PREFACE.

IN issuing this Directory, I wish to say that there are few people who can appreciate the labor and time necessary in getting out a work of this kind. I have been delayed some months longer than was expected, but it has been no fault of mine; the work necessary to make it as correct as possible, required a great deal of time and labor, and I gave unsparingly of both.

I do not claim this work to be absolutely perfect, nor that it contains the names of every stamp collector, but the names will be found as near up-to-date as possible, corrections in addresses having been made up to the time the last form went to press. The lists are especially strong in out of the way foreign places; the European names are all selected from over 30,000 and the latest ones used.

I wish to thank those persons who have kindly given their aid in various ways to my undertaking; to those who have kindly corrected my lists and furnished me with names, and to those who have placed advance orders with me.

Work will be commenced on the next edition as soon as this is printed, and I shall be glad to have corrections and additions for it. It will be published November 1st, 1897, and all sending money for it in advance will be entitled to a five line advertisement free.

Sheets on Approval

ARE MY SPECIALTY.

I have many grades of sheets and can suit everyone. I allow 66 $\frac{2}{3}$ per cent off on sheets for the beginner. These are stamps of the cheaper class and are recommended only for quantity for the collector just starting. Other sheets at 50, 40, 33 $\frac{1}{3}$, 20 to 10 per cent; latter contain U. S. and fine foreign.

Want lists desired.

Collectors who cannot purchase over \$1.00 worth of good stamps at a time please do not apply. I can sell any stamps at lowest prices.

APPROVAL SHEETS.

Some Special Features.

VARIETY—I have no large stock of certain countries to work off; my approval sheets contain ten thousand varieties from all parts of the world.

CONDITION—My approval sheets contain no mended or imperfect specimens; these, if I have them, are disposed of in some other way, generally destroyed.

ARRANGEMENT—The stamps on my approval sheets are arranged as far as possible according to countries and dates of issue; and special sheets are always made up on request.

PRICES—When a stamp is listed in Scott's Standard Catalogue, and a quotation given which is within hailing distance of the true value of the stamp, I use that catalogue; sometimes I use others.

DISCOUNTS—On British North America and British West Indies, 0-25 per cent.; on other British Colonies, Great Britain and United States, 10-33 1/2 per cent.; on European, Oriental, etc., 20-40 per cent.; on Mexico, South and Central America, 25-50 per cent.

RULES—References or deposit required. Sheets must not be kept more than five days, exclusive of time occupied in transit. Sheets must always be returned in registered letter; I assume no responsibility for unregistered letters. No discount is allowed on purchases of less than \$1.00.

I am always pleased to receive from dealers or collectors, approval sheets of Bulgaria, Greece, Roumania, Serbia, Turkey, Persia and Egypt at reasonable discounts; also British North America and British West Indies.

Dr. Frederick Gaertner.

Dr. Frederick Gaertner, of Pittsburg, Pa., U. S. A., is the happy possessor of a very fine collection of only unused, well-centered stamps, numbering now between 12,000 and 13,000 varieties, which he values very highly and says it is a genuine work of art. He further says it is the best investment he has ever made, and it is far better than real estate of the most profitable kind, as the advance in price of strictly unused stamps beats anything he has ever seen or heard of. Dr. Gaertner also says that a person with a fine collection of this kind can travel over the entire earth, and in case of being without money or friends, can very soon get both and in short order. He (Dr. G.) concludes by saying that he is prepared to purchase, for cash, any unused stamps he has not in his collection.
