TWENTY-FIRST EDITION.

REVISED, CORRECTED, AND BROUGHT UP TO THE PRESENT TIME.

BY

DR. VINER,

EDITOR OF OPPEN'S POSTAGE STAMP ALBUM.

LONDON:

WILLIAM STEVENS, 421, STRAND.

LONDON :

WHITEFRIARS.

PREFACE.

THE Editor of "OPPEN'S POSTAGE STAMP ALBUM," on submitting this Catalogue for public approval, begs to remark that it does not profess to comprehend all the numerous varieties of perforation, watermark, &c., collected by many philatelists. All primary issues and marked variations in colour, &c., will, however, be found duly noted, and the list made up to date of publication.

Little mention is made of fictitious stamps, and none of forgeries: so many of the former, and, we regret to add, of the latter also, are rife, that a partial notice would be incomplete, and a full one exceed our bounds. The contributions of Pemberton, Stourton, Atlee, &c., on forgeries, in separate works, or in the pages of the "Philatelist" and "Stamp Collector's Magazine," should be well studied. Essays are expunged from the present edition for want of room, except that of New Brunswick and those of Zurich, which were the first foreign proposed postal issue.

The Editor and Publisher hope this work will find favour in the eyes of the philatelic public, and trust their patronage will soon afford opportunity for the adoption of any friendly suggestions towards the improvement of future editions.

LONDON, *October*, 1877.
