Special Notices to Correspondents.

- 1.—Correspondents are particularly requested to notice the following Rules, by so doing, they will prevent a great deal of disappointment in the execution of their Orders.
- 2.—**REMITTANCES.**—Remittance must in all cases accompany Order, which may be made as follows:—Post Office or Postal Orders, Bankers' Draft or Bank Notes at the current rate of Exchange. Small amounts may be made up of unused stamps of **LOWEST** current value, **except Stamps of Canada and Continental Countries, which will in no case be accepted.** Twopence extra for registration should be enclosed if required, as I do not under any circumstances whatever hold myself responsible for letters, parcels, &c., lost in transit either from me or to me.
- 3.—Correspondence in English and French only.
- 4.—**Special Notice to Correspondents Abroad.**—It being prohibited by the postal authorities to send stamps by Book Post to Countries in the Postal Union, a sufficient amount must therefore be sent in all cases to cover the cost of letter-rate to those countries, (excepting always those places where a Parcel Post has been established, and when the parcel exceeds 1lb. in weight it would be advisable to send the stamps by that medium), as the Post Office absolutely refuses to take stamps sent by Book Post to Countries in the Postal Union, and they are returned to sender if found in the mails. If sufficient postage by letter or parcel rate is **not** enclosed the stamps will be sent by letter rate, **UNPAID.** The attention of Correspondents is therefore particularly directed in the above notice.
- 5.—Wholesale Parcels or Sheets of Rare Stamps sent on approval against deposit or satisfactory English References.
- 6.—The price of this Catalogue is 1s. or 2s cents post free. Those Correspondents therefore which desire it, should enclose the necessary amount in unused stamps of the lowest value, or no notice whatever will be taken of their application.
- 7.—I shall always be glad to receive some stamps of each of any new issue unused when any should appear, and a quantity of Provisionals or surcharged stamps especially desired, and for all rarities a premium will be given. Correspondents abroad are specially desired to send some of each of any new issue when they appear. Surcharged and Provisionals issues especially desired in quantities not over £2. Good prices given for all rarities. Large Lots of old issues and Government remainders also purchased for Cash. Exchange List giving the prices at which I exchange stamps will be sent as soon as ready on receipt of 3d. in stamps. It is now in preparation and will be duly announced when ready in the *Philatelic Journal of Great Britain*. It is particularly requested that Correspondents will be good enough to send me an assortment of every new issue directly they appear. I give a liberal Commission above face value on all new issues, and in the case of Provisionals, a special Premium will be paid according to the rarity of the issue.
- 8.—Letters must in all cases be prepaid or they will be invariably refused. Business conducted by post only. Letters requiring a reply must contain sufficient postage for return, or they will not be attended to, and those containing coin must be registered. Orders above 20s. are sent in registered envelopes, all others not registered unless 2d. for that purpose is sent. Agents wanted in Schools, Colleges, &c., and abroad. Good Commission. **ORDERS AMOUNTING TO LESS THAN TWO SHILLINGS RESPECTFULLY DECLINED.**
- 9.—Although my stock is very large, it may happen that some goods may be sold out at the time of ordering, it is therefore advisable to send a supplementary list to avoid disappointment, otherwise cash will be returned, if desired. Some of the stamps mentioned in this List have been advised, but have not yet come to hand. Correspondents when ordering are kindly requested to note this. All stamps in this List are however, easily procurable, and orders for the same will be booked, and the stamps sent immediately they arrive. This also applies to stamps that may for the time being be out of stock.
- 10.—Good Collections of 1000 varieties and upwards purchased for cash, providing they are sent on approval with lowest cash price, and sufficient postage for return if not approved of.
- 11.—Customers having rare duplicates should send them on approval. Best cash prices will be given, or they may be exchanged against stamps from my sheets, or from this List. N.B.—**No common stamps need be sent.**

Opinions of the Press.

MR. BROWN'S ETCHINGS.—Mr. William Brown, of Salisbury, has sent us a set of examples of his Etchings, a series of which he is publishing in illustration of his own beautiful Cathedral City, Canterbury, Edinburgh, and other picturesque scenes. The precincts of Sarum supply excellent subjects for the Etcher's needle, notably the two gates (Exeter Street and High Street), which Mr. Brown has reproduced with much artistic feeling. Then there is a delicious "bit" in the picture of the old sculptured and many niched Christ Church Gateway at Canterbury, with its time-worn, crumbling aspect, very felicitously rendered in the engraving before us. A good contrast, on the other hand, is afforded in the stern drawing of the Canongate, Edinburgh, and the lonely grandeur of his Stonehenge.—*The Bookseller*.

SOME NEW ETCHINGS OF SALISBURY.—Mr. William Brown, of Salisbury, to whose Etchings of local objects of interest we have frequently referred in terms of praise, has issued several additional prints, which will be found very pretty and seasonable presents for those wishing to give their friends some memento of the ancient and picturesque city of Salisbury. These new Etchings include admirable views of the Old George Inn, the Joiners' Hall, and the Old House in Minster Street, now occupied by Mr. Carter. The plates are carefully and artistically executed, and excellently printed on India paper. Another Etching gives in an effectively arranged group, six views of the Cathedral, the Canonry, the Training College, Mrs. Hussey's House, and Old Gate Place in Castle Street. The Etchings, which are as cheap as they are pretty, are published locally by Messrs. Brown and Co., The Canal, Salisbury. They are issued separately or in a case with four other earlier Etchings of the series.—*Salisbury and Winchester Journal*.

NEW PRINTS.—Mr. Brown's "Eight Etchings of Salisbury" (Salisbury: Brown) is published at six shillings, and contains some clever and taking work; "The Joiners' House," "The George Inn," and "The Old

House in Minster Street." are perhaps the best of the set, but "The High Street Gate," and "St. Thomas' Church" will have plenty of admirers, and a good deal might be said for Mr. Brown's view of "The Cathedral."—*Art Journal*.

We have received from Mr. William Brown, of Castle Street, Salisbury, a series of really charming Etchings, delineating the ancient City and Cathedral of Salisbury. There are also to be obtained, from the same publisher, four views of the older parts of Edinburgh, and an excellent Etching of Christchurch Gateway, Canterbury.—*The Artist*.

Mr. Brown, a local Artist, has selected for illustration some of the most notable relics of antiquity in the old Cathedral town, and although his etchings vary in excellence, they all display power and force of expression, while some are very delicately finished.—*Pall Mall Gazette*.

"A Series of Etchings of Salisbury," by Mr. W. Brown, Salisbury, comprise several meritorious views of old houses and churches in that city, but they are somewhat heavily etched and printed. Apart from these defects, which are not considerable, the prints are well worth having. We prefer the "Six Views of Old Houses and the Cathedral," as comprising some capital etchings of desirable subjects. "Joiners' Hall" deserves much praise; it is full of colour, and shows a crisp and firm touch, and the taste and tact we miss in Mr. Bird's etchings of Glasgow. Perhaps the best etching is that of "St. Thomas' Church," most excellent, but a little heavy.—*Athenæum*.

Mr. Brown, of Salisbury, has published "Eight Etchings of Salisbury," which contain some clever and taking work. They include "The Joiners' House," "The George Inn," "High Street Gate," "St. Thomas' Church," "Old House in Minster Street," and a Plate called "Salisbury," made up of vignettes. They are all beautifully executed.—*Llangollen Advertiser*.

This packet is invaluable to anyone starting a Collection, in fact for anyone who has already a fair amount of Stamps in their Collection this packet will be most acceptable. It is somewhat different from packet No. 39, as it contains many rarer Stamps not to be found in that one. To mention them would occupy too much space, besides which they will be continually changing. Every fifth purchaser of this packet will receive GRATIS a Stamp of more than ordinary rarity and guaranteed to be catalogued at not less than 10s. The Price of this packet will be £2, and not more than two packets will be sold to any one Collector at the same time, so as to give everyone a chance of sharing in the chance of receiving the Stamp men- tioned above

NOW READY, THE SECOND EDITION OF

THE PHILATELIC ALBUM: A NEW ALBUM FOR ADVANCED COLLECTORS.—COLLECTORS using Albums of this class frequently resort to books not specially manufactured for the purpose, and hence unsuitable, or the more expensive and very often unsatisfactory mode of having them expressly made. It is to meet this want that this Album is published, and all that experience can suggest has been carried out to make it worthy the use of even the most advanced Collectors, and adaptable to any arrangement that may be desirable. Each leaf is linen-jointed, giving strength to the page and allowing the leaves to set properly when the book is opened. A narrow marginal

border embellishes each page. With this exception the leaves (150 in number) are perfectly plain, and printed on one side only, on a very fine quality white card paper. They are movable, allowing re-arrangement or extension into two or more volumes, as may be desired at any future time. It is hardly necessary to point out the advantage of this; moreover, if a page becomes spoilt, it can be at once replaced. A handsomely arranged title is included. AN INSPECTION IS DESIRED.

Prices.—A. Strongly bound in half morocco, gilt ornaments, and lettering; packed in a box, 30/-, carriage extra. Under 11lbs. can be sent by parcel post. B.—Handsomely bound in full Persian morocco, bevelled boards, gilt edges, double action lock and key clasp; packed in a box, 50/-, carriage extra.

Spare blank linen-jointed leaves can be had, 1/9 per doz., or 2/3 per doz. if with gilt edges, post-free abroad extra. A sample leaf sent for 2½d., post-free.

EXTRACT FROM THE PREFACE.

THE contents of the present edition of the Permanent Postage-Stamp Album extend considerably beyond those of the previous one, as the many recent issues have necessitated an enlargement of the page, as well as an increase in the bulk of the volume. No fewer than 3,337 stamps are catalogued in the Album for the first time, the total number described being nearly 9,000.

"The work having been entirely re-written and re-arranged, opportunity has been found for making numerous improvements. It is believed no difficulty will be experienced in identifying the various issues, as in cases where stamps closely resemble each other care has been taken to give some distinctive feature, which though of minor importance in itself, is sufficient for the purpose of identification. With few exceptions the descriptions are from actual specimens.

"The right of the Album to the title PERMANENT has been maintained by making ample provision for stamps of the future. Supplementary leaves (marked with an asterisk) are so distributed throughout the volume that there is little chance of any new country being placed out of its proper order. The possible additions to the issues of existing stamp countries have also been well provided for; altogether accommodation is given for over 12,000 stamps at present non-existent.

"In presenting this sixth edition to the notice of the philatelic public, it is confidently hoped that, comprising as it does room for the collection of upwards of 20,000 varieties, it will meet the requirements, not only of the ordinary collector, but also of the more advanced student of philately."

EXTRACT FROM THE PREFACE.

“THE contents of the present edition of the Permanent Postage-Stamp Album extend considerably beyond those of the previous one, as the many recent issues have necessitated an enlargement of the page, as well as an increase in the bulk of the volume. No fewer than 3,337 stamps are catalogued in the Album for the first time, the total number described being nearly 9,000.

“The work having been entirely re-written and re-arranged opportunity has been found for making numerous improvements. It is believed no difficulty will be experienced in identifying the various issues, as in cases where stamps closely resemble each other care has been taken to give some distinctive feature, which though of minor importance in itself, is sufficient for the purpose of identification. With few exceptions the descriptions are from actual specimens.

“The right of the Album to the title PERMANENT has been maintained by making ample provision for stamps of the future. Supplementary leaves (marked with an asterisk) are so distributed throughout the volume that there is little chance of any new country being placed out of its proper order. The possible additions to the issues of existing stamp countries have also been well provided for; altogether accommodation is given for over 12,000 stamps at present non-existent.

“In presenting this sixth edition to the notice of the philatelic public, it is confidently hoped that, comprising as it does room for the collection of upwards of 20,000 varieties, it will meet the requirements, not only of the ordinary collector, but also of the more advanced student of philately.”

**THE EIGHTH EDITION OF
STANLEY GIBBONS, LIMITED,
Price Catalogue of Postage Stamps.**

Together with an APPENDIX to the above, consisting of nearly 3,000 Illustrations with Reference Numbers attached, corresponding with the Catalogue.

STANLEY GIBBONS, LIMITED, have pleasure in announcing the approaching publication of the EIGHTH EDITION of their Catalogue and Appendix. Every effort will be made to ensure correctness in all details, so as to, if possible, still further increase the reliability and usefulness of this Standard Work. The additions and alterations will be considerable, prominent among which may be named—

Prominent varieties of perforation, which have hitherto not been included, will now be both noted and priced.

The whole of the numerous New Issues that have appeared since the last Edition, will be fully catalogued.

A very large number of Stamps that have hitherto had no quotation attached will in this New Edition be correctly priced. Every effort will be made to insert prices, especially of Old Issues, wherever possible. Considerable reductions will in many instances be made.

The Illustrations in the Appendix will be largely augmented. To meet the expressed desire of many Collectors, this Edition of the Catalogue and Appendix may be obtained interleaved with paper faintly ruled. This will be much appreciated by Philatelists for various purposes, such as making notes of Auction Sales, New Issues, &c., &c.

The Addenda will be published as heretofore announced. The exhaustion of the Seventh, and consequent appearance of the Eighth Edition of the Catalogue will not interfere with the publication of the Addenda as advertised.

The Price of the CATALOGUE and APPENDIX will be the same as before.

At this date it is impossible to give exact time of publication; probably it will be the last week in September. All orders will be executed in rotation as received.

WILL BE READY SHORTLY.

THE "IDEAL" PERFORATION GAUGE,

The BEST, MOST reliable, and in every way the most convenient perforation gauge ever invented.

The Publisher claims for this Gauge many advantages which the present Gauges do not possess.

It is portable, being of a convenient size to be carried in the breast pocket.

It is accurate, every gauge having been carefully measured, and the gauge itself is printed from an engraved copper-plate.

It has two sets of gauges vertical and horizontal, on the same card by which plan the perforations of stamps arranged in Albums on the hinge system, can be measured without taking them from the book. This is an advantage that can be claimed by few, and being printed on stout cardboard will not easily crack. In this respect, it is superior to those printed on thin paper or any transparent substance. It will not cockle, and damp has but little effect on it.

It has twenty different gauges from 7 to 16½, and includes 7½, 8 and 8½, not often found in gauges now before the Philatelic public, but which are required more especially for some of the Japanese and Turkish stamps.

Each dot is bisected by a small vertical line thus:  By this arrangement, accurate measurement is guaranteed.

In conclusion, I venture to assert that it is the best Perforation Gauge ever placed before the Philatelic public, and is in every respect as its name implies—

AN 'IDEAL' PERFORATION GAUGE.
