THE
Imperial Postage Stamp Album,

By E. S. GIBBONS,

Illustrated with nearly Eight Hundred Engravings.

The Arms of the Chief Countries of the Universe,

The Imperial Stamp Album

Will be found to be the most elaborate work of the kind ever published. The superiority of its arrangement must at once be apparent; the countries are arranged alphabetically, in separate continents, the spaces for the stamps being tastefully grouped, and entirely detached from each other, thus allowing a good margin around each stamp.

Over thirty pages are left for future emissions.

The cover is from a new design, and the size of the work is 10in. by 8½in.
