THE COATS OF ARMS OF THE WORLD.

(RUSSIA.)

Uncolored fac simile showing size.

This magnificent chart contains accurate representations of the armorial bearings of the nations of the world, all of which are beautifully and correctly emblazoned in gold and silver, and their true colors.

As a sheet for framing, it is an acquisition to any drawing room, and is indispensable in the library or study.

As a guide to determine the nationality of foreign coins or postage stamps, (most of which bear the issuing countries' arms), it will be found of great service. While cut up and inserted in stamp albums, they will be found to add much to the appearance of the page.

Printed on fine heavy paper for framing, or on the same quality of thin paper for inserting in albums. Price, 50c.

THE MERCHANT FLAGS OF THE WORLD.

AUSTRIAN-ITALY.

BRAZIL.

FINLAND.

Uncolored fac-similes, showing size and style.

"These brilliant colored Flags faithfully represent the emblems of the different nations of the earth, and as such are a great acquisition to any Album, while the exceedingly low price (25 cents) at which they are published, places them within the reach of all."

"This Chart containing many Flags never before published, has been collected with great care, and can be relied upon as being strictly accurate, and by its aid the nationality of any ship may be easily determined, as it gives the Flag of the NATION instead of the gorgeous piece of bunting which simply belongs to one family, and is seldom, if ever, seen out of their country."

"These sheets possess three great advantages (to the Collector) over any other we are acquainted with, which consist in the facts that there is only one Flag to each country; more nations represented than have heretofore been given, and only Flags of those countries which issue postage stamps. These we consider of great importance to those who buy them to put in albums, as they can use them all instead of having to throw away half the purchase. The colors are very brilliant, and withal correct, and being printed on very thin paper, the book is not swelled to an inordinate thickness."

Beautifully and correctly printed in FIVE colors on fine heavy paper for framing, or thin paper for albums. Price only 25 cents.

In ordering please state which paper is required.

PREFACE.

There is probably no amusement of the present day more popular and instructive than that of collecting Foreign Postage Stamps, and the hope that we can add to the present number of collectors has induced us to write these few lines. Postage Stamps were first issued by Great Britain in the year 1840, and from time to time have been adopted by other countries, our own Government first issuing them in 1847, and now there is scarcely a country in the world that has not acceded to this method of pre-paying postage, so that it must be at once apparent to every intelligent person, that there is a vast deal of information gained from the study of these labels, coming as they do from every part of the world, and bearing on their face either the arms of the State or portrait of the ruler, and in nearly all cases the currency of the country where used, so that unconsciously the collector is made acquainted with the Geography, History and Currency of the various nations.

Were we to enumerate all the advantages to be gained from the study of Philately, we should far exceed the limits of the present work, so we must refer our readers for information to the *JOURNAL OF PHILATELY*.

The great and increasing demand for "locals," as the stamps of the various private express companies are incorrectly called, has induced our publishers to incorporate a complete illustrated list, and it is hoped that it will be the means of familiarizing collectors with the appearance of these rare stamps, a large number of which are worth, at present, from one to ten dollars each; our publishers being prepared to pay nearly the full retail value for all of them, they hope that the publication of these facts will stimulate active search for these rarities, and bring such quantities of genuine original locals from their hiding places, as to enable them to supply originals at a moderate price.

ABBREVIATIONS, &c.

LOCATION OF COUNTRIES.

A.—Asia. AF.—Africa. E.—Europe. N. A.—North America. O.—Oceanica. S. A.—South America. W. I. I.—West India Islands.

Where the color is given in *italics* it signifies that the stamp is printed in black (or color) on paper of the tint indicated. An asterisk after the date indicates that the stamp is a surcharged provisional.

Only the first letter of the money used in the country is given in the column, but the full name, with its relative value, is given directly under the heading of each nation.

The first column of figures gives the original value of the stamps in the country when issued, with the abbreviation of the money used; if the value is in brackets it signifies that it is not indicated on the stamp; then follows the date; where there are figures in parenthesis, thus, (t 530) it refers to an engraving of the same number in the supplement following the list; after the color is the price we charge for the stamp unused or clean; the last column gives our price for the stamp used or canceled; of these, the best or cleanest copy we have in stock at the time of receiving the order will invariably be sent.

In the pages devoted to the U. S. Locals, Ori (original) and Rep. (reprint) will be found at the head of the column, in place of New and Used. In these stamps there is no difference in the value between a used or unused stamp (many preferring the latter), which has allowed us to utilize the columns in giving the value of those local stamps which have been reprinted from the original plates, thus enabling collectors to get genuine stamps at a nominal price.

In a few places, tri. (triangle), rect. (rectangle), cir. (circle), and ov. (oval), will be found, which refer to the shape of the stamp in the same line with it.

SPECIAL NOTICE.

Persons ordering Stamps from this List will greatly oblige by attending to the following:

Orders should be written *plainly*, with the name of the country, date of issue, color, value and price.

Purchasers are particularly requested to give full name and address each time.

REMITTANCES.—In sending money by Post, always get the amount in as few pieces as possible. When the order amounts to \$3 or upwards, always Register the letter, or send by Banker's Draft, or P. O. O., (the cost of which can be deducted from the amount,) payable to SCOTT & COMPANY, New York. Unused Postage Stamps of low denomination will be received from parties residing abroad, in sums not exceeding £1 or \$5, and above that amount by Banker's Draft.

POSTAGE.—All letters must be fully prepaid, and contain sufficient stamps for return postage.

GUARANTEE.—Every stamp sold by us is warranted genuine, and a written guarantee will be given with all stamps valued at \$2 and upwards, if required.

TERMS, NET CASH.—No discount can be allowed from the prices named in this list, as they will be found as low as it is possible to sell genuine stamps.

AUCTION SALES OF STAMPS.—Scott & Company are also prepared to dispose of large collections of stamps at auction in New York or London for the owner. For full particulars see "*American Journal of Philately*," or inquire of Scott & Company. All auction sales of stamps are advertised in the above Journal, and catalogues sent free to subscribers.

AN OLD COUNTRY AMUSEMENT.

If there are any of our readers who have never seen a miniature theatre performed by an intelligent boy they have missed one of the prettiest sights imaginable, and if they have any boy friends in whose welfare they are interested, they cannot do better than make him a present of one of these instructive toys. They are made in three sizes, each perfect in itself, but designed for different ages. In the first, designated miniature, the scenes are the size of the engraving given above; are printed on cards, beautifully colored, and full instructions for performing accompanying each one. The price is 10 cents, or with characters, etc., already cut out, with wooden stage, and packed in box, 50 cents. They can be obtained in the principal cities, or will be sent by express on receipt of price. The next size, or that known as Seltzs, is four times as large and the coloring much finer. These cost 50 cents, or with one of the patent folding wooden stages, two dollars and a half.

Last year the writer was invited to attend a performance of the play of Cinderella, which was to be given by the son of our pastor. On entering the room we found that the sliding doors dividing the parlors had been drawn together leaving just sufficient space for the proscenium of the stage to stand in the front room, a table cloth being hung above and below, so that nothing could be seen on that side but the front of the stage; four rows of eight chairs were arranged in a semi-circle before it. These were occupied by the friends of the family, the smaller children being placed in the front seats, while the older ones remained at the back, where they could see over the others' heads. The gas being turned low in the room, the little oil foot-lights on the mimic stage burnt bright, and threw light on the curtain, which was raised at the sound of a little bell. The performance then commenced, our young friend behind the stage in the other room, and his sister, reading the speeches of the supposed performers, and pushing the characters on the stage with wires at the proper time. With what a burst of applause the entry of the Fairy Queen was received when she was lowered to the stage by a hair, and the young lady read the tale of the sufferings of poor Cinderella. Then the scene changed to the cave of the Kobolds, and the little card characters were seen in the performance of the work necessary for getting the fire ready to make the little glass slippers. This is finally accomplished while a chant is being sung back of stage; but we have not time to recount all of the changes of scene, from the kitchen to the ballroom, and from there to the castle court-yard, where the gorgeous equipage of Cinderella is suddenly transformed to the big pumpkin, and the poor frightened mice, rats and lizards. We left as pleased with our evening's entertainment as if we had attended a concert conducted by grown people."

The large or "mammoth" size is the same as the Seltzs, except in dimension, the scenes being 22 inches high by 38 inches long, while the stage, being so much larger, there is, of course, room for more complicated effects, such as real painted act drops and curtains that roll up from the bottom. The plays for these can be had for a dollar and a half, or the large wooden stage, with two curtains and play complete, for ten dollars.

Without counting the endless pleasure to be derived from acting or witnessing the performance of **Seltz's American Boys' Theatre**, the fitting up, mounting and performing these plays will be found to give more pleasure and profit for the money than the same amount expended in any other way. All the marvelous scenic effects of the modern stage can be successfully imitated by any boy of ordinary ability, on these miniature stages, by the exercise of a little study and patience. They have been proved of incalculable benefit in developing a boy's talent, in the various faculties drawn into play. His mechanical invention is brought out in constructing his theatre; his artistic genius is improved in carefully coloring the characters and scenery, and his elocution perfected in reading the speeches of the different actors.

SCOTT & COMPANY would caution the public against purchasing worthless imitations, as the Plays of **SELTZ'S AMERICAN BOYS' THEATRE** are the only miniature theatricals ever published, giving full directions for working, &c. Every piece of this admirable series is put together and tested by professionals before being issued to the public, insuring the correct working of every piece.

THE AMERICAN GEM THEATRE.

The splendid success achieved by Seltz's American Boys' Theatre in the United States and Spanish America, has induced the publishers to get out a new style on a cheaper plan, and consequently greatly reduced price. But while the length of the stage has been diminished and a shorter play selected, it will be found of equal beauty and simplicity, and cannot fail to delight the youth of both sexes. The play accompanying it—RIP VAN WINKLE—is a familiar household word, immortalized by the genius of Washington Irving and the quiet humor of Jefferson. The various incidents are enlivened by beautiful and appropriate scenery, which may be summarized as follows:

SCENE I. The Village Inn. Sign of George III.

SCENE II. Interior of Rip Van Winkle's Cottage.

SCENE III. Woods on the summit of the Catskill Mountains.

To facilitate a rapid despatch of business and insure accuracy in every branch, our large trade is divided into several departments, each under a responsible head, and satisfaction guaranteed in every case. All goods we sell are warranted genuine, and a written guarantee given when required.

RETAIL STORE.

Here we shall be happy to see any of our friends visiting New York. Although it is impossible to find room in one building to have all our immense stock displayed, still we are always pleased to show any special line in which our visitors are interested.

MAILING DEPARTMENT.

Collectors favoring us with their orders by mail may always rest assured that their wants will receive immediate attention, and secure the same careful and intelligent consideration as if they personally selected the goods;—it being a standing rule of the firm that "first come, first served," letters being answered in the order and on the day they are received, and the best specimen in stock, of those graded at same price, invariably given.

AUCTION DEPARTMENT.

Our great experience in cataloguing coins and foreign stamps, for sale at public auction, justifies us in soliciting correspondence with parties owning valuable collections of these, or kindred works of art or antiquity, which they may wish to dispose of by public auction, our terms being as low as is consistent with proper regard to our patrons' interests. Possessing the leading papers in these lines (50,000 circulation), and a personal acquaintance with a very large number of collectors, gives us unsurpassed facilities to secure the representation of nearly every American collector.

COMMISSION DEPARTMENT.

We have competent representatives at every sale of goods in which we deal, and are prepared to execute commissions to purchase for collectors at the following rates, personally guaranteeing the genuineness of all goods purchased: On purchases under \$100, 10%; over \$100, 5%; a uniform charge of 50 cents made on any amount under \$5.

PUBLICATION DEPARTMENT.

Our various coin publications have been included with our other book business, and are all kept securely packed, ready for mailing, and are sent post free on receipt of order. We annex a list of a few which should be in every person's hands.

THE

COINAGES OF THE WORLD,

ANCIENT AND MODERN.

This work is intended to give correct information on a subject of which no educated person can afford to be ignorant; and yet, till the publication of this volume, it has been impossible to obtain a general knowledge of the *Coinages of the World* without reading through dozens of heavy quartos, at great loss of time, and probably heavy expense.

By the aid of this book, any person can at once determine the nationality of any coin they may possess, and obtain much interesting information concerning the cause which led to its issue. It is well filled with beautifully executed representative coins of every people, age and country, and is the only comprehensive book on the subject ever published. The paper, press-work and binding are all of the very best. No library can be complete without it.

PRICE—CLOTH, \$2.50. HALF MOROCCO, \$3.50.

For sale by all booksellers, or will be sent, post free, on receipt of price, by the publishers,

SCOTT & COMPANY,
721 BROADWAY, NEW YORK.

CRITIQUES.

The New York Times of December 27th, says:

"What every student of Coinages—not the mere collector of old coins—wants to know."

The New York World of November 27th, says:

"Welcome to all amateur and experienced numismatologists, to whom it will not only convey valuable information, but be useful as a work of reference."

The New York Evening Post of November 29th, says:

"A work of great interest to numismatists and collectors of coins. * * * The text, which is full, is illustrated by several hundred engravings of the principal coins of all ages and countries."

The New York Daily Graphic of December 23d, says:

"Shows a great deal of special study and painstaking research. It is a monograph full of interesting and curious information, and besides its ample learning, gives several hundred engravings of the principal coins. The various appendices to the volume add materially to its convenience and value for reference."

The American Journal of Numismatics of January 1st, says:

"This is an octavo volume of 306 pages, with a large number of wood-cuts of examples of both ancient and modern coins. It has several appendices, giving lists of the French sovereigns, explanations of the abbreviations on Roman coins, a list of Roman families who have issued coins, and other matters of interest. The text is sufficiently elaborate to give the general reader a good idea of the subject, and to excite his interest in the science of numismatics. From the brief examination we have been able to give it, we judge it to be one of the most valuable and compendious books on coins, especially for those collectors who have not the time or inclination to consult the ponderous quartos of the old writers, which has yet appeared."

The Coin Collector's Journal of January 1st, says:

"This is decidedly the most important work on numismatics that has appeared during the past year, and will doubtless be the means of starting many new collections, as it is written in popular style, and occupies a field distinctly its own. The first chapter introduces us to the first coin, and we are gradually led from the coins of the Greek Island of Aegina, to those of Athens, Corinth and Macedonia; from Miletus and Ephesus to Egypt and Judea; from Græcia Magna to Rome, and so down through the Byzantine Empire to Mediæval and modern Europe, including also Asia, Africa and America (the coins of our country and England being very fully described), giving fine engravings of all the principal types of each, till every coin-issuing State or Colony has been noticed; in fact, it is more than a coin book, it is a short history of the world, and should be in every house."

A REVISED LIST

OF ALL

Postage Stamps and Stamped Envelopes

This is the only work of the kind ever published in America, and in the short space of two months has become the standard of all English-speaking stamp collectors. It contains an accurate list of every postage stamp ever issued, minutely describing every variety of color, water mark and paper, together with all the minor details concerning the different dies of the same stamp. It is fully illustrated with about fifteen hundred engravings, and besides being the latest is the most accurate work of the kind ever printed. Numerous notes explain every doubtful point in Philately, and give many interesting details concerning the causes which led to the issue or suppression of noted stamps. Mr. Coster's valuable monograph on the United States local is added entire, forming a work which no collector who has outgrown the boy period of pasting stamps in a copy book can afford to be without. It is not a price list or a dealer's advertisement in any sense of the word.

CRITIQUES.

"The work is profusely illustrated, and forms a valuable book of reference for postage stamp collectors."—*The N. Y. Daily Graphic*, June 26.

"Will be highly appreciated by philatelists the world over. It is the first complete catalogue of all stamps ever issued that has been made for collectors, and if it were a catalogue only, it would be of great value, but it is much more. The 400 broad pages contain the full history of every issue of every government, and a full description of every stamp, both government and private. Fifteen hundred engravings illustrate the text, and a complete index makes the information readily accessible."—*The N. Y. World*, June 21.

"The book is decidedly remarkable for the industry and patience displayed in the compilation of facts concerning postage stamps and stamped envelopes all over the world. To those who have paid no special attention to this curious study this catalogue will be a revelation, for though there are over one thousand five hundred fac-similes of stamps scattered over the 410 pages contained between its covers, they form only a tithe of the whole, for the catalogue describes several thousand varieties. Turning over the leaves of Mr. Scott's catalogue we are compelled to admire the system he has adopted, while realizing the time and study he must have devoted to his subject. The result is a manual that must be a great help to old collectors and indispensable to beginners. Clearly printed in large type and handsomely bound, the book will undoubtedly become a standard work of reference."—*N. Y. Herald*, June 30th, 1879.
