# Approval Sheets and Collections of Stamps.

## NEW SHEETS OF STAMPS FOR BEGINNERS AND MEDIUM COLLECTORS.

**WE** have just been arranging our **Approval Sheets of Stamps** on an entirely new and much simpler plan than formerly. The Stamps are mounted on Sheets, containing an average of **100 Stamps per Sheet**. They are all arranged in the order of our **New Catalogue**. First, **Great Britain and the Colonies**, then all **Foreign Countries**. These Sheets contain about **5,000 different Stamps**, and a Sheet of any particular country will be sent on demand. The Sheets arranged to date are over forty in number, and contain all **Great Britain and the Colonies**, and all **Foreign Countries**.

**TO ADVANCED COLLECTORS.**—For Collectors more advanced we have an assortment of many hundreds of small books of **Choice picked Stamps of every Country or District in the World**. Most of these special books contain twenty pages ( $5 \times 3\frac{1}{2}$  inches), and can be sent by post in an ordinary registered envelope to all parts of the world. These books, as a rule, include **Used and Unused Stamps**, but **Special Approval Books** will be made up to suit individual requirements. Collectors writing for such should state if they wish for **Used or Unused Stamps**; if singles, pairs, or blocks of 4 are required; also, in **Used Stamps**, if special **Postmarks** are sought for. In all cases, in these books, we shall lay ourselves out to meet the special requirements of each individual client, whether the amount required be large or small.

**Great Rarities are our Speciality.** We have a large number of Stamps on hand from £100 to £750 each, and shall be pleased to give prices and particulars to advanced Philatelists.

**We purchase really Rare Stamps** at a much higher Cash Price than that paid by any other Stamp Merchant.

## Notice to Collectors.

---

WE are often asked to advise clients who are about to start collecting as to the most advantageous method of starting, and how to obtain the best value at the commencement.

If a client starts a collection by ordering even the cheapest stamps from our Catalogue, the cost soon runs to an appreciable amount, as our lowest unit for a single stamp is one penny, whereas it is only a fraction of that amount if he starts with the cheaper packets.

We therefore recommend beginners to start with a good *packet*; the larger and greater number of stamps that it contains, the better will be the value he will get for his money.

When the contents of the packet have been arranged in his album, the collector will then be able to see in which countries he is weakest, and can then with great advantage turn to the *Set List*, in which we quote nearly 2,000 different sets of stamps, at prices from 20 per cent. to 50 per cent. less than our retail Catalogue prices. He can there select just those sets that will help to make a good display in his album; and eventually, when he has filled up his pet country or group in this manner, can then turn to the retail Catalogue and order any particular variety he may be short of in his collection.

# Approval Sheets and Collections of Stamps.

## NEW SHEETS OF STAMPS FOR BEGINNERS AND MEDIUM COLLECTORS.

**W**E have just been arranging our **Approval Sheets of Stamps** on an entirely new and much simpler plan than formerly. The Stamps are mounted on Sheets, containing an average of 100 **Stamps per Sheet**. They are all arranged in the order of our New Catalogue. First, Great Britain and the Colonies, then all Foreign Countries. These Sheets contain about 5,000 different **Stamps**, and a Sheet of any particular country will be sent on demand. The Sheets arranged to date are over forty in number, and contain all **Great Britain and the Colonies**, and all **Foreign Countries**.

**TO ADVANCED COLLECTORS.**—For Collectors more advanced we have an assortment of many hundreds of small books of **Choice picked Stamps of every Country or District in the World**. Most of these special books contain twenty pages ( $5 \times 3\frac{1}{2}$  inches), and can be sent by post in an ordinary registered envelope to all parts of the world. These books, as a rule, include **Used and Unused Stamps**, but **Special Approval Books** will be made up to suit individual requirements. Collectors writing for such should state if they wish for **Used or Unused Stamps**; if singles, pairs, or blocks of 4 are required; also, in **Used Stamps**, if special **Postmarks** are sought for. In all cases, in these books, we shall lay ourselves out to meet the special requirements of each individual client, whether the amount required be large or small.

**Great Rarities are our Speciality.** We have a large number of **Stamps on hand from £100 to £750 each**, and shall be pleased to give prices and particulars to advanced Philatelists.

**We purchase really Rare Stamps at a much higher Cash Price than that paid by any other Stamp Merchant.**

## Notice to Collectors.

---

WE are often asked to advise clients who are about to start collecting as to the most advantageous method of starting, and how to obtain the best value at the commencement.

If a client starts a collection by ordering even the cheapest stamps from our Catalogue, the cost soon runs to an appreciable amount, as our lowest unit for a single stamp is one penny, whereas it is only a fraction of that amount if he starts with the cheaper packets.

We therefore recommend beginners to start with a good *packet*; the larger and greater number of stamps that it contains, the better will be the value he will get for his money.

When the contents of the packet have been arranged in his album, the collector will then be able to see in which countries he is weakest, and can then with great advantage turn to the *Set List*, in which we quote over 2,000 different sets of stamps, at prices from 20 per cent. to 50 per cent. less than our retail Catalogue prices. He can there select just those sets that will help to make a good display in his album; and eventually, when he has filled up his pet country or group in this manner, can then turn to the retail Catalogue and order any particular variety he may be short of in his collection.
