All members receive free the two official organs of the Society, viz.:

THE METROPOLITAN PHILATELIST,
THE AMERICAN JOURNAL OF PHILATELY.

Upon written application the members can join the well established Sales-Department, through which our members secured some of the greatest rarities, such stamps that are never advertised or sent on approval by dealers, but only sold for "cash in advance." But thanks to the endeavors of our Superintendent of Sales we could place rarities of the above mentioned kind on our circuits. A brief account of one year's transactions, compared with those of previous years, will show the benefits our members could derive by participating in the Sales-Department. The Society is proud of its great success, a thing which no societies can boast of. All selections of stamps sent to the Superintendent of Sales for circulation amongst our members are considered as received by the Society, and proper attention and prompt returns are assured. From sales of sheets belonging to members nothing will be deducted when settlement is rendered, but 10 per cent. will be charged on sales of sheets belonging to non-members.

THE

Staten Island Philatelic Society's

PERMANENT ALBUM.

The success with which this Album meets is immense, having sold now over 1000 books in its two years of existence.

Everything is made of the very best material, and therefore the price is cheap. It is without doubt the best book for specialists and for advanced collectors. The binders will be made as required, say to hold 50, 75, 100 or 125 sheets. It is only necessary to order what you want. Also we will accommodate you as to the color of the binder, either in black or red leather.

All advanced collectors are changing to this Album, as it is the *only approved permanent* Album in existence which gives *satisfaction*. The binding is easily done, no screws or wire, but plain lacing is required.

Remember by using this Album you never will have the unpleasant task to remount your collection, as it is permanent. Remounting is necessary from time to time with all printed Albums. All you need is to arrange your collection by any standard catalogue, divide your sheet in 5 or 6 rows and mark the place for each stamp with a date or put down the number

according to the catalogue. It is easily done, as the fine, square ruling on the sheets helps you greatly. With a little taste fine arrangements may be created, which will be attractive to look at.

Price of Binder.....	\$3.00
Cream colored sheets per 100.....	4.00
One set of 500 printed names of countries....	.25
Gummed Hinges, best, per 1000.....	.10

ALBRECHT & WITT,
STAMP DEALERS AND PUBLISHERS.
90 NASSAU ST.,
NEW YORK.

DEAR SIR :

We are constantly buying collections and pay the highest possible prices for same. But as our customers are mostly advanced collectors, we have only a limited market for stamps worth up to 50 cents each. Stamps below that price, remainders of collections we broke up, we wish to sell *in packets of 400 varieties for \$2.00.* You will find in such packets good, salable stamps, just the thing to complete your own collection or to place on sheets for circulation. Try it in ordering a packet, and you will find out that these packets are only put up to save us time and labor, and to prevent an accumulation of stock for which we have no market at present.

Hoping to receive your valuable orders we remain

Yours respectfully,
