# TO STAMP COLLECTORS.

**F**OR obtaining stamps of every sort at a most reasonable price or for disposing of Duplicates there is no medium which can compare with **The Bazaar, the Exchange and Mart Newspaper** which is used by *Private Persons*, for disposing of goods which they no longer require, many of which will therefore be great bargains, and also for obtaining such articles as they may be in want of.

For dealing with strangers, absolute safety is insured by making use of the "**Deposit System**," by which the value of the goods is lodged at the Office of the Paper during the negotiations.

For a full account as to how this system is employed, see any issue of the **Journal**, which can be obtained at all Newsagents and Bookstalls, price 2d., or post free from the Office for 3 stamps.

**The Bazaar, the Exchange and Mart Newspaper** is issued three times a week on Mondays, Wednesdays, and Fridays, and contains besides the *Private Advertisements*, articles of the greatest interest to all Philatelists. These articles are illustrated by beautiful photographic reproductions of stamps, etc. In Wednesday's issue there is now running a series of articles on "**The Adhesive Stamps of Europe**," by the well-known Expert, **W. A. S. Westoby**.

On the 2nd Wednesday in every month during the season the **Illustrated Philatelists' Supplement** is presented *free* with the **Bazaar** and is given entirely to articles of value on every subject connected with Philately including the growingly popular **Fiscals**.

This Supplement is most profusely illustrated by particularly fine photographic reproductions and will appeal to all collectors, be they **Specialists** or **Beginners**.

In addition to the articles, there are included an illustrated descriptive catalogue of **New Issues** as well as interesting letters from well-known collectors.

## NUNN'S DIRECTORY.

# TO THE TRADE GENERALLY.

In presenting to the Trade the 11th Edition of our Directory—we desire to thank our numerous well-wishers and friends for the valuable aid and assistance rendered us in the compilation of this little work. As every year sees fresh Dealers starting, changes of address, &c., we find it necessary to issue an annual Edition, and from the large number of Advertisements it may be gathered that the Trade in general values the work, while nearly every firm of importance from time to time supports it. In conclusion we desire to express our gratitude to the large and increasing number of advertisers, and to assure them that the medium they have chosen is a good one, and one which we think they will never regret having favoured with their esteemed commands.

Any corrections, alterations, or suggestions calculated to further improve this work will be gratefully accepted by the publishers,

# Concerning Stamp Auctions

**P**ERHAPS you meditate disposing of your Collection or Duplicates by Auction. You naturally wish to sell in the best market. Many will tell you London is the place. Before deciding we will see what claim Glasgow has. The following few arguments are advanced for your careful consideration :--

- 1.—*Glasgow is the acknowledged philatelic centre of Scotland.*
- 2.—*London has many stamp auctioneers ; Glasgow has only one.*
- 3.—*The Sales introduced and conducted by me during last season were most successful, and it is a positive fact that better prices were obtained at them for Rare and Medium Stamps than at any other Auction Mart in the Kingdom. Should you doubt this statement, write for priced catalogues and other convincing evidence, which will be instantly furnished.*
- 4.—*Having been in the Stamp business for a considerable number of years, I am well known and in touch with most of the principal Scottish collectors. My register contains the names of hundreds of collectors resident in Glasgow, Edinburgh, Dundee, Aberdeen, &c, to whom sale catalogues are regularly dispatched, consequently the Sales are particularly well attended. Besides, a large number of catalogues are dispatched to England and the Continent, and the number of commissions received is very considerable. At a Sale comprising 500 lots held last season, commissions were received for over 250 lots, or for half the entire Sale. Absolute fact.*
- 5.—*Sales are not held once a week, once a month being quite often enough.*
- 6.—*The lots are on view at Edinburgh, for the benefit of collectors resident in the East of Scotland.*
- 7.—**COMMISSION CHARGES ARE EXTREMELY MODERATE.**

Give Glasgow a trial. You will be sure to be more than satisfied with the result. Good Colouials and West Indian specially required ; but anything will sell in fine condition. Sales are held every month, and lots which can be sent in at any time will be included in the first available Sale.

**Messrs. Puttick & Simpson,**  
**LITERARY, FINE ART, AND**  
**PHILATELIC AUCTIONEERS,**  
**47, Leicester Square, London, W.C.**  
**MAKE THE SALE OF**  
**RARE POSTAGE STAMPS**  
**A SPECIALITY.**

Although it is only during the last four years that Messrs. Puttick & Simpson have undertaken the sale of this class of property, they already hold the leading place among Philatelic Auctioneers. The rapidity with which they have climbed to this position clearly proves the soundness of their system and says much for the careful attention shown to the interests of both buyer and seller, and the fairness and consideration with which all parties are treated. They are purely Auctioneers and never under any circumstances either buy or sell stamps on their own behalf. For these reasons their sales are always largely attended, by collectors as well as dealers, and many record prices for fine stamps are constantly obtained, as much as £210 having been realised for one lot.

Owing to the very large number of commissions received from the Continent and America the catalogues are issued, when possible, one month or more before the date of sale. Owners wishing to include stamps should therefore forward them as early as possible.

Messrs. Puttick & Simpson undertake the cataloguing, removal from albums, and all incidental arrangements connected with the property entrusted to their care at an inclusive charge, and the greatest care is taken in preparing the catalogues in order that Country and Foreign buyers sending bids without first viewing the lots may rely with confidence upon the condition, &c., of the stamps being accurately described.

**Liberal ADVANCES made pending REALIZATION, if required.**
