# The "Christopher" Philatelie Mieroseope.

PRICE 5s. 6d., CARRIAGE PAID.

THIS instrument, specially constructed and beautifully finished by the most skilful workmen to meet the needs of Philatelists, has charmed all who have seen it. The stamp under inspection is held flat between two glasses so that it may be leisurely and closely examined by means of the high power magnifying lens, which is readily but firmly adjusted to the needful focus. Now that stamp forging has become a fine art, such an instrument is a sine qua non to every collector; by its means the minutest difference in engraving, design and texture of paper may be detected, the relative position of surcharge and postmark, over the other, are at once decided, and as a forgery detective it will save its cost a hundredfold in a few weeks. References to leading collectors and dealers.

IN USE ALL OVER THE WORLD.
