# The Stamp Dealers of Great Britain.

---

LAST Year I announced my intention of publishing this Trade Directory annually, and to-day is issued in consequence the 5th Edition of THE STAMP DEALERS OF GREAT BRITAIN, and which I can only trust will be found as useful, if not more so, than the many previous Editions.

It is worthy of note that the number of prepaid orders for the present Edition exceeds, by some hundreds, that of any previous Edition.

In the present work there will be found a great many additional features, and a large quantity of additional names, and although I cannot undertake to guarantee every address as that of responsible firms, I have used the utmost care in trying to eliminate those about which any doubt has been expressed.

In conclusion I would especially thank the many hundreds of dealers who have assisted me in the compilation of this list by so readily responding to my circular asking for particulars. Next year this Directory will be still further increased in size, and, if possible, rendered more useful and attractive. One word more, namely, of thanks to the fifty dealers who have so freely bestowed their advertising favours upon this the fifth edition of my Trade Directory.

C. H. NUNN.

THE PHILATELIC MICROSCOPE.

---

PRICE 5s. 6d., carriage paid.

---

**T**HIS instrument specially constructed and beautifully finished by the most skilful workmen, to meet the needs of Philatelists, has charmed all who have seen it. The stamp under inspection is held flat between two glasses so that it may be leisurely and closely examined by means of the high power magnifying lens, which is readily but firmly adjusted to the needful focus. Now that stamp forging has become a fine art, such an instrument is a *sine qua non* to every collector. By its means the minutest difference in engraving, design and texture of paper may be detected, the relative position of surcharge and postmark, over the other, are at once decided and as a forgery detective it will save its cost a hundredfold in a few weeks. References to leading collectors or the Publishers of this paper. To be had on receipt of P.O.O. for 5s. 6d., free from

### INNES'S DIRECTORY OF FOREIGN STAMP DEALERS AND COLLECTORS.

This valuable book contains over 60 pages, and gives the names and addresses of more than 1200 English and Foreign Dealers and Collectors, also a list of Philatelic publications, and contains advertisements by most of the principal dealers.

*Every Dealer and Collector should send for a copy. Post free, 1/1.*

Read these Testimonials — Numerous others received.

One of the handiest philatelic address books ever published in England is INNES'S *Directory of Foreign Stamp Dealers and Collectors*, a copy of which is before us. It contains the names and addresses of some hundreds of English and Foreign dealers, besides a handy list of collectors in various parts of the world. One thing in its favour is that the names appear in proper alphabetical order. We have tested the accuracy of most of the names contained therein, and find them correct. At the price of one shilling it is within the reach of both dealer and collector, and should prove of service to all interested in the buying or selling of stamps.—"STAMP COLLECTOR."

The Directory published by Messrs. Innes is a book which all dealers would do well to procure—it is a distinct advance upon any similar one published in England. Besides the ordinary lists, classified into dealers, British and Foreign, and British collectors, we find a most useful summary of the various philatelic papers published over the globe, with valuable information about each. The shilling laid out on this book is well invested.—"PHILATELIC CHRONICLE AND ADVERTISER."
