THE COATS OF ARMS OF THE WORLD.

(RUSSIA.)

Uncolored fac simile showing size.

This magnificent chart contains accurate representations of the armorial bearings of the nations of the world, all of which are beautifully and correctly emblazoned in gold and silver, and their true colors.

As a sheet for framing, it is an acquisition to any drawing room, and is indispensable in the library or study.

As a guide to determine the nationality of foreign coins or postage stamps, (most of which bear the issuing countries' arms), it will be found of great service. While cut up and inserted in stamp albums, they will be found to add much to the appearance of the page.

Printed on fine heavy paper for framing, or on the same quality of thin paper for inserting in albums. Price, 50c.

THE MERCHANT FLAGS OF THE WORLD.

AUSTRIAN-ITALY.

BRAZIL.

FINLAND.

Uncolored fac-similes, showing size and style.

"These brilliant colored Flags faithfully represent the emblems of the different nations of the earth, and as such are a great acquisition to any Album, while the exceedingly low price (25 cents) at which they are published, places them within the reach of all."

"This Chart containing many Flags never before published, has been collected with great care, and can be relied upon as being strictly accurate, and by its aid the nationality of any ship may be easily determined, as it gives the Flag of the NATION instead of the gorgeous piece of bunting which simply belongs to one family, and is seldom, if ever, seen out of their country."

"These sheets possess three great advantages (to the Collector) over any other we are acquainted with, which consist in the facts that there is only one Flag to each country: more nations represented than have heretofore been given, and only Flags of those countries which issue postage stamps. These we consider of great importance to those who buy them to put in albums, as they can use them all instead of having to throw away half the purchase. The colors are very brilliant, and withal correct, and being printed on very thin paper, the book is not swelled to an inordinate thickness."

Beautifully and correctly printed in FIVE colors on fine heavy paper for framing, or thin paper for albums. Price only 25 cents.

In ordering please state which paper is required.

PREFACE.

There is probably no amusement of the present day more popular and instructive than that of collecting Foreign Postage Stamps, and the hope that we can add to the present number of collectors has induced us to write these few lines. Postage Stamps were first issued by Great Britain in the year 1840, and from time to time have been adopted by other countries, our own Government first issuing them in 1847, and now there is scarcely a country in the world that has not acceded to this method of pre-paying postage, so that it must be at once apparent to every intelligent person, that there is a vast deal of information gained from the study of these labels, coming as they do from every part of the world, and bearing on their face either the arms of the State or portrait of the ruler, and in nearly all cases the currency of the country where used, so that unconsciously the collector is made acquainted with the Geography, History and Currency of the various nations.

Were we to enumerate all the advantages to be gained from the study of Philately, we should far exceed the limits of the present work, so we must refer our readers for information to the *JOURNAL OF PHILATELY*.

The great and increasing demand for "locals," as the stamps of the various private express companies are incorrectly called, has induced our publishers to incorporate a complete illustrated list, and it is hoped that it will be the means of familiarizing collectors with the appearance of these rare stamps, a large number of which are worth, at present, from one to ten dollars each; our publishers being prepared to pay nearly the full retail value for all of them, they hope that the publication of these facts will stimulate active search for these rarities, and bring such quantities of genuine original locals from their hiding places, as to enable them to supply originals at a moderate price.

ABBREVIATIONS, &c.

LOCATION OF COUNTRIES.

A.—Asia. AF.—Africa. E.—Europe. N. A.—North America. O.—Oceanica. S. A.—South America. W. I. I.—West India Islands.

Where the color is given in *italics* it signifies that the stamp is printed in black (or color) on paper of the tint indicated. An asterisk after the date indicates that the stamp is a surcharged provisional.

Only the first letter of the money used in the country is given in the column, but the full name, with its relative value, is given directly under the heading of each nation.

The first column of figures gives the original value of the stamps in the country when issued, with the abbreviation of the money used; if the value is in brackets it signifies that it is not indicated on the stamp; then follows the date; where there are figures in parenthesis, thus, (t 530) it refers to an engraving of the same number in the supplement following the list; after the color is the price we charge for the stamp unused or clean; the last column gives our price for the stamp used or canceled; of these, the best or cleanest copy we have in stock at the time of receiving the order will invariably be sent.

In the pages devoted to the U. S. Locals, Ori (original) and Rep. (reprint) will be found at the head of the column, in place of New and Used. In these stamps there is no difference in the value between a used or unused stamp (many preferring the latter), which has allowed us to utilize the columns in giving the value of those local stamps which have been reprinted from the original plates, thus enabling collectors to get genuine stamps at a nominal price.

In a few places, tri. (triangle), rect. (rectangle), cir. (circle), and ov. (oval), will be found, which refer to the shape of the stamp in the same line with it.

SPECIAL NOTICE.

Persons ordering Stamps from this List will greatly oblige by attending to the following:

Orders should be written *plainly*, with the name of the country, date of issue, color, value and price.

Purchasers are particularly requested to give full name and address each time.

REMITTANCES.—In sending money by Post, always get the amount in as few pieces as possible. When the order amounts to \$3 or upwards, always Register the letter, or send by Banker's Draft, or P. O. O., (the cost of which can be deducted from the amount,) payable to SCOTT & COMPANY, New York. Unused Postage Stamps of low denomination will be received from parties residing abroad, in sums not exceeding £1 or \$5 and above that amount by Banker's Draft.

POSTAGE.—All letters must be fully prepaid, and contain sufficient stamps for return postage.

GUARANTEE.—Every stamp sold by us is warranted genuine, and a written guarantee will be given with all stamps valued at \$2 and upwards, if required.

TERMS, NET CASH.—No discount can be allowed from the prices named in this list, as they will be found as low as it is possible to sell genuine stamps.

AUCTION SALES OF STAMPS.—Scott & Company are also prepared to dispose of large collections of stamps at auction in New York or London for the owner. For full particulars see "American Journal of Philately," or inquire of Scott & Company. All auction sales of stamps are advertised in the above Journal, and catalogues sent free to subscribers.

VERY IMPORTANT.

The Revenue Stamp Album,

This Album is specially designed to contain the Revenue Stamps of the world, great care having been bestowed in its preparation. It contains spaces for the U. S. Revenue Stamps, and is well calculated to contain, in a convenient and elegant form, these interesting mementoes of the greatest struggle the world has ever witnessed, and vividly illustrates the darkest pages of our national history. It is made uniform with the Common Sense Postage Stamp Album, and forms an interesting second volume to that work.

EXTRACT FROM PREFACE.

In the present state of knowledge concerning revenue stamps, it is simply impossible to make the book perfect, nor would it be advisable to do so, if the necessary data were at hand, as the supply of these labels is, at present, very limited, which would in that case make it impossible to fill the Album. Perhaps the greatest charm in collecting revenue stamps consists in the uncertainty and romance connected with it; nearly every amateur having specimens in his album which are totally unknown to his brother collectors and there being no definite value or degrees of value yet established; but, of course, this state of things is rapidly passing away, and ere many years, or even months have elapsed, collectors will awake to the knowledge that they have some priceless rarities among their revenue stamps, which, perhaps, have only cost them two or three cents.

Taking these facts into consideration, spaces have only been prepared for well-known and obtainable series of foreign revenue stamps; but by the plentiful distribution of blank pages throughout the book ample room has been secured for all fiscal stamps that may be acquired by the owner.

They specially desire to purchase large and finely formed specimens of any of the above, paying as high as \$25.00 each for rare forms. No broken Arrow or Spear Points wanted at any price.

OCEAN SHELLS.

A fine consignment of the above just received from China and the Indian Ocean. Sold only in boxes, at One and Five Dollars per box of from 25 to 200 shells, according to size, rarity and beauty.

This selection of Minerals will be found very interesting and instructive, as it illustrates the different strata of the earth's crust, and teaches the structure of the globe we live on.

SCOTT & COMPANY,

A GREAT OFFER.

STATE ARMS OF THE UNION.

This book contains accurate pictures of the Arms of every State in the Union, each beautifully drawn and correctly colored, and is decidedly the handsomest piece of work ever executed in America. Strongly bound in gilt cloth. The regular price of this book is \$2.50, but as many collectors desire copies to put in their albums, we have decided to reduce the price to our stamp collecting customers to \$1.00, at which price they will be sold for six months.

Order early to avoid disappointment.

NUMISMATIC READING, AT REDUCED PRICES.

Gentlemen interested in the study of coins cannot do better than purchase the following standard publications, which are offered by Messrs. Scott & Company in cheap form, for the encouragement of numismatic learning.

EARLY COINS OF AMERICA.

This is a standard work, giving complete history of all coins issued in our country before the establishment of the U. S. mint; it is fully illustrated by engravings and photographs of all the coins on which it treats. Handsomely bound by our own workmen and sold at the reduced price of \$10.

DICKESON'S NUMISMATIC MANUAL.

Some time ago we secured a few sets of the plates of this standard work. These have been put up in a neat wrapper, containing full descriptions of the plates, and is in fact all the cream of a fifteen-dollar work.

Splendid lithographs in gold, silver and copper, price, \$1; post free, \$1.10.

COIN COLLECTOR'S JOURNAL.

VOLUME I.

Reviews of all city auctions, giving the prices old coins sell at. Interesting answers to correspondents. 60 illustrations. 208 pages, large 8vo, paper stitched. Price, 50 cents; post free, 56 cents.

VOLUME II.

S. fractional currency, accurately described; U. S. pattern pieces; Scottish coins. Among the short articles may be mentioned. Price, 50 cents; post free, 56 cents.

VOLUME V.

This contains part of Vol. IV. also, so as to give the commencement of the valuable article, "The Coins of the United States," a wonderful monument of perseverance and painstaking research into the copper coinage of the United States. Gives minute description of every die used in striking the cents and half cents, and exposes some counterfeits which have long deceived collectors. Contains also descriptions of a large number of foreign coins. Well illustrated. Price, 50 cents; post free, 56 cents.

VOLUME VI.

This volume is equal, if not superior, to any which has preceded it. The striking feature is a complete illustrated history of "U. S. Bank Tokens," 1837, or Jackson cents, as they are variously called. Many of these tokens, which before the publication of this article sold for a few cents, or two dollars at the most, now sell as high as \$40. It also contains the usual amount of miscellaneous information and a large number of illustrations. Price, 50 cents; post free, 56 cents.

VOLUME VIII.

Subscribe at once for Volume VIII. for 1883. Far superior in every respect to any that have preceded it. Price \$2.00 per year, post free.

Amateurs desiring more particular information concerning any particular department, will please send for circulars; or we would call their attention to the many valuable catalogues noted herein, any of which will be sent post free, on receipt of price.

THE

COINAGES OF THE WORLD,

ANCIENT AND MODERN.

This work is intended to give correct information on a subject of which no educated person can afford to be ignorant; and yet, till the publication of this volume, it has been impossible to obtain a general knowledge of the *Coinages of the World* without reading through dozens of heavy quartos, at great loss of time, and probably heavy expense.

By the aid of this book, any person can at once determine the nationality of any coin they may possess, and obtain much interesting information concerning the cause which led to its issue. It is well filled with beautifully executed representative coins of every people, age and country, and is the only comprehensive book on the subject ever published. The paper, press-work and binding are all of the very best. No library can be complete without it.

PRICE—CLOTH, \$2.50. HALF MOROCCO, \$3.50.

CRITIQUES.

The New York Times of December 27th, says:

"What every student of Coinages—not the mere collector of old coins—wants to know."

The New York World of November 27th, says:

"Welcome to all amateur and experienced numismatologists, to whom it will not only convey valuable information, but be useful as a work of reference."

The New York Evening Post of November 29th, says:

"A work of great interest to numismatists and collectors of coins. * * * The text, which is full, is illustrated by several hundred engravings of the principal coins of all ages and countries."

The New York Daily Graphic of December 23d, says:

"Shows a great deal of special study and painstaking research. It is a monograph full of interesting and curious information, and besides its ample learning, gives several hundred engravings of the principal coins. The various appendices to the volume add materially to its convenience and value for reference."

The American Journal of Numismatics of January 1st, says:

"This is an octavo volume of 306 pages, with a large number of wood-cuts of examples of both ancient and modern coins. It has several appendices, giving lists of the French sovereigns, explanations of the abbreviations on Roman coins, a list of Roman families who have issued coins, and other matters of interest. The text is sufficiently elaborate to give the general reader a good idea of the subject, and to excite his interest in the science of numismatics. From the brief examination we have been able to give it, we judge it to be one of the most valuable and compendious books on coins, especially for those collectors who have not the time or inclination to consult the ponderous quartos of the old writers, which has yet appeared."

The Coin Collector's Journal of January 1st, says:

"This is decidedly the most important work on numismatics that has appeared during the past year, and will doubtless be the means of starting many new collections, as it is written in popular style, and occupies a field distinctly its own. The first chapter introduces us to the first coin, and we are gradually led from the coins of the Greek Island of Aegina, to those of Athens, Corinth and Macedonia; from Miletus and Ephesus to Egypt and Judea; from Grecia Magna to Rome, and so down through the Byzantine Empire to Medieval and modern Europe, including also Asia, Africa and America (the coins of our country and England being very fully described), giving fine engravings of all the principal types of each, till every coin-issuing State or Colony has been noticed; in fact, it is more than a coin book, it is a short history of the world, and should be in every house."

Acknowledged by all the best Catalogue ever printed.

SCOTT & COMPANY,

INDISPENSABLE TO EVERY STUDENT OF OUR HISTORY.

WE CALL ATTENTION TO THE SPECIAL EXCELLENCIES OF THE DIFFERENT DEPARTMENTS.

Colonial.—Under this head will be found the most accurate list ever published, of the various notes issued by the different States prior to the independence of the country, with an illustration of the style of note made by each State. In all cases where the State records are still in existence, our list has been taken from them, but as all the different notes issued have not yet been found in collections, the lacking ones are indicated by an asterisk (*), which will doubtless be the means of notifying collectors that they are the unknowing possessors of unique notes in their collection, which are always salable for from five to ten dollars each.

Continental.—Here will be found a complete list (illustrated) of all the notes issued by the General Government, with which they carried on the war of independence to a successful issue.

Confederate.—The complete list of these notes is both interesting and instructive, and shows by the great quantities of designs issued, the straits to which the rebels were put to raise money for their unholy war.

Currency.—The list of fractional currency is accurate to the minutest details, describing 74 different varieties issued from 1862 to 1878. The prices attached to each variety are low, giving all the opportunity to complete their sets.

AN OLD COUNTRY AMUSEMENT.

If there are any of our readers who have never seen a miniature theatre performed by an intelligent boy they have missed one of the prettiest sights imaginable, and if they have any boy friends in whose welfare they are interested, they cannot do better than make him a present of one of these instructive toys. They are made in three sizes, each perfect in itself, but designed for different ages. In the first, designated miniature, the scenes are the size of the engraving given above; are printed on cards, beautifully colored, and full instructions for performing accompanying each one. The price is 10 cents, or with characters, etc., already cut out, with wooden stage, and packed in box, 50 cents. They can be obtained in the principal cities, or will be sent by express on receipt of price. The next size, or that known as Seltz, is four times as large and the coloring much finer. These cost 50 cents, or with one of the patent folding wooden stages, two dollars and a half.

"Last year the writer was invited to attend a performance of the play of Cinderella, which was to be given by the son of our pastor. On entering the room we found that the sliding doors dividing the parlors had been drawn together leaving just sufficient space for the proscenium of the stage to stand in the front room, a table cloth being hung above and below, so that nothing could be seen on that side but the front of the stage; four rows of eight chairs were arranged in a semi-circle before it. These were occupied by the friends of the family, the smaller children being placed in the front seats, while the older ones remained at the back, where they could see over the others' heads. The gas being turned low in the room, the little oil foot-lights on the mimic stage burnt bright, and threw light on the curtain, which was raised at the sound of a little bell. The performance then commenced, our young friend behind the stage in the other room, and his sister, reading the speeches of the supposed performers, and pushing the characters on the stage with wires at the proper time. With what a burst of applause the entry of the Fairy Queen was received when she was lowered to the stage by a hair, and the young lady read the tale of the sufferings of poor Cinderella. Then the scene changed to the cave of the robbers, and the little card characters were seen in the performance of the work necessary for setting the fire ready to make the little glass slippers. This is finally accomplished while a waltz is being sung back of stage; but we have not time to recount all of the changes of scene, from the kitchen to the ballroom, and from there to the castle court-yard, where the gorgeous equipage of Cinderella is suddenly transformed to the big pumpkin, and the poor frightened prince, rats and lizards. We left as pleased with our evening's entertainment as if we had attended a concert conducted by grown people."

The large or "mammoth" size is the same as the Seltz, except in dimension, the scenes being 22 inches high by 28 inches long, while the stage, being so much larger, there is, of course, room for more complicated effects, such as real painted act drops and curtains that roll up from the bottom. The plays for these can be had for a dollar and a half, or the large wooden stage, with two curtains and play complete, for ten dollars.

REDUCED FAC-SIMILE

In the original the scenes are 10x7 inches, and all plays in the list consist of (16) sixteen sheets.

Without counting the endless pleasure to be derived from acting or witnessing the performance of **Seltz's American Boys' Theatre**, the fitting up, mounting and performing these plays will be found to give more pleasure and profit for the money than the same amount expended in any other way. All the marvelous scenic effects of the modern stage can be successfully imitated by any boy of ordinary ability, on these miniature stages, by the exercise of a little study and patience. They have been proved of incalculable benefit in developing a boy's talent, in the various faculties drawn into play. His mechanical invention is brought out in constructing his theatre; his artistic genius is improved in carefully coloring the characters and scenery, and his elocution perfected in reading the speeches of the different actors.

SCOTT & COMPANY would caution the public against purchasing worthless imitations, as the **Plays of SELTZ'S AMERICAN BOYS' THEATRE** are the only miniature theatricals ever published, giving full directions for working, &c. Every piece of this admirable series is put together and tested by professionals before being issued to the public, insuring the correct working of every piece.

THE AMERICAN GEM THEATRE.

The splendid success achieved by Seltz's American Boys' Theatre in the United States and Spanish America, has induced the publishers to get out a new style on a cheaper plan, and consequently greatly reduced price. But while the length of the stage has been diminished and a shorter play selected, it will be found of equal beauty and simplicity, and cannot fail to delight the youth of both sexes. The play accompanying it—RIP VAN WINKLE—is a familiar household word, immortalized by the genius of Washington Irving and the quiet humor of Jefferson. The various incidents are enlivened by beautiful and appropriate scenery, which may be summarized as follows:

SCENE II. Interior of Rip Van Winkle's Cottage.

SCENE III. Woods on the summit of the Catskill Mountains.

It contains an accurate list of every postage stamp ever issued, minutely describing every variety of color, water-mark and paper, together with all the minor details concerning the different dies of the same stamp. It is fully illustrated with about fifteen hundred engravings, and besides being the latest is the most accurate work of the kind ever printed. Numerous notes explain every doubtful point in Philately, and give many interesting details concerning the causes which led to the issue or suppression of noted stamps. Mr. Coster's valuable monograph on the United States locals is added entire, forming a work which no collector who has outgrown the boy period of pasting stamps in a copy book can afford to be without. It is not a price list or a dealer's advertisement in any sense of the word.

CRITIQUES.

"The work is profusely illustrated, and forms a valuable book of reference for postage stamp collectors."—*The N. Y. Daily Graphic*, June 26.

"Will be highly appreciated by philatelists the world over. It is the first complete catalogue of all stamps ever issued that has been made for collectors, and if it were a catalogue only, it would be of great value, but it is much more. The 400 broad pages contain the full history of every issue of every government, and a full description of every stamp, both government and private. Fifteen hundred engravings illustrate the text, and a complete index makes the information readily accessible."—*The N. Y. World*, June 21.

"The book is decidedly remarkable for the industry and patience displayed in the compilation of facts concerning postage stamps and stamped envelopes all over the world. To those who have paid no special attention to this curious study this catalogue will be a revelation, for though there are over one thousand five hundred fac-similes of stamps scattered over the 410 pages contained between its covers, they form only a tinge of the whole, for the catalogue describes several thousand varieties. Turning over the leaves of Mr. Scott's catalogue we are compelled to admire the system he has adopted, while realizing the time and study he must have devoted to his subject. The result is a manual that must be a great help to old collectors and indispensable to beginners. Clearly printed in large type and handsomely bound, the book will undoubtedly become a standard work of reference."—*N. Y. Herald*, June 30th, 1879.

THE AMERICAN GEM THEATRE.

The splendid success achieved by Seltz's American Boys' Theatre in the United States and Spanish America, has induced the publishers to get out a new style on a cheaper plan, and consequently greatly reduced price. But while the length of the stage has been diminished and a shorter play selected, it will be found of equal beauty and simplicity, and cannot fail to delight the youth of both sexes. The play accompanying it—RIP VAN WINKLE—is a familiar household word, immortalized by the genius of Washington Irving and the quiet humor of Jefferson. The various incidents are enlivened by beautiful and appropriate scenery, which may be summarized as follows:

SCENE I. The Village Inn. Sign of George III.

SCENE II. Interior of Rip Van Winkle's Cottage.

SCENE III. Woods on the summit of the Catskill Mountains.

ACT II. 20 years later.

SCENE I. Same as Scene III. Act I.

SCENE II. The Valley, with the Village Church in the distance.

SCENE III. The Village Inn after 20 years time. Sign of George Washington.

Full complement of side wings, together with all the necessary characters, slides for moving them on and off, with book of the play accompanying each stage.
