PUBLISHERS NOTICE

So far as the publisher has been able to find out this is the first list of philatelic journals of the British Colonies ever published; and while there may be, as there always are in the first attempt, a few errors, we take some pride in the fact that the list is as near complete as is possible at the present time.

My thanks are due all those that in any way assisted in the preparation of this work, special mention is made of Mr. H. E. Deats, who kindly compared the list with his superb library, and Judge Victor Suppanschitsch of Vienna, Austria, who so generously gave us information we had not otherwise obtained.

A few words of explanation in regard to the text matter, which, though easily understood, may be necessary. The system of numbering is, so far as the publisher is concerned, original with him, and was adopted for the reason of its being absolutely permanent. Journals that suffered a change of name are numbered and listed under the names in which they first appeared, the other titles appearing in the proper places, without numbers, and bearing references to the original titles. A || indicates the end of the volume. A § indicates the end of existence. T. & I. following a volume indicates that a title page and index are furnished. A number in brackets, [], refers to the journal that was the successor to the one to which the number is appended. An interrogation denotes that a doubt exists as to the accuracy of that part of the list immediately preceding.

I would be pleased to hear from all persons that know of any omissions or errors in the list, with full information concerning the same.

THE COMPREHENSIVE CHECK LIST

The above is the title of a philatelic work published in 1895, with a supplement which appeared in 1897. It listed all numbers of all United States and Canada Philatelic Journals and Magazines, so far as known. While this work is now a little out of date, still there is no other that covers the ground, and you need a copy if you are in the least degree interested in the philatelic publications of the above named countries.

The Comprehensive Check-List was sold at 25¢ each, and the Supplement at 10¢. The publisher still has a supply on hand and as long as they last will send both for 10¢.
