MY COLLECTING FRIENDS

Are entitled to my earnest thanks for the kind favors during the last season, and I take this opportunity of saying to them, one and all, that I thoroughly appreciate the numerous testimonials of regard which have made pleasant my five years in business and have had no small share in prompting me to continue in a calling which I find congenial and fascinating. It has always been and will continue to be my ambition to earn the good will and friendship of my patrons, to obtain new customers and retain them, by a close and conscientious attention to their orders; to hold my old customers by endeavoring to keep constantly on hand an extensive assortment of all goods and thus give their numerous wants that careful and scrupulous regard which has been the means of keeping their patronage in the past.

If there is any one custom more than another to which I feel I owe the retention of the good will and continued patronage of those who have dealt with me in the past, it is that of cheerfully refunding money or sending other goods whenever stamps ordered are not satisfactory. I will esteem it a personal favor on the part of all purchasers if they will return the goods that do not come up to their expectations. I will immediately forward new selections or refund money.

I request all collectors wishing to complete their collection to send their want list and I will send the stamps at a very low price as my motto is, "Quick sales, small profits."

I have always good, rare and desirable stamps on hand.

Again thanking you for your past favors and trusting that in the years to come our relations may be no less pleasant than they have been in the years that are gone, I am,

Yours in Philately,

HENRY GREMEL.

INTERNATIONAL POSTAGE STAMP ALBUM—Ninth Edition.

In every respect this is superior to any previously issued, and we feel justified in stating that it is the best postage stamp album ever published in the world. The spaces for cut envelopes have been considerably enlarged, thus allowing for large margins on all such specimens. Although the album is almost 50 per cent. larger than the previous edition, and printed on paper far superior in quality, the prices will remain the same, as follows:
