PUBLISHED BY

WALTER MORLEY,

15, BROWNHILL GARDENS,

CATFORD, LONDON, S.E.

PRICE SIXPENCE.

Railway Letter Fee Stamps.

The Stamps were first used in February, 1891, since which time there have been numerous additions to the names of Railways using them, and many Lines have become extinct through being taken over by other Lines, &c. ; also being printed in very small quantities for most of the Companies, there have been several printings of the various stamps.

The prices affixed are those at which I can supply them at the date of publication, and prices quoted are liable to fluctuation.
