PREFACE.

THE demand for the fourth edition of my Revenue Stamp Catalogue has been very great and the supply long since exhausted. I had promised the fifth edition to be ready in October, 1887, but, owing to very important business matters that required constant attention, and the building up of a new business in place of my old position, it has taken so much of my time that I have given up the idea of trying to call myself a collector, which, for years, I have adhered to, and I now realize that my line is one that would be termed a dealer. I still collect, but not in the sense of old. I now cater to the stamp collecting trade; before, I catered to the collection of E. B. S., hence, all stamps that pass through my hands in the future, collectors will have a good chance to secure by keeping me posted with a list of their wants.

My various Catalogues have been the guide for many a good sale and exchange, and I believe the basis of all transactions in United States Stamps, especially in Revenue collecting.

The standard of these Catalogues will be increased with each issue, and I feel assured that this, my fifth edition, will meet with far greater success than all previous editions, from the fact of the very large demand for the Catalogue in advance of its publication.

I have secured the services of an expert Stamp collector, who will give constant attention to the wants of all, large or small orders alike, and promptness in filling the same will be strictly adhered to. I have received favors in compiling this list from the following well-known Revenue collectors: Mr. Julius Adenaw, H. Nelson Terrett, Robert S. Hatcher, George B. Mason, Henry F. King, W. H. Atwood, H. E. Deats and others.

Very respectfully,

E. B. STERLING.

TRENTON, N. J., January 1st, 1888.

SPECIAL NOTICES.

NET cash on all cash orders of ten dollars or less; above ten dollars, twenty-five per cent. discount.

Letters of inquiry and small orders must contain a stamp for return postage.

In ordering Stamps from this Catalogue *always give the number and price*. It is not necessary to give any other description.

In remitting please send bank draft on New York, postal note, money order or by registered letter, whichever is the most convenient.

Document, Match, Medicine and other Revenue and Postage Stamps of all kinds, both Governmental and State Issues of the United States, will be sent, on approval, to responsible parties furnishing satisfactory references when list of Stamps wanted is furnished by numbers from my various Catalogues only.

Foreign correspondents desiring Stamps must forward cash with order or give first-class references in the United States.

I handle United States Stamps of all kinds, both Revenue and Postage, having made this branch of Philately a study for the past *fourteen years*, so that collectors will find a very large stock to order from, having over \$15,000 invested in all branches of U. S. Stamps. yet it is impossible to have on hand at times all rare Stamps mentioned, and it would be well to send an additional list of wants to select from when ordering from this Catalogue.

I have also issued a descriptive Catalogue (sixth edition) of the Adhesive Postage and Stamped Envelopes of the United States, describing, with price, over 800 varieties, which will be sent post-paid to any address on receipt of twenty-five cents, or \$1.00 extra edition interleaved.

Valuable collections of United States Stamps taken on sale at twenty-five per cent. commission.

I attend in person all auction sales of Stamps in New York City, and solicit the bids of my correspondents who cannot attend, at five per cent. commission, or a uniform charge of fifty cents for all purchases under ten dollars.

I want all kinds of U. S. old issues, Adhesive Postage and Envelopes of every description, in good condition only, for which the best cash or exchange prices will be given. Also Revenue Stamps of all kinds, Paper Money, Coins, Minerals, Shells, Birds' Eggs, Nests, Stone Implements and Curios from all parts of the world.

For other Catalogues, Price Lists, &c., apply with stamp.

SURCHARGED PROPRIETARY STAMPS.

Surcharged Proprietary Stamps used by match, medicine and playing card manufacturers. A provisional substitute for the private dies not then in use, but afterward prepared for their special benefit, and also used by such firms while waiting for their printed stamps to be delivered by the Government, which in many cases were delayed through various causes; also such firms as had private medicines and used the regular Proprietary Stamps to advertise their specialties. Hence, these Surcharged Stamps all have a history and are worthy of a place in all collections of Revenues as Provisional issue.

Many hundreds of Surcharged Proprietary and Document Stamps have been submitted for examination and description, but as the initials cannot be traced to any authentic source, I do not consider them worthy of mention, and have no doubt hundreds are yet to be found in various drug stores. Only those that can actually be traced to private die firms, or mention the business on their face, have any collectable value, and this should be borne in mind.

Match.

Old plain paper. Perforate.

(All are surcharged in black, unless otherwise stated.)

STATE REVENUES.

1862-1886.

State Revenues represent the tax imposed upon the citizens of the States of Alabama, California, Louisiana, Oregon and Nevada, by the State Governments, in addition to the regular tax of the United States Government. All are now obsolete.

The list is a description of what was contained in my private collection. There may be many others that are unknown to me, but I believe this to be the most complete list of State Revenues ever published, and their rarity is increasing every year.

Very respectfully,
E. B. STERLING.

STAMPED PAPER OF THE UNITED STATES.

I have found it very difficult to obtain specimens of our early stamped paper, and on account of their great rarity few collectors cared to incur the expense in obtaining them, for their looks certainly do not add beauty to one's collection, but from a historical stand-point, they should be earnestly sought after by advanced collectors, as they played such an important part in the struggle which gave us our independence.

I have been fortunate in obtaining for my collection an original table giving the prices of parchment and paper for the service of America, which I value very highly and give in proper place a full description of same.

I desire to express my sincere thanks to Mr. W. C. Van Derlip for valuable information in compiling this list and the examination of specimens not in my collection.

Respectfully,

E. B. STERLING.

NOTE.—Act of December 1st, 1756, continued December 24th, 1757; continued December 16th, 1758; expired January 1st, 1760. By analogy with the Massachusetts Act the $\frac{1}{2}$ and 2 pence should exist.

Stamped Paper of the United States. 1765.

The first British Stamp Act which had reference to America, was passed March 22d, 1765, but the Americans were determined that they should not be taxed, and asserted their rights by way of popular meetings, General Congress of the Colonies, heated discussions and pamphlets, which caused the Stamp officers and their supporters to be exposed to personal violence. Hence, the very day on which the act was to have taken effect, (November 1st, 1765,) neither stamps nor officers were to be found in the Colonies, and business of all kinds was transacted without the aid of the stamped paper, which will account for their great rarity. The act was repealed March 18th, 1766.

Dollars, 1.00, 1.25.

Description of Values in Existence.

NOTE.—The Presence of watermark T. A. T. TAM on cut specimens is evidence that they belong to the second issue—particularly in the case of the 25, 50 and 75 cent and values common to both issues. In case no watermark shows, it is impossible to tell in a cut specimen whether it belongs to the first or second issue. Consequently, the \$1.25, \$1.75 or \$2.00 given under first issue may belong to the second issue. All entire specimens of these *Virginia Stamped Paper*, after the date December 31st, 1813, have the stamp (corresponding to the sum taxed) of the General Issue of August 2d, 1813; thus, the 12 cent also has the 25 cent, and the 50 cent has the \$1.00 of the General Issue.

U. S. HYDROMETER STAMPS.

A hydrometer is a glass instrument for determining the specific gravity and purity of various liquids. It has a graduated zero scale, marking the depth to which it sinks into the pure liquid. One end is a large, hollow ball or bulb. Into this bulb is inserted and glued, with the face showing through, the stamp, which is put in during the process of manufacture; the end is then finished and sealed up, making an entire hollow glass vessel. These stamps are inserted by an agent of the Commissioner of Internal Revenue, at the factory of Mrs. C. Tagliabue, in New York City, as authoritative proof that each U. S. Government Hydrometer for spiritous liquors has been duly tested and can, therefore, be relied upon as the standard. They are sold from the Treasury Department, at Washington, for a little over two dollars each. The length of each is about eight inches.

The stamps are printed in black, on white paper. Value not indicated. All bear the imprint (Bureau of Engraving and Printing), except the one signed by E. A. Rollins, as Commissioner. All unperforate.

I am indebted for the above information to my friend, Mr. Robert S. Hatcher.

BRASS COTTON STAMPS.

1863-64.

Patented April 28th, September 13th and 29th, 1863; May 24th, 1864.

I have not been able to gather many of these odd, but interesting, specimens of stamps. Being on brass, instead of paper, has been the cause of their rejection by collectors to a certain extent, but also on account of their rarity few collectors have ever met them, and a list of such as I have seen certainly can do no harm, and may be the means of bringing many to light, for they no doubt exist, in all the letters of the alphabet, the numbers of course being different on each stamp.

Respectfully,

E. B. STERLING.

Description.

Oblong strip of brass, tapering to a point, commencing from where the stamp is impressed on the end, on uniform space made for the embossment. Barbed attachment at extreme point. Style thus:

Letter D.

Small D. Medium letters and figures. Size of stamp proper, 50x30 mm. Entire length to point, 245 mm.

Letter J.

Very large figures in centre. Medium letters. Large, open J. Size of stamp proper, 68x36 mm. Entire length to point, 260 mm.

Letter J.

Large, solid J. Medium letters and medium figures. Size of stamp proper, 68x36. Entire length to point, 266 mm.

Letter J.

Large, script J. Medium letters, and large figures. Size of stamp proper, 69x36 mm. Entire length to point, 266 mm.

Letter B.

Stamp impressed on right end. Numbers small, at right end, 40486. Letters small. Paid, large, and Ohio, medium. Size of stamp proper, 50x30 mm. Entire length to point, 243 mm.

PRIVATE DIE PROPRIETARY STAMPS.

(NEVER DELIVERED.)

Private Die Proprietary Stamps existing in Proof specimens that were in some cases regularly issued by the Government for use by the Proprietors, but not delivered, either by failure to pay for the die or failure of the firms in business, and other causes. Where the stamps were actually printed, I have mentioned that fact by the color in *Italics*.

All the following specimens, existing in proof, were formerly owned by me, but now are in the possession of Mr. H. E. Deats.

Respectfully,

E. B. STERLING.

TO THE STAMP-COLLECTING PUBLIC.

I THINK all collectors will be well repaid for the great delay caused by the compiler of this work in getting out his book, which was advertised to appear in October, 1887, from the fact that the list was originally intended to cover only about two thousand varieties in United States Revenues, while the actual number included up to date (April 3d, 1888,) is four thousand one hundred and ninety-one varieties—more than double the number that it was intended should be included in this edition—and all without extra cost to the public.

It has been a work that required late hours, and few collectors can imagine the amount of labor bestowed and time expended in compiling this, my greatest effort in the catalogue line. If it proves as satisfactory to collectors as my fourth edition, I will feel repaid for the effort.

I have no doubt that errors will be found that I have not noticed, and shall be glad to have them pointed out to me, with a view of correction in my next issue..

Very respectfully,

E. B. STERLING.

TRENTON, N. J., April 3d, 1888.
