COLLECTOR OF AND DEALER IN

POSTAGE and REVENUE STAMPS OF ALL COUNTRIES and of ALL KINDS,
BETHLEHEM, PA.

NOTICES:

In ordering stamps from this priced-list, it is simply necessary to give the name of the heading, the number of the stamp wanted and its price.

As it is impossible to have in stock at all times specimens of all the stamps quoted, purchasers will confer a favor by sending their orders for twice the amount of the remittance they make. By so doing stamps can be sent to the full amount of the remittance. Terms: Net cash in advance.

On account of the insecurity of the mails, remittances should be made by Postal Money Order or Registered Letter. Money sent in any other way is at the risk of the sender.

Unused one and two cent stamps will be accepted in small sums.

I particularly request that every letter sent to me bear the sender's name and address in full. Attention to this request will prevent many errors and delays. Letters of inquiry must contain a stamp for the reply.

Owing to the low prices at which I sell stamps I cannot pay the return postage on small orders.

Remittances from correspondents in For-

eign countries should be made by Bank Notes or Money Order. Correspondents in Canada can send silver if properly protected.

The most satisfactory way to send an order is to write it on a separate piece of paper (one item under another) and enclose it with the letter of transmittal.

I wish to purchase all kinds of United States stamps, for which I will allow good prices either in cash or exchange. Offers must contain stamp to pay return postage.

All stamps sold by me are warranted genuine.

United States stamps are not sent on approval.

Sheets of foreign stamps, to select from, will be sent to persons furnishing reference or a money deposit.

The question is frequently asked "Do you sell mixed stamps by the thousand?" To this question the reply is made that I do not, for the reason that such mixtures, bought at a low price, are almost worthless, as they must, of necessity, contain many duplicates of the commonest varieties, and the buyer is disappointed to find that he has, practically, wasted his money. The most satisfactory way to purchase is to order just the stamps that are wanted.

WHITE PAPER.

- 197. **Cotton Stamp**..... 75

(These rare and unique stamps were cut from sheet brass, and are 238 millimetres in length by 28 at one end, tapering to a hook, which is riveted, at the other. They were used in taxing cotton in bales, and were applied to the bales by means of a chisel. The hook attachment was to catch on the cotton and prevent the withdrawal of the stamp. The broad end has embossed on it the number of the stamp, with the words, "U. S. Tax. Paid.")

COLLECTOR
AND
DEALER

E.T. PARKER'S

MONTHLY PRICED-LIST

POSTAGE STAMPS

This MONTHLY LIST is issued on the First of each Month, and will be mailed, without charge, to all collectors who may furnish me with their address.

NO. BETHLEHEM, PA., AUGUST, 1887. 3.

NOTICES:

In ordering stamps from this priced-list, it is simply necessary to give the number of the list, the number of the stamp wanted and its price.

As it is impossible to have in stock at all times specimens of all the stamps quoted, purchasers will confer a favor by sending their orders for twice the amount of the remittance they make. By so doing stamps can be sent to the full amount of the remittance. Terms: Net cash in advance.

On account of the insecurity of the mails, remittances should be made by Postal Money Order or Registered Letter. Money sent in any other way is at the risk of the sender.

Unused one and two cent stamps will be accepted in small sums.

I particularly request that every letter sent to me bear the sender's name and address in full. Attention to this request will prevent many errors and delays. Letters of inquiry must contain a stamp for the reply.

Owing to the low prices at which I sell stamps I cannot pay the return postage on small orders.

Remittances from correspondents in Foreign countries should be made by

Bank Notes or Money Order. Correspondents in Canada can send silver if properly protected.

The most satisfactory way to send an order is to write it on a separate piece of paper (one item under another) and enclose it with the letter of transmittal.

I wish to purchase all kinds of United States stamps, for which I will allow good prices either in cash or exchange. Offers must contain stamp to pay return postage.

All stamps sold by me are warranted genuine.

United States stamps are not sent on approval.

Sheets of foreign stamps, to select from, will be sent to persons furnishing reference or a money deposit.

The question is frequently asked "Do you sell mixed stamps by the thousand?" To this question the reply is made that I do not, for the reason that such mixtures, bought at a low price, are almost worthless, as they must, of necessity, contain many duplicates of the commonest varieties, and the buyer is disappointed to find that he has, practically, wasted his money. The most satisfactory way to purchase is to order just the stamps that are wanted.

Parker's August, 1887, Priced-List.

Particular care has been taken to point out any defects in the stamps priced in this list, and unless otherwise noted they are perfect.

E. T. PARKER,
Bethlehem, Pa.

Revenues.

SPECIAL BARGAINS.

I have but few specimens to offer at prices quoted. It would, therefore, be well to send a supplementary order.

COLLECTOR
AND

E.T. PARKER'S

MONTHLY PRICED-LIST

POSTAGE STAMPS

This List is issued on the First of each Month, and will be mailed, without charge, to all collectors who may furnish me with their address.

NO. BETHLEHEM, PA., SEPTEMBER, 1887. 4.

NOTICES:

In ordering stamps from this priced-list, it is simply necessary to give the number of the list, the number of the stamp wanted and its price.

As it is impossible to have in stock at all times specimens of all the stamps quoted, purchasers will confer a favor by sending their orders for twice the amount of the remittance they make. By so doing stamps can be sent to the full amount of the remittance. Terms: Net cash in advance.

On account of the insecurity of the mails, remittances should be made by Postal Money Order or Registered Letter. Money sent in any other way is at the risk of the sender.

Unused one and two cent stamps will be accepted in small sums.

I particularly request that every letter sent to me bear the sender's name and address in full. Attention to this request will prevent many errors and delays. Letters of inquiry must contain a stamp for the reply.

Owing to the low prices at which I sell stamps I cannot pay the return postage on small orders.

Remittances from correspondents in foreign countries should be made by

Bank Notes or Money Order. Correspondents in Canada can send silver if properly protected.

The most satisfactory way to send an order is to write it on a separate piece of paper (one item under another) and enclose it with the letter of transmittal.

I wish to purchase all kinds of United States stamps, for which I will allow good prices either in cash or exchange. Offers must contain stamp to pay return postage.

All stamps sold by me are warranted genuine.

United States stamps are not sent on approval.

Sheets of foreign stamps, to select from, will be sent to persons furnishing reference or a money deposit.

The question is frequently asked "Do you sell mixed stamps by the thousand?" To this question the reply is made that I do not, for the reason that such mixtures, bought at a low price, are almost worthless, as they must, of necessity, contain many duplicates of the commonest varieties, and the buyer is disappointed to find that he has, partially, wasted his money. The most satisfactory way to purchase is to order just the stamps that are wanted.

COLLECTOR AND DEALER
E.T. PARKER'S
MONTHLY PRICED-LIST
OF
POSTAGE STAMPS

This List is issued on the First of each Month, and will be mailed, without charge, to all collectors who may furnish me with their address.

NO. BETHLEHEM, PA., OCTOBER, 1887. 5.

NOTICES:

In ordering stamps from this priced-list, it is simply necessary to give the name of the list, the number of the stamp wanted and its price.

As it is impossible to have in stock at all times specimens of all the stamps quoted, purchasers will confer a favor by sending their orders for twice the amount of the remittance they make. By so doing stamps can be sent to the full amount of the remittance. Terms: Net cash in advance.

On account of the insecurity of the mails, remittances should be made by Postal Money Order or Registered Letter. Money sent in any other way is at the risk of the sender.

Unused one and two cent stamps will be accepted in small sums.

I particularly request that every letter sent to me bear the sender's name and address in full. Attention to this request will prevent many errors and delays. Letters of inquiry must contain a stamp for the reply.

Owing to the low prices at which I sell stamps I cannot pay the return postage on small orders.

Remittances from correspondents in foreign countries should be made by

Bank Notes or Money Order. Correspondents in Canada can send silver if properly protected.

The most satisfactory way to send an order is to write it on a separate piece of paper (one item under another) and enclose it with the letter of transmittal.

I wish to purchase all kinds of United States stamps, for which I will allow good prices either in cash or exchange. Offers must contain stamp to pay return postage.

All stamps sold by me are warranted genuine.

United States stamps are not sent on approval.

Sheets of foreign stamps, to select from, will be sent to persons furnishing reference or a money deposit.

The question is frequently asked "Do you sell mixed stamps by the thousand?" To this question the reply is made that I do not, for the reason that such mixtures, bought at a low price, are almost worthless, as they must, of necessity, contain many duplicates of the commonest varieties, and the buyer is disappointed to find that he has, practically, wasted his money. The most satisfactory way to purchase is to order just the stamps that are wanted.

COLLECTOR

E.T. PARKER'S

MONTHLY PRICED-LIST

OF

POSTAGE STAMPS

This List is issued on the First of each Month, and will be mailed, without charge to all collectors who may furnish me with their address.

No. Bethlehem, Pa., January, 1888. 8.

This list is particularly intended for collectors of Match and Medicine stamps. If such will carefully look over the many offerings made they will undoubtedly find something that their collections lack, and at prices that cannot but be pleasing to them.

I do not pretend to have an unlimited number of each of the stamps here priced in stock. In fact, in some cases, I have but a single specimen, but that specimen will be furnished if it is in stock at the time the order is received. Customers, therefore, are respectfully advised to make their selections at once, as it would be difficult and maybe impossible to duplicate items if already sold. It is always well to send a supplementary list with each order, that stamps to the full amount of remittance can be sent.

In addition to the stamps here priced I carry in stock many other varieties, the enumeration of which would occupy

many printed pages. All that I can attempt to do in these monthly lists is to mention a few of the more desirable stamps.

I am constantly and carefully studying the wants of both advanced and amateur collectors and know that they are being served faithfully, and I believe satisfactorily. The orders and encouragement given by advanced collectors is very gratifying, and has been largely instrumental in promoting my success. As I am constantly receiving rarities and oddities of all kinds from my numerous correspondents at home and abroad, it will be to the interest of collectors to furnish me with their list of wants. If you have not dealt with me you cannot have an idea of the immense number of varieties that I either have in stock or can obtain. Advanced collectors are almost invariably impressed in this respect.

AND
DEALER

E.T. PARKER'S

MONTHLY PRICED-LIST

OF

POSTAGE STAMPS

This List is issued on the First of each Month, and will be mailed, without charge, to all collectors who may furnish me with their address.

No.

BETHLEHEM, PA., DECEMBER, 1888.

19.

NOTICES:

In ordering stamps from this priced-list, it is simply necessary to give the name of the country, the number of the stamp wanted and its price.

As it is impossible to have in stock at all times specimens of all the stamps quoted purchasers will confer a favor by sending their orders for twice the amount of the remittance they make. By so doing stamps can be sent to the full amount of the remittance. Terms: Cash in advance.

Remittances should be made by draft, money order or sent registered. Money sent in any other way is at the risk of the sender. Unused one and two cent stamps will be accepted in small sums.

I particularly request that every letter sent to me bear the sender's name and address in full. Attention to this request will prevent many errors and delays. Letters of inquiry must contain a stamp for the reply.

Owing to the low prices at which I sell stamps I cannot pay the return postage on small orders.

Remittances from correspondents in foreign countries should be made by Bank Notes or Money Order.

The most satisfactory way to send an order is to write it on a separate piece of paper (one item under another) and enclose it with the letter of transmittal.

I wish to purchase rare United States stamps and collections of 1000 or more pieces for which I will pay good prices. Offers must contain stamps to pay return postage.

All stamps sold by me are warranted genuine.

United States stamps are not sent on approval.

Books of foreign stamps, to select from, will be sent to persons furnishing reference or a money deposit.

Lists of rare stamps and novelties are issued from time to time, and will be sent to collectors upon application. To the advanced collector they will be found of great value.

Collectors of revenues, document, match and medicine stamps, are requested to furnish me with their list of wants.

In order that I may not send to you stamps you already have, please return this list to me checked as indicated.

On account of the insecurity of the mails, remittances should be made by postal money order or registered letter. Money sent in any other way is at the risk of the sender.

A supplementary list of events should accompany each order, that stamps to the full amount of the remittance may be sent.

Essay.

For Internal Revenue stamp, 25c.

Upon receipt of satisfactory refer-
ence, there will be sent to collectors
an assortment of stamps from which
to make selection, and at prices that
will certainly prove attractive. The
furnishing of references is, by many,
considered a disagreeable feature, but
it is impossible to secure to all patrons
equally desirable advantages in mak-
ing their purchases without being
reasonably assured that proper re-
turns will be made. When stamps
are sent "on approval" to persons not
furnishing references there is a possi-
bility of loss sufficient to sweep away
the profits on many transactions; it
is therefore necessary to so adjust
prices that the reliable collectors
must assume the loss incurred by
dishonest customers, but by following
a system whereby customers are had
only among responsible collectors,
loss is reduced to a minimum and all
profit by the low prices at which
stamps can be sold.

Upon receipt of satisfactory reference, there will be sent to collectors an assortment of stamps from which to make selection, and at prices that will certainly prove attractive. The furnishing of references is, by many, considered a disagreeable feature, but it is impossible to secure to all patrons equally desirable advantages in making their purchases without being reasonably assured that proper returns will be made. When stamps are sent "on approval" to persons not furnishing references there is a possibility of loss sufficient to sweep away the profits on many transactions; it is therefore necessary to so adjust prices that the reliable collectors must assume the loss incurred by dishonest customers, but by following a system whereby customers are had only among responsible collectors, loss is reduced to a minimum and all profit by the low price at which stamps can be sold.

Orders for less than 50 cents must contain return postage.

This List is issued on the First of each Month, and will be mailed, without charge, to all collectors who may furnish me with their address.

Upon receipt of satisfactory refer-
ence, there will be sent to collectors
an assortment of stamps from which
to make selection, and at prices that
will certainly prove attractive. The
furnishing of references is, by many,
considered a disagreeable feature, but
it is impossible to secure to all
patrons equally desirable advantages
in making their purchases without
being reasonably assured that proper
returns will be made. When stamps
are sent "on approval" to persons
not furnishing references there is a
possibility of loss sufficient to sweep
away the profits on many transac-
tions; it is therefore necessary to so
adjust prices that the reliable collec-
tors must assume the loss incurred
by dishonest customers, but by fol-
lowing a system whereby customers
are had only among responsible col-
lectors, loss is reduced to a minimum
and all profit by the low price at
which stamps can be sold.

Owing to the low prices at which I sell stamps
I cannot pay the return postage on small orders.

Orders for less than 50 cents must
contain return postage.

Upon receipt of satisfactory reference, there will be sent to collectors an assortment of stamps from which to make selection, and at prices that will certainly prove attractive. The furnishing of references is, by many, considered a disagreeable feature, but it is impossible to secure to all patrons equally desirable advantages in making their purchases without being reasonably assured that proper returns will be made. When stamps are sent "on approval" to persons not furnishing references there is a possibility of loss sufficient to sweep away the profits on many transactions; it is therefore necessary to so adjust prices that the reliable collectors must assume the loss incurred by dishonest customers, but by following a system whereby customers are had only among responsible collectors, loss is reduced to a minimum and all profit by the low price at which stamps can be sold.

Upon receipt of satisfactory reference, there will be sent to collectors an assortment of stamps from which to make selection, and at prices that will certainly prove attractive. The furnishing of references is, by many, considered a disagreeable feature, but it is impossible to secure to all patrons equally desirable advantages in making their purchases without being reasonably assured that proper returns will be made. When stamps are sent "on approval" to persons not furnishing references there is a possibility of loss sufficient to sweep away the profits on many transactions; it is therefore necessary to so adjust prices that the reliable collectors must assume the loss incurred by dishonest customers, but by following a system whereby customers are had only among responsible collectors, loss is reduced to a minimum and all profit by the low price at which stamps can be sold.

Upon receipt of satisfactory refer-
ence, there will be sent to collectors
an assortment of stamps from which
to make selection, and at prices that
will certainly prove attractive. The
furnishing of references is, by many,
considered a disagreeable feature, but
it is impossible to secure to all
patrons equally desirable advantages
in making their purchases without
being reasonably assured that proper
returns will be made. When stamps
are sent "on approval" to persons
not furnishing references there is a
possibility of loss sufficient to sweep
away the profits on many transac-
tions; it is therefore necessary to so
adjust prices that the reliable collec-
tors must assume the loss incurred
by dishonest customers, but by fol-
lowing a system whereby customers
are had only among responsible col-
lectors, loss is reduced to a minimum
and all profit by the low price at
which stamps can be sold.

This List is issued on the First of each Month, and will be mailed, without charge, to all collectors who may furnish me with their address.

No. BETHLEHEM, PA., DECEMBER, 1891. 55.

197. Cotton Stamp.....			30

(These rare and unique stamps were cut from sheet brass, and are 238 millimetres in length by 28 at one end, tapering to a hook, which is riveted, at the other. They were used in taxing cotton in bales, and were applied to the bales by means of a chisel. The hook attachment was to catch on the cotton and prevent the withdrawal of the stamp. The broad end has embossed on it the number of the stamp, with the words, "U. S. Tax. Paid.")
