

Braunford 1894(3)

Mr. Warren H. Colson  
has the honor to announce the purchase of one  
of the grandest collections in America, that of  
William H. Sussdorff, Esq.  
New York City

Wherever serious collectors may gather, the name  
of Sussdorff is known as being synonymous with  
the almost impossible - achieved.

For every piece in this wonderful collection of  
Nineteenth Century stamps is unused and  
in immaculate condition.

The mere mention of a horizontal pair of the  
twelve pence Canada, with full original gum  
and sheet margin below, is sufficient to indicate  
the heights to which this collection has attained,  
as an exponent of the highest ideal in philately -  
that of blind devotion to the perfect and beautiful.  
Here may be found the postal issues of all  
the countries of the world, gathered together  
in their mad babel of color and design but brought  
into harmony through their common attribute -  
highest excellence of condition.

Boston, Massachusetts, U.S.A.
