MULREADY POSTAGE STAMP ALBUMS

The Stamp-Collector's Magazine says—"We venture to predict a large sale for these Albums, as they combine excellence with extreme cheapness. The binding of all is neat and unpretending, and the printing is remarkably well done."

Routledge's Magazine for Boys says—"These Albums are invaluable to collectors of postage stamps, and from their very reasonable price are within the reach of any of our boys whose inclinations lean in that direction. They are got up in a neat and elegant style; and, unlike too many articles of the same sort, do not fall to pieces after they have been opened half-a-dozen times. In fact, without occupying space unnecessarily to indulge in ecstasies, we can heartily say that they are everything that can be desired."

Just Published, large IMPERIAL QUARTO (13½ in. by 11 in.) 320 pp.,

M. LALLIER'S NEW STAMP ALBUM,

Fourteenth Edition, corrected and continued on a new plan,

By PIERRE MAHE.

Illustrated with Types of Postage Stamps and with Armorial designs of the different Countries of the World, as well as a Table of Watermarks, and an Appendix of some Forty Pages for the reception of Uncut Post Cards.

THE EDITOR SAYS:

"We could not pretend to offer this labour of ours as perfect; but we can give assurance that nothing has been neglected to place it on a par with the present advanced state of Timbrophilic Science; and, so far as the limits of a work of this nature allow, make of it the most useful Album, and one best responding to the actual necessities of a Collection, that has ever been published.

"The original oblong shape, which suited very well for a considerable period, having been for some time found inconvenient, we have adopted the large quarto-known as 'Amateur's size,' which is now generally used for such purposes. This allows a large number of specimens on every page, while the system observed in preceding editions is still strictly preserved.

"We have introduced a novel feature into this improved Album, viz., the indication of the principal species of watermarks and perforations, which had necessarily been omitted in preceding editions. We have, moreover, provided room therein for the more marked variations in shade, which the shape of the old Album did not allow.

"A second portion has been set aside for Post Cards, of which a detailed Catalogue has been given with the dimensions in millimetres, to assist the Collector in placing them correctly on pages destined to receive them entire.

"Every Envelope which, in addition to the stamped impression, bears a typographic or any other sort of inscription, may likewise be affixed entire, thus preserving their whole character and value."

May be had in the following bindings:—

No. 1.—Bound in stamped cloth, gilt lettering on side, plain edges, 16s. 6d.; carriage 2s. extra.

No. 2.—Bound in whole morocco, gilt lettering on side, gilt edges, 25s. 6d.; carriage 2s. extra.

No. 3.—Bound in whole Russia, gilt lettering on side, gilt edges, 31s. carriage 2s. extra.

PRICE TWO GUINEAS, CAREFULLY PACKED.—CARRIAGE 2S. EXTRA.

Now ready, the THIRD EDITION, greatly enlarged and improved,
THE PERMANENT STAMP ALBUM,
 By H. STAFFORD SMITH.

*Brought up to very recently, spaces being provided for all new issues.
 Illustrated by a specially-engraved Map of the World,
 containing the name of every Stamp-issuing Country.*

The leading feature of this Album is the provision of supplementary leaves bound up with the book, thereby saving future trouble and expense. All leaves not required at the date of the publication of the Album will be found with an asterisk (*) at the bottom of the page. More than 30 of such leaves are provided (allowing for no less than 1,700 additional Stamps), which are so distributed throughout the volume that there is little chance of any new stamp country being placed out of its proper order.

By PIERRE MAHE.

Illustrated with Types of Postage Stamps and with Armorial designs of the different Countries of the World, as well as a Table of Watermarks, and an Appendix of some Forty Pages for the reception of Uncut Post Cards.

### THE EDITOR SAYS:

"We could not pretend to offer this labour of ours as perfect; but we can give assurance that nothing has been neglected to place it on a par with the present advanced state of Timbrophilic Science; and, so far as the limits of a work of this nature allow, make of it the most useful Album, and one best responding to the actual necessities of a Collection, that has ever been published.

"The original oblong shape, which suited very well for a considerable period, having been for some time found inconvenient, we have adopted the large quarto known as 'Amateur's size,' which is now generally used for such purposes. This allows a large number of specimens on every page, while the system observed in preceding editions is still strictly preserved.

"We have introduced a novel feature into this improved Album, viz., the indication of the principal species of watermarks and perforations, which had necessarily been omitted in preceding editions. We have, moreover, provided room therein for the more marked variations in shade, which the shape of the old Album did not allow.

"A second portion has been set aside for Post Cards, of which a detailed Catalogue has been given with the dimensions in millimetres, to assist the Collector in placing them correctly on pages destined to receive them entire.

"Every Envelope which, in addition to the stamped impression, bears a typographic or any other sort of inscription, may likewise be affixed entire, thus preserving their whole character and value."

May be had in the following bindings:—

**No. 1.**—Bound in stamped cloth, gilt lettering on side, plain edges, 16s. 6d.; carriage 2s. extra.

**No. 2.**—Bound in whole morocco, gilt lettering on side, gilt edges, 25s. 6d.; carriage 2s. extra.

More than 30 of such leaves are provided (allowing for no less than 1,700 additional Stamps) which are so distributed throughout the volume that there is little chance of any new stamp country being placed out of its proper order.

## MULREADY POSTAGE STAMP ALBUMS

The *Stamp-Collector's Magazine* says—"We venture to predict a large sale for these Albums, as they combine excellence with extreme cheapness. The binding of all is neat and unpretending, and the printing is remarkably well done."

The *Routledge's Magazine for Boys* says—"These Albums are invaluable to collectors of postage stamps, and from their very reasonable price are within the reach of any of our boys whose inclinations lean in that direction. They are got up in a neat and elegant style; and, unlike too many articles of the same sort, do not fall to pieces after they have been opened half-a-dozen times. In fact, without occupying space unnecessarily to indulge in ecstasies, we can heartily say that they are everything that can be desired."

### THE EDITOR SAYS:

"We could not pretend to offer this labour of ours as perfect; but we can give assurance that nothing has been neglected to place it on a par with the present advanced state of Philatelic Science; and, so far as the limits of a work of this nature allow, make of it the most useful Album, and one best responding to the actual necessities of a Collection, that has ever been published."

"The original oblong shape, which suited very well for a considerable period, having been for some time found inconvenient, we have adopted the large quarto known as 'Amateur's size,' which is now generally used for such purposes. This allows a large number of specimens on every page, while the system observed in preceding editions is still strictly preserved."

"We have introduced a novel feature into this improved Album, viz., the indication of the principal species of watermarks and perforations, which had necessarily been omitted in preceding editions. We have, moreover, provided room therein for the more marked variations in shade, which the shape of the old Album did not allow."

"A second portion has been set aside for Post Cards, of which a detailed Catalogue has been given with the dimensions in millimetres, to assist the Collector in placing them correctly on pages destined to receive them entire."

"Every Envelope which, in addition to the stamped impression, bears a typographic or any other sort of inscription, may likewise be affixed entire, thus preserving their whole character and value."

## MULREADY POSTAGE STAMP ALBUMS

The *Stamp-Collector's Magazine* says—"We venture to predict a large sale for these Albums, as they combine excellence with extreme cheapness. The binding of all is neat and unpretending, and the printing is remarkably well done."

*Routledge's Magazine for Boys* says—"These Albums are invaluable to collectors of postage stamps, and from their very reasonable price are within the reach of any of our boys whose inclinations lean in that direction. They are got up in a neat and elegant style; and, unlike too many articles of the same sort, do not fall to pieces after they have been opened half-a-dozen times. In fact, without occupying space unnecessarily to indulge in ecstasies, we can heartily say that they are everything that can be desired."
