COLLECTOR'S MANUAL.

BEING A GUIDE TO THE COLLECTORS OF AMERICAN
AND FOREIGN POSTAGE AND DESPATCH STAMPS.

COMPILED BY

A. C. KLINE.

SECOND EDITION, REVISED AND ENLARGED.

PHILADELPHIA:
A. C. KLINE,
824 WALNUT STREET.
1863.

PREFACE.

IN offering this edition of the Manual to the public, I hope it may meet with the favor that greeted the first, and that it may be found much improved in many respects. On the title page will be found fine fac-similes of United States stamps, that have never been in use. I have also added a money-table to help the collector in valuing his stamps, together with many other improvements.

I have made an extract from the work of an able writer, which will be found of interest to the reader, as well as the collector, and will state that the collecting of Postage Stamps is not confined to this country, but is a fashion, that is spreading far and wide, both among the old as well as the young; and at the present time collections may be found in "the drawing-rooms of the luxurious, in the study of the enlightened, and the satchel of the school-boy and girl."

This "fashion has been ridiculed, as all fashions will be; but if Postage Stamps are properly studied, collected, and arranged, there is no reason why they should not be quite as instructive and interesting as a collection of birds, butterflies, shells, books, engravings, coins, or medals. The Postage Stamps afford good objects for branches of study, as they are sufficiently different to present broad outlines for their classification, and the fact of obtaining stamps from so many countries suggests to ask what were the circumstances that induced their adoption, the history of the countries which issued them, and why some countries have considered it necessary, in so few years as have passed, to make so many changes in the form or design of the stamp used, while other countries, like Holland, have never made the slightest change. The changes referred to all mark some historical event of importance, such as the accession of a new king, a

change in the form of government, or the absorption of a smaller State into some larger one, a change in the currency, or some other revolution. Hence a collection of Postage Stamps may be considered, like a collection of coins,—an epitome of the history of Europe and America; and at the same time, as they exhibit much variation in design and in execution, as a collection of works of art on a small scale, showing the style of art of the countries that issued them; while the size of the collection, and the manner in which they are arranged and kept, will show the industry, judgment, neatness, and taste of the collector."

I will thank any collector possessing a stamp unnoticed, to favor me with a description, as it is my intention, if the demand continues, to issue another edition. I also add a few tables to help the collector and the first to translate into English those of a foreign tongue:—

Bayern,	Bavaria.	Preussen,	Prussia.
Braunschweig,	Brunswick.	Parmensi,	Parma.
IONI KON KPA TOΣ,	Ionian Islands.	Sachsen,	Saxony.
ΕΛΛ,	Greece.	S. P. B.,	St. Petersburg.
Estensi,	Modena.	Sicilia,	Sicily.
Mejico,	Mexico.	Sverige,	Sweden.
Modenensi,	Modena.	Tuscano,	Tuscany.
Nespolitana,	Naples.	U. S.,	United States.
Nov. Camb. Aust.	N. South Wales.	Warsjawska,	Warsaw.
Norge,	Norway.

A. C. KLINE.

November, 1863.

Abbreviations.

Col.	-	-	-	-	-	-	Colored.
Imp.	-	-	-	-	-	-	Impression.
Rect.	-	-	-	-	-	-	Rectangular.
Obl.	-	-	-	-	-	-	Oblong.
Oct.	-	-	-	-	-	-	Octagonal.

The word "Name," signifies that the designation of the country is impressed on the stamp. "Essay," comprehends those stamps having accidental difference from those used, or that have been offered by the designers, but not adopted.

Where not expressly mentioned, the colored impressions are on white paper.
