This Company is formed to supply dealers, etc., with Foreign and Colonial Stamps at the lowest possible price.

The Company guarantee to supply Stamps of the present issue only; guarantee them also to be genuine; and they will be able to execute orders from all countries in the world.

This Company is formed to promote the Stamp movement as conducive to art, learning and improvement.

This Company will be under the direction of a first-class Board of Directors, mostly gentlemen of the City, who will be able, through their numerous correspondents, to supply the best and most useful Stamps to the English market.

Applications for Shares must be made to the Secretary, and must contain the necessary amount due on application, when a receipt will be sent per return of post.

The Directors hope that the public will buy up the Shares as soon as possible, so as to allow of the Company to commence operations immediately, they also hope that a Stamp Company being formed will do away with competition, as it will be the object of the Directors to supply dealers at the lowest remunerative price. All orders from dealers at 5 per cent. discount for cash before the execution of the order, or 2½ per cent. discount on delivery.

In the case of dealers making an agreement with the Company for the execution of all their orders for a period not less than six months 5 per cent. discount on delivery will be allowed.

All communications and orders must be addressed to the Secretary at the office, and if Order, the word *Order* must be written in the corner in large, if inquiries the word *Query*.

At a meeting of the Directors, held at the Company's Office, on the 10th of June, the following Resolutions were passed:—1st. That as this Company is only formed to import Stamps from Foreign and Colonial Countries, to supply dealers with, they find it necessary to make such arrangements, that the Company may know when they are dealing with dealers or private collectors. 2nd. That the arrangement necessary, is as follows:— That no order will be taken for less than eight dozen at a time, excepting in the case of Stamps of extreme value, such as, Roman Scudi, when the limit will be two dozen.

This affair came to grief. In the original prospectus, my name was inserted as director without any authority from me - I was on the Continent at the time. When I heard thereof, I insisted on its being withdrawn. It was then placed as Treasurer; but I never touched or even saw a penny of the money subscribed, or had any thing at all to do with the pecuniary transactions. C. W. Viner
