MINERAL COLLECTORS!

If you need any VERY OLD West Indian shells I have a case which I can *guarantee* have been gathered over 200 YEARS. Correspond with me if you desire to obtain any of these rareities at a great sacrifice; I do not need them, and do not collect marine curiosities, etc.

IN presenting this little pamphlet it is done with a firm belief that it will benefit philatelists, as this is the first list of Virginia collectors which has been published.

This little work has been in preparation several months, and is nearly complete.

With thanks to all who have helped in the preparation of this work and to the press this list is presented for your consideration.
