KEY TO THE CATALOGUE

HIS catalogue does not price the stamps of any particular house. Its object is not to inflate the value of any issue a certain dealer may have control of, or diminish the value of the leading stamps of a competitor. Its purpose is to furnish the collector with a low-priced catalogue which shall reflect the actual state of the home and foreign market—as nearly as possible where prices vary more or less according to different catalogues. The prices given are *average prices for average specimens*. Stamps of minor variety—of peculiarity of watermark, defective printing or slight change of color—are purposely left out as we consider the values given to such specimens as purely fictitious, and a description of them sure to perplex and discourage the average collector. In an attempt to simplify and make the catalogue intelligible to everyone, we have furthermore purposely omitted revenue, envelope, local and telegraph stamps and postal cards, and passed lightly over all speculative surcharged issues, etc., in order that the legitimate adhesive postal issues might be given all the more prominence thereby.

To save space, certain abbreviated descriptions have been used which need explanation.

Color abbreviations: ble., blue; blk., black; brn., brown; choc., chocolate; gm., green; lav., lavender; lilac., lilac; orge. or org., orange; ult., ultramarine; verm., vermilion; viol., violet; ylw., yellow; etc.

Italic letters denoting color, as *pink*, or *pink p.*, mean that a stamp is printed in black on pink paper, etc., the color here referring to the paper only.

Oblong: a stamp wider than it is long.

Perf. means perforated; imperf., imperforated.

Sch. or schgd. means surcharged.

At the right of the catalogue there are two columns of figures which denote values. In the first column the price of an unused stamp is given; in the second, the used or cancelled stamp.

When on a single line a description is given of two or more stamps, the price to the right is for *each stamp*.

Prices are given at the end of each line only. These prices do not refer to any stamps described on the preceding or following lines.

Where no value is given the stamp or stamps on that line cannot, for certain reasons, be consistently priced.

We give an example below:

1c ble.	2 blk.	3.	4.	5.	6.	8.	12.	15c.	18
10c orge.	20c ble.	25c vermln							20 25

In this example the 1c blue, 2c black, 3c, 4c, 5c, 6c, 8c, 12c, 15c and 1 shilling stamps have not been priced. The 10c orange, 20c blue and 25c vermilion, however, are *each* worth 20c unused, or 25c used. With the above in view, there will be no difficulty in understanding the catalogue.

* means unused.

To save space, certain abbreviated descriptions have been used which need explanation.

Color abbreviations: *ble.*, blue; *blk.*, black; *brn.*, brown; *choc.*, chocolate; *grn.*, green; *lav.*, lavender; *lin.*, lilac; *orgs.* or *org.*, orange; *ul.*, ultramarine; *verm.*, vermilion; *viol.*, violet; *yw.*, yellow; etc.
