PUBLISHER'S NOTICE.

As in most every work of the nature of a directory of names, the time stated at the beginning of the work that the book will be issued, is found too short, and in compiling this Blue Book the publisher found out very quickly that he had undertaken a much greater task than he had anticipated. In fact, if he had realized the time it has taken he would never have begun it. It is hoped that subscribers and advertisers will realize this after they have examined the book.

In starting to secure the names for insertion in this Blue Book, seven thousand circulars were sent out to Collectors, Dealers, Publishers and Societies, enclosing a blank on which they were requested to write the desired information regarding themselves, and it was stated that there would be no charge to insert their names. As the response was not very prompt, shortly afterwards five thousand similar circulars and blanks were sent out. In addition, advertisements were inserted in many of the Philatelic papers, calling attention to the fact that there was no charge of any kind for names inserted. This is stated at length, so that if you notice the absence of certain Collectors, Societies, Philatelic Papers or Dealers, it is not because they did not have an opportunity to have their names in it.

The names in this book are those who filled up the blanks from which the data given regarding them was taken. Every precaution has been taken to keep errors out of this book, but in a work so extensive it is impossible to do so. The Publisher has used every endeavor to keep frauds out, but cannot guarantee that he has been successful in eliminating them all.

The numbers opposite the names were placed there with the idea that it would be a convenience to Collectors and Dealers, when in correspondence, to write at the bottom of their letter, "Rogers' Blue Book No." A small rubber stamp with the name and your number on would be a handy thing to have as this will let the receiver of your letter know that he can look you up in the Blue Book and thus save considerable correspondence.

Thanking the many subscribers and advertisers for their patience in waiting so long, and trusting they may be profited by the use of this book, I remain,

Very truly yours,

ALBERT R. ROGERS, PUBLISHER.

PREFACE.

This book was not printed for private circulation among my Philatelic friends. It was not compiled to amuse myself and while away six months burning midnight "gas."

When I first took up this work, it was with the idea that it would give to the collector a reference book that was much needed, and that I would be doing the collector a great service, and I was greatly disappointed when I only received two thousand answers to my circulars, instead of at least five thousand; but lately my only idea has been to get it out and stop that constant cry, "where is the Blue Book."

Dear friend, here it is, and if you are half as pleased to receive it as I am to send it to you, you must be delighted with it. I do not object to criticism, (I have a few copies that are not sold, it will help sell them,) but do not criticise till you have at least examined it from cover to cover and pondered over the question, "how long would it have taken *me* to get it out?"

To the many (surprisingly so) collectors whose names are in this book but who are not members of any Philatelic Society, take my advice, become a member of one as soon as possible, but never undertake to get up a book like this; I promise not to do so again.

I unload this book on the Philatelic World with a thankful heart.

Yours faithfully,

ALBERT R. ROGERS.

Are You a Member of the American Philatelic Association?
It has the right to be.

**THIS BOOK
IS RESPECTFULLY DEDICATED
TO THE AMERICAN PHILATELIC ASSOCIATION
OF WHICH EVERY PHILATELIST IN AMERICA
SHOULD BE A MEMBER.**

8

Are You a Member of the AMERICAN PHILATELIC ASSOCIATION ?

IF NOT, YOU OUGHT TO BE.

12--Reasons why you should join--12.

- 1st.—Because it is the National Association of America, and so recognized by all and by the U. S. P O. Department.
- 2nd.—Because by becoming a member of it, you assume no risks or responsibility, as it is an incorporated Association—a very important item.
- 3rd.—Because it gives you a standing, a kind of reference, that is very valuable to have.
- 4th.—Because it is the best known Association in America, and known the world over.
- 5th.—Because it has its own official organ.
- 6th.—Because it has the best regulated and largest exchange and sales department there is.
- 7th.—Because through its purchasing agents you can buy new issues—stamps at auction, etc.
- 8th.—Because it has annual re-unions, called conventions, where it is a pleasure to go and meet many of the brethren.
- 9th.—Because it is going to have an exhibition of postage stamps, stamped envelopes, postal cards, etc., at the World's Columbian Exposition, the like of which has never been gathered together before for exhibition. Do you not want to say when you see it : “ I am a member of this Association ? ”
- 10th.—Because your fellow philatelists are members of it, and we want YOU in our Association.
- 11th.—Because every generous, earnest collector should do all he can to aid our “ science,” and the larger our membership is the greater the results and good we can do for each other.
- 12th.—Because you ought to and you know it. Don't you think so ?

The cost of membership is \$2 50 the first year ; \$1.50 each year afterwards. The extra dollar the first year is for one share of stock which each member must own, which is a very handsome stock certificate and mounted makes an attractive ornament. The \$1.50 each year includes the subscription to the *American Philatelist*. I earnestly advise all collectors to join the A. P. A. now. I believe that the coming year will see our membership doubled, and that the Association will be run more in the interest of the collector than in the past, and that it is every collector's duty and that it is to his interest and money in his pocket to join it now.

If you would like to become a member of the A. P. A. and will write me, I will take pleasure in sending you an application.

Yours, in every good cause that will advance philately,

THE AMERICAN PHILATELIC ASSOCIATION.

BY JOHN K. TIFFANY, PRESIDENT.

Early in the year 1886 the feeling which had occasionally for some years feebly expressed itself that stamp collectors should unite for their common interests found voice in an article by S. B. Bradt in the PHILATELIC JOURNAL OF AMERICA, and in September of that year the action which resulted took form in the founding of this pioneer of National Associations in the United States. Out of the 600 collectors who had expressed themselves as desirous of establishing such an organization, 157 became active members. At the second convention there were 276 members, at the third 544, at the fourth 666, at the fifth 663, at the sixth 568, at the seventh 532. In all some 1201 collectors and dealers had participated in the movement; and, for various reasons—deaths, abandonment of calling, want of interest, etc., some 675 had withdrawn. At this time the movement of consolidating the former voluntary association was taking place, and at the present writing about 400 collectors have become stockholders in the new corporation.

During these six years there have been circulated through the Exchange or Sales Department very nearly \$60,000 worth of members' duplicates, of which about \$14,000 worth changed hands. In addition to this, about \$9,000 worth of duplicates passed through the Foreign Exchange, of which about \$2,000 changed hands. Out of this large amount something less than one per cent. was lost, stolen or not paid for, and the Association has had to make good the loss. It requires time to adjust these matters, but few dealers probably can point to a more satisfactory result in a business subject to peculiar hazards. Much noisy talk about these losses and the dishonesty of some members, much adverse criticism of the methods of the managers of this business, have led many collectors to believe that the "mole hill was a mountain." The department is now in the hands of one whom all trust, and methods of prevention of even these slight causes of loss have been adopted, and for the future it would appear no more satisfactory method of disposing of the duplicates of collectors exists.

Besides this, the Purchasing Department has obtained for members an average of some hundreds of dollars worth of new issues at cost, each year, and purchased thousands of dollars worth of stamps at the various auction sales. The publication of the AMERICAN PHILATELIST, its official journal, has been considered the greatest burden the Association has had to bear. Opinions differ as to the merits of this publication, but the encomiums passed upon it, and the regret expressed by its English and foreign contemporaries when its abandonment seemed threatened, are proofs of its worth. The many discussions as to its business management are now removed, as it was placed in competent hands at the last convention.

The need of such an association, and that its value to collectors is appreciated, has been proved by the number of imitators it has had—founded by those who imagine they can improve on its methods. One has only in fact to consider for a moment the immense advance that has been made in the numbers interested; in the light in which the pursuit is regarded by the general public; in the diffusion of knowledge about stamps and their real value since associations of this kind brought collectors into communication with each other, both in this country and abroad, to realize that the change is due very largely to these societies.

As the pioneer association, among whose members more of the leading collectors of the country have been enrolled than any other, this Association has been peculiarly the battle-field where many disputed questions have been debated—all opinions brought into conflict—all experiments tried. Its experiences have been the lessons which have guided all imitators and served as beacons for all who have come after it. It is now we believe, upon a firmer basis than any other society that exists, and its future should be more brilliant than its past successes, and untarnished by any errors. No number of separate organizations can accomplish what it was designed to accomplish. Each may do something towards the real valuable result of such combinations, but all must unite to obtain the complete reward. It is not so much the direct benefit to himself that a society may give the collector that should draw him to a national organization as the indirect benefit to the pursuit that will follow when a large association shall take the place of the many smaller ones, diminishing the *pro rata* of every expense and increasing the effectiveness of every effort.

Will you not help in the good work?

THOMAS SEMMES,

ALEXANDRIA, VA.

Wants to purchase anything cheap in U. S. Stamps. Collections purchased. Also old issues of U. S. and Foreign Stamps on the original envelope. I will purchase ANY rare old Foreign, lightly cancelled, wide margins and in general good condition, either off or on the envelope. I collect duplicates of any stamps if scarce and fine. I am a collector, not a dealer.

(SEE CARD IN DIRECTORY.)

1885. **B. L. DREW,** 1893.
122 OXFORD STREET, CAMBRIDGE, MASS.

BEAR THAT I will send out good sheets to agents at 50 per cent. commission.
IN THAT I will send out fine sheets to coll't'rs at 33 1-3 per cent. commission.
MIND THAT I issue free price lists of stamps at prices which I think are lower than those of most every one.
THAT I send out wholesale collections to reliable dealers, and give every encouragement to those starting to trade.
THAT I pay highest prices for good collections, also for single rare stamps, especially U. S. and Revenues.

I am always pleased to quote low prices on lists of wants or single U. S. Stamps (which is my speciality) and to see collectors at my place of business. I ask every one to send for my price list.

**ONE TRIAL WILL CONVINCEN YOU
THAT THIS PARTY TOLD THE TRUTH.**

Cincinnati, O., 11-20, 1892.

F. E. NASH,

Dear Sir:—Your selection of stamps are first class, and I think you send out as fine stamps as I have ever seen, and your prices are low. Wishing you abundant success in your business, I subscribe myself,

Yours truly, C. W. E.

A VALUABLE BOOK.

Rogers' Priced Catalogue of the Adhesive Stamps.
OF THE UNITED STATES.

Price \$1.00. ~ ~ ~ Over 400 Sold.

This is a priced Catalogue of the *real values* of the U. S. Government issues, (This does not include Provisionals, Carrier or Revenues) not priced according to a Dealer's idea, but from results obtained at the Auction Sales, and especially from my own Private Sales, which prices have not not been published; this makes a very valuable book for the collector. Remember this is not based on supposition, *but facts*. This book was published May 2d, 1892. There are so many Stamps that are priced above their real value, and also many that are priced below, that it is impossible by the dealers' catalogue to tell what a stamp is really worth.

This Catalogue is very complete *and also contains many varieties not found in the dealers' catalogue*, and is arranged so that there are ruled spaces for the prices in 1893, 1894 and 1895.

The first of next May, I will issue printed strips on thin gummed paper to paste on the columns, giving the prices at that time, thus bringing the book up to date and making invaluable as a guide to buy by, as it will show the stamps that have increased in price. If you send in your order now, I will send the book by return mail, and when the strips are printed will send them to you without cost.

Every Collectors and Dealer who desires to be posted on prices should have a copy.

If you desire one of these Catalogue, fill out the enclosed blank and send to

A. R. ROGERS, Stamp Broker, - - 75 Maiden Lane, New York City.

Rogers' Priced Catalogue of the United States Stamps.

READ THE FOLLOWING OPINIONS FROM MANY WELL KNOWN COLLECTORS.

The wonderful success my Priced Catalogue of the the U. S. Govt. Issues has met with, is very pleasing to me, and if you believe half that those who have received it say, you will have to get one yourself. I append extracts from a very few of the letters written me on receipt of this book. Arthur B. Hubbard, Middletown, Conn., writes, "It fills a long felt want." V. H. Huberich, St. Elmo, Texas, "I am very well pleased with it. It would seem to me indispensable to a collector of these stamps." L. W. Smith, New York, "I think that it is nearer to a standard Catalogue than anything yet published." Henry T. West, Jr., Milwaukee, Wis., "I am agreeably surprised to find it so complete and reliable." Fred G. Floyd, Boston, Mass., "It is well worth the price and I am highly satisfied with it." E. H. Wilkinson, Broken Bow, Neb., "I think it is just what every collector needs. It is worth three times the price." Samuel Le'and, Chicago, Ill., "I have been unable as yet to examine it in detail, but it seems to me to be an excellent idea, brilliantly executed." Leroy D. Walker, Troutdale, Oreg., "I am delighted with it." M. A. Swanbeck, Kansas City, Kan., "It is a book that every collector should have." W. H. Emmert, New Oxford, Pa., "I am very much pleased with the book and consider it of great help to a collector of U. S. Stamps." W. S. McCullough, Davenport, Iowa, "You have struck the keynote and in the present unsatisfactory condition of the prices of our own stamps, your book will be found of great value; I have already used it to advantage in buying." Rudolph Laferrie, Hull, Quec., "I am highly satisfied with your "Priced Catalogue," it being the most cleverly and intelligibly arranged compendium of American Stamps (U. S.) yet issued. Its author deserves great credit for his extensive knowledge of the American Stamp Market and for his adequacy to complete a task so difficult as the work above mentioned. The work fill a great lack in Philately—no stamp collector should be without a copy."

H. F. Ketcheson, Belleville, Canada, "I have examined same and am much pleased with it." C. W. Cutter, Brookline, Mass., "enclosed find \$2.00, the other dollar is to pay for one sent to my father, we think the book is very fine and that it is what has been needed for some time." Fred M. Townley, Sayreville, N. J., "I think it is the finest price list of U. S. stamps ever published, it is handy and convenient for new issues, in fact it is the "best thing out." F. B. Esterbrook, "Am very well pleased with it, and consider it invaluable to all persons interested in U. S. stamps." D. E. Hazen, Thonotosassa, Fla., "It is the finest of its kind out, should be in the hands of every collector." Charles I. Thayer, "It is very neat and tasty like all your work, and I do not see how any advanced collector can be without it."

Approval Sheets A Specialty

I shall be glad to send to any responsible collector sheets of stamps on approval. Good commissions allowed. A collector writes:

"Your approval sheets are the finest I have seen both in arrangement and completeness." Another says: "Am well pleased with your sheets; they are excellent." And we could give dozens of other just such encomiums.

STANTON'S Improved Stamp Hinges

We were the originator of the Circular Stamp Hinge. Others realizing the excellence are offering imitations. Ours are the BEST. They hold the stamp in place better than any other. Try a 1000. Price 10c, post free.

Approval Sheets. - - - -

We are prepared to send fine selections of all grades of stamps to responsible collectors on approval, on receipt of good reference or cash deposit. Our great specialty is American Stamps, of which our stock as regards completeness, is second to none, and any collector who wishes to fill up the blank spaces in his album will do well to give our sheets a trial. Our discounts vary from 20 to 50 per cent. The stamps are neatly mounted on linen sheets, being priced very low, and promptness in sending selections is a feature of our business. A large stock of rarities is also constantly on hand and we would be pleased to receive the want lists of advanced collectors. U. S. Stamps, nearly every variety, always in stock.

We are prepared to purchase for prompt cash, all good collections of 2,000 varieties and over, or any single rare stamp, and are willing to pay more than any other house in the trade. Large lots of stamps especially desired. We also hold auction sales at different times during the season, and parties who have good collections to dispose of in this way should communicate with us, as the results of our past sales have been very satisfactory, and we can realize as much as any other firm.

THE ADJUSTED RATE PLAN

Original with this Company, enables it to provide insurance to persons who are first-class risks in every respect, at LOWER RATES than can any equally sound institution that places all its risks at one rate and wholly ignores the importance of charging each member a premium equitably proportioned to the risk assumed.

The Merit of the Risk Establishes the Rate of Premium.

This is the most equitable system of insurance ever offered the public, as the rate charged is directly in proportion to the risk assumed rather than an equal rate for all.

The principle is similar to that applied to fire insurance, the premium charged being in accordance with the nature of the risk.

THE ADJUSTED RATE PLAN

Also avoids the unreasonable and purely arbitrary technicalities which often work injustice to applicants and agents; and while it does not contemplate in any sense the acceptance of any applicant not safely insurable it recognizes the fact that technicalities have frequently been carried to an unwarranted extreme in relation to family history, defects in height, weight or measurement, etc., which has led to the rejection of applicants safely insurable, and often really better risks than many who are accepted.

Our Publications.

"THE CANADIAN PHILATELIST."

This magazine is now in its second year of publication. It is an independent magazine, run and edited in modern style. The official organ of NO SOCIETY, but published to benefit Philately in general. Its articles and editorials are all ably written, and the paper presents a neat and tasty typographical appearance. Every collector should take it, as it is a REPRESENTATIVE PAPER. To those who have not seen it we shall be pleased to mail a copy on request. Subscription 25 cents per year, to any part of the world. A first-class advertising medium. A GUARANTEED CIRCULATION OF 2,000 COPIES PER MONTH. Rates, \$1 00 per inch.

The Canadian Philatelic Hand-Books.

No. 1. The Stamps of British North America.

This book is one of the most useful published for the use of the collector. It comprises the most comprehensive priced catalogue of Canadian stamps ever issued, and has been prepared as the result of years of individual research, and at great expense. It fully describes and deals with 697 distinct varieties of Canadian, Postage Revenue. Local and Telegraph stamps; varieties of paper and perforation, are fully entered upon. This work should be in the hands of every collector. It will pay for itself in five minutes' use. Order a copy NOW, as the edition, which is limited to 1,000 copies, is rapidly selling. The remarkably low price place it within reach of all. Price only 25 cents a copy, sent post-paid to any part of the world on receipt of price.

No. 2. "Canada and her Stamp Collectors."

This book, which has just been issued, has been published in response to the request of many of our customers. Its contents comprise a brief and well written history of stamp collecting in Canada, twenty brief and interesting sketches about Canada's twenty leading dealers and collectors. To the above is added a chapter containing much interesting matter on Canadian stamps. Last, but by no means least, comes the directory, which contains the names of nearly 2,000 BONA FIDE Canadian collectors. The names in the directory are all fresh, having been collected during the present year. This book is a valuable as well as interesting work. You should possess a copy. Send us your order. Sent post-paid to any part of the world for 25 cents.

No. 3. "The Stamp Collector's Companion."

Now ready for delivery. This book is just what every collector has so often desired and looked for, but IN VAIN. This little manual contains page after page of interesting and valuable information for the collector, which will, in a VERY SHORT TIME save him DOLLARS. It contains information in regard to every corner, branch, etc., of stamp collecting. Useful hints on arrangement, purchase and mounting of stamps. "How to distinguish the dangerous forgeries of various rare stamps." This last is of very great value to the purchaser of rare stamps, as it gives the characteristic and distinctive points of difference between the genuine and the forgery. The book also contains short articles and nearly 100 useful definitions explaining such terms as the following, which so often mystify the younger collector: Wove, pelure, laid, and rice paper; regular, roulette, serpentine, serrated, perforation; imperforate, clinches, errors, essays, proofs, provisionals, albino, and hosts of other similar and even more difficult terms. A table showing relative value of the coinage of all countries, with that of Canada, is added, making it the most comprehensive guide book for collectors ever published. Invaluable to both young and advanced collectors. Order a copy—sent post-paid to any part of the world for 25 cents. Remit per Postal Note or Money Order.

No. 59. There will shortly be placed in the hands of the printer, as soon as the work of compilation can be completed, copy for

* **E. T. PARKER'S** *

PRICED-LIST OF STAMPS No. 59.

Which will list and price thousands of the most
DESIRABLE STAMPS, - - -
Including many worth upward of \$25.00 each.

As this list will be very large (from present indications perhaps over 100 pages, 6 x 9 inches, two columns to page), the printer's bill and postage will be so great as to preclude promiscuous distribution.

The most advanced collector will doubtless find on its pages many of his wants.

Prices will be moderate, being based entirely upon the cost of the specimen, without regard to any published catalogue.

In order to be protected from the large number of "circular fiends" a nominal charge of 10 cents will be made for each copy, which sum can be deducted from the first order amounting to \$1.00.

To customers it will be sent, as all others have been, free of charge, upon their asking for it.

This sale will be an opportunity of acquiring stamps at moderate prices that no philatelist can afford to permit to escape his notice—be he a beginner or the most advanced collector.

Write at once (not forgetting the 10 cents) to be sure of securing the list, as but few surplus copies will be printed.

General Manager, ALBERT R. ROGERS.

This Company

Offers Life Insurance on the most liberal and progressive terms and entirely devoid of the unnecessary and arbitrary rules and requirements that are current among insurance companies generally.

The Adjusted Rate Plan

Is original with this Company and is an entirely new feature in Life Insurance. It enables the Company to provide Insurance to persons who are

First Class Risks at Lower Rates

Than can any equally sound institution that places all its risks at one rate, wholly ignoring the importance of charging each policy holder a premium equitably proportioned to the risk assumed. This is the

Most Equitable System of Life Insurance

Ever offered the public, as the rate charged is directly in proportion to the risk assumed, rather than an equal rate for all. While none but those safely insurable are accepted.

The Merit of the Risk establishes the rate of Premium

The principle is similar to that applied to Fire Insurance, the premiums being regulated in accordance with the nature of the risk. The adjusted rate plan avoids also the

Unreasonable and Purely Arbitrary Technicalities,

Which have so long worked injustice to applicants and agents and while it does not contemplate in any sense the acceptance of an applicant not safely insurable, it recognizes the fact that a large number of risks usually declined, can be safely insured at a fair premium. It is

A Wise, Just and Common Sense System,

And unquestionably the fairest and most equitable one known, and cannot fail to impress any thoughtful unprejudiced man as being the correct system of Life Insurance.

This Company is doing its principal business in the State of New York—its home State. Its growing popularity with the public is best evidenced by the large amount of insurance written. During the present year since adopting the Adjusted Rate Plan its

Business has Increased Five Hundred per cent.

Over that of last year.

**THE MANAGEMENT OF THE COMPANY IS CONSERVATIVE
ITS EXPENSES ARE MODERATE.
ITS POLICIES ARE MOST LIBERAL.
ITS PAYMENTS ARE PROMPT. . .**

APPROVAL SHEET DEPARTMENT.

This is one of the best ways to add to your collection. Send for an assortment at once, and your request will receive prompt attention. Our approval stock consists of nearly 9,000 varieties. Stamps at all prices, to suit beginners as well as advanced collectors.

THIS DEPARTMENT.

Has enjoyed a phenomenal growth, and is now by far the most important feature of our business. We have opened over 15,000 accounts with collectors, and the majority of them are still receiving our sheets. This department is under the direct control of Mr. I. A. Mekeel, who has with careful study systemized the work in such a manner as to please the greatest number of patrons. Those who desire selections of stamps sent at regular intervals will be favored in this regard by making known their wishes. This department employs seventeen clerks to take care of the vast amount of correspondence which is involved.

"Promptness and Satisfaction" is our motto, and to this end we have succeeded, if we may judge from the many testimonials which we are constantly receiving. A few of them are printed in the following columns, and a perusal of same will not fail to be of benefit to any who are in doubt as to the truth of this statement.

BEGINNERS.—Special attention is given this class of our trade, unlike the majority of stamp firms who take care of those who are in the habit of remitting large sums, and attending to the beginners at their convenience.

Attention is given to all worthy communications.

Our stock of cheaper varieties is unsurpassed, and thousand of sheets are leaving and entering the office daily.

We require all sheets to be returned ten days after the collector receives them, with the remittance for those retained. Further instructions as to our discounts, etc., will be given under the head of "Discounts."

ADVANCED COLLECTORS.—Our stock is not confined to the wants of beginners only, but we have a most elegant line of stamps which are especially adapted to the requirements of any collection which may contain as large a number as 9,000 or 10,000 varieties. For those who are unusually advanced and require nothing but very high-priced stamps, we will make them up special sheets upon receipt of satisfactory reference or cash deposit.

We would like to hear from those who are especially interested in Mexican and Spanish stamps, these being two of our specialties, and it is probable that we can supply as great a number of varieties from these countries as any dealer in the world.

Now that collectors are confining themselves to certain countries and making their collections as complete as possible, we have provided means whereby those who desire may receive from us selections consisting of stamps from one country, and who, in this way are

enabled to fill up empty spaces in the most economical way. We might add, however, that these special selections are confined to stamps of AMERICAN COUNTRIES and Spain, they are NOT subject to the discounts which we allow on the miscellaneous sheets, but will be determined in accordance with the class ordered.

OUR METHOD OF PRICING OUR STAMPS ON OUR SHEETS is perhaps different from that adopted by our contemporaries. In the first place, we wish it thoroughly understood that we are governed by no catalogue price, but mark our stamps at what we consider the market value. All things considered, our prices compare favorably with those of any other firm.

OUR SHEETS contain clean stamps which are guaranteed to be genuine. They are mounted carefully and are easily removed without the danger of being injured. The stamps are classified according to value, with the exception of a few American countries, which are arranged in issues, such as Argentine, Brazil, U. S. of Colombia, Mexico, Spain and its Colonies.

DISCOUNTS.—Our regular discount for stamps which we have already mounted on our sheets, is 40 to 50 per cent. on sales of over 25 cents. On special lots which are made up in accordance with any request we may receive, a reasonable discount will be made, but we shall be governed by the class of stamps ordered. United States stamps are not sent on approval, but are held in stock subject to single orders from our catalogue.

RETURNS FOR SHEETS must be made within ten days after their receipt, unless for some good excuse they are especially desired longer; under which circumstances we will allow an extension of another ten days, under the consideration that a postal is mailed us at the expiration of the first ten days, explaining the delay. It is positively prohibited that stamps should be retained longer than twenty days.

ORDERS for packets, albums, etc., should not be written upon the blank especially provided for the Approval Sheet Department, but must in every case be written plainly on a separate sheet. Unless this precaution is taken, we shall not be responsible for any delay which may result from a neglect to observe this request.

REMITTANCES of 50 cents or under should be sent in unused current stamps; over this amount, we would prefer postal note, P. O. Money Order, Express Money Order or New York draft.

We wish particularly to caution customers in transmitting silver, as they do so at their own risk. Bills may be sent safely, if by Registered letter. **PERSONAL CHECKS** for small amounts will not be accepted, unless 25 CENTS is added for the collection thereof.

We trust that this will be the means of our opening correspondence with many, and desire all who read this to make mention of the fact in writing us.

TESTIMONIALS.

C. H. MEKEEL STAMP AND PUBLISHING Co., St. Louis, Mo. :

SIRS :—Please change my address to Box 117. I have received sheets from you at least seven times and have never had cause to complain of them. I have received sheets from other dealers lately, but they do not compare with yours.

J. A. WRIGHT, Smithfield, Ohio.

C. H. MEKEEL STAMP AND PUBLISHING Co., St. Louis, Mo. :

GENTLEMEN :—I received album and stamps all right, and am very much pleased with them ; can't say just now when I will want another lot, for I have stamps coming from eight or or nine different dealers. I am working a scheme to see which are the best. I find that yours are ahead so far.

FRANK L. ALLEN, Muskegon, Mich.

MR. C. H. MEKEEL :

DEAR SIR :—I have dealt with many a stamp company, and have sold many dollars' worth already, but have not found a cheaper company than yours.

Yours truly, P. JANZOW, Box "U," Concordia, Mo.

C. H. MEKEEL STAMP AND PUBLISHING Co. :

GENTLEMEN :—Your stamps are the *best* and *cheapest* I have seen. I am also much obliged for copies of you Journals, and thinks the *News* very interesting, as well as the *P. J. of A.*

A. S. GOODWILLIE, Wausau, Wis.

March 11, 1891.

C. H. MEKEEL :

DEAR SIR :—Shall have to add my name to your list of testimonials, having always received the fairest treatment at your hands. *Your approval sheets are A No. 1.*

C. H. BEDARD, Leadville, Colo.

C. H. MEKEEL STAMP AND PUBLISHING Co., St. Louis, Mo. :

GENTLEMEN :—Last consignment of stamps are all O. K. * * * I have always been well pleased with your approval sheets and the stamps thereon, and during past three years' dealings with you I must say that your dealings and goods have been very satisfactory. Wishing you a prosperous year, I am, yours very truly,

GEO. B. GARDNER, Rochester, N. Y.

C. H. MEKEEL STAMP AND PUBLISHING Co. :

GENTLEMEN :—Having for some time been in receipt of approval sheets from your establishment, I have found them to consist of well selected stamps, well assorted as to the price and quality. In fact they are in general a better class of sheets than I have seen from other dealers. I also find that your assortment is large from the reason that at no time do I recollect of being obliged to return sheets without keeping some, and as I only select for my own collection, which has a variety of between 5,000 and 6,000, the fact that I can find from each set of sheets sent me some additions to my collection, your variety of approval sheet stamps must be very large, and not like some dealers, you put all qualities on your sheets, not holding the better ones. * * Respectfully,

R. M. RICH, Albany, N. Y.

ONE OF THE VETERANS!

THE EASTERN PHILATELIST

Commenced its Eleventh Volume with the March number, making it one of the oldest regularly issued Stamp Magazines in the country. It has come to stay, from the fact that enough Stamp Collectors NEED IT AND WILL HAVE IT, to make it a paying institution. It publishes more ORIGINAL matter than any other Philatelic Magazine, and hosts of Collectors write that it is THE BEST and they cannot do without it.

DO YOU TAKE IT?

If not, you should, and we respectfully invite you to subscribe. It is well worth 50 cents per year, but we only ask

AS AN ADVERTISING MEDIUM

it is unsurpassed for the price, and we carry more cash paid advertising matter THE YEAR THROUGH than any other Stamp Magazine. If you have never tried it you have missed a good thing. It is not too late to try now.

PUBLISHED ANNUALLY. (Presented Gratis.)

North Staffordshire Stamp Exchange Circular.

This Circular, which is presented gratis to all Stamp Collectors, will be found to be a good means of advertising. Having decided to increase the size by the addition of a *limited number of bona fide* advertisements, I beg to state the following inducements to advertisers:—

CIRCULATION. A copy of this Circular will be sent to every known collector. Each Member of the North Staffordshire Stamp Exchange receives a copy, and as they always keep the Rules of the Exchange by them for reference, this fact alone should induce you to advertise. The Membership of this Club totals 160, and is still increasing. This number includes some of the best collectors in England.

NO FICTITIOUS CIRCULATION. As every copy sent out will be of material benefit to myself, you can well understand that no fictitious circulation will be done.

The front page will contain the Rules of the NORTH STAFFORDSHIRE STAMP EXCHANGE entirely. The remaining pages are at the liberty of advertisers, at the following rates:—

ALPHABETICAL LIST.

237

The following list of names of Collectors and Dealers are printed so that if a person knows only the name of a Collector or Dealer, he will be able to find his address.

By referring to the state and city in which he lives you will be able to find all the information in regard to him that I have been enabled to secure. The following list comprises all the names of Collectors and Dealers in this Book, with their correct address, unless they have changed it in the last few months, or the printers have made an error in composition.

This list, including the list of Philatelic journals and Philatelic societies, I have had printed (on one side only) on gummed paper, in sheets, so that those who desire to send out circulars or sample copies of papers can cut them up, paste them on their envelope or wrappers, thus saving the time and expense of addressing them by hand.

PRICE, for the entire list, \$2.00.

Canadian Journal of Philately.

It is the best high-class magazine devoted to the science of Philately published at the present day, and is entirely original, instructive and entertaining. It contains from forty to seventy-two pages monthly, profusely illustrated, and among them will be found articles for advanced and juvenile collectors; contributions from the pens of the world's most renowned Philatelic writers; instructive and entertaining papers read before the leading Philatelic societies of the world and, when necessary, will be illustrated by the stamps in their original colors. A department, in which will be reviewed in an impartial manner, every publication (of whatever nature) relating to Philately received by me. An auction department, in which is given the prices realized for the higher grades of stamps in all the leading sales of the world of which I receive priced catalogues.

It is the only magazine published that will give its readers monthly from two to five colored plates of stamps, also a photo of some prominent collector, accompanied by a biography. At present there is given monthly a full description of the United States adhesive stamps, departments, etc., profusely illustrated by the stamps in their respective colors. When this is exhausted the stamps of B. N. A. will be taken up. A chronicle of new Issues, fully illustrated by the stamps in their respective colors, and a department devoted to the reproducing of "counterfeits," etc
