Instead of the motto declining, it appears rather to be on the increase, especially amongst numismatists. A new handbook is about to appear, with the title, *The Standard Guide to Postage-Stamp Collecting, with the Values and Degrees of Rarity*, a work upon which the authors, Messrs. Bellars & Davis, have been engaged for three years. It will include an account of the common stamp, issued by Brighton Young in 1852.—*London Review.*

## ADDRESS

On the concluding of the *First Volume of the Stamp-Collector's Magazine.*

The publishers of the *Stamp-Collector's Magazine*, on the appearance of the closing number of the first volume, have to thank their numerous subscribers, contributors, and correspondents, both in England and elsewhere, for their kind support.

The circulation of the magazine is at present considerable; and they venture to anticipate that the increasing interest now taken in the study and collection of stamps, will shortly enable them to double the number of impressions now printed off monthly.

To render the periodical still more worthy of support, and as the augmented number of advertisements often compels them to exclude much interesting matter, they purpose enlarging it in the January and succeeding issues, by the addition of eight pages.

Unused stamps will still be given with each magazine, and the engraving of newly-issued and rare specimens entrusted to the same talented artist.

## Foreign Stamps Given Away.

ALL PURCHASERS OF THE STAMP-COLLECTOR'S MAGAZINE ARE ENTITLED TO RECEIVE WITH THE FOURTH AND EVERY SUCCEEDING NUMBER AN UNLITERATED FOREIGN OR COLONIAL POSTAGE STAMP.

## VOL. I. NOW READY,

Illustrated with nearly Sixty Engravings of newly-issued and rare Stamps. Handsomely bound in appropriate Gilt Cloth, Bevelled Boards, Gilt Edges, price 6s. post free.

It abounds with curious information regarding stamps of all countries civilized and barbarian, and is profusely illustrated with specimens of every imaginable and unimagined shape; each specimen being accompanied by the history of the stamp illustrated, and critical comments on its design, &c. The volume is well got up; the illustrations are remarkably well executed; and its external appearance is very elegant. The general reader will find in the *Stamp-Collector's Magazine* much to amuse and instruct.'—*Both Journals.*
