## P R E F A C E .

One year ago, the Second Edition of our Descriptive Price Catalogue was published. Large as was the number issued they were not sufficient to meet the demands of our patrons for them. This demand still continues and has necessitated the publication of this, our Third Edition. It has been revised, corrected, brought up to date and improved by the rearrangement of some of the sets and by the addition of copious descriptions. While some of the prices have been increased—owing to the fact that many stamps of obsolete issues are becoming scarcer every day—a number of others have been reduced. We are enabled to sell cheaper because of the large increase in our business, and also for the reason that our facilities for obtaining stamps have been greatly improved. The number of Stamp collectors is, undoubtedly, on the increase, and comparatively few are giving up their collections. We do not remember a time when fewer collections were being offered for sale than the present. Stamp collecting is no longer a “fever,” confined to a few curious people; it has become a delightful and instructive pursuit to thousands, both young and old. Many professional and business men have found in a Stamp collection that rest from the worry and cares of every-day life which they so much needed; school-boys show their ambition by striving to make a larger collection than their mates, and ladies collect because it is an elegant pursuit and one calculated to please those finer feelings with which their sex is credited. There is something more in a collection of Stamps than brilliant colors, which please the eye and entertain the mind; they are something to study and learn from; they tell of political changes; of the manners and customs of people; of tastes, arts and sciences. On the Stamps of our own country are found portraits of men eminent in the affairs of the nation, and representations of noted historical events. Let all collectors study their Stamps and they will find in them sufficient amusement, and gain from them enough valuable knowledge to more than pay for the time and money expended in their collection. To all our customers we tender thanks for their patronage in the past, and by careful attention to business, and earnest endeavor to please, hope to merit a continuance of their favors in the future.

## NOTICES.

Every stamp sold is warranted genuine, and a written guarantee to that effect will be given whenever desired.

All letters of inquiry and orders under twenty-five cents must contain a stamp for return postage. In sending money through the mails, have it in as few pieces as possible, and instead of coins for odd cents, send unused postage stamps of low value.

We are not responsible for money sent, unless it be by post office money order, registered letter or bank draft on Philadelphia or New York. Amounts of one dollar and over should be sent in one of these ways. All post masters are required to register letters upon payment of a fee of ten cents in addition to the postage. Money orders can be obtained at many offices at the rate of ten cents for each ten dollars or fraction thereof.

We have a large stock of stamps, both used and unused, and are constantly receiving others; but it is impossible, at all times, to keep every one mentioned in this catalogue, and correspondents, when ordering, are requested to send a list of double the number or value of stamps wanted. For instance, if it is desired to purchase to the value of one dollar, make a list of stamps that will amount to two dollars, and we will send from it, in the order in which they are named, to the value of one dollar. Money sent for stamps not in stock will be returned, unless otherwise ordered.

To avoid mistakes, all orders should be plainly written out, with the date of issue, value, color and price of each stamp, and the sender's name and address given in full in every case.

In addition to the stamps named in this catalogue, we have a large assortment of United States, Confederate, Russian and other Locals; United States and Foreign Revenues; Postage and Revenue Stamp Albums and Arms, Crests and Monograms. We also purchase scarce and rare stamps of all kinds, particularly those of South and Central America, Mexico, British North America and the West Indies.
