COLLECTOR, AUTHOR, AND DEALER
of 30 years' standing.

J. W. SCOTT & CO., 146 Fulton Street,
SCOTT & COMPANY, 721 Broadway.

**This company has not sold out and have
no successors, all statements to the contrary
being the inventions of dishonest parties
who are vainly endeavoring to secure
part of the company's enormous trade,
which they are unable to get or obtain
by honorable means.**

the benefit of Mr. J. W. Scott's experience,
and he has no connection with any other

BUSINESS RULES.

GUARANTEE—Every stamp and coin sold by this house is guaranteed genuine and authentic and our name will be placed on the back of any stamps sold when desired.

PLACE OF BUSINESS—40 John Street, New York City, where all communications should be addressed. We have not sold out, and have no successors as has been falsely intimated by some of our more unscrupulous competitors.

J. W. SCOTT—is the manager of the business. There is no other man or the name of Scott connected with any Postage Stamp Business in New York and any one answering to or assuming Mr. Scott's name does so with intent to defraud.

TERMS, NET CASH—with order. Our prices are lower than those of any responsible dealer in the world, and as we publish all our prices we could not, even if we wished, make up for discounts allowed on common stamps by adding enough to special wants of customers to get back discounts allowed.

The only honest and sensible plan of dealing in articles of virtue is to mark all goods at lowest prices. Compare our prices.

SMALL ORDERS—for less than one dollar must contain stamp for return postage.

REMITTANCES—can be made by check, money order or draft to the order of The J. W. Scott Co., L'd, or in unused U. S. stamps. When enclosing stamps in letter be careful to see that they are perfectly free from dampness, and do not let the letter get wet, as stamps sticking together cannot be received.

FOREIGN CORRESPONDENTS will please remit by draft on New York or London, or by bank notes or money orders. Unused stamps of lowest denomination only will be received from countries whose currency is at par with U. S. notes.

STOCK—We have not every stamp in stock, although it is the largest and best selected in the world. Therefore, customers will greatly oblige by making all orders from catalogues for double the amount of cash enclosed.

IMMEDIATE DESPATCH—All orders received before two o'clock filed on day of receipt.

PURCHASERS—are especially requested to give full name and address with each order.

SHEETS—of new issues will be sent on approval to all furnishing satisfactory references.

VALUABLE COLLECTIONS—desired for spot cash. We never buy on time or give notes. That we pay higher prices than any other dealers in the world has been amply demonstrated by the number of valuable books (\$1,000.00 and upwards) which we have bought during the past year, in open competition with the dealers of the world.

COINS—As the publishers deal in coins as well as stamps, they are always prepared to exchange one against the other.

The J. W. SCOTT CO., L'd,
40 John Street, - - New York City.

REVISED PRICE LIST

OF ALL

U. S. POSTAGE STAMPS,

WHICH CANCELS ALL LISTS OF PRIOR DATE.

The J. W. Scott Company, Limited much regret the necessity of increasing the prices asked for many U. S. stamps. Before taking this step they entirely sold out their superb stock of Americana at the low prices for which their house is noted, and although husbanded with great care and sold only to collectors their old stock finally disappeared. They steadfastly refused to sell to dealers, even at a very liberal per cent. over the retail rate, and were put to much inconvenience in overcoming the devices of traders who endeavored by every known artifice to purchase the many bargains which the house determined should be sold to collectors only. It may be that some amateurs not regular patrons of the house have been refused certain stamps owing our mailing clerk suspecting them of being emissaries of rival dealers.

If such should prove to be the case the management sincerely regrets the mistake of its employees and trusts it will be pardoned in consideration of the well known fact that the J. W. Scott Company, Limited, is an organization of collectors for the sole benefit of collectors.

The J. W. Scott Co., Ltd., commence the first of the New Year with an unparalleled stock of stamps which will be sold as usual at lower prices than prevail elsewhere, and patrons will greatly oblige by comparing prices before ordering.

Orders for less than 25c respectfully declined. Orders under one dollar must contain stamp for reply.

Arranged in Sets to correspond with J. W. Scott's Best Album.

THE NEW
CERTIFIED SERIES

—OF—

Stamp • Packets.

A Few Words About Packets.

It is always desirable to think before we act and to proceed to business in the best possible way. Now, undoubtedly, the cheapest way to acquire a collection of stamps is to buy packets, because, these being made up in lots of many thousands at a time cost very little above the actual value of one hundred stamps, while the cost of the clerks' time in looking out an order of the different stamps would amount to 50c., therefore it is easy to see that we can sell stamps in a series of packets like the following at less than half catalogue price and still make a profit.

To reap the fullest benefit in buying packets, it is advisable to buy one packet for the amount you desire to spend, and then order single stamps to fill up with. For those who do not wish to lay out much at one time we have separated the packets into series. Thus no 25c. packet will duplicate any other 25c. packet, and so with the 50c. or dollar series.

!  **50**
UNITED STATES
1.00

regular issue from 1851 to date including the 1869 issue, Columbian series and the departmental issues of 1875, 50 stamps \$1.00.

2  **50**
AMERICA
1.00

After the stamps of our own country the issues of other American States are most eagerly sought after both on account of their beauty and also as a good investment. The present packet includes specimens from Paraguay, Brazil, Ecuador, Uruguay, The Argentine, &c., &c., 50 stamps, \$1.00.

3  **50**
UNUSED
1.00

Unused stamps have a great charm for most collectors on account of their unmarred beauty and the intrinsic value they represent, we have therefore selected a number of beautiful and interesting stamps for the third packet of the series which includes among other gems stamps from Seychelles, Hawaii, Liberia, Borneo, Newfoundland, &c. 50 stamps, \$1.00.

4

100

SCARCE

1.00

Scarce stamps are what all the boys are looking for; common ones are to be had in plenty, but scarce ones are not easily found and command good prices when sold singly: however we have selected this

packet from stamps purchased years ago before the great rise in prices and therefore are enabled to put the following among others in the packet: Egypt, Hayti, Reunion, Guadeloupe, Martinique, British Guiana, &c., 100 stamps, \$1.00.

5

50

RARE

1.00

Rare is of course a comparative word and has a different meaning to different collectors, some considering no stamps rare which can be bought for less than \$100.00, there are none of that kind in this

packet, but it does contain many stamps which are very rare to boy collectors, such as New Brunswick, Morocco, Gold Coast, Old Spain, Panama, &c., 50 stamps, \$1.00.

6

125

EUROPEAN

25c.

\$1.25 for 25c. is, of course, very cheap, very little more than the cost of sorting, but we want to encourage the boys and put in many stamps which they cannot get without buying; low values of small countries which have little or no trade with the United States, such as Monaco, Heligoland, the Sunday stamps of Belgium, &c. 125 stamps 25 cents.

7

50

SCARCE

25c.

Two stamps for a cent is very cheap, especially when all that are in the last packet are barred out, as it must be remembered that the 25c. series do not duplicate with one another; however, we have given quite a nice selection, which includes Bosnia, Bulgaria, Fin-

land, the Ottoman Empire or Turkey as it is commonly called, Roumania, &c., 50 stamps, 25 cents.

8

15

ASIA

25c.

Asia is one of the far-off continents inhabited by another race of people different from us in thought and way of living. Their stamps are not like ours, especially the old ones. We have taken pains to make a representative collection sure to please.

It includes stamps from Corea, Native India, China, Shanghai, Persia, &c. 15 stamps, 25 cents.

9**15****AFRICA.****25c.**

stamp dealers), and the establishment of the Congo States with the fringe of English, French, and Portuguese Colonies on the coast. From these governments we have selected a representative lot, including Anjouan, Angola, Lagos, Tunis, Madagascar, &c., 15 stamps, 25 cents.

10**25****U. S.****25c.**

Our own country, the dearest place on earth, and the dearest collection of stamps. Nearly all U. S. stamps are rare, and even the common ones of to-day will be valuable in a few years. However, we have made a nice selection of 25 at one cent each, which includes all different classes (except revenues), Departments, Carriers, Envelopes, Unpaid, 25 stamps 25 cents.

11**25****N. AMERICA****25c.**

There are now four different governments on North America outside of the U. S., the Dominion of Canada, Newfoundland, the French Colonies of St. Pierre, and Miquelon, and Mexico, all issue stamps, and some are quite rare. This packet gives samples of all. 25 stamps for 25 cents.

12**25****WEST INDIES****25c.**

The West Indies, so called by the blunder made by Columbus, who thought he had landed on the west coast of India instead of a new quarter of the globe. Here are many different colonies issuing stamps. We give a fair sample of them in this packet such as Turk's Island, St. Lucia, Porto Rico, Jamaica, Bermuda, &c. 25 stamps for 25 cents.

13**15****CENT. AM.****25c.**

Central America is occupied by six different governments but as the southern end is part of the Colombian Republic we do not include any of its stamps in this packet which consists of Salvador, Nicaragua, Honduras, Guatemala and Costa Rica. 15 stamps for 25 cents.

14

25

SOUTH AM.

25c.

South America with its frequent revolutions, is always in evidence in the news of the world or "making history," as the phrase goes, the stamps

are interesting and on account of the small population liable to become scarce. This packet contains stamps from Colombia, Venezuela, Chili, Argentine, Paraguay, etc., 25 stamps for 25 cents.

15

25

AUSTRALIA

25c.

Australia and New Zealand, the last grand division of the world to be discovered and colonized offers a fine field for the stamp collector and here we have a desirable assortment

from the colonies of Victoria, Western Australia, New Zealand, South Australia, New South Wales, etc., 25 stamps for 25 cents.

16

10

UNUSED

25c.

Unused stamps add greatly to the appearance of a collection.

In buying used stamps some are sure to be badly cancelled but unused are always immaculate, brilliant and beautiful setting off

their plainer brethren to advantage. This packet includes specimens from Philippine Islands, Provisional Hawaii, 20c. Confederate States, Tasmania, Fiji Islands, etc., 10 unused stamps for 25 cents.

17

10

RARE

25c.

When, after years of pleasure in collecting stamps, various circumstances may make it advisable to dispose of our collections, it is the *rare* stamps which procure a purchaser and determines

the price. This packet includes the following: Dominican Republic, Shilling Queensland, 1877 Porto Rico, 4 pesos Spain, British Guiana, etc., 10 stamps, 25 cents.

18

25

REVENUES

25c.

The collection of our own revenue stamps has become quite popular of late years. The demand is great and the supply small. The values extend from 1c to \$500.00 In this

packet the highest value is \$5 but includes some of all issues. 25 stamps for 25 cents.

19**200**

SELECTED

50c.

A collection of 200 foreign postage stamps all different and without any revenues, locals or cut post cards usually found in cheap packets, makes a very desirable start for a boy especially if combined with a 50c. Challenge Album. The number we usually name are not worth quoting out of 200, but all are good alike; 50 cents.

20**50**

SCARCE

50c.

This desirable packet contains a supplementary collection to the last, advancing the album to a degree quite out of proportion to the additional expenditure, improving the appearance as well as the value of the collection. It contains stamps from all four quarters of the world, including Malta, Gibraltar, San Marino, Old English, Morocco, etc., 50 stamps, 50 cents.

21**10**

NEW

50c.

Most collectors like to be able to show stamps unknown to their friends, so to satisfy this natural desire we make up this packet monthly including all the latest issues as received. We leave the space for a picture blank as what would be true of one month perhaps would not answer for the next, however, collectors may be sure of getting the full value of their money in 10 new issues for 50 cents.

22**500**

STAMPS

5.00

There is a constant demand for a good start for a collection; we have therefore prepared packet No. 22 which contains a first class nucleus for an album as it embraces all classes of stamps, United States as well as foreign, old issues as well as new, used and unused. We might name the following among others of equal merit: Old Spain, Cook's Island, Old French, Nossi Be, Niger Coast, Old German, etc., 500 stamps for \$5.

23**400**

NEW

5.00

The desire for a stamp collection once implanted in the human breast never dies. We hear constantly of gentlemen who have formed collections as boys which were laid aside as affairs of life crowded on them, taking the opportunity of the first leisure of middle life to get out the old collections and start in where it was left off twenty years ago. It is for this class that packet 23 has been made up of the later issues and contains many desirable stamps. Barbados, Antioquia, Newfoundland, Mauritius, Zululand, Bechuanaland, etc. Very desirable, 400 stamps \$5.

1000 STAMPS \$10.

Packet
24

This superb packet contains a very desirable collection in itself and is certainly a better collection than many have been able to achieve after years of collecting and an expenditure of three times the amount of cash. One thousand different stamps at one cent each is very cheap but still we put at least one dollar stamp in each packet while there are large numbers of stamps which are rare to most collectors among which we may name Reunion, New Caledonia, Newfoundland, Kashmir, Bolivar, United States, Confederate States, Shanghai, Philippine Islands, British Central Africa, etc., an unequalled collection of one thousand postage stamps for \$10.00.

1500 STAMPS \$25.

The Challenge Packet of the World.

Packet
25

Is justly called the challenge packet of the world and as a collection selected at one time cannot be equalled by any dealer in the world. To give a list of even the principal stamps contained in this packet would require several pages of this paper, so we can only name a few of the countries such as Antigua, Argentine Republic, Corrientes, Bahamas, Barbados, Bermuda, Bolivia, Brazil, British Guiana, British Honduras, Canada 1859 issue, Chili, Colombian Republic, Antioquia, Panama, Santander, Tolima, Costa Rica, Cuba, Curacao, Danish West Indies, Dominica, Dominican Republic, Ecuador, Falkland Islands, St. Pierre-Miquelon, Martinique, Guadeloupe, Grenada, Guatemala, Hayti, Honduras, Jamaica, Leeward Islands, Mexico, Guadelajara, New Brunswick, Newfoundland, Nicaragua, Paraguay, Peru, Porto Rico, Prince Edward Island, St. Christopher, St. Lucia, St. Vincent, Salvador, Surinam, Tobago, Trinidad, Turks Island, Uruguay, Venezuela, etc. Fifteen hundred stamps \$25.

NOTE—Every stamp in the entire series of packets is warranted genuine and in good condition. It will be noted that we do not confine this guarantee to the higher priced packets but to all alike, high and low price. No counterfeit or doubtful stamps are sold by this house under any circumstances. J. W. Scott, Manager.

The Metropolitan Philatelist,

The Great Exponent of the Science of Philately

AND

The Mirror of the Philatelic Societies.

This paper is original to the back bone and contains exhaustive papers on the stamps of various countries besides lighter articles of general interest to stamp collectors. Its illustrated monthly chronicle of newly issued stamps is a marvel of accuracy, painstaking research and world wide organization to bring the monthly philatelic gains of the world to the doors of every American stamp collector thus enabling him to buy with discretion and secure stamps while they are cheap. It is well within the bounds of truth to say that the careful reader of this paper will complete his collection at half the cost of an ordinary collector.

The advertising columns are of special value to readers as no announcements will be received from parties who are not perfectly reliable, while the many bargains which are offered monthly adds zest to the careful exploration of its business columns.

Dealers using this medium to become known to the great body of stamp collectors throughout the length and breadth of America, England and the British Colonies scattered all over the world, are amply repaid for their outlay.

OPINIONS OF THE PRESS

On the appearance of the first Edition.

The *New York Times* of December 1st, says:—"A well made volume, called the 'Best Postage Stamp Album,' has been issued by the J. W. Scott Company, Limited. To keep a stamp album within proper bounds as to size is the difficulty, and Mr. Scott, a number of years ago came nearest to the overcoming of this difficulty. Having great experience in the making of such volumes, the one now under notice possesses many advantages. Taking the stamps of the United States, it is good judgment to have made a distinction between postal and revenue stamps, and to have relegated the latter to the concluding pages of the album. There is for all countries a good space allowed for present issues and room for future ones. One capital thing is to have printed the present value of all stamps, and so troublesome researches in catalogues become unnecessary. Of course, prices vary, and the value of a stamp to-day may very much increase in the future.

The *Record and Review* of December 15th, says: On opening it we find many changes for the better from Mr. Scott's 'International' album, and changes that all collectors will, we think, be as favorably impressed with as we are. The first striking improvement we notice is the maps of the geographical position of each stamp issuing country, each engraved to its correct scale, at the head of each page where the stamps are to be put, thus showing the correct relative size of each country. This fills a long felt want, and will be appreciated by parents and teachers who have to answer so many questions from young collectors as to where the different countries are, questions that frequently bother the old heads quite as much as the young ones. * * * Another striking feature in this connection, and a good one, is that Mr. Scott has placed the name of the person whose portrait is on the stamp, over the square made to receive it, so that it will always be in full view after the stamp is in its place.

With the arrangements of the squares made to receive the stamps throughout the album, we fancy every one will be pleased, they are very neatly ruled, with a liberal amount of room for each stamp and a beautiful little picture in miniature of it. There is also a description of its color and denomination which will be a great help to collectors in arranging their sets, as the colors are not given in the International Album where the types were, which is very confusing.

Plain Talk (Alvah Davison) February, 1891, says: The illustrations of the various issues are about one half the size of the spaces, and they are made in outlines, so the eye is not deceived by taking them for the real stamps as they appear in the spaces. The catalogue value of each stamp is given in the space devoted to it, and the album thus combines all the good features of a stamp catalogue, while retaining its identity as an album. In albums heretofore published the different maps of the countries were printed about the same size, without regard to the size or area of the various places, but in the "Best" all maps are drawn to a scale showing the relative size, and at a glance it will be seen that China is only half the size of the United States, while Angola is hardly the size of Florida. This is a very valuable feature and one which would place the book "way up head" as a desirable album. The spaces for flags, coats of arms, etc., have been retained, and all issues brought up to date. The work appears in various bindings, the prices ranging from one dollar and a half to seven dollars and a half. It is impossible to get an album which will be able to suit all collectors, but the one which I think will suit the greatest number and which combines more desirable qualities than any other, is Mr. Scott's "Best" Album.

The *Metropolitan Philatelist* of January, says: One of the earliest issued of this, the newest departure in American Stamp Albums, lies before us. The general get up and appearance of the album is very attractive and effective.

We notice several new features in Mr. Scott's new Album. There are never more than two countries on the same page and not even that number unless the series is small and the countries in the same division of the globe.

THE "CHALLENGE" ALBUM.

We claim this book to be the best ever published anywhere in the world for the money. It has more spaces, is better arranged, and in every way more suitable for a beginner's collection than any other. It has pictures of the stamps, specially arranged spaces, and illustrated with the flags of all nations, together with a fine map made expressly for this work. Notwithstanding all these advantages and the wonderfully low price at which it is sold, we have determined to offer the boys the following premiums:

To any boy properly filling this book either by exchange or with stamps purchased from us after receipt of album, we will present a \$2.50 album and \$2.50 worth of stamps to be selected by himself from our list.

To the first boy filling one of these books under the same conditions we will present a \$5 album and \$5 in stamps.

To the agent selling the largest number of these books we will present a \$5.00 album and \$5.00 worth of stamps.

❀ **STAMP MOUNTS.** ❀

* In compliance with the request of many eminent collectors **The J. W. Scott Co., Limited** have prepared a series of superb stamp mounts printed in black and illuminated in gold.

These mounts are a great advantage to the possessors of rare stamps as they obviate the necessity of removing the hinge from stamp (always slightly soiling and sometimes materially injuring it) when changing the

location in an album. The covered space of the mount is occupied with lines on which to note important particulars, the watermark, size of perforations, cost price and name of party from whom it was obtained.

Put up in packets of 1000 at \$1.00.

and sent post free on receipt of price.

We have also prepared a special page for Columbian stamps 9 1-4x11 5-8 inches, lithographed and illuminated, to correspond with stamp mounts.

Price, 10 cents per sheets post free, in strong roller 5c extra.

THE
 ↗FLAGS OF ALL NATIONS.↘

A superb set of the flags of all the nations of the world, beautifully printed in their correct colors. The most complete and only correct sheet published. Price 25 cents.

These flags are suitable for all albums published and when desired we will cut out and gum each flag, so that there may be no more trouble in placing in an album than sticking a stamp on a letter, *for which no extra charge will be made.* Please state in order which way they are desired.

↗ARMORIAL * DEVICES↘
 OF ALL NATIONS.

This set of arms is superior in every respect to any heretofore published, exceeding in number and excelling in quality. The national arms of each country are faithfully reproduced in gold, silver, red, blue, green and black, great care having been taken to secure accuracy in every detail, thus forming a valuable plate for those interested in heraldry, an elegant series of objects for decorative purposes, and an indispensable addition to the stamp album, whether the collection be arranged in a blank book or prepared album. Price 50 cents for the complete sheet of 100 arms, post free.

IMPORTANT!

To save our patrons all the work possible, we will, when requested, *cut out and gum* the entire set of arms and send ready to stick in an album just like a new postage stamp, *without extra charge.* Please state in order whether *required* in a sheet or cut to shape and gummed.

AUCTION SALES.

Season 1894-5.

THE J. W. SCOTT CO., Limited.

Beg to announce to collectors and dealers throughout the world that they are now prepared to receive collections and single valuable stamps for sale at public auction during the coming season. **TERMS, FROM 10 to 20 PER CENT.** of amount realized, which percentage will cover all charges of cataloguing, printing, selling, etc.

Cash advances to the amount of half the estimated value of the collection will be made when desired.

Catalogues in unlimited numbers will be supplied to collectors and dealers throughout America and Europe; for this reason all auction catalogues will be issued six weeks before the date of sale, and at least two weeks are required in which to write and print catalogues. Owners can select any unoccupied date to suit their convenience. To derive the greatest benefit of the enormous reduction in the cost of disposing of a collection, early application is necessary.

This company prints and distributes three times the number of catalogues sent out by any other house in the trade.

The sales are under the immediate supervision of Mr. J. W. Scott, who managed the first stamp auctions both in America and England, and has prepared more catalogues than any other man in the business. The uniform success and high prices realized are sufficient recommendation to those who desire to secure the highest price for their collections.

Our auction of the De Coppet stamp collection sold last April realized nearly \$30,000, a single stamp having sold for \$1,010.00. This great sale was commented on both before and after the event in all the leading daily papers both here and in Europe and was the most successful event which ever occurred in the stamp world, the high prices then realized having marked up the value of many stamps, thus putting money in the pockets of every collector.
