## PREFACE.

---

As promised in our previous editions we are improving each number. The press work is much better and the compiling is as near perfect as can be. A greater number of foreign names have been added and new countries represented. We are striving to make it strictly international in every respect. That much good has been accomplished can not be doubted, as it has brought collectors into greater intimacy, thus causing renewed interest to be taken in the science of Philately, as each collector, having a better knowledge of his correspondents' collection, will strive to eclipse it in point of numbers. We can not place every collector's name in the Directory, and we have given the preference to those who have aided us in this work by placing their names first. Many will be disappointed at the non-appearance of their names, but we must draw the line somewhere. We thank all who have aided us in any way, and trust they will have no cause to regret so doing.

We exceedingly regret the delay this year, the principal cause being the tardiness of our advertisers in responding. As the expense is heavy and they receive a great share of the benefit, it is only right that they respond more promptly in future.

The publisher is now prepared to receive applications for space in the 1884 number. The terms will be :

1	page	and	copy	of	book,	\$4.00
$\frac{1}{2}$	"	"	"	"	"	2.50
$\frac{1}{4}$	"	"	"	"	"	1.50
$\frac{1}{8}$	"	"	"	"	"	.75

Special pages may now be secured, a deposit of \$1.00 being required and the balance on notification of the time of closing forms. If space thus secured is not taken the deposit is forfeited.

Space in the collectors' page can be secured at 50 cents for each space which also includes copy of book.

United States Postage Stamps taken in Payment.

Articles pertaining to stamp collecting and kindred matter solicited, and must be original to insure publication. When a moneyed value is placed upon same, price must accompany it. We hope those versed in philately, also in numismatics, will take advantage of our open columns to give expression to their ideas. Also those having questions to ask, relating, of course, to our science and of interest to the general reader, are requested to put the same briefly, and we trust that our readers will take sufficient interest in same to assist us in answering them.

## ADVERTISING RATES.

Fifty Cents per Inch, One Column, \$3.00  
Thirty " " Half Inch. One Page, \$5.00. Half " \$1.75

No deviation from above prices except in continued one-half or whole-page advertisements, when special rates will be given. The above rates are on the basis of CASH STRICTLY IN ADVANCE.

**To Stamp Collectors.**—We would call attention to the fact that we are using the most strenuous efforts and money unstinted to establish a paper devoted to their interest. Not a "tawdry," "namby-pamby" sheet, but a first-class, intelligent journal, wherein and whereby they may make known their wants and find that intellectual pleasure that the great reading public get in the higher order of general literature. We trust—judging from our success in the past—that our labors are appreciated; but, as a further and substantial proof thereof, request them to subscribe.

**To Parents.**—We would say that if their boy or girl have commenced their little collection and tire you of an evening with their numerous questions on the subject of Philately, do not dampen their ardor by saying you "don't know," or "wait until some other time," but put them in the way of getting the information by subscribing for this paper. Having the address of all reliable dealers and prominent collectors, we shall deem it a pleasure to give same through our columns when it is required, thus putting the amateur in the way of getting rare stamps or information concerning them. Further, we pledge our word that nothing in these columns shall meet their gaze that the most refined can not peruse with impunity.

**To Dealers.**—We would briefly say that we shall make it to their interest to patronize our columns. In a short period we shall enlarge this journal permanently, when rates will be advanced. We are ready however, to contract for long periods in our advertisement columns at present prices.

N. B. Parties having No. 1 of this paper in good order, will receive in return for same any other single copy of this paper. Correspondents wishing reply by mail will *inclose stamp for return postage.*

**WILLIAM P. DAWS,**  
**FOREIGN STAMP IMPORTER,**

853 Calle Tucuman, Buenos Aires, Arg. Rep.

Has always in hand a fair stock of used and unused Argentine Republic, Uruguay, Chili, Bolivia, Peru, Paraguay and Brazil; also old issues at moderate prices. All stamps sold by me are warranted genuine. Foreign correspondence is especially solicited from the U. S. of Colombia, Venezuela, San Salvador, Guatemala, Honduras, Costa Rica, Nicaragua, Ecuador, Mexico, Newfoundland, West Indies, etc.

Foreign Dealers are requested to send Trial Consignments, duly priced, of Good and Scarce Stamps, for which suitable exchanges will be sent of above-named countries, if so desired. Philatelic journals requested. Reference given if desired.

I cannot hold myself responsible for letters lost in transit. Letters inclosing valuable stamps should be sent registered to insure their safe receipt. No stamps that are rejected will be returned unless postage is inclosed, and this requires a 12 cent stamp from this Republic to all countries in the Postal Union. When writing always give full name and address. All letters answered by return mail. Dealers meaning business will find correspondence profitable. I will supply dealers with used Argentine Republic, present issue, 1c to 16c, well mixed, at \$1.25 per cent clean specimens, cash with order. Other higher values are scarce. Also unused stamps of above-named countries that I deal in, at 25

per cent over face value, postage extra, cash with orders, etc.

Correspondence in English, Spanish, or French.
