N. B.—We beg to state it is impossible to reply to queries and offers unless postage is sent. It is necessary that Orders, to be executed on the same day as received, should reach us before 10 a.m.

GENERAL † NOTICES †

TO BOTH

BRITISH & FOREIGN CORRESPONDENTS.

TERMS: Nett Cash in Advance.

All the prices in this List have been carefully revised, and, being the very lowest, there is no deviation under any circumstances from them. Our *Nett* prices, taken as a whole, will be found lower than those of other dealers, even when discount is deducted from their quotations. The prices quoted are subject to fluctuation; every possible endeavour is, however, made to adhere to them. Should no price be given, the stamp most probably is out of stock; but an enquiry, accompanied by postage, will be promptly replied to. The trade are respectfully referred to the prices per dozen in this Catalogue, and also our Wholesale List, the largest and most complete published, post-free, 1d.

Coin should not be sent in Letters unless registered. All Letters which contain Coin, even though they are posted without registering, are treated as registered, and charged on delivery with a Registration Fee of 8d. in addition to the ordinary postage. Insufficient or unpaid Letters are invariably refused. Not answerable for Letters lost in transit.

All Orders are sent, and Letters replied to, per return of post certain; and all communications (orders included) should contain sufficient stamps for reply, and 2d extra for registration if desired. Full address will much oblige with every communication. Not less than half-dozen supplied at dozen rate.

ALL ORDERS for STAMPS FROM THIS CATALOGUE

Should be written on paper, with prices enumerated, separate to the letter that accompanies it, the original order will then be returned with the Stamps. Convenient order forms, to facilitate their correct execution, and arranged specially with this object, can be supplied, 25 post-free, 4d. In no case do we deviate from our fixed prices, nor can we give special quotations for Stamps already quoted in our various lists. We cannot undertake to affix prices to lists of wants; nor can we examine same prior to their being looked out; in case of "out of" a credit note will be sent, or the money at once returned. Returns should be accompanied by the original list for identification. These Orders are sent by post only. Uncut Envelopes may occasionally be dearer. Used Envelopes, as a rule, cannot be supplied entire. Varieties of perforation and watermark are not given, as including such would increase the size, and consequently the price of the Catalogue, which in many ways would be undesirable, more especially as even now this present edition is sold at a considerable loss to the publishers. We get so many enquiries as to when a new edition may be expected, that it is well here to state that the publication of such entirely depends on the exhaustion of the present; no fixed time can be given. It is duly announced in the *Philatelic Record*, published monthly; 3/6 per annum.

IMPORTANT NOTICE to CORRESPONDENTS WHO ARE DESIROUS OF SECURING NEW ISSUES AS SOON AS THEY APPEAR.

For the convenience of those Philatelists who may so wish we have fitted up a limited number of boxes, each one bearing a Correspondent's name. In every box is deposited, on arrival, any new Adhesives, Envelopes, Post Cards, etc., all unused; and these are submitted as soon as sufficient has accumulated, or as may be convenient to the Collector.

By this method repetition is avoided. Selections once sent, whether kept or returned, are not forwarded a second time, unless specially desired. Among other advantages may be named uniformity of price, and less likelihood of missing any temporary or new issue that may hereafter become scarce. This arrangement is applicable only for those *earnest* Collectors who are desirous of receiving all new issues, unused, as soon as procurable. No charge is made for the box; prompt remittances are however required to cover the supplies forwarded. There are a few boxes now available, and we shall have much pleasure in appropriating them to those Collectors who may desire to have the use of such.

Philatelic collections carefully mounted and arranged by experienced employes. The charge is 5s. per 100 Stamps, Envelopes, and Cards, which includes prepared mounts and the removal of the Stamps from any old Albums sent for that purpose.

STANLEY, GIBBONS, & Co. are prepared to purchase large or old Collections of Postage Stamps, also remainders of Government Stocks, any large lots of old issues, or special rarities singly. All letters and offers, with lowest price named, must be accompanied by postage for reply.

PREPARED STAMP MOUNTS,

For affixing Stamps in collections neatly and expeditiously. Far superior to the old plan of gumming the Stamps, and inserting them so that it is only with great difficulty they can be withdrawn. These Mounts are made of a thin strong white paper, and are ready gummed. They are to be used on the hinge system. Two sizes are kept in stock; viz., No. 1 size, suitable for ordinary-sized adhesives; No. 2 size, for larger Stamps or cut Envelopes. This size may also be used for Cards by using two mounts for each Card. Price: No. 1 or No. 2 Size, 4d. per 100; 2s. 3d. per 1000, post-free.

Special Notices to Correspondents in Great Britain & Ireland.

REMITTANCES should be made by Post Office Order (payable at General Post Office) or Postal Order. For sums under 5s. Stamps can be taken, halfpenny and high values are preferred. £1 Scotch and Irish Notes are allowed for at the rate of 19s. 9d.

OFFICE HOURS, for the sale of Albums and Packets only, 9 a.m. to 5.30 p.m.; Saturdays, 3 p.m. All other communications should be made by post, and they will be most promptly attended to.

Special Notices to Correspondents Abroad.

To facilitate the forwarding of Remittances, S., G., & Co. annex Terms for different countries, as below; for others than those named underneath, remittances will oblige by Post Office Order (payable at General Post Office), Bank Notes, Draft, or, if the foregoing are unobtainable, unused Postage Stamps of the LOWEST value from whence the order is sent.

The new regulation requiring that all Stamps, Envelopes, and Cards, whether used or unused, shall be sent by letter post, correspondents are respectfully requested to remit sufficient to provide for this. Envelopes and Bands will be sent cut, to save postage, unless contrary instructions are given when ordering.

STANLEY, GIBBONS, & Co. would be glad to receive some of each of any new issue (should there be any), or if the colours of any Stamps have been changed, a supply would oblige.

A quantity (£1 to £5 worth) also of any Provisional or Surcharged postal issue that may be current is particularly desired.

Early intimation of any projected new issue or change would be valued, S. G. & Co. being especially desirous to procure early supplies of anything new, either Adhesives, Stamped Envelopes, Newsbands, or Post-cards.

☞ Prompt cash and postages incurred are guaranteed.

The Philatetical Album. A New Album for Advanced Collectors.

THE Publication of this Volume supplies a long-felt want. It is especially produced in answer to numerous enquiries from those who prefer to be at full liberty as to what they shall, and what they shall not collect; and will be found suitable for the reception of the most **Extensive and Complete Collection possible**. It is also adaptable either as a **POST CARD AND REVENUE STAMP ALBUM**, or an **ALBUM FOR UN CUT ENVELOPES**.

Collectors of this school have hitherto had to resort to books not specially manufactured for the purpose, and hence unsuitable, or the more expensive and very often unsatisfactory mode of having one expressly made; it is to meet this want that this Album is published, and all that experience can suggest has been carried out to *make it worthy the use of even the most advanced Collectors*, and adaptable to any arrangement that may be desirable. It is also especially applicable for the use of those Philatelists who use as their guide "Pemberton's Handbook," "Gray's Catalogue," or any other standard list, including the Catalogue published by ourselves. A narrow marginal border, printed in gold, embellishes each page. With this exception the leaves (150 in number) are perfectly plain, and printed on one side only on a very fine quality white card paper. A handsomely arranged title and blank contents page are included, with ample guards distributed throughout. The work is elegantly bound in Russia Morocco, the size being 13½ x 10 inches. No Album hitherto published can be compared with it for general finish; it is a handsome book without being too showy.

AN INSPECTION, IF POSSIBLE, IS SOLICITED.

Price **TWO GUINEAS**, Packed in a Strong Box, Carriage extra. Too heavy to go by Post.

"The New Philatetical Album is all that can be desired."—*The Philatelic Review*.

A COLOUR CHART

Designed to Illustrate and Identify the Colours of Postage Stamps.

The object of this Work is to present a standard by comparison with which the colour of any particular Stamp can be easily described.

There has always been disagreement among Philatelic Writers and compilers of Catalogues in naming the colours of Stamps. As a single illustration: we find, on examining nine Catalogues, that seven different names are given to the colour of the 2½d. Stamp of Great Britain, 1874, although the colour of this Stamp varies as little perhaps as any that might be chosen.

About 150 colours are represented, six shades of each colour being given, running from dark to light.

The accompanying descriptions are printed in four languages; viz., English, French, German, and Spanish.

Price 3s.; post-free, 3s. 2d.

RECENT CRITIQUES ON THE ABOVE WORK.

The Philatelic Record For March, 1885, says:

"We are glad to welcome a work by Major Evans, which we received too late to notice in our last number. The author intersperses his cataloguing with notes and remarks; those relating to native Indian issues are eminently interesting and to the point. *The Philatelic Handbook* registers issues so recent as those of Malta and Puttiala. We think the author has exercised a wise discretion in introducing a register of perforations, which will afford young collectors the chance of adding many a good thing to their albums. Although there are many rare stamps which philatelists of small means can never hope to possess, varieties of perforation, and some of them very scarce ones, may always be found by diligent hunting. The book is lavishly illustrated, and the typography all that the printers of *The Philatelic Record* have accustomed us to expect from them. We feel sure that Major Evans's Handbook will prove useful to collectors."

The Irish Times For April 4th, 1885, says:

"Major E. B. Evans, Royal Artillery, has rendered another good service to stamp collectors by furnishing them with a compact guide. All the laborious care for which Major Evans has long been remarkable in his philatelic researches has been bestowed on this his latest work, and with the result that a most reliable and interesting guide has been furnished for the use of collectors."

The Stamp Collector's Journal For March, 1885, says:

"It is our pleasant duty this month to record at the hands of the above well-known and enterprising philatelic publishers a new and very useful work from the pen of Major E. B. Evans, R.A. The matter contained in the work itself is particularly readable and entertaining, as all the matter from Major Evans's pen always is. The printing is excellent, and the illustrations profuse. The binding of the work, which consists of about four hundred pages, is such that it would be a credit to any drawing-room table. The author has cleverly avoided the dull monotony of an ordinary catalogue, and produced a work which can be read and appreciated by every grade of philatelist. We can thoroughly recommend our readers to send Messrs. Stanley, Gibbons, and Co. 8/- for a copy, and feel sure they will never regret the outlay."

STANLEY, GIBBONS, & Co. are prepared to purchase, for immediate cash, good Collections of Stamps, or large quantities of old and rare issues; also early issues of any of the undermentioned countries:

A COLOUR CHART

Designed to Illustrate and Identify the Colours of Postage Stamps.

THE object of this Work is to present a standard by comparison with which the colour of any particular Stamp can be easily described.

There has always been disagreement among Philatelic Writers and compilers of Catalogues in naming the colours of Stamps. As a single illustration: we find, on examining nine Catalogues, that seven different names are given to the colour of the 2½d. Stamp of Great Britain, 1874, although the colour of this Stamp varies as little perhaps as any that might be chosen.

About 150 colours are represented, six shades of each colour being given, running from dark to light.

The accompanying descriptions are printed in four languages; viz., English, French, German, and Spanish.

RECENT CRITIQUES ON THE ABOVE WORK.

"The Philatelic Record" for March, 1885, says:
 "We are glad to welcome a work by Major Evans, which we received too late to notice in our last number. The author intersperses his cataloguing with notes and remarks: those relating to native Indian issues are eminently interesting and to the point. *The Philatelic Handbook* registers issues so recent as those of Malta and Puttiala. We think the author has exercised a wise discretion in introducing a register of perforations, which will afford young collectors the chance of adding many a good thing to their Albums. Although there are many rare stamps which philatelists of small means can never hope to possess, varieties of perforation, and some of them very scarce ones, may always be found by diligent hunting. The book is lavishly illustrated, and the typography all that the printers of *The Philatelic Record* have accustomed us to expect from them. We feel sure that Major Evans's Handbook will prove useful to collectors."

"The Irish Times" for April 4th, 1885, says:

"Major E. B. Evans, Royal Artillery, has rendered another good service to stamp collectors by furnishing them with a compact guide.

All the laborious care for which Major Evans has long been remarkable in his philatelic researches has been bestowed on this his latest work, and with the result that a most reliable and interesting guide has been furnished for the use of collectors."

"The Stamp Collector's Journal" for March, 1885, says:

"It is our pleasant duty this month to record at the hands of the above well-known and enterprising philatelic publishers a new and very useful work from the pen of Major E. B. Evans, R.A. The matter contained in the work itself is particularly readable and entertaining, as all the matter from Major Evans's pen always is. The printing is excellent, and the illustrations profuse. The binding of the work, which consists of about four hundred pages, is such that it would be a credit to any drawing-room table. The author has cleverly avoided the dull monotony of an ordinary catalogue, and produced a work which can be read and appreciated by every grade of philatelist. We can thoroughly recommend our readers to send Messrs. Stanley, Gibbons, & Co. 8/- for a copy, and feel sure they will never regret the outlay."

The binding of the work, which consists of about four hundred pages, is such that it would be a credit to any drawing-room table. The author has cleverly avoided the dull monotony of an ordinary catalogue, and produced a work which can be read and appreciated by every grade of philatelist. We can thoroughly recommend our readers to send Messrs. Stanley, Gibbons, & Co. 8/- for a copy, and feel sure they will never regret the outlay."

✱ COLOUR ✱ CHART.

DESIGNED TO ILLUSTRATE AND IDENTIFY THE COLOURS OF POSTAGE STAMPS.

The object of this Work is to present a standard by comparison with which the colour of any particular Stamp can be easily described.

THERE has always been disagreement among Philatelic Writers and compilers of Catalogues in naming the colours of Stamps. As a single illustration: we find, on examining nine Catalogues, that seven different names are given to the colour of the 2½d. Stamp of Great Britain, 1874, although the colour of this Stamp varies as little perhaps as any that might be chosen.

About 150 colours are represented, six shades of each colour being given, running from dark to light. The accompanying descriptions are printed in four languages; viz., English, French, German, and Spanish. Price 3/-; post-free, 3/6.

Prepared Stamp Mounts for affixing Stamps in collections neatly and expeditiously.

Far superior to the old plan of gumming the Stamps, and inserting them so that it is only with great difficulty they can be withdrawn.

THESE Mounts are made of a thin strong white paper, and are ready gummed. By their use, Stamps can be removed at any time without injuring them, or in any way disfiguring the collection. They are invaluable to those who collect watermarks. They are to be used on the hinge system. Two sizes are kept in stock; viz., No. 1 size, suitable for ordinary-sized adhesives; No. 2 size, for larger Stamps or cut Envelopes.

This size may also be used for Cards by using two mounts for each Card. Prices: No. 1 or No. 2 Size, 4d. per 100; 2/3 per 1000, post-free.

The Prepared Paper can be supplied in Large Sheets ready Gummed, at 3d. per Sheet, Post-free.
