PUBLISHER.

PREFACE.

The first attempt to list the philatelic journals of Great Britain was made more than a dozen years ago by a well known philatelist of this country. The next and only other list of any consequence was the joint work of two English collectors, published in one of the smaller English magazines between four and five years ago. This later list was little more than a copy of the earlier one brought down to date.

We have long felt the need of an up-to-date list of English journals, and also one that would have the advantages of an alphabetical list and yet be so arranged that the numbers could run consecutively for any number of years, in fact an absolutely permanent alphabetical list. This we have in the list before you.

Our sincere thanks are due to Messrs. Suppantchitsch, Deats, Rommel, Ricketts, Gardner, Power, Appleby, Cook, Doughty, and others who so generously contributed to bring this list to its present state.

In using this list as a permanent record of your library it is necessary, only, to cross off with pencil or pen the numbers you have as they are secured, and you have before you the complete list of your library and also a complete list of your wants, something impossible with any other list.

A few words will suffice to explain the system and signs used, which are so simple as to be almost self explanatory. All journals are listed under their, first or, original titles, other titles to the same journal appear in the proper places, without numbers, bearing reference numbers to the original title. A "||" indicates the end of volume. A "?" indicates the end of existence. T. & I. following the numbers of a volume indicates that a title page and index are furnished. A number in brackets refers to the successor of the journal to which it is appended. An interrogation denotes that a doubt exists as to the accuracy of the part immediately preceding.

The publisher would be pleased to receive full information concerning any errors or omissions with a view to correcting in a future edition.

Faithfully Yours,

The Publisher.

Jones' Check List
OF
PHILATELIC JOURNALS
GREAT BRITAIN AND COLONIES

A Chronological, Alphabetically Arranged List of all known Philatelic Journals of Great Britain and Colonies from the earliest issued down to the end of the year 1904.

Giving Name, Publisher, Place, Dates of volumes, With numbers of the issues to each volume. Issued in two parts; the first being the Kingdom of Great Britain, and part two that of the British Colonies.

COMPILED AND PUBLISHED
BY
E. B. JONES,
SIOUX CITY, IOWA. U. S. A.

PREFACE TO SECOND EDITION.

We are the pioneer in the matter of listing the philatelic journals of the British Colonies, at least as far as lists in the English language are concerned, ours is the first. Also so far as the publisher is concerned the system of numbering is original with him, having never heard of it. And no other publisher has ever attempted to list every separate number of all volumes, each volume and number under its proper title. Any one having had occasion to use other lists will fully appreciate this.

The first edition of our Check-List of the philatelic journals of the British Colonies was found to contain, as first editions usually do, several errors and omissions, these have, so far as known, been eliminated from this edition.

We are indebted to Messrs. Power, Gardner, Rommel, and others for additional information used in this edition.

This list is intended to include all regular publications issued wholly or in greater part for stamp collectors. Mere price-lists or catalogs even if numbered and issued at regular intervals are excluded.

Our first list having been gotten up in a little different style than any other similar work it was thought best to use a more simple style such as we have in the list of Great Britain.

The system of numbering will be found to be the same, and it is only in a very few instances that any numbers have been changed.

The different signs etc. are used the same as in the British list and in the first edition of the Colonies list.

This list is supposed to be complete to the end of the year 1905, and the publisher would appreciate it very much to be informed of any errors or omissions, that they may be corrected in future editions.

Faithfully Yours,

The Publisher.

PHILATELIC JOURNALS

ENGLISH LANGUAGE ONLY.

I have on hand at all times a very complete stock of the more common to the medium scarce journals. My stock of U. S. journals of the period 1890-1900 being particularly well represented.

Complete Volumes a Specialty.

I want to buy or trade for any journals not now in my library, send want and duplicate lists, if you have them.

E. B. Jones, Sioux City, Iowa.
