# Special Notices to Correspondents.

- 1.—Correspondents are particularly requested to notice the following Rules; by so doing, they will prevent a great deal of disappointment in the execution of their Orders. On all orders for single stamps from this list exceeding £1, I will give a discount of 5%. On orders exceeding £5, 10%. This concession applies only to single stamps, the prices per 10 being strictly net.
- 2.—REMITTANCES.—Remittances must in all cases accompany Order, which may be made as follows: Post Office or Postal Orders, Banker's Draft or Bank Note at the current rate of Exchange. Small amounts may be made up of unused stamps of LOWEST current value, except Stamps of Canada and Continental Countries, which will in no case be accepted. Twopence extra for registration should be enclosed, if required, as I do not, under any circumstances whatever, hold myself responsible for letters, parcels, &c., lost in transit either from me or to me.
- 3.—Correspondence in English and French only.
- 4.—Special Notice to Correspondents Abroad.—It being prohibited by the postal authorities to send stamps by Book Post to Countries in the Postal Union, a sufficient amount must therefore be sent in all cases to cover the cost of letter-rate to those countries (excepting always those places where a Parcel Post has been established, and when the parcel exceeds 1lb. in weight it would be advisable to send the stamps by that medium), as the Post Office absolutely refuses to take stamps sent by Book Post to Countries in the Postal Union, and they are returned to sender if found in the mails. If sufficient postage by letter or parcel rate is not enclosed the stamps will be sent by letter rate, UNPAID. The attention of Correspondents is therefore particularly directed to the above notice.
- 5.—Wholesale Parcels or Sheets of Rare Stamps sent on approval against deposit or satisfactory English References.
- 6.—The price of this Catalogue is Ninepence, post free. Those Correspondents therefore who desire it, should enclose the necessary amount in unused stamps of the lowest value, or no notice whatever will be taken of their application.
- 7.—I shall always be glad to receive some stamps of each of any new issue unused when any should appear, and a quantity of Provisionals or surcharged stamps especially desired, on which a commission of 25% at least will be given, and for all rarities a premium will be given. Correspondents abroad are specially desired to send some of each of any new issue when they appear. Surcharged and Provisional Issues especially desired in quantities not over £2. Good prices given for all rarities. Large Lots of old issues and Government remainders also purchased for Cash. Exchange List, giving the prices at which I exchange stamps, will be sent as soon as ready on receipt of 3d. in stamps. It is now in preparation, and will be duly announced when ready in the *Philatelic Journal of Great Britain*. It is particularly requested that Correspondents will be good enough to send me an assortment of every new issue directly they appear. I give a liberal Commission above face value on all issues, and in the case of Provisionals, a special Premium will be paid according to the rarity of the issue.
- 8.—Letters must in all cases be prepaid, or they will be invariably refused. Business conducted by post only. Letters requiring a reply must contain sufficient postage for return, or they will not be attended to, and those containing coin must be registered. Orders above 20s. are sent in registered envelopes, all others not registered unless 2d. for that purpose is sent. Agents wanted in Schools, Colleges, &c., and abroad. Good Commission. **ORDERS AMOUNTING TO LESS THAN TWO SHILLINGS RESPECTFULLY DECLINED.**
- 9.—Although my stock is very large, it may happen that some goods may be sold out at the time of ordering; it is therefore advisable to send a supplementary list to avoid disappointment, otherwise cash will be returned, if desired. Some of the stamps mentioned in this List have been advised, but have not yet come to hand. Correspondents when ordering are kindly requested to note this. All stamps in this List are, however, easily procurable, and orders for the same will be booked, and the stamps sent immediately they arrive. This also applies to stamps that may for the time being be out of stock.
- 10.—Good Collections of 1000 varieties and upwards purchased for cash, providing they are sent on approval with lowest cash price, and sufficient postage for return if not approved of.
- 11.—Customers having rare duplicates should send them on approval. Best cash prices will be given, or they may be exchanged against stamps from my sheets, or from this List. N.B.—No common stamps need be sent.
- 12.—As I have always in stock a number of the Rarest Stamps, advanced Collectors are respectfully solicited to send a list of their wants for quotations, which shall receive the best attention. Plate-marks, water-marks, and minor varieties also kept in stock. Commissions taken for the London Periodical Stamp Auction Sales. Terms Moderate. Catalogues sent on application. Collectors wishing to secure Rarities for their collections as they may be offered for sale are invited to send a list of their wants and prices they are willing to pay, Stamps of the rarest kind being continually sold by auction. Collectors wishing to purchase collections complete are invited to make application for same.

The attention of Correspondents is *particularly* directed to paragraph 9.  
The prices quoted are for *Cash in Advance only*.

## Opinions of the Press.

MR. BROWN'S ETCHINGS.—Mr. William Brown, of Salisbury, has sent us a set of examples of his Etchings, a series of which he is publishing in illustration of his own beautiful Cathedral City, Canterbury, Edinburgh, and other picturesque scenes. The precincts of Sarum supply excellent subjects for the Etcher's needle, notably the two gates (Exeter Street and High Street), which Mr. Brown has reproduced with much artistic feeling. Then there is a delicious "bit" in the picture of the old sculptured and many niched Christchurch Gateway at Canterbury, with its time-worn, crumbling aspect, very felicitously rendered in the engraving before us. A good contrast, on the other hand, is afforded in the stern drawing of the Canongate, Edinburgh, and the lonely grandeur of his Stonehenge.—*The Bookseller*.

SOME NEW ETCHINGS OF SALISBURY.—Mr. William Brown, of Salisbury, to whose Etchings of local objects of interest we have frequently referred to in terms of praise, has issued several additional prints, which will be found very pretty and seasonable presents for those wishing to give their friends some memento of the ancient and picturesque city of Salisbury. These new Etchings include admirable views of the Old George Inn, the Joiners' Hall, and the Old House in Minster Street, now occupied by Mr. Carter. The plates are carefully and artistically executed, and excellently printed on India paper. Another etching gives in an effectively arranged group, six views of the Cathedral, the Canonry, the Training College, Mrs. Hussey's House, and Old Gate Place, in Castle Street. The Etchings, which are as cheap as they are pretty, are published locally by Messrs. Brown and Co., The Canal, Salisbury. They are issued separately, or in case with four other earlier Etchings of the series.—*Salisbury and Winchester Journal*.

NEW PRINTS.—Mr. Brown's "Eight Etchings of Salisbury" (Salisbury: Brown) is published at six shillings, and contains some clever and taking work; "The Joiners' House," "The George Inn," and

"The Old House in Minster Street," are perhaps the best of the set, but "The High Street Gate," and "St. Thomas' Church" will have plenty of admirers, and a good deal might be said for Mr. Brown's view of "The Cathedral."—*Art Journal*.

We have received from Mr. William Brown, of Castle Street, Salisbury, a series of really charming Etchings, delineating the ancient City and Cathedral of Salisbury. There are also to be obtained from the same publisher, four views of the older parts of Edinburgh, and an excellent Etching of Christchurch Gateway, Canterbury.—*The Artist*.

Mr. Brown, a local artist, has selected for illustration some of the most notable relics of antiquity in the old Cathedral town, and although his etchings vary in excellence, they all display power and force of expression, while some are very delicately finished.—*Pall Mall Gazette*.

"A Series of Etchings of Salisbury," by Mr. W. Brown, Salisbury, comprise several meritorious views of old houses and churches in that city, but they are somewhat heavily etched and printed. Apart from these defects, which are not considerable, the prints are well worth having. We prefer the "Six Views of Old Houses and the Cathedral," as comprising some capital etchings of desirable subjects. "Joiners' Hall" deserves much praise; it is full of colour, and shows a crisp and firm touch, and the taste and tact we miss in Mr. Bird's etchings of Glasgow. Perhaps the best etching is that of "St. Thomas' Church," most excellent, but a little heavy.—*Athenæum*.

Mr. Brown, of Salisbury, has published "Eight Etchings of Salisbury," which contain some clever and taking work. They include "The Joiners' House," "The George Inn," "High Street Gate," "St. Thomas' Church," "Old House in Minster Street," and a Plate called "Salisbury," made up of vignettes. They are all beautifully executed.—*Llangollen Advertiser*.

## XI.—THE "IDEAL" PACKET.

This Packet, containing 1000 varieties, is the finest Packet we have ever placed before our friends and customers. In character it is similar to our old No. 60 Packet, which was so great a favourite, and the success that Packet met with has encouraged us to still further improve it and add to its many advantages. It now contains stamps never before placed in this Packet, many very fine and obsolete varieties. To give a complete list of its contents, or even a large portion, would be impossible, for the best stamps will be continually changed; but to let our customers have some idea of the stamps that will *always* be found in it, we append a list. Many others of a similar nature will also be found, and often much rarer varieties. It is very different from No. 58, which is our ordinary 1000 variety Packet, as it contains a great many scarce varieties that are never found in this Packet. Besides which, we give away to *every* purchaser of this Packet, a *magnificent* postage stamp album, bound strongly in cloth, containing over 700 pages, with about 2,500 engravings of stamps and 100 coats of arms, and also giving geographical, statistical and historical notes upon every country. The size of this album is 12 inches by 9 inches, and nearly 2 inches thick. To every fifth purchaser we will present a stamp, catalogued at not less than 10/-. Purchasers not wishing to have the album with the Packet can select 6/- worth of stamps from our list. This is, without doubt, the finest offer ever made, and we feel confident that it will give universal satisfaction.

The Price of this Packet, with Album, Ideal Perforation Gauge and 1000 "Ideal" Hinges, is Two Guineas.

## THE SECOND EDITION OF

**THE PHILATELIC ALBUM: A New Album for Advanced Collectors.**—Collectors using Albums of this class frequently resort to books not specially manufactured for the purpose, and hence unsuitable, or the more expensive and very often unsatisfactory mode of having them expressly made. It is to meet this want that this

Album is published, and all that experience can suggest has been carried out to make it worthy the use of even the most advanced Collectors, and adaptable to any arrangement that may be desirable. Each leaf is linen-jointed, giving strength to the page and allowing the leaves to set properly when the book is opened. A narrow marginal border embellishes each page. With this exception the leaves (150 in number) are perfectly plain, and printed on one side only, on a very fine quality white hard paper. They are moveable, allowing re-arrangement or extension into two or more volumes, as may be desired at any future time. It is hardly necessary to point out the advantage of this; moreover, if a page becomes spoilt, it can be at once replaced. A handsomely arranged title is included. AN INSPECTION IS DESIRED.

**Prices.**—A.—Strongly bound in half morocco, gilt ornaments, and lettering; packed in a box, 30/-, carriage extra. Under 11lbs. can be sent by parcel post. B.—Handsomely bound in full Persian morocco, bevelled boards, gilt edges, double action lock and key clasp; packed in a box, 50/-, carriage extra.

*Spare blank linen-jointed leaves can be had, 1/9 per doz., or 2/3 per doz. if with gilt edges, post-free, abroad extra. A sample leaf sent for 23d., post-free.*

**NOTE.**—Nos. 1, 2, 3, 3b and 4, can be sent to many colonies and foreign countries by parcel post (post free one shilling extra). As the weight of each is given, customers ordering from abroad can themselves calculate the cost of postage, and add same to the price of the book when remitting. If too much is sent, we will either return the excess or place it to the credit of the customer's account. Nos. 4b, 5, 6 and 7, and Nos. 13 and 16 are too heavy to be sent by parcel post, either at home or abroad. Orders for these from abroad must always be accompanied by instructions how to forward.

**THE "IDEAL" PERFORATION GAUGE,**

THE BEST, MOST RELIABLE, and in every way the most convenient perforation  
gauge ever invented.

The Publisher claims for this Gauge many advantages which the present  
Gauges do not possess.

It is portable, being of a convenient size to be carried in the breast pocket.

It is accurate, every gauge having been carefully measured, and the gauge itself is printed from an  
engraved copper-plate.

It has two sets of gauges, vertical and horizontal, on the same card, by which plan the perforations of  
stamps arranged in Albums on the hinge system can be measured without taking them from the book. This  
is an advantage that can be claimed by few, and being printed on stout cardboard will not easily crack. In  
this respect, it is superior to those printed on thin paper or any transparent substance. It will not cockle,  
and damp has but little effect on it.

It has twenty different gauges, from 7 to 16½, and includes 7½, 8 and 8½, not often found in gauges now  
before the Philatelic public, but which are required more especially for some of the Japanese and Turkish  
stamps.

Each dot is bisected by a small vertical line thus: ●● By this arrangement, accurate measurement is  
guaranteed.

In conclusion, I venture to assert that it is the best Perforation Gauge ever placed before the Philatelic  
public, and is in every respect as its name implies—

## The Philatelic Microscope

**T**HIS instrument, specially constructed and beautifully finished by the most skilful workmen, to meet the needs of Philatelists, has charmed all who have seen it. The stamp under inspection is held flat between two glasses, so that it may be leisurely and closely examined by means of the high power magnifying lens, which is readily but firmly adjusted to the needful focus. Now that stamp forging has become a fine art, such an instrument is a *sine qua non* to every collector. By its means the minutest difference in engraving, design and texture of paper may be detected, the relative positions of surcharge and postmark, over the other, are at once decided, and as a forgery detective it will save its cost a hundredfold in a few weeks. It has been supplied to and received the approval of Messrs. Whitfield King & Co., Mr. William Brown, the Scott Stamp Company, and other leading firms and collectors.
