. This packet includes the following: Dominican Republic, Shilling Queensland, 1877 Porto Rico, 4 pesos Spain, British Guiana, etc., 10 stamps, 25 cents.

18

25

REVENUES

25c.

The collection of our own revenue stamps has become quite popular of late years. The demand is great and the supply small. The values extend from 1c to \$500.00 In this packet the highest value is \$5 but includes some of all issues. 25 stamps for 25 cents.

19

200

SELECTED

50c.

A collection of 200 foreign postage stamps all different and without any revenues, locals or cut post cards usually found in cheap packets, makes a very desirable start for a boy especially if combined with a 50c. Challenge Album. The number we usually name are not worth quoting out of 200, but all are good alike; 50 cents.

20

50

SCARCE

50c.

This desirable packet contains a supplementary collection to the last, advancing the album to a degree quite out of proportion to the additional expenditure, improving the appearance as well as the value of the collection. It contains stamps from all four quarters of the world, including Malta, Gibraltar, San Marino, Old English, Morocco, etc., 50 stamps, 50 cents.

21

10

NEW

50c.

Most collectors like to be able to show stamps unknown to their friends, so to satisfy this natural desire we make up this packet monthly, including all the latest issues as received. We leave the space for a picture blank as what would be true of one month perhaps would not answer for the next, however, collectors may be sure of getting the full value of their money in 10 new issues for 50 cents.

22

500

STAMPS

5.00

There is a constant demand for a good start for a collection; we have therefore prepared packet No. 22 which contains a first class nucleus for an album as it embraces all classes of stamps, United States as well as foreign, old issues as well as new, used and unused. We might name the following among others of equal merit: Old Spain, Cook's Island, Old French, Nossi Be, Niger Coast, Old German, etc., 500 stamps for \$5.

23

400

NEW

5.00

The desire for a stamp collection once implanted in the human breast never dies. We hear constantly of gentlemen who have formed collections as boys which were laid aside as affairs of life crowded on them, taking the opportunity of the first leisure of middle life to get out the old collections and start in where it was left off twenty years ago. It is for this class that packet 23 has been made up of the later issues and contains many desirable stamps. Barbados, Antioquia, Newfoundland, Mauritius, Zululand, Bechuanaland, etc. Very desirable, 400 stamps \$5.

1000 STAMPS \$10.

Packet
24

Packet
24

This superb packet contains a very desirable collection in itself and is certainly a better collection than many have been able to achieve after years of collecting and an expense of three times the amount of cash. One thousand different stamps at one cent each is very cheap, but still we put at least one dollar stamp in each packet, while there are large numbers of stamps which are rare to most collectors, among which we may name Reunion, New Caledonia, Newfoundland, Kashmir, Bolivar, United States, Confederate States, Shanghai, Philippine Islands, British Central Africa, etc., an unequalled collection of one thousand stamps for \$10.00.

1500 STAMPS \$25,

The Challenge Packet of the World.

Packet
25

Is justly called the challenge packet of the world and as a collection selected at one time cannot be equalled by any dealer in the world.
