## PREFACE.

ANOTHER "long felt want" filled. Such were the words that greeted us when we announced the publication of this our Philatelic Handbook No. 2. Our Handbook No. 1, *The Stamps of British North America*, proved a success far beyond our expectation. Our series of Philatelic Handbooks have met the approbation and secured promises of support of the leading dealers and collectors in every portion of the globe. Dealers and collectors in Canada, and out-lying countries, have as a rule been but little acquainted with the state of stamp collecting in Canada, no reliable directory of Canadian collectors exclusively had ever been published, and the prominent Canadian philatelists are not as widely known as might be. Why? Owing to the scarcity of Philatelic publications in Canada. The foregoing condition of affairs resulted in the issue of this work. Referring to the directory of Canadian philatelists herein, it is the largest and most complete ever issued—the names have *all* been collected within three months prior to date of publication, and as a result they can be relied on as new and *bona-fide*. In the sketches of prominent dealers, etc., it has been our endeavor to have the sketches brief and pithy, rather than complete, long and tiresome. A second edition of this work will be issued immediately on the exhaustion of the first edition, and although our directory is large we feel assured that there are ten times as many Canadian Philatelists as we have listed, we therefore request the purchasers of this edition to send us the name of any Canadian collectors whose names we have omitted, so that they may be inserted in the second edition. We extend our sincere thanks to our customers for their liberal patronage to this and previous publications, and we trust to have the same combined in our succeeding publications.

## STAMP COLLECTING IN CANADA.

Canada is a *stamp collector's* paradise in more ways than one. Firstly, because it contains many collectors; secondly, many of the collectors are the leading philatelists of the day, and thirdly, for the simple fact that thousands of collectors collect nothing but the stamps of Canada and her Provinces. Stamp collecting has not been a flourishing science here, of late years only, but if we go back as far as the "fifties," we find it established even then; of philatelic magazines, it is true we cannot at present boast of many, but what of that? Our U. S. brethren are only too well aware, that "power, and virtue do not always come by number." Our stamps are well known to be desirable; perhaps this desire mainly from the fact of the rarity of some of them. There are two Canadian stamps that rank among the great rarities of the world. I refer to the Canada 12-pence, and the New Brunswick "Connell" stamps. The New Brunswick shilling is not to be despised, nor by any means the same stamp of Nova Scotia. So much for the stamps *at present*. Our societies play a most important part in the history of stamp collecting in Canada, not simply because of minor feuds that have arisen from rivalry, but because of their material usefulness. At the time of the publication of this work there are some four or five Canadian societies that command our notice. One of the oldest of Canadian societies, at present existing, is the *Canadian Philatelic Association*, which was organized in September, 1887, and is consequently in its fifth year. The membership is at present only about 90; these, however, are, on the most part, advanced collectors, and constitute a strong society, in material if not in numbers. The official organ of the society is the *Dominion Philatelist*, published by Mr. H. F. Ketcheson, of Belleville, Ont.; Mr. T. S. Clark, of Belleville, is the Secretary-Treasurer, from whom application blanks, particulars regarding dues, etc., may be obtained. Another of Canada's powerful, and progressive societies is the *Philatelic Society of Canada*, an incorporated organization, having between three and four hundred active members on its roll. The growth of this latter society has been phenomenal; organized only recently, September, 1891, and yet having a paid-up membership larger than any other society in British North America. It ranks as one of the only two incorporated philatelic associations in North America. The incorporation papers were carried through by Mr. J. S. Robertson, barrister, of St. Thomas, Ont., a leading organizer of the society. This society, after a year of rapid progress, held their first annual convention at Ottawa, Aug. 18th, 19th and 20th, 1892. The newly elected secretary is Mr. H. F. Mooers, of Kingston, Ont. Application blanks, particulars as to the working of the various departments, will be cheerfully supplied on application to the *Secretary*, or by any member of the society. Local societies.—One of the leading local societies is the *Montreal Philatelic Society*, local only, one of the oldest local societies on the continent. The city of Ottawa (Canada's capital) supports two strong local societies, one consisting of only those collectors in the civil service, all over 21, and a strong junior society. Local organizations are also in operation at St. John, N. B., Kamloops, B. C., London and Toronto,

Ontario, and Halifax, N. S. Of the above local societies all are branches of the *Philatelic Society of Canada*, excepting only the Montreal Philatelic Society. As to the leading Canadian collectors, and matter of like similar significance, will be briefly dealt with under separate headings.

## PERSONAL ITEMS.

Mr. A. Harrison Milligan is among the rising Canadian dealers. He devotes his time exclusively to the stamp business; he is a member of the *Philatelic Society of Canada*, and resides in London, Ont. He has a office in the western part of the city.

Mr. W. Kelsey Hall, of Peterborough, who is known, owing to his somewhat extensive advertising, is a law student. He deals in stamps as an outside venture, and is a member of the *Canadian Philatelic Association*, and charter member of the *Philatelic Society of Canada*.

Mr. W. J. Beatty is one of the "old time collectors," probably the oldest of the Ottawa "boys," of whom he forms a *part*. He is a collector only, and possesses one of the best collections in the capital. He was a member of the Organizing Committee of the P. S. of C. He has for two years been chairman of the *Philatelic Society of Canada* Executive Committee, and as Secretary of the Civil Service Branch of the *Ottawa Philatelic Society* he has done efficient service.

Mr. T. S. Clark, of Peterborough, Ont., is teller in the Bank of Montreal of that place. He deals extensively in Canadian and foreign stamps, making the former his specialty. Mr. Clark, also has a connection with the *Dominion Philatelist*. He has, during the past few years, held several large auction sales of stamps, which have proved a success. He has been, for the two past years, Secretary-Treasurer of the *Canadian Philatelic Association*, and during his administration the association has experienced a fair degree of prosperity.

Mr. L. M. Staebler, the publisher of the *Canadian Philatelist* and *The Canadian Philatelic Handbooks*, occupies the leading position among Canadian stamp dealers. He started dealing on a small scale in 1885, and from that small beginning has worked up his present large business, which is one of the largest on the North American continent. He makes a specialty of Canadian stamps, his stock of which is second to none. He is as yet young in years, but by no means so in his knowledge of philately. He was the founder of the *Philatelic Society of Canada*.

Mr. J. R. Hooper, of Ottawa, is one of the philatelic lights of Canada. He was a prominent member of the Organizing Committees of the *Canadian Philatelic Association* and *Philatelic Society of Canada*. He began as a collector some twenty-three years ago. Sixteen years ago he published a stamp magazine called *The Gazette*. Mr. Hooper makes a specialty of British North American, and an especial study

of counterfeits and watermarks. He is a permanent Government official in the saving bank branch of the post office department at Ottawa. He is also well known as a contributor to the philatelic press under his familiar *nom de plume*, "Canadensis."

Mr. Walter McMahon, of Toronto, is another Canadian collector whom we feel in duty bound to mention. Mr. McMahon at one time dealt largely in stamps, and is as a result widely known. He has for several years been prominently connected with the *Canadian Philatelic Association*, and has for two terms been vice-president for Ontario of the *Philatelic Society of Canada*. As to collecting Mr. McMahon is a specialist of British North American stamps. He at present is a collector only, and is engaged in the dry goods and gents' furnishing business at 1300 Queen street.

Mr. H. F. Ketcheson, the publisher of the *Dominion Philatelist*, is a young man of about 30 years of age, prominent as a dealer, and as publisher of the *Dominion Philatelist*; Mr. Ketcheson is engaged as mail clerk on the Grand Trunk Railway between Peterborough and Belleville, at the latter of which places he resides. He has been engaged actively in stamp dealing during the past five years, and has dealt in little outside of Canadian stamps, which he makes a specialty of. The *Dominion Philatelist* is published by him, and is now in its fifth volume. His catalogue of Canadian stamps is favorably known, and has just reached its third edition. Mr. Ketcheson is one of the first organizers and strongest props of the *Canadian Philatelic Association*.

Mr. Edward Y. Parker, of Toronto, also occupies a position of prominence among the leading dealers and collectors of Canada. As with the majority of our leading collectors, Mr. Parker's adherence to philately dates back to boyhood. He is a member of the *Canadian Philatelic Association* and *American Philatelic Association*, and has frequently held office in the former. Mr. Parker deals quite extensively in Canadian stamps, and enjoys a large European trade. His collection is among one of the finest. Some are exceedingly lucky in striking great "finds," but when compared with some of the finds "Ed." has made, they are left sadly in the shade. Mr. Parker is a genial dealer, ardent collector, and agreeable conversationalist, as his many philatelic acquaintances can readily testify.

Major F. J. Grenny is at present fifty-two years of age. He has been engaged in post office work since 1852. When in the St. George post office, and in charge of the Morrisburg post office from 1855 to 1858, he sold large numbers of the old pence issues of Canadian stamps at face value, and is now regretting the lost opportunity. At that time no idea of stamp collecting was entertained by him or by any other member of his community. Since 1870 he has been employed in the Brantford post office. Mr. Grenny has formed and sold several large collections; his present collection only numbers some five thousand varieties, but it is very choice. He is also an enthusiastic

coin collector. His collection of proofs of Canadian stamps is complete. Mr. Grenny has been a member of the active militia since 1864, took part in the 1866 campaign, and holds the rank of major in the Dufferin Rifles of Canada.

Mr. George A. Lowe, of Toronto, is prominently known both in philatelic and educational circles in Canada. Philately has, for the last two decades, had a strong and able supporter in Mr. Lowe. During 1887 and 1888 he published one of the most successful philatelic journals that was known at that date—*The Toronto Philatelic Journal*. It was discontinued owing to business duties. Mr. Lowe states, however, that he expects to issue another journal in the near future. At present he devotes most of his spare time, which is limited, to his collection, which, by the way, is a fine one. Mr. Lowe has been exceedingly lucky in striking "finds." He is the sole proprietor of the Toronto Stamp and Coin Co., under which name he deals. In the educational field he is widely known for "Lowe's Commercial Academy," at 344 and 346 Spadina avenue, which is one of the widely advertised educational institutions in Canada. He is principal of the above institution.

Mr. W. H. Liddicoatt made his first collection of stamps about twenty-two years ago. This was sold for about \$12, which was considered a good price for a boy's collection in those days; and yet it contained many single stamps worth almost that sum each to-day. His second and third collections grew in size and value, and were disposed of at better prices. His fourth collection had reached about 400, when it mysteriously disappeared. This misfortune put an end to his collecting for nearly two years, although from 1872, when he commenced to deal in stamps, he had worked up a good mail trade, in buying, selling, and exchanging duplicates. One day the overhauling of an old trunk discovered the long lost collection; investigation proved its greatly increased value, and renewed interest and activity were thereby awakened. He has been an active collector ever since, and his collection now numbers between six and seven thousand varieties. He is not a specialist, but collects world-wide, and enjoys particularly the stamps with designs taken from nature, and though opposed to Seebeck monopolies, would delight in more Seebeck issues to replace the world of heads and faces of the European countries. Professionally Mr. Liddicoatt is principal of the London West schools, is a member of several societies, and has been the honored president of several important associations.

One of the most prominent of Canadian philatelists is Mr. Jas. S. Robertson, of St. Thomas, Ont. Mr. Robertson is a member of the legal profession, and junior partner of the well known firm of McDougall & Robertson, who carry on one of the largest law businesses in Western Ontario. Mr. Robertson is a most enthusiastic collector. His first interest in the science dates back to his schooldays; he began as a general collector, but as time passed away he gradually

developed into a specialist. Mr. Robertson is a strong exponent of specialism, and an hour spent with him in argument will convince the most firm of general collectors, of the points of superiority that specialism has over general collecting. His collection is even more interesting than the man himself. His specialty is British North America, the United States and St. Helena, a strong trio. The collection itself rests securely in a Staten Island Album, where mounted on the black cards, they are excellently arranged, and present a delightful contrast and harmony of color. Mr. Robertson makes his specialty of specialties—British North American stamps, and of these he possesses many "gems of the first water," New Brunswick, "Connell" used, shillings, sixpences and threepences, in a profusion of shades, provisionals a magnificent lot on original envelopes. Of Newfoundland, British Columbia, Nova Scotia, Prince Edward Island, he possesses nearly every variety, while his collection of provisionals of these countries is considered one of the finest on the continent. Canada—A fair idea of the range and magnificence of his collection may be obtained from the fact that he has between thirty and forty shades of the Canada sixpence. Mr. Robertson collects a single specimen, pair and block of every variety, in both used and unused condition. Mr. Robertson has a wide knowledge of philatelic affairs, especially pertaining to British North American stamps.

## CURRENT PUBLICATIONS.

Throughout the past an almost ceaseless array of philatelic publications have blossomed, borne out, and died in Canada. Space does not permit us to mention the dead representatives of philatelic journalism. Of the many old journals, only two amounted to much, or continued publication for an extended period of time. We refer to the long defunct *Halifax Philatelist* and the *Toronto Philatelic Journal*. The *Canadian Philatelist* occupies the position of being the leading, not the oldest, of the current philatelic periodicals of Canada. Its first number was issued in April, 1891, in eight-page form, and from that date steady progress has been made in size, circulation, and quality of reading matter. This paper was for one year official organ of the *Philatelic Society of Canada*, but resigned that position at the close of the first year, owing to encroachment of the official reports on its space. The prominent feature of the magazine is its originality of matter. Published at 185½ Dundas street, London. Another old and prominent magazine is the *Dominion Philatelist*, published by H. F. Ketcheson, of Belleville, Ont. It is now in its fifth volume; typographically perfect, literally poor. It is the official organ of the *Canadian Philatelic Association*, the reports of which constitute the greater part of the magazine. Mr. Ketcheson's catalogue of Canadian stamps, which has reached its third edition, is widely and favorably known. Another valuable edition to Canadian philatelic literature is the series of *Philatelic Hand-books*, of which this work forms No. 2; No. 1, *The Stamps of British North America*, is the best and most complete work on the postage, revenue, and local stamps of British North America, ever issued, over 700 varieties are fully dealt with. No. 2, which is issued immediately following this work, *The Stamp Collector's Companion*, is a collector's general guide book, with hundreds of useful suggestions, hints and definitions. These hand-books are published regularly at 185½ Dundas street, London, Canada.

### NOTES.

Just as this book went to press we received two new Canadian magazines which we failed to mention in our list of current publications: *The Ottawa Philatelist*, a neat 12-page and cover magazine, published by Mr. Chevier, of 35 Cooper street, Ottawa. First number appeared October, 1892. *The Philatelic Journal of Canada*; first issue appeared October 20, 16 pages; quality of matter good. Published at box 235, London, Canada.

In our list of local societies we omitted to mention the "Toronto Philatelic Club." The officers for current term are as follows:—*President*, W. H. Brouse; *Vice-President*, Harton Walker; *Executive Committee*, Messrs. Sparks, Parker, Sproule, Geddes, McMahon, Wright, Wilson; *Secretary-Treasurer*, Geo. A. Lowe; *Exchange Superintendent*, Ed. Y. Parker. Local membership only. This Society is composed of the foremost Toronto collectors.

The stamps of Canada are found on wove, laid, pelure, rice and ribbed paper, the first and third mentioned being the kind more commonly used in their manufacture.

A good used specimen of the Canada 12d. black is worth \$150.00, while a used New Brunswick "Connell" fetches that amount quite readily.

There are nearly 900 distinct varieties of Canadian Postage, Revenue, Local and Telegraph stamps.

## A. HARRISON MILLIGAN,

(P. S. of C. 296.)

33 Mill Street, London West, Ontario, Canada.

**Our Approval Sheet Department  
IS NOW IN ACTIVE OPERATION.**

**WHY NOT PATRONIZE IT**

**OUR NET SHEETS.**

Do you desire to increase your collection in the easiest and cheapest manner, and see the stamps you desire before paying for them? If the above question meets your case, and if you are prepared to spend money, we strongly recommend a trial of our Net Sheets. The stamps are all neatly mounted, and vary in price from 10¢ to 95¢ below Scott's latest catalogue. All stamps are perfect and lightly cancelled specimens. The sheets are carefully prepared, taking customers' wants into consideration. We should be pleased to have every stamp collector give this department a thorough trial, as we have on these sheets a complement of over 10,000 distinct varieties. We require from all parties unknown to us a first-class written reference or deposit of \$2.00 or over. We prefer a reference from some dealer or collector. No postals noticed. Promptness is a prominent feature. We desire collectors to give this method of purchasing for their collection a trial, and we are convinced that when it has been once tried they will buy only in this manner.

**OUR DISCOUNT SHEETS.**

These sheets are more especially prepared for the younger collector—he who has less than 5,000 varieties in his collection, and for the purpose of selling to other collectors. The stamps on sheets, range in price from one cent to one dollar. The stamps as a rule are classified according to price, but some are classified according to country—South and Central American countries, Great Britain, Mexico and British Colonials. These are classified according to country, and special selections of these sheets can be secured on application. The stamps are as a rule marked at Scott's catalogue prices, but in many cases range *far below*. A discount of 33 1/3% is allowed on all sales, and purchases, from these sheets amounting to 50 cents or over. No discounts allowed in cases where less than 50 cents worth is taken. In many cases customers dispose of the entire selection of sheets sent them. In such cases a special discount of 50% is allowed. As with our Net Sheets we require with every application for sheets a first-class Philatelic reference from some well-known dealer or collector, or when inconvenient to give this class of reference your postmaster will do. Send for a trial selection of sheets.

**GENERAL RULES**

**APPROVAL SHEET DEPARTMENT.**

*These Rules pertain to both Net and Discount Sheets.*

I.—We forward every selection of sheets sent out by registered mail, and collectors are required to return sheets in same manner.

II.—Sheets must be returned in good order within ten days.

III.—REMITTANCES—Amounts under 50 cents in unused stamps of lowest denomination. Over that amount, remittances may be made by Post Office or American Express Order. Postal cheques not acceptable.
