Foreign Postage Stamps and Stamped Envelopes.

The prices given in some catalogues for unused stamps from certain countries are for reprinted stamps, and many of the used stamps offered were cancelled to order. In our opinion both reprints and cancelled to order stamps have little Philatelic value and on that account I only price Foreign Stamps on this list which are genuine originals, and all cancelled stamps warranted as having been used postally. Envelopes are cut square.

INTERNATIONAL POSTAGE STAMP ALBUM. NINTH EDITION.

In every respect this is superior to any previously issued, and we feel justified in stating that it is the best postage stamp album ever published in the world.

The spaces for United States revenue stamps are omitted, and spaces provided for all varieties of surcharges, including all official and kindred stamps.

The spaces for cut envelopes have been considerably enlarged, thus allowing for large margins on all such specimens.

Although the Album is almost 50 per cent. larger than the previous edition, and printed on paper far superior in quality, the prices will remain the same, as follows:

PRINTED ON BOTH SIDES OF PAPER.

	Price.	Post Free

* The unperforated officially sealed stamps are on thicker paper and the color is much darker than the perforated seals of same design. The color impression shows plainly on the back of the unperforated seal and does not show on the backs of perforated seals. In order to prove that the unperforated seals were only in use a short time during the early part of 1888 I publish the following official communication.

POST OFFICE DEPARTMENT. Office of Third Assistant Postmaster General. WASHINGTON, D. C., July 20, 1888.

Mr. C. F. ROTHFUCHS, 359 1-2 Pennsylvania Avenue., WASHINGTON, D. C.

SIR: Your two letters of the 10th and 19th inst. are before me. The two unperforated "official seals" submitted with the first of these letters are genuine samples of seals which the Dead Letter Office and postmaster recently, for a short time, were using. Those that are now used are identical in design, but are perforated.

The two seals, together with a third one submitted by you—being a specimen of the steel-plate seal formerly in use—are herewith returned.

Yours very respectfully, H. R. HARRIS, 3d Asst. P. M. General.
