STAMP DEALERS AND PUBLISHERS

90 Nassau St., New York.

At the opening of the season 1896-97 we beg to inform the philatelic public that we are well prepared to meet any demand in our line of business and beg to tender our services in whatever manner may be found convenient to collectors.

Our Approval Sheets

and Rarity Books

are all ready for circulation, and any philatelist with whom we have dealt before will have received our Approval Sheet circular by this time. We are always ready to supply the needs of new customers, and would therefore invite correspondence with collectors who have not heretofore received our approval books. They must be seen to be appreciated. We do not handle remainders, reprints or speculative stamps, but only that class of stamps which will always have a philatelic and market value.

Our Auction Department

has marketed through the medium of 38 public sales, held during 1892-96 in the heart of the commercial part of New York City stamps to the value of **\$138,360.55**. It was always, and is now, our aim to bring on the market only such goods for which there is a sound demand, and our endeavors in this direction have secured for our sales a world renowned reputation. As a natural consequence we always were enabled to make satisfactory returns to the owners. Parties wishing to sell at auction are respectfully invited to correspond with us.
