Postage Stamps,

FOR SALE BY

Edward B. BEANS,

Box 35,

FALLSINGTON, Pa., U. S. A.

PRICE 10 CENTS.

SEVENTH EDITION.

1887.

DIRECTIONS.

This Catalogue is intended as a complete Descriptive Price Catalogue of the Postage Stamps of all Nations to the present date. If any have been omitted we shall be pleased to receive notice of them, that we may insert them in future editions.

We do not profess to have in stock all the stamps mentioned in this Catalogue, which would require the capital of a millionaire, but have thought best to give as nearly as we can ascertain, the current price of every stamp both used and unused, for the general information of collectors. We have most of the lower priced stamps and will try to obtain rarities when desired. In ordering it is always best to make out a supplementary list, in case we are out of part of the stamps, otherwise the remainder will be placed at sender's credit.

Advanced collectors should send us a marked catalogue of their wants. Sheets of stamps will be sent on approval with proper reference. *All stamps sold by us are warranted genuine.*

We are always ready to purchase good collections of stamps, also rarities, especially of the United States. Stamps catalogued at 5 cents and upwards, if in good condition, taken in exchange at half our prices until we have a sufficient stock of the stamps offered. Many stamps such as the old U. S. Locals and Provisionals, and the Confederate Provisionals are valued much higher when preserved on the entire envelope showing the postmark, than if taken off.

The price in the first column is for unused and in the second for used stamps. Orders from Catalogue should contain the full address of the sender, and be written out in the following style :

In selecting the stamps preference is always given to first order.

Remittances by mail should be made by Money or Express order, Banker's draft or in Registered letter. Unused 1 and 2 cent stamps taken in payment for small sums. All letters of enquiry or orders under 25c. should contain a 2c stamp for reply.

We beg to apologize for the advance in price of many stamps from our previous Catalogues, especially of U. S. stamps, but we have to pay much higher than formerly to obtain them.

PROVISIONAL STAMPS.
The various surcharges made on the Peruvian stamps numbering several hundred varieties are interesting mementos of their history as a nation, but hardly deserve detailed space in a Catalogue, any more than the various towns printed on the Mexican stamps, especially as the purchasing of these stamps unused encourages the manufacture of varieties purposely for collectors. We give the most prominent surcharges, which are on the issues of 1874 & 1886. The letters after the color show the color of surcharge: b for black; r indigo blue; r red; x yellow.

REMARKS.

The collecting of Postage Stamps is one of the most popular and fascinating pursuits of the present day and combines instruction with amusement, as it teaches us Geography, History, and the Currency of other nations, besides elevating our artistic taste by the comparison of all grades of skill, from wood cuts to the finest steel engravings.

In the compilation of this Catalogue, we have not sought to give the exact date of issue of every stamp, but have tried to arrange them in sets with one general date for the set of uniform style. For instance in the set of U. S. stamps for 1861, the 2c and 15c were not issued until two or three years later, but we have classed them with the others under the date of 1861. It is only in a History of Postage stamps that such exactness of date is necessary. It will be understood that the first date given (which reads 61, for 1861 etc.) covers all the stamps following until a new date is given, and so on.

Where the color of the stamp is printed in *Italic* letters it means that it is printed in black on colored paper, thus *green* means black impression on green paper.

Where any stamp comes with more than one variety of perforation it is shown at the end of the dotted line by the following marks: a colon (:) for both perforated and unperforated; a semicolon (;) for both perforated and rouletted; a semicolon reversed (:) for unperforated and rouletted; and both signs (;) for perforated, unperforated and rouletted. The price given is for the cheapest variety. Some stamps such as the early Ceylon, New Zealand, etc. bring much more when unperforated, while others such as the early Canadian etc. bring more perforated, according to their scarcity.

We have not given the different varieties of watermark as we have in some of our early editions, but may do so at a later period.

We generally recommend the purchase of used stamps, as they are less expensive, and the postmarks are an interesting study in themselves, and in some cases help to prove the genuineness of the stamps, though there are as many postmarked counterfeits offered as unused. Where the price is higher for used stamps it shows either that very few were used, such as the Ionian Is. stamps, or that a large number of remainders were left over and sold at a reduced rate after they became uncurrent, as in the Prince Ed. I. stamps; or that they have been reprinted from the original plates, such as the Bergedorf, Romagna, and some of the U. S. stamps. These reprints should not be classed with counterfeits, although they have not the same interest that is attached to original stamps, and their tendency is to lessen in value instead of increasing.

We have omitted Postal Cards, as they should be kept entire to show the whole inscription, and the various styles and sizes of envelopes, each of these branches requiring a separate catalogue.

REMARKS.

The collecting of Postage Stamps is one of the most popular and fascinating pursuits of the present day and combines instruction with amusement, as it teaches us Geography, History, and the Currency of other nations, besides elevating our artistic taste by the comparison of all grades of skill, from wood cuts to the finest steel engravings.

In the compilation of this Catalogue, we have not sought to give the exact date of issue of every stamp, but have tried to arrange them in sets with one general date for the set of uniform style. For instance in the set of U. S. stamps for 1861, the 2c and 15c were not issued until two or three years later, but we have classed them with the others under the date of 1861. It is only in a History of Postage stamps that such exactness of date is necessary. It will be understood that the first date given (which reads 61, for 1861 etc.) covers all the stamps following until a new date is given, and so on.

Where the color of the stamp is printed in Italic letters it means that it is printed in black on colored paper, thus *green* means black impression on green paper.

Where any stamp comes with more than one variety of perforation it is shown at the end of the dotted line by the following marks: a colon (:) for both perforated and unperforated; a semi-colon (;) for both perforated and rouletted; a semicolon reversed (⋮) for unperforated and rouletted; and both signs (:;) for perforated, unperforated and rouletted. The price given is for the cheapest variety. Some stamps such as the early Ceylon, New Zealand etc. bring much more when unperforated, while others such as the early Canadian etc. bring more perforated, according to their scarcity.

We have not given the different varieties of watermark as we have in some of our early editions, but may do so at a later period.

We generally recommend the purchase of used stamps, as they are less expensive, and the postmarks are an interesting study in themselves, and in some cases help to prove the genuineness of the stamps, though there are as many postmarked counterfeits offered as unused. Where the price is higher for used stamps it shows either that very few were used, such as the Ionian Is. stamps, or that a large number of remainders were left over and sold at a reduced rate after they became uncurrent, as in the Prince Ed. I. stamps; or that they have been reprinted from the original plates, such as the Berge-dorf, Romagna, and some of the U. S. stamps. These reprints should not be classed with counterfeits, although they have not the same interest that is attached to original stamps, and their tendency is to lessen in value instead of increasing.

We have omitted Postal Cards, as they should be kept entire to show the whole inscription, and the various styles and sizes of envelopes, each of these branches requiring a separate catalogue.
