### THE

# Merchant Flags of the World.

These brilliant colored Flags faithfully represent the emblems of the different nations of the earth, and as such are a great acquisition to any album, while the exceedingly low price (25 Cents) at which they are published, places them within the reach of all.

This Chart, containing many Flags never before published, has been collected with great care, and can be relied upon as being strictly accurate, and by its aid the nationality of any ship may be easily determined as it gives the Flag of the NATION instead of the gorgeous piece of bunting which simply belongs to one family, and is seldom, if ever, seen out of their country.

These sheets possess three great advantages (to the Collector) over any other we are acquainted with, which consist in the facts that there is only one Flag to each country; more nations represented than have heretofore been given, and only Flags of those countries which issue postage stamps. These we consider of great importance to those who buy them to put in albums, as they can use them all instead of having to throw away half the purchase. The colors are very brilliant, and withal correct, and being printed on very thin paper, the book is not swelled to an inordinate thickness.

Beautifully and correctly printed in FIVE colors on thin paper for albums. **Price only 25 Cents.**

## Postage Stamp Portraits of Rulers For Insertion in all Postage Stamp Albums.

These Photographs are the size of Postage Stamps, and when inserted in the spaces prepared for them, add considerably to the interest of an album.

**Set of 72 Portraits, Price 50 Cents.**

The Numbers affixed correspond to the spaces in the International Albums.

## Coats of Arms of the World.

This magnificent Chart contains accurate representations of the armorial bearings of the nations of the world, all of which are beautifully and correctly emblazoned in gold and silver, and their true colors.

As a sheet for framing, it is an acquisition to any drawing room and is indispensable in the library or study.

As a guide to determine the nationality of foreign coins or postage stamps (most of which bear the issuing country's arms), it will be found of great service. While cut up and inserted in stamp albums, they will be found to add much to the appearance of the page.

Printed on fine thin paper for inserting in albums.

**PRICE 50 CENTS.**

## POSTAGE STAMPS

### If You Want to Sell

We would respectfully call the attention of collectors and dealers to the great advantage offered by our auction sales for the disposal of their collections and surplus stock.

Our auctions are held in the heart of the city, and are attended by all the important buyers of stamps in New York and vicinity.

The past year has been one of great success in this line. Some stamps have brought higher prices at our sales than they have ever brought before.

 Our Terms are Reasonable.

Our Settlements are Prompt. 

---

### *If You Want to Buy*

We strongly advise those collectors who have never bought at auctions, to give the plan a trial. Many of our oldest and most advanced collectors are present at all the auctions, either in person or by proxy, and have obtained some of the gems of their collections in this way, at a considerable discount from the regular price.

Those who would like to receive our auction catalogues regularly in the future, will kindly notify us.

### **We Charge no Commission for Buying.**

We either attend in person or are represented at each sale of importance, and will execute bids for those who cannot attend—charges moderate.
