PREFACE.

We have received numerous applications from small dealers for prices of stamps by the dozen, and to them we offer this little catalogue, with the assurance that the prices in many cases are as cheap as the stamps could be sold by the hundred thousand. The custom of selling cheap stamps in packets of from 100 to 5000, which has prevailed with dealers, has led many to suppose that common stamps were worth an unreasonably small price, and amateur dealers especially have been mislead in this manner. To those we would say, pay a reasonable price and get what you want, it will prove far more profitable than to buy packets and get stamps you do not want, and half of which you cannot use.

In addition to those herein Catalogued, we have many hundred varieties of rare and valuable stamps, which for lack of space were excluded from these pages. Collectors giving us a list of their wants will receive prompt attention and prices that cannot fail to suit.

Every Stamp sold by us is warranted genuine.
