SPECIAL NOTICES.

The numbers in the first column will serve to facilitate ordering from the Catalogue; thus, if you wish to order a used United States, 1851 issue, 1c blue, unperforated, your order may read as follows:
United States, 28 25 cents

thereby doing away with the necessity of long descriptions. The second column indicates the number of the illustration in the Catalogue; the third the nominal or face value, and the fourth the color of the stamp; the fifth, our price for an uncancelled specimen, and the sixth, our price for a cancelled or used one.

A printed order blank accompanies this Catalogue, and if customers will fill it out according to instructions no mistake can occur.

As it is impossible to keep a full line of all stamps constantly on hand, we would advise our customers always to send a supplementary order. Thus, if you remit \$1.00 make out an order for \$2.00 worth of stamps, so that you may be sure of receiving goods to the full value of your remittance, without the necessity of sending another order, and also avoiding delay. We never substitute stamps not ordered for others which we may not have in stock.

In this edition we have taken special care to price almost every stamp, but this must not be taken as an indication that we have all the stamps in stock. A great many of the prices are merely for the information of collectors.

We cannot hold ourselves responsible for letters lost in transit.

Reprints.—A number of stamps of which the originals are almost unobtainable, have been reprinted from the original plates; as many collectors desire to obtain specimens of these stamps, and are not prepared to pay the prices asked for originals, we give quotations for a number of such reprints but in each case they are designated as reprints. All other prices in the Catalogue are for original stamps. It should be distinctly understood that a reprint from the original plate is not a counterfeit, but a genuine stamp, although it is worth only the fraction of the value of an original.

Guarantee.—Every stamp sold by us is guaranteed genuine, and, when required, a written guarantee will be given.

Remittances.—Please make all remittances by Check, Money Order, Postal Note, or Express Order to the order of **The Scott Stamp & Coin Co., L^d**, or else in unused 2c. stamps, in strips of ten or more. With the exception of those countries whose currency is worth less than 100c. in U.S. money in the dollar, unused stamps of low value, up to the amount of one dollar, will be taken at face value in payment for stamps from this Catalogue.

Terms.—Net cash in advance. We have made it our object to put prices as low as it is possible to sell genuine stamps, and cannot therefore, allow any discounts.

All orders will be filled on day of receipt.

Sheets of rare stamps and novelties will be sent on approval to parties furnishing satisfactory references. We are always willing to exchange stamps from this list against foreign stamps, and can pay the highest prices for rarities. The purchase of entire collections is made a specialty.

Purchasers are particularly requested to give full name and address each time.

No orders of less than 25c. will be received.

Orders for less than one dollar must contain return postage.

Prices.—The prices quoted for rare stamps are for specimens in good condition, but in many instances extra low prices being much higher prices and selections will be sent on request.

This is especially the case in such stamps as Mauritius, Philippine Islands, New South Wales, etc., where early impressions are of a much higher order of rarity than later ones made from a worn plate.

The quotations given in this Catalogue reflect the actual present condition of the market, as gathered from all parts of the world, but, as in every line of trade, prices of stamps are subject to the law of supply and demand and are apt to rise or fall in consequence.

As a general rule the quotations given herein will be maintained until the appearance of our next edition, but special altered conditions may make it necessary to raise or reduce our selling prices in some instances.

Important Notice to Advanced Collectors, who are desirous of securing novelties as they appear.

For the convenience of those of our customers who may wish to obtain novelties as soon as they appear, we shall, upon application, set apart a series of boxes into which we shall place, on receipt, one of each kind of all new issues that we receive, and will forward as soon as a sufficient amount is reached, or else at request.

Parties not known to us who desire to take advantage of this system, must deposit \$10.00 before any stamps can be sent.

Auction Sales.—The Scott Stamp & Coin Co., L^d, are prepared to dispose of large collections of stamps and coins at auction. The success of this system of disposing of collections has been fully demonstrated during past seasons and will require no further comment.

New and Provisional Issues.—Correspondents in Africa, Asia, Australia Central and South America and the West India Islands are requested to send us stamps to the value of \$5.00 or \$10.00, of any new or provisional issues which may appear in their country, and we shall remit the amount by return mail, allowing 30 per cent. commission, to be taken in stamps, etc., selected from our list in case the stamps are sent us within 15 days of their issue.

Early intimation of any projected new issue or change would be valued, as we are specially desirous to procure early supplies of anything new, either Adhesive, Stamped Envelopes, Newsbands or Post Cards. Printed cash and to stage incurred are guaranteed.

Abbreviations.—A.—Asia. AF.—Africa. C. A.—Central America. E.—Europe. N. A.—North America. O. O.—Oceania. S. A.—South America. W. I.—West India Islands.

The color of the paper on which a stamp is printed is given in italics, where no color is given the paper is white in the case of stamps and buff in the case of postal cards. In some cases stamps are printed in black on colored paper, then the color of the paper only is given in italics.

ENVELOPES.

The numbers in brackets refer to the spaces in the

INTERNATIONAL POSTAGE STAMP ALBUM.

Prices are for cut square specimens; for entire envelopes special prices will be furnished.

As the laws of the United States prohibit the illustration of United States stamps and envelopes, or any part thereof, we are compelled to discontinue the use of the fractional illustrations used by us for many years.

We shall, however, give the salient points of the different dies of these envelopes, so that collectors may readily recognize the differences.

THE MERCHANT FLAGS OF THE WORLD.

AUSTRIAN-ITALY.

BRAZIL.

FINLAND.

Uncolored reduced fac-similes showing style.

"These brilliant colored Flags faithfully represent the emblems of the different nations of the earth, and as such are a great acquisition to any Album, while the exceedingly low price (25 cents) at which they are published, places them within the reach of all."

"This Chart, containing many Flags never before published, has been collected with great care, and can be relied upon as being strictly accurate, and by its aid the nationality of any ship may be easily determined, as it gives the Flag of the NATION instead of the gorgeous piece of bunting which simply belongs to one family, and is seldom, if ever, seen out of their country."

"These sheets possess three great advantages, (to the Collector) over any other we are acquainted with, which consists in the facts that there is only one Flag to each country, more nations represented than have heretofore been given, and only Flags of those countries which issue postage stamps. These we consider of great importance to those who buy them to put in Albums, as they can use them instead of having to throw away half the purchase. The colors are very brilliant, and withal correct, and being printed on very thin paper, the book is not swelled to an inordinate thickness."

Beautifully and correctly printed in FIVE colors on very thin paper for Albums.

PRICE ONLY 25 CENTS.

THE COATS OF ARMS OF THE WORLD.

This magnificent chart contains accurate representations of the armorial bearings of the nations of the world, all of which are beautifully and correctly emblazoned in gold and silver, and their true colors.

As a sheet for framing, it is an acquisition to any drawing room, and is indispensable in the library study.

As a guide to determine the nationality of foreign coins or postage stamps (most of which bear the issuing countries' arms), it will be found of great service. While cut up and inserted in stamp albums, they will be found to add much to the appearance of the page.

The cut herewith shows a reduced uncolored fac-simile of the Coat of Arms of Russia.

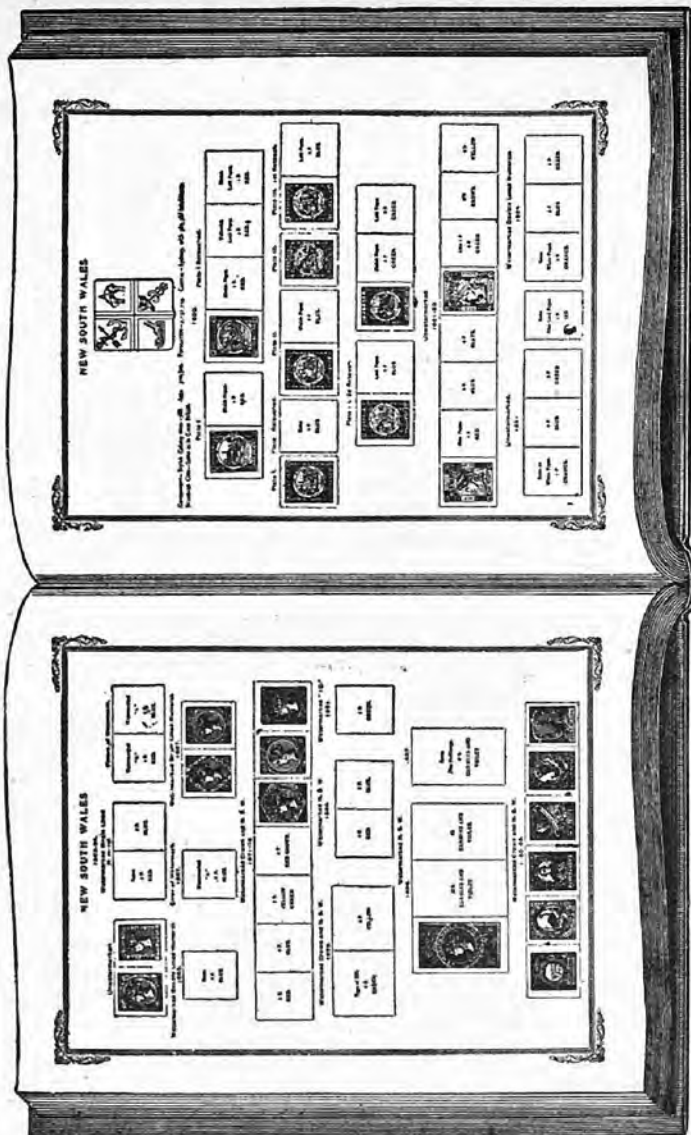

Printed on fine thin paper for Albums.

Price 50 Cents.

THE PERMANENT ALBUM.

FOR ADVANCED COLLECTORS.

This is the very latest improved style of a blank album for advanced collectors and is far superior to any other now on the market. The leaves are firmly held in position by a very simple device and injury to the stamps is impossible. Any leaf can be removed, or new ones inserted, without any trouble, and this insures the absolute permanency of each volume.

Each leaf has a double linen joint, and to facilitate a tasty arrangement of the stamps, it is covered with a fine quadrille ground work. Each album contains 100 leaves of the very finest cardboard, and each leaf has an inside measurement of $10\frac{1}{4} \times 7\frac{1}{4}$ inches.

PRICES.

No. I. Strongly bound in half morocco, gilt,

\$10.00; postage extra.

No. II. Elegantly bound in full morocco, gilt, bevelled boards, expanding lock and key,

17.50;

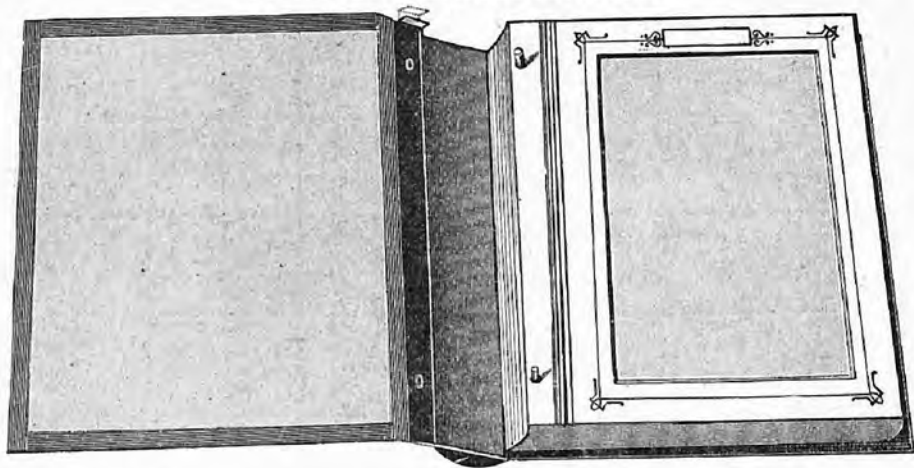

THE PERMANENT ALBUM WITH SUNK MOUNTS.

The leaves of this book are especially arranged to prevent all abrasion or rubbing of the stamps, and they have been adopted by some of the best collectors. The leaves are made of the finest cardboard and have a raised marginal border, the central or sunken portion having a faint quadrille ground work, as in Nos. 1 and 2. Each album contains 100 leaves.

PRICE.

No. 3. Elegantly bound in full Russia leather, bevelled boards, gilt, expanding lock and key, \$35.00; postage extra.

SPECIAL PORTABLE EDITION.

To meet the demand of collectors who desire to carry their stamps, or a portion of them, while traveling, we offer a special edition of the Permanent Album, exactly like No. 3, with sunk mounts, but reduced in size. The inside measurement of the leaves is $8\frac{1}{4} \times 6$ inches and the back of each leaf has a sheet of tissue paper fastened over it to prevent friction with the stamps on the next leaf. Each volume contains 30 leaves.

PRICE. No. 4. Bound in half morocco, with cloth protecting case, \$17.50; postage extra.

Approval Sheet Department.

This Department is now under the special management of the well known philatelist, Mr. John N. Luff. Since he has taken hold of this portion of our business, it has increased enormously. We now have books and sheets adapted to the wants of all classes of collectors, containing stamps from 1 cent up to \$25 each. They are divided as follows: Sheets at 50 per cent. discount, 25 per cent. discount, 10 per cent. discount and net. The net sheets consist entirely of the better classes of United States stamps; and, by means of the books of special countries and divisions of the globe, we are enabled to send to collectors selections of anything they may specially require.

The books are arranged according to varieties of paper, shade, perforation, etc., and our enormous stock enables us to offer a better selection in this way than any other house in the business.

Our approval sheets will be sent to all responsible parties who are known to us or who may send references or a deposit. All minors, or persons under age, must furnish a guarantee from their parents or guardians.

The discounts quoted herein do not apply to orders from our catalogue.

A CATALOGUE FOR ADVANCED COLLECTORS, —OF—

Postage Stamps, Stamped Envelopes and Wrappers.

COMPILED FROM THE MOST RECENT AUTHORITIES AND INDIVIDUAL RESEARCH.

BY

HENRY COLLIN AND HENRY L. CALMAN.

THIS WORK, which we are publishing in monthly instalments in the AMERICAN JOURNAL OF PHILATELY, is already acknowledged by all European and American authorities to be the BEST THAT HAS EVER BEEN ATTEMPTED.

As published in the JOURNAL it is the most complete work of its kind that has ever been published, but after the Journal has appeared, each month, we are enabled, through the kindness of collectors, to make many corrections and additions to which our attention is called.

By these means it has been possible to make the Catalogue almost perfect, and realizing, also, that it will be a great inconvenience for collectors to be forced to have four or five volumes of the Journal constantly at hand, in order to use the

Catalogue for Advanced Collectors,

we began some time ago to print the revised and corrected matter in book form. We are prepared to receive subscriptions for the entire work, to be delivered in parts for

\$10.00 payable in advance.

It is printed in quarto form with large margins for additions and annotations and will be delivered in parts of from 70 to 80 pages.

We are making a special feature of the engravings of plates of stamps containing varieties and our productions in this direction are unequalled.

Seven instalments are ready for delivery and the Eighth part will be ready about February 1st, 1895.

 Sample pages may be had on application.

Tongs for Handling Stamps.

These are invaluable to collectors for handling rare stamps; the old practice of picking up stamps with the fingers is very apt to soil or tear them, and has resulted in the loss of many a fine specimen. As they are made of the best nickel plated steel, they can be put into water without rusting and can thus be used when soaking stamps.

Price, Post free 40 cents.

Electrotypes of Stamps.

Our engravings of Stamps and Postal Cards are recognized as the finest in the world, and we are prepared to supply an electrotype of any cut used in our stamp catalogue or other philatelic publications at the following rates :

GREAT improvements have been made in cabinets of late years. We direct special attention to our latest styles in Oak—handsomely finished—and superior to any we have hitherto offered.

We continue to make cabinets an important feature in our business.

SQUARE COIN BOXES.

This is our latest device for the keeping of Coins in drawers or cabinets, and in many respects the best that has ever been offered to collectors. In the desirable feature of the greatest economy of space it excels all others. Ample room is provided at the top to give the chief attribution or heading, while the reverse side admits of detailed description, in separate ruled divisions. By this system the coin and its box can be transferred from one position to another, as new pieces are acquired, and arranged in its proper place, chronologically or otherwise.

As far as possible, it is better to group coins according to size; other plans take more space and do not present so attractive an appearance.

These holders are of superior manufacture, of strong card board, with wooden tops or headings.

We are confident those who try them will share with us in the opinion that they are

"THE BEST THING OUT."

THE COINS OF THE BIBLE.

This remarkable book gives a full account of all the coins used by the Jewish nation, from the first silver shekel to the last copper mite, including the coins struck during their revolts while under the Roman dominion, and closing with a beautiful picture of the large bronze struck by the Emperor Titus to commemorate the total destruction of Jerusalem and the dispersion of the Jews.

The coins of the New Testament are very fully treated of.

This book will be found invaluable to all Bible students, Sunday-school teachers, and Christians throughout the world.

Among the specially interesting coins we note, **The First Shekel, The Widow's Mite, The Tribute Penny, The Judea Capta of Titus**, beautifully printed on heavy paper and bound in cloth, **Price 50 cents, post paid.**

HINTS TO COIN COLLECTORS.

COINS OF SOUTHERN INDIA.

By R. H. C. TUFFNELL, M. S. C.

Member of the London Numismatic Society, etc.

PUBLISHED BY THE SCOTT STAMP AND COIN CO., Limited.

This new contribution to numismatic literature we are sure will be welcomed. The coins to which it directs especial attention are, as a general rule, neglected, if not ignored, not because they fall in a low grade of artistic work, not because they are deficient in historical value, but rather because the inscriptions and devices by which they are distinguished are, to the great majority, undecipherable, and their identification a matter of considerable labor.

Seeing the important bearing which the civilization of India had upon the progress of the Western nations and its primitive offshoots, and reflecting upon the part it played in ancient history, the interest which its language, laws, and customs still excite, this production of Tuffnell is both instructive and opportune. Through his labors much of the difficulty attending the study of this peculiar coinage has been cleared away. His explanations are clear, his judgment accurate, and his text rendered still more lucid by the insertion of Sixty-five Illustrations of the rarer coins under description.

In addition to the discussion of the coins struck by the indigenous races, he enters with sufficient fullness into those minted by the foreign powers, such as the Roman, Mohammedan, Portuguese, Spanish, French, Dutch, and English, which from time to time secured a foothold in their country.

An additional source of usefulness is to be found in the tables, explaining the native numerals, reducing the Hijrah dates to those of our era, and elucidating the mint-marks, abbreviations, etc.

A final recommendation is the cheapness of the publication, and the excellent quality of the work. New York, 1890; 52 pp., small 4to, paper, 75 cents, post free.

MINT EDITION.—Large Octavo.—CLOTH, GOLD SIDE STAMP, \$1.00; PAPER COVER, 50 CENTS. Copies of either edition sent postpaid on receipt of price.

IN PRESENTING the following two books to the public, we desire to call especial attention both to their character and to the extremely moderate price at which they are offered. They are noteworthy, even in this era of cheap publications, indicating as they do, not only a growing interest in the study of numismatics, but giving hope of the issue of similar useful works.

ENGLISH COINS AND TOKENS.—The names of L. Jewitt and B. V. Head as its authors are a sufficient guarantee of its accuracy and value. It contains for its size, a remarkable amount of information bearing on **Ancient British and Anglo-Saxon Coins, English Coins from the Conquest, reign of Victoria, Trades Tokens of the 17th Century,** and an abstract of the coinage of **Ancient Greece and Rome,** and concludes with some useful remarks upon counterfeits and means of detection. 128 pp., small 8vo, full cloth. The illustrations are 152 in number, excellent reproductions of the originals, and amply cover the various topics under consideration. 40 cents, post paid.

COLONIAL COINS and TOKENS.

By D. F. Howorth, is the title of the second book, which, in point of usefulness and interest, is equal to the first. It is as full of meat as a nut, detailing the coinage of Great Britain and its dependencies and colonies in Europe, **INDIA, CANADA,** and **AUSTRALIA,** with an incidental notice of the regal coins, for use in all the **AMERICAN COLONIES,** and those which were more localized in use and of unofficial origin. Besides the subject matter proper, it contains valuable information upon such topics as devices, mint-marks, and larger books of reference, while carefully prepared chronological and alphabetical indices add to the sum total of its merits. **The Illustrations, which are 40 in number,** are clean and clear, the paper is of excellent quality, and the cover neat in design.

There is much collateral history connected with the Colonial coins of modern times, to which the student will find no allusion in the most elaborate chronicles, but which can only be gained from a careful study of these issues. Many were struck for the purpose of increasing the loyal attachment of the Colonists to the mother country, by flattering legends; others tell the story of trial, and might be classed as Necessity pieces; while others indicate the dawning of independence. The pine tree shillings of Massachusetts bore a fit emblem of the self-reliant spirit and the unbending resolution of the infant republic. The apt reply of the politic Puritan, who told the king it was the Royal Oak which once protected His Majesty, served to turn aside his anger for the moment, yet his courtiers did not fail to see that the mintage of these pieces infringed on his prerogative. Instances like these might be multiplied, but it is not necessary. We believe it may truthfully be said that the study of Colonial issues, in the broad sense of the term, will attract the beginner, and amply repay the most advanced collector. We know of no books better adapted to this purpose. 93pp., small 8vo, full cloth, 40c., post paid.
